Galbreath and Bercaw

Two Hilltop buddies who have been in the Army for five years and seen a lot of overseas duty while still remaining in the same unit makes quite an unusual story.

They are T/Sgts. James M. Bercaw and Frank Galbreath. They both entered the old 107th Calvary when the National Guard was mobilized in 1940, then later became tankmen when their unit was mechanized.

They spent 2¼ years training in California, then entered an intelligence unit when the division was broken up. Going overseas in September, 1944, the boys spent seven months of training in England before going into France and the other occupied countries in February.

Both men are now home with their families, Bercaw settling down in California with his wife and child and Galbreath is now living at 434 W. Sixth-av with his wife and youngster.

Bercaw is the son of Mrs. Hazel Bercaw, 78 S. Richardson-av, while Galbreath is the son of Mr. and Mrs. Herman G. Galbreath, formerly of 2000 Fairmont-av, now in Mt. Sterling.

Lt. Myers Stationed With Signal Unit In Tokyo Bay

Judge Petree Has 18 Years' Experience

Judge Charles R. Petree, who is a candidate to succeed himself at the Nov. 6 election, has had 18 years' practice as a lawyer before going on the bench. From 1926, when he was admitted to the bar, until 1930, he was in the private practice. In 1930 he became assistant city attorney; in 1942 he became city prosecutor; January, 1945, he was appointed to the municipal court bench by Governor John W. Bricker.

Judge Petree is interested in boys. He has served two years as chairman of the committee for Cub Pack 19, Boy Scouts of America.

He worked his way through high school and college, mainly as a carpenter.

Judge Petree was endorsed in a poll of the Columbus lawyers by more than a two to one vote over his opponent for the position as judge.

He is married and resides with his wife and son, Charles, at 247 Irving Way.

Landed With First Wave Expecting Action

Lt. Douglas W. Myers is now stationed with the Joint Assault Signal Companies, in Tokyo Bay. He is supply officer in one of the warehouses. He received his promotion to First Lieutenant shortly after the landing at Tokyo.

Lt. Myers is the son of Dr. and Mrs. A. C. Myers. His wife, Elouise and their eight month old son, David, are living at 110 Whitethorne-av.

Mrs. Douglas Myers recently received a letter from her husband describing the landing in the Japanese area. Following are excerpts from his letter.

Landed at Yokohama

"We landed here Sept. 2, 1945, attached to the 1st Cavalry Division, just one-half hour after the peace terms were signed aboard the Missouri. We made our landing on the docks at Yokohama while the band played martial music.

Prepared For Action

"I was very proud to be one of the first to land. We wore khaki uniforms, and were prepared for action. I carried a carbine on one shoulder and a pistol on my hip. It was quite a sight. As we came in from the ships in small boats, huge armadas of B-29's flew over us in formation and also large fleets of Navy Hellcats. The dock area and surrounding buildings were in good shape but beyond them the factory areas were razed to the ground.

Know Defeat

"As we proceeded, most of the Japs had only glum looks for us; however, some of the small children, obviously coached by their parents, gave us the V for Victory sign. You could tell from their faces as we passed that they were starting to think about defeat.

"From Yokohama we moved to the Japanese West Point, 18 miles northwest where we spent an uncomfortable week in flea infested Jap barracks. Then we moved on to Tokyo where we lived in tents. Tokyo is really flat. There is very little left of it.

"I've seen a lot of Jap material since I've been here, some of it junk and some in pretty fair condition. Compared to our weapons, its utility is nil."

Lt. Myers entered the service in March, 1942, and has been serving overseas since last May in the Pacific area.

LEAVES, LEAVES, LEAVES

They're falling all over the place, with Hilltop housewives and their husbands, when they can get them to work, spending the better part of the day with rake, matches and the good old elbow grease . . .

We noticed Mrs. Charles Smith of 260 S. Harris-av and her across-the-street neighbor, Mrs. Kay Wolfe, doing their across-the-fence talking over a mountain of leaves. They couldn't see the idea of letting the leaves go until the trees were through shedding before gathering them all up.

THEY HIT THEIR STRIDE

The West High School football team really hit their stride in that Arlington game . . . Given a new formation by strategist Rose, the boys kept the "mortgage hill" students completely off balance . . .

It would be hard to pick out one outstanding star of the game, although Slager, Snouffer, Masdea and Sapp, along with ends Miles and Thrush, advanced the ball, good blocking and a bang-up defensive game was played by the center of the line Bill Eckle, Bob Ginn, Bob Cassell, Don Borror and Ralph Watts.

The most outstanding improvement in the team was Bob Snouffer, speedy and hard-driving fullback, who played himself a real ball game. "He was cutting when he should and sweeping when he should," in the words of Coach Rose.

Bruno Masdea was also a threat as he spun through the line, and Dick Slager, always a big gun, was even better as he called plays that continually clicked as well as pitching a touchdown pass and scoring two himself.

Snouffer was having his troubles with leg cramps, being grounded three times, but always going back in after a little rubbing on the sidelines.

All-in-all, the boys hit their peak against a fast and tough outfit, making it two losses in two years for Arlington, both by the Cowboys . . . The boys always place a slogan on the blackboard before each game, and this time the pep line was "Beat Arlington for Barney Francis" . . . he's the coach.

HATS AND LIPSTICK

Apparently the Navy sometimes has difficulty in keeping lipstick off their hats, as two sailors were overheard in a drugstore 'tother night as they discussed various methods of removing the tell-tale stain from their pretty white hats . . .

GOOD RESPONSE

Jerry Watson and his Kiwanis window-painting committee have been busy as the proverbial cat on the roof this week as they got the contest under way and assigned business windows in addition to distributing paint.

Mefford Is Youngest To Register In Senior High

Patricia Mefford, a sophomore, registering in room 242, is the youngest pupil in Senior High. She was 13 years old January 26, and she is 5' 1", has brown eyes and dark brown hair.

"Pattie" is studying to be a secretary. Her pet peeve is conceited people, and her favorite dish is Italian spaghetti. She simply swoons over Alan Ladd, and makes a hobby of collecting photos of her ideal.. "Sentimental Journey" is top on her song parade.

The tiny 10B, when asked why she is so young in Senior High, merely answered "I skipped." She did, too, from the 3B to the 4B and from the 8B to the 9B. She went to Starling Jr. High in the 7th grade, from there she moved to Cincinnati where she went to school for two years. Pattie then moved back to Columbus and entered "Ye Ole West High" as a sophomore, the rating she now holds.

So, if you're fifteen or sixteen years old and just entering Senior High, please don't think that you're stupid because it is indeed a rarity to find someone like Patricia Mefford, who is our youngest pupil.

He was awarded the Presidential Citation badge and wears five combat stars.

Reorganization of City Law Office Is Johnston Aim

Nolan Slams Opponent's Work

John L. Nolan, candidate for city auditor on the Democratic ticket, claimed this week that the people of Columbus were being deliberately misled as to city finances for political purposes. Mr. Nolan said the present city auditor—his opponent in the Nov. 6 election—has been lax in making up financial reports so as to keep everyone "in the dark" on the financial status of the city.

Mr. Nolan said he made a study of the city's financial structure and finds that with additional sales tax money and other revenues, the city could pay off its bonded indebtedness and still be in the black. He claimed the "run-down" condition of city equipment, including police cruisers, and the inefficient garbage and refuse service, is an indirect result of his opponent's mismanagement of city financial records.

For the past eight years, Mr. Nolan has been a state examiner in the Auditor of State's office. This is his first venture in the political arena. He is married and the father of two children. The Nolans reside at 1465 S. Fourth-st.

Far-reaching reorganization of the City Attorney's Office was demanded by Kenneth B. Johnston, Democratic nominee for that office, at a 19th Ward Democratic rally in Legion Hall, Dunedin-rd and High-st, recently.

He pledged the following changes, if elected:

1. Legal advice will be given in advance to guide city departments and officials.

2. An assistant who is also an accountant to aid in preparing the budget will be an important cog of the legal department.

3. Advance bulletins on legal questions should be sent to department heads to help them avert trouble, instead of only offering assistance after they are called into court.

Both Parties Needed

"Columbus is coming into a new area," said Candidate Johnston. "We are showing definite signs of becoming a metropolitan center. But while approaching this new era we have a city government composed entirely of Republicans. I say, to meet our responsibilities we need the brains of both parties."

Johnston, who is backed by Robert M. Draper, attorney of 74 N. Roys and a member of the Columbus School Board, has been a successful attorney for the past twenty years.

He is a former Assistant Attorney General and is now chairman of the Post War Planning and Education Committee of the Columbus Bar Association.

Johnston is also treasurer and member of the Board of Trustees of the Columbus Town Meeting Association.

Judge Ross Is Former West High Coach

Judge Rodney Ross, candidate for another two years of the unexpired term of Judge Lytle G. Zuber, recently recalled his coaching days at West High School in taking over the relationship between coaching, officiating in athletics and his duties on the bench.

Judge Ross was appointed by former Governor John Bricker in January of this year to fill Judge Zuber's unexpired term when he entered the U. S. Army.

Ross has meanwhile continued to be active in high school officiating circles, working several West games, particularly the East and Arlington frays. He stated that he was deeply impressed by the teamwork and spirit of the Cowboys, as well as their sportsmanship.

The judge coached a West High basketball team which went to the state semi-finals in 1923 and his baseball squad won the city championship in 1924.

Ross emphasized the fact that his long experience in working with athletic teams as coach and official had helped him in making decisions on the bench at city hall.

Francis M. Thompson Claims Background for Court Job

In concluding his campaign for Presiding Judge of the Municipal Court of Columbus, Francis M. Thompson claims that he is worthy and well qualified for that responsible position.

Mr. Thompson's leadership in public affairs has been proven in many ways. While a member of the General Assembly he was selected to act as secretary of the Joint Tax Committee of the 83rd General Assembly. As such, he wrote many bills which became law. The present Automobile Tax Law was written in great part by him. This was accomplished in the face of the prior Automobile Tax Law, having been declared unconstitutional.

He was President of the North Side Improvement Association for five years, during which time North High Street was widened. In this he was the leader.

Presenting the case, which resulted in the Supreme Court of Ohio declaring that Housing Authority Property was not exempt from property taxes, devolved largely on Mr. Thompson.

Mr. Thompson brought the suit in which the 1943 Garbage Tax was declared unconstitutional. He was largely responsible for the circulation of petitions to put the first Garbage Tax of 1944 to a referendum. He was chairman of the City Manager Committee, whose activity led to the repeal

In Garbage Case

of the second 1944 Garbage Tax. For many years, Mr. Thompson was a leader in the Property Owners' Association, which recently held an appreciation dinner in his honor, at which time the association unanimously endorsed his candidacy, and pledged the full support of its membership in a resolution in which it was declared: "his civic accomplishments on behalf of the City of Columbus have marked his brilliant career," and added that: "we believe, if given an opportunity, he will give a still greater service to the citizens of Columbus."

Mr. Thompson was the unanimous choice of a committee of Columbus lawyers as the outstanding member of the Columbus Bar for the position of Presiding Judge of the Municipal Court.

For Presiding Judge of the Municipal Court

Richard Gordon For Attorney

In a statement released today by Richard W. Gordon, Republican candidate for the office of City Attorney, he said, "My Democratic opponent has pointed with pride to the Democrat Lawyers Committee which is sponsoring his candidacy. The majority of these lawyers live outside of the City of Columbus, being residents of the wealthy suburbs. What is their selfish interest?

"I am proud of my clean and honorable public record. I know that certain vicious racketeering elements in Columbus would like to see me defeated. To them and you I promise unrelenting vigilance in law enforcement that we may continue to have a clean city free from the control of organized vice.

"Let no one make a mistake about it, the office of the City Attorney is an important factor in keeping Columbus free from racketeering. Fearless prosecutions will, and do, strike terror to the hearts of these evil doers. I am not tainted directly or indirectly with their influence and will do my duty at all times for the taxpayers of Columbus."

Farshler's Celebrate Golden Wedding Anniversary

Mr. and Mrs. George Farshler, 110 N. Ogden-av, celebrated their golden wedding anniversary on Oct. 27. Many friends and neighbors called to congratulate them and to bring gifts during the day, and at six o'clock they were the guests of honor at a dinner at the home of their daughter, Mr. and Mrs. O. Menz, 306 N. Hague-av. An appropriately decorated table, golden candles and wedding cake added to the festivity of the occasion. The evening was spent singing and playing games. Refreshments were served at midnight.

Those present were Mrs. Schiller and daughter, Helen, Mrs. Minnie Moffitt, Mrs. Bessie Graham, Mr. and Mrs. H. Reese of Sunbury, Mr. and Mrs. O. Menz, Mr. and Mrs. G. Bangham, Mr. and Mrs. C. Holub, Mr. and Mrs. B. Freas, Mr. and Mrs. M. Thurman, Mr. and Mrs. C. H. Ruby, Mr. and Mrs. G. Muller, Jr., and sons, David and George, and Emma Muller.

Water, Water, Everywhere for 47,000 Miles

This story begins in September, 1942, when our war was not yet a year old, and it concerns 26 men of the old 850th Signal Bn., who are still together after having already traveled 47,000 miles on sea alone, spending more than 100 days on a variety of ships, and who by the time they return home will have had enough sea mileage to have gone around the world two and one-half times.

Now they are members of the 3159th Signal Service Battalion.

T/5 Martin O'Donnell, son of Mr. and Mrs. Thomas O'Donnell, of 73 S. Eureka-av, is one of these boys. He is now in the Philippines with a total of 80 points.

According to his parents, O'Donnell is thought to be on his way home, although he was scheduled for occupation duty in Japan.

His wife, Mrs. Beulah Buck O'Donnell, lives at 719 W. Town-st.

In Two Groups

The advance section of the 850th left New York in September, but the main body, departing from San Francisco in February, 1943, landed in New Zealand. From there the voyage sounds more fascinating than an extravagant cook's tour.

Among their stops they can list Australia, Bombay, the Suez Canal, Egypt, Tripoli, Tunisia and Sfax. They worked with the British Eighth Army and the Ninth Air Force.

At the time of the Cairo Conference a group of them was at the switchboards placing calls for President Roosevelt, General Marshall and other dignitaries in the American delegation. They maintained the communications at Payne Field, Cairo, where Chiang Kai Shek, his wife and other plenipotentiaries landed for the conference.

Work in Holy Land

Meanwhile another detachment was working in the Holy Land. Spending Christmas in Jerusalem is an experience they will always remember.

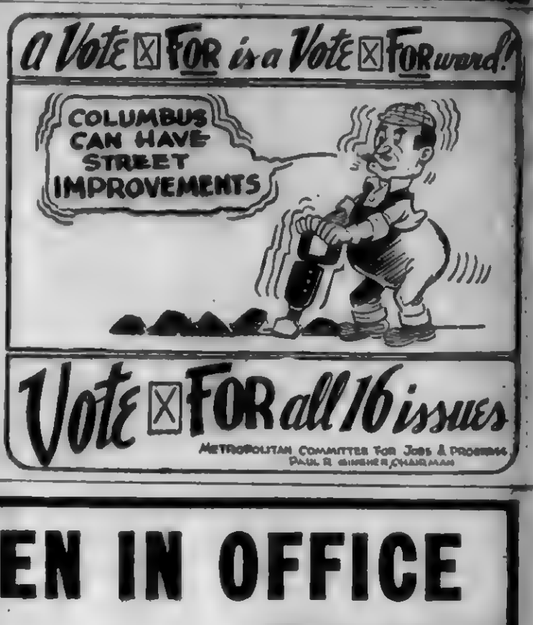
Still another detachment was in Tripoli. They like to talk about the time they stood honor guard for the King of England.

Christmas in Egypt found a group of the boys being showered with gifts by King Farouk, while on New Year's Eve they sat in the audience with King Peter and a galaxy of royalty to watch Joe E. Brown's USO show.

From Africa they shipped to Scotland, then to England, Wales, France, Germany, Luxembourg, Holland and Belgium. But for all their work, time and commendations they were given battle stars for only the Tunisian and Northern France campaigns.

"SAFE AND SECURE"

He said that he was safe and secure
As far as money was concerned,
A long depression he could endure
If not one dollar he earned.
A sad delusion, nothing material is sure,
The Lord we must lean upon.
Misfortune he might have to endure
Until every dollar was gone.



If we have money hid away in a can
That doesn't make us secure,
The laws of Heaven are higher than man
In one second the rich are poor.
Only those who walk with God are secure
Follow Him night and day.
They have riches that are sure to endure
And nothing can take it away. (C. S. Parks)

New Business Buildings In Demand Here

There is a great demand for new business rooms on the Hilltop.

Numerous inquiries are being voiced daily around the community as to possible locations of various types of business.

Auto supply stores, shoe repair shops, delicatessens, food stores, drug stores, auto dealers, picture and photo shops, tire stores, dry cleaners, restaurants, dress shops, and various other types of businesses want to locate on the Hilltop but have not been able to find suitable locations.

A growing community is having a new type of growing pain.

A Good Sign

Regardless of how you feel about the failure of the City Operating Levy at the election on Tuesday it does show that people are giving some thought to the way they cast their votes.

When many thousands can go to the polls and out of 16 issues select one to throw out it is proof that they took a little time to think about the issues before they voted.

This is a healthy sign in a democracy.

The Fable of Miss Glockenspiel

The following bit, clipped from a trade magazine, is in keeping with current conversation on inflation:

It was the custom of Paderewski when in America to retire on occasion to a small Connecticut town for a rest.

On one such retreat, he heard a Chopin nocturne being executed with something less than perfection. Following the sound, he discovered it to be coming from a house which bore a sign:

Miss E. Glockenspiel
Piano Lessons 25c Per Hour

Going in, he found that Miss Glockenspiel herself was doing the tortuous rendition of Chopin. So he decided to do his bit for posterity and the neighbors, and devoted a half hour to correcting her errors.

Months later, the musician returned to the town and again came upon the home of Miss G., which now bore a big, new sign:

Miss E. Glockenspiel
Piano Lessons $1 the Hour
(Pupil of Paderewski)

Change Name

It is no longer to be known as the Institution for Feeble Minded. The big institution at 1601 W. Broad-st is henceforth to be known as the Columbus State School, according to Dr. F. L. Keiser, director.

Firm Fined $25 For Violation Of Ceiling Prices

War Price and Ration Board 10 cracked down on price violators Wednesday by fining the A. & B. Used Furniture Co., 1185 W. Broad-st, $25 plus $2.35 to be refunded to the customer.

The firm was charged with selling an alarm clock at ceiling price of $1.65 but forcing the customer to buy $2.35 worth of cheap dishes in order to purchase the clock.

Several grocers were warned of their slight increases in prices and the board issued notice it will fine future violators.

The case of Phillip & Son restaurant, charged with selling pie above the ceiling price, was continued until next week.

Koontz Wins Council Race

Councilman Henry A. Koontz, 435 Hilltonia-av, emerged victorious from a hot election race after the final count of Tuesday's balloting to secure his first elected term with the city fathers.

Koontz ran second to Council President Joseph R. Jones, garnering 31,998 to Jones' 32,573. O. E. Fillinger, their running mate, also repeated when he came in third with 24,964.

Judge Rodney Ross, former West High School coach and popular high school athletic official at the present time, acquired another two years on the municipal court. He is also finishing out an appointive term.

The Hilltop was solidly behind all but one of the 16 bond issues, which have been pushed by a committee on jobs and progress as well as city and county government officials. The only issue failing was the city operating levy which received a 54% affirmative vote with a 65% needed.

The Hilltop Record is to have a new home.

Plans are being completed for the construction of a two story brick building on W. Broad-st, on the lot immediately in front of the present Record building, between Todd's Drug Store and Shank and Saunders.

The new building will house the offices of The Hilltop Record and the east first floor store room will be for rent. Four three room apartments will make up the second story. A full basement will house a modern heating plant for the entire Record shop and offices and will provide additional space for Record operations.

The two story building will extend across the 40-foot front and back 80 feet. An additional one story structure 22x24 feet will house a portion of the Record shop.

C. Carlton Hartley, publisher of the Record, announced this week that plans are being completed by George Stegmiller, registered architect, who will also supervise the construction. Bids will be received by Stegmiller in a very short time. All interested contractors are asked to contact him at 2360 Berwyn-rd. Stegmiller was arhcitect on the Dr. C. O. AN IMPORTANT DATE FOR THOUSANDS OF ARMY VETERANS NOW IN CIVILIAN LIFE

Between now and November 21, thousands of Army veterans will reenlist in Uncle Sam's new volunteer peacetime Army. Because—men who have been discharged between May 12 and November 1 of this year and reenlist on or before November 21 will be able to return to the Army with the *same grade* as they held when discharged.

Men with six months of satisfactory service discharged as privates will, on reenlistment before November 21, be given the grade of private first class.

Men now in the Army who apply for discharge after NOVEMBER 1 for the purpose of reenlisting in the Regular Army will also retain their present grades, if they enlist within 20 days after discharge and before FEBRUARY 1, 1946.

"BEST JOB IN THE WORLD"

These special privileges are typical of the new law recently passed by Congress. Few opportunities for a lifetime career offer as many attractive advantages.

Can you think of any other job that would give you good pay, your food, clothing, quarters, free medical and dental care, world-wide travel, 30 days' furlough every year, education and training in any of nearly 200 skills or trades, *and enable you to retire with a life income any time after 20 years' service?*

There isn't any! That's why a job in the Regular Army has been called "The Best Job in the World."

HIGHLIGHTS OF THE NEW ENLISTMENT PROGRAM

1. Enlistments for 1½, 2 or 3 years. (1-year enlistments permitted for men with 6 months' service.)

2. Men reenlisting retain their present grades, if they reenlist within 20 days after discharge and before Feb. 1, 1946. The same applies to men discharged between May 12 and Nov. 1, 1945, who reenlist before Nov. 21, 1945.

3. An increase in the reenlistment bonus to $50 for each year of active service since the bonus was last paid, or since last entry into service.

4. 20% extra pay when overseas.

5. Paid furlough, up to 90 days, depending on length of service, with furlough travel paid to home and return, for men now in the Army who enlist.

6. Mustering-out pay (based upon length of service) to all men who are discharged to reenlist.

7. Option to retire at half pay for the rest of your life after 20 years' service — or three-quarters pay after 30 years. (Retirement income in grade of Master or First Sergeant up to $185.25 per month for life.) All previous active federal military service counts toward retirement.

8. Benefits of GI Bill of Rights.

9. Family allowances for the term of enlistment for dependents of men who enlist or reenlist before July 1, 1946.

10. Choice of branch of service and overseas theater in Air, Ground or Service Forces on 3-year enlistments.

To every family comes that time when a doctor's prescription is meant to provide relief or even save the life of your loved ones. This is a time when you rule out all elements of chance.

You have been careful in the selection of a doctor to prescribe. But the matter has not received the proper attention until you have also taken the same care in the selection of the druggist to fill that prescription.

When medicine is prescribed you can depend upon accurate, prompt and economical service at our store.

Memorial Paper Collection At West High Nov. 19

Memorial Tree To Be Planted With Proceeds of Sale

Now it's a gigantic community-wide paper collection drive Monday, Nov. 19, sponsored by West High School pupils, during the first two periods that day.

Since this is the only Hilltop school sponsoring this paper drive, residents are asked to salvage all paper and save for the mammoth collection on that date.

Call West High if you wish a pick-up of paper.

"The government still cites a critical need for more paper," Principal Irvin Young said yesterday.

Proceeds to Plant Tree

Proceeds realized from the sale of the paper will be used exclusively for a living memorial tree planting program on the school ground, Mr. Young said.

Fifty-seven gold stars, including that of Coach George Collins and 56 former students and graduates, represent West High's sacrifice in World War II.

That their names and deeds may be preserved, this tree planting program is instituted. Appropriate plaques and markers will be used at the planting, memorializing the names of these 57 who made the supreme sacrifice.

Those in whose memory trees will be planted include John Adair, Robert Ainsworth, Chas. Alford, Robert Ardle, Ned Bell, Donald Bierly, George Collins, Robert Chambers, Rollin Chapman, Arthur Dale, Herbert Driscoll, David Duff, Bob Fry, Ed Fryer, Wallace Grady, Robert Hatton, David Lee Hart, Raymond Hartman, Joseph Harold, Howard Harrison, Harold R. Hennick, Harold High, James Hoffman, Robert Johnston.

James Jones, William Jones, Howard Kauderer, Charles Keating, Guy Keller, John Landman, Woodrow Link, Ned Marsh, William Mead, Lee Moh, Russell Moraine, James Nairn, James T. Neal, John Pappas.

John Postle, Carl Reese, Don Robinson, Scott Roese, George Ruder, Harry Theophilus, Willis Toohey, Robert Tresenrider, Chas. Tucker, Charles Tyler, George Welker, Charles Wilkins, Gayle V. Williams, Earl Wilson, John Winklehausen, Daniel C. Wolf, Robert Worthen, Oscar Young, Paul Zeisler.

A standard first aid class, the first open class of the season, will start Tuesday, Nov. 13, at Red Cross headquarters, 74 E. Gay-st, and will continue each Tuesday and Friday evening, 7 to 9, through Dec. 18.

Enrollment also is now open for the Red Cross senior life-saving class to begin next Friday at the Y. M. C. A. pool, 7 to 9 p. m. This class is open only to men over 16 years of age. Y. M. C. A. certificates will also be awarded for this class.

A senior life-saving class for adults, both men and women, is being held at the K of C pool on Tuesday evenings, 7 to 8 o'clock. To register for either life saving class, call Red Cross headquarters.

Local Soldier In Hospital After Arm Amputation

Pfc. August C. James, husband of Mrs. Helen James, 2727 Sullivant-av, has recently been admitted to Percy Jones Hospital at Battle Creek, Mich.

He entered the service Oct. 9, 1943, and served with the 4th Service Command Military Police at Camp Blanding, Fla.

While at Blanding, Pfc. James received a critical injury in an accident while en route to camp one evening when a unidentified trailer truck sideswept the car he was driving, sending it over a 75 foot embankment.

Pinned in the car, Pfc. James' left arm was crushed so badly it was necessary to amputate. He is receiving further treatment for this injury at Percy Jones Hospital.

Sailor Goes Poetic To Express Feelings For Son or Daughter

Out on the USS Laetet, then stationed down around Eniwetok, QM 3/c William E. Ferguson was thinking about his wife, Sally, 33 Highland-av, and the son or daughter that was soon to be born to them.

Now Bill may not be a Longfellow or Whittier but on this occasion he did go poetic in a big way with the following lines which the Record believes make interesting reading matter for all who have ever gone through this period.

P. S. It was a boy!

Some folks pray for a baby, and some
For a golden haired little girl to come,
Some claim to think there is more of joy
Wrapped up in the smile of a little boy
While others pretend that the silky curls
And plump, pink cheeks of the little girls
Bring more of bliss to the old home place
Than a small boy's queer little freckled face.

Now which is better I couldn't say
If the Lord should ask me to choose today;
If He should put in a call for me
And say, "Now what shall your order be,
A boy or girl? I have both in store—
Which of the two are you waiting for?"
I'd say with one of my broadest grins,
"Send either one, if it can't be twins."

I've heard it said, to some people's shame,
They cried with grief when a small boy came.
For they wanted a girl. And some folks I know
Who wanted a boy, just took on so
When a girl was sent. But it seems to me
That mothers and fathers should happy be
To think, when the Stork has come and gone
That the Lord would trust them with either one.

Boy or Girl? There can be no choice,
There's something lovely in either
or voice.
And all I ask of the Lord to do
Is to see that my Sally comes safely through
And guard the baby and have it well
With a perfect form and a healthy yell,
And a pair of eyes and a shock of hair,
Then, boy or girl, Daddy Bill won't care.

Growing Number of Service Men Get Back To Hilltop

Being Discharged from Various Separation Centers by Hundreds

G. I. Joe has been speedily becoming Mr. Joe for the past few weeks as Hilltop men have been arriving home from service by the hundreds. They have been coming in from Indiantown Gap, Camp Atterbury and various smaller separation centers. A partial list of discharges follows:

Sgt. Fred E. Hammon, 786 S. Terrace-av, husband of Mary Hammon and son of Mr. and Mrs. F. E. Hamilton, 786 S. Terrace-av, was discharged Oct. 17 from Indiantown Gap, Pa., after serving 19 months with the 9th Army in the European theatre.

He wears two battle stars. He sailed from Marseilles, France, on the USS Sea Porpoise.

A graduate of West High School in 1927, Sgt. Hammon entered the service Jan. 2, 1943. He is employed at the Kroger Grocery and Baking Co.

"Adjust To Suit The Trade"

A woven-wire fence we must sever in twain
Going over a knoll or ravine,
Then a straight line we can maintain,
No ugly kinks will be seen
And our life is the same, my Brother
Every day adjust our display,
Obstacles appear one after the other
Whether at work or at play.

We must bridle our hope and ambition
To suit the environs of trade;
Occupational disease presents opposition,
A liability that can't be allayed;
We must continually repair our fences,
To follow the contours of life;
Success demands that we pay many expenses
The largest price is sacrifice.

OUR PLEDGE ON ARMISTICE DAY

We, who faced the sacrifice and sufferings of war, now head into Peace with the same high courage. We have only to think of our martyred dead and their bereaved, we have only to be reminded of the single-hearted purpose for which these heroes bled. Victory has but deepened our responsibilities. Out of this memory of war's anguish and in renewed declaration of faith and pride in the World Peace for which all America fought, emerges our Pledge of this Armistice Day of 1945.

We pledge to Peace and to its principles, the same fervent devotion which fired our war aims.

We pledge continued dedication to our democracy and its preservation in Peace as in War . . . no matter how great the struggle.

We pledge an unwavering vigilance against any possible forces of aggression and oppression, both at home and abroad.

We pledge to Peace a fulfillment of the promiless made in war . . . a safe, sound America where man can live in dignity . . . free from fear and want.

We pledge to work and build as we never worked and built before, that Civilization may rise to new heights of glory.

We pledge to invest in permanent World Peace by buying Victory Bonds . . . regularly, gladly.

The Spectator

By C. C. Hartley

You Sir!

Credit this story to Chaplain Major Whipple who spoke at the Hilltop Business Men's meeting Tuesday night:

It seems a community was without the services of a minister and learning that a representative of Yale University was there on business, called on him to fill the pulpit. He did so and preached a sermon built around the four letters Y A L E. He spent a half hour on the Y, a half hour on the A, half hour on L and half hour on E, whereupon a young man came down to the altar and knelt.

The speaker was awed and stopped down to ask the young man if he could be of service. He replied in the negative by saying he was merely expressing his thanks in prayer that the speaker had not been a representative of the Massachusetts Institute of Technology.

Things and Stuff: A cheerer-upper in any kind of weather, that broad smile of Eugene Buckingham . . . 300 new homes on the Hilltop next year is the estimate of one local real estate . . . My wife agrees that one of Karl Tracht's Eisenhower pies is a welcome gift to a convalescent . . . She's home from the hospital now . . . It happened on a Broad-st bus recently: Jacqueline (one time Cleveland) was telling a friend about her husband in the service when lo and behold she looks around and there he is on the bus . . . Other news of the Cleveland family is that Suzanne is out of the WAVES and Rinky looking right chipper after appearing in the Players Guild "Snafu" . . . Betty Link and Whitie Dodd now Mr. and Mrs. after a week ago yesterday . . . Our boy Chet Rinehart coming back to work at the Record next Monday, which leaves only one member of our staff, Bobby Cavanaugh, overseas . . . My pal Harry Fleming in to pass a greeting, and looking quite well was he . . . We always did like to hear Rev. Joe Shellhaas speak and now with some new equipment his words will probably flow more smoothly than ever . . . Henry Ruegg's mother is in Mt. Carmel Hospital . . . A 200 pound blind man was Joan Hane's first patient in her nurses' training at Ohio State . . . Charley Maus late to pick up his wife at the singing club only to find that the whole gang was waiting to give him a surprise party . . . The Russians knowing us to be the gentlemen we are certainly have no fears that we would use the atomic bomb on them without them having it too . . . Didn't we give the Japs every advantage by sending them all the steel they needed before war started?

Names Make The News: Denny Hastings and Howard Minnameyer, both Hilltoppers, and a man named Bauer of Campbell-av, came across from Europe on the ship Hannis Taylor, and landed at Hampden Roads, Va., Oct. 31 . . . Two members of that Deems, Fox, Saunders team that went to Pittsburg last week on business (?) report they aporaised the Pitt stadium while the other listened to a football game in his car . . . Loel Lamb reports paying 900 Chinese dollars for a steak dinner in China and still it wasn't as good as the kind his wife cooks . . . Speaking of values by Hilltop independent stores: Bob Henery of Superior Drugs reports the cookie sheets he has for sale are about half the price asked down town . . . Monty Lambert looking like he hasn't missed many meals, and trying on a new suit at Sellers.

Plans are in progress for an addition to the rear of the Dr. C. O. Cramer medical building, corner of Algonquin and Broad. This will face on Algonquin-av and will be in keeping with the present fine medical center there. George Stegmiller is architect for the job.

Claggett Buys Ogden Corner And Opens Real Estate Office Here

Back in February 1944, when Ira M. Claggett sold out his confectionery at Wayne and Sullivant-aves, he stated in the columns of The Hilltop Record he was going to take a much needed rest and then later he would establish a real estate business in this community.

West Cagers Get Started

Initial Game With Grandview on 27th

Basketball practice got under way at West High School Monday evening, as a total of 35 students reported to Coach Rufus Glass at the end of the football season.

Eleven men who had not been on the football squad have been practicing for several weeks, according to Glass.

First game of an 18-game schedule will be played here Nov. 27 when the Cowboys go against Grandview in a non-league tilt.

Among the 35 reporting are three varsity lettermen from last year and seven who won reserve letters. Dick Slager, Jim Remington and Jack Buckingham are the varsity veterans, while Jack Thrush, Don Borror, Ralph Watts, Don Anderson, Jim Price and Austin Hutt are holders of last year's reserve letters.

Jack Buckingham, stalwart forward of last year's squad, is a questionable regular because of an injury received in the first football game of the year at Springfield. He has been out of the sport picture since.

Jim Remington, last year's leading scorer of the City League, is expected again to be the main cog in the scoring wheel. Slager, a dependable defensive man, makes up the nucleus for the coming squad.

Evidence That Scouts Are Cheerful

THE law "A Scout is Cheerful" means just that for Sea Scouts too. These lads (Scouts past their 15th birthday) see smooth sailing and fair weather ahead. Who wouldn't be happy when high adventure is the promise in the offing? SEA SCOUTING is one of the senior programs of the Boy Scouts of America.

Senior Scouting Meeting To Be Held Monday

A young man's program in Senior Scouting is available to boys over 15 years of age who operate and manage their own program, three phases of which are available. Air scouting is provided for those young men who are interested in that particular field; sea scouting for those who feel the lure of the sea, and explorer scouting, with advanced camping and high adventure, for the boys so inclined.

It is not necessary to become a Boy Scout in order to enjoy this program, since 70 per cent of the young men now enjoying the adventures of senior scouting were never Boy Scouts. Because of the appeal this program has and the way in which it operates it is affiliated with the Boy Scouts of America in a young man's program.

Monday evening, Nov. 19, at 7:30, a meeting open to all young men interested in an active program will be held at the Camp Chase American Legion Post at 10 S. Burgess-av.

"Open House" Is Successful; Many Parents Attend

The teachers of West High were pleased to see so many parents show up for the "open house" on Tuesday night of the 23rd, Irvin Young, principal, said. "Open house night is a wonderful thing, for the teachers and parents may meet and get acquainted with one another," he added.

The program for the evening opened with singing led by Mrs. James Hellman. Then the pledge to the flag was led by Herbert Williams.

Mrs. O. B. Walker, chairman of the P.-T. A. membership drive, awarded cash prizes to the winners. Coach Dale Rose's room, 139, was the winner in Sr. high, and Mrs. Florence Hertz' room, 137, was the winner in Jr. High.

George Roudebush, superintendent of schools, was the speaker for the evening. His talk was entitled, "Together We Build."

After and before the program, which was held in the auditorium, the parents went around to the home rooms and met the teachers.

Damage High in Fires Set by Columbus Children

By Capt. John E. Jordan

Children are fast becoming one of the nation's paramount fire causes. Records of the National Fire Protection Association discloses an increase of more than 3,000 fires caused by children in 1944, with a corresponding increase in the first eight months of 1945.

The problems presented by this trend of juvenile delinquency constitute one of the most perplexing situations facing the fire chiefs of this country.

An alarming feature of the problem is the fact that the majority of the offenses are committed by children between the ages of six and 12 years.

While some of the blazes caused but minor losses, others have caused damage amounting to thousands of dollars, and many children have been committed to correctional institutions for committing the offenses.

Following the national trend in fires caused by children, Columbus is experiencing an increase of 50 percent in 1945, over the same period of 1944.

On a recent Sunday, four of the five fires which occurred were started by children under 10 years of age.

A nine-year-old South Side boy was apprehended for setting fire to a neighbor's garage, and later confessed to setting fire to two homes in the neighborhood.

A West Side boy, eight years old, admitted setting fire to a storehouse, causing a loss of more than one thousand dollars.

A 12-year-old boy living in the northwest section of the city, was apprehended and admitted to setting two fires with a total loss of about seven thousand dollars.

What are we to do about this problem? Shall we insist that more children be sent to the Reform School? Or is having the parents arrested for delinquency the solution to the problem?

We admit that we do not have a ready answer, but we believe that if parents, teachers, scoutmasters and others in charge of child activities would devote special attention to the problem by explaining the danger of starting fires, some headway could be made toward reducing the number of fires involving children.

Besides his wife, Mary Kathryn Morlan, he is survived by two sons, Roy D. and Forrest M. Morlan; five daughters, Mrs. Beatrice Schopp, Mrs. Cathryn Newkirk, Mrs. Louise Foster, Mrs. Ruth Holliday and Mrs. Anna Pettit; one brother, Charles A. Morlan; two sisters, Miss Lida Morlan and Mrs. Zella Newlon. Twenty grandchildren also survive.

"WAR LORDS ARE GETTING COLD FEET"

Never again will our boys have to go to war
And this is the reason why,
War lords can't hide as they have before
They will be the first to die.
They can't retire to their fancy mansion
And watch war dollers roll in
The atom they know believes in expansion
And it will expand with a grin.

The atom I fancy has printed on the wall
If you start another old war,
The instigators will be the first to fall
Their body I will shatter and gore.
I am the spirit of an angry God
And I won't spare a building nor tree,
Multiplied billions of bones will cover the sod
If you start World war number three.

Ideas on Making the Most of Veal

1 pound GROUND VEAL 	Makes 6 Servings MEAT BALLS WITH SPAGHETTI Add seasonings, onion, 1 cup bread crumbs, 1 egg. Make into 16 balls, brown. Simmer in a tomato sauce 20 minutes. Serve over spaghetti.	—or 8 Servings VEAL PUFFS Combine with 2 cups mashed potatoes, 4 eggs, seasonings. Chill. Dilute 2 cans tomato soup; heat. Drop meat mixture into soup by spoonfuls. Simmer 45 minutes.	—or 6 VEAL PATTIES Combine veal with 3 cups grated raw potato, ¼ cup grated onion, ¼ cup milk, seasonings. Shape into patties. Brown in fat. Add ¼ cup water. Cover. Simmer 30 minutes.
1 pound BONELESS SHANK OR HEEL MEAT 	Makes 8 Servings BRAISED VEAL DUMPLINGS Cut into small servings, brown, add seasonings and small amount of liquid. Cover. Simmer until almost done. Make drop dumplings and add to meat. Cover, cook 20 minutes.	—or 8 Servings VEAL CASSEROLE Cube veal, season, flour and brown in fat. Dice carrots, onions and potatoes. Arrange meat and vegetables in casserole with sauce or gravy. Cover and cook in slow oven.	—or 6 Servings PAPRIKA CREAM SCHNITZEL Slice meat into servings. Brown in fat, with 2 tablespoons onion. Season with paprika and salt. Add cup sour cream and ½ cup tomato sauce. Cover. Simmer 30 minutes.
1 pound BONELESS BREAST 	Makes 8 Servings VEAL STEW WITH VEGETABLES Cube veal and brown. Cover with water or tomato juice. Season. Add vegetables in time to cook. Thicken gravy. Garnish with peas or green beans.	—or 8 Servings VEAL POT-PIE Cook veal and vegetables for stew. Season. Place in casserole and cover with gravy. Cover with pastry, shortcake or mashed potatoes. Bake until brown.	—or 6 Servings CURRIED VEAL (OVER RICE) Cube veal. Simmer 'til tender. Cook 2 tablespoons onion in 2 tablespoons fat. Add 1 cup diced celery, 4 tablespoons flour, 1 tablespoon curry, 2 cups stock, seasonings. Cook. Add veal.
1 pound SHOULDER CHOPS 	Makes 6 Servings VEAL CHOPS WITH NOODLES Have chops cut thin. Brown with onion, add seasonings. Cook egg noodles and place in casserole with chops on top. Cover. Cook in slow oven 30 minutes.	—or 4 Servings BRAISED VEAL CHOPS Flour chops. Brown in fat. Season with salt and pepper, garlic and bay leaf. Place lemon slice on each chop. Add ½ cup water. Cover and simmer 45 minutes.	—or 6 Servings VEAL CHOPS—PRUNE STUFFING Have chops cut thin. Brown in fat. Mold bread stuffing with prunes to fit each chop. Place each chop on stuffing. Cover. Cook in slow oven 30 minutes.

In planning for veal in the meal a good many home food buyers are in the habit of not thinking much further than veal roasts or chops. But veal has other cuts to offer—cuts which may be less well known but, nevertheless, are just as desirable, if properly prepared. An idea as to what can be done toward injecting variety into the menu with veal is set forth by the recipes given above. There are, of course, many other cuts of veal and many possibilities for their preparation that may be used to advantage.

Ten To One -- Nearly All Men Janitorial Staff

Garnet Thieme Is Only Janitress

By Dotti Anderson

We've often wondered why nothing is ever said about the janitorial staff of West. Who do we mean? Why, those hard-working, busy men bustling around, in and out of the halls, up and down the stairs, making everything and everyplace spic and span. You would like to know a little about them, wouldn't you? Well, I'll give you a summary of the life and likes of each of these clean-up men:

The head operating engineer is John Hughes, who has been at West for seven years. He was at Roosevelt Jr. High for 15 years, and on the school board for 22 years. Mr. Hughes says that he enjoys working at West, and all of his assistants are quick to agree with him.

A veteran at West is George Reed, who works on the night shift along with Charles Fladt. He has faithfully served our school for 19 years, and was on the school board for 30 years. Mr. Reed's night work prevents his being seen by most of West's students, but he is without a doubt a very capable and likeable workman.

Donald Monnett has been here for three years. Mr. Monnett's hobbies are reading, shows, and watching the Cowboys in an exciting game of football.

We who have a musician among this group. Edmond Moone, who has worked for three years as a janitor here, plays a bugle in the American Legion Corps. He has held this position with the Legion for about seven years. Mr. Moone likes football and baseball.

"Curly" as he is called by all his friends, in the name Reginald Simmons answers to. This specific janitor is a jolly fellow and is liked by all. The men with whom he works get such a big kick out of him that they presented him with a "wisecracker" license, which he has hanging in his locker. Mr. Simmons worked for the School Board for 38 years and has been here for 13 years.

Guy Simmers, another janitor, was in the grocery business for 18 years before coming to West. He likes to tinker around the house in his spare time, and he is very proud of his son, who has just recently been discharged from the service after 22 months overseas. Mr. Simmers, himself, was in the Navy for four years during World War I. He likes his job here because he enjoys being around boys and girls.

Philip Eichel, was in the Army for seven months before coming to work at West.

An ex-G. I., a former sergeant, is also working with the janitors. George Smith served in the U.S. Army for three years before coming to West. Any kind of sports sit him fine. He has also been a member of the Columbus Drum and Bugle Corps, for 10 years.

Harry Wilkins has been at West for two years. His favorite pastime is football.

Howard Jones, assistant operatin Enginner to Mr. Hughes, has been at West for two years. He likes all kinds of sports, and enjoys his work immensely.

Our one and only Janitress is Garnet Thieme. In her spare time she collects china animals. "The children are wonderful and so is West," says Mrs. Thieme, and it must be the truth because she has been at West for nine years.

Al Spencer
West Grad Skills, Talents Aid U. S. In Winning War

By Ison

Worked Next To Walt Disney

Hollywood returns to West High School in the person of Albert Spencer, '42.

Employed by the United States Government through the Visual Aid Corporation, Spencer works on a studio lot in Hollywood next to Walt Disney's, and is probably second only to Disney himself when it comes to drawing.

Works for Government

The secret can now be revealed as to how Spencer, among other great artists, helped defeat Japan. It would be unbelievable if one didn't have the facts.

These artists reconstructing articles of information given them by the government and through airplane photos, etc., have combined all this into a plastic map of Japan on which is shown every inch of territory in Japan, all the rivers, harbors, palaces; it was known where every house in Tokyo was located. Copies of this map were sent to every branch of the service. Our government made some preparation of this kind, as early as 1931, Spencer said.

Works for Commercial Enterprise

When Spencer visited school he showed art teacher, W. D. Campbell's first and second period art classes some of his present work for the "Visual Aid Corp., illustrating a volume on railroad locomotives from the earliest to the latest. Most of these paintings are colored. All of the students in these classes remarked how beautiful, and interesting these were.

Worked on Occident and Annual

Mr. Spencer graduated from here in 1942 where he was an artist and cartoonist for the Occident and designer for the Annual. He attended Ohio State University and the Columbus Art School. He is now stationed with the 18th Air Forces as an artist in the motion picture unit. Prior to entering the service he was employed at Curtiss-Wright in the Engineering Department.

He is married to a charming girl from Nebraska, journalist by profession, who with all her background will be the inspiration for more beautiful paintings.

Lt. Bob Ray In C. B. I. Theatre

By Frost and Dickey

Lt. Bob R. Ray, now stationed at Hasting Air Base at Calcutta, India, wrote to his family telling many interesting things of India. He visited a Jain Temple. There are no modern conveniences in India and the people are still living in Biblical times, Ray said.

A fine of fifteen dollars is imposed on any Yank that bothers the cows which are very sacred.

Bob entered the service in February, 1942, took his basic training, and was stationed at Fort Riley, Kansas, for 17 months.

He received his lieutenant bars after graduation from the Officers' Candidate School, Camp Lee, Virginia, July 15, 1944.

GR's Decide On Ice Breaker at Meeting

By Janet Smith

The initial meeting of the Girl Reserves was held Thursday morning, September 27, at 8:00 in Room 317.

Virginia Herbert, the new president, took charge of the meeting and gave announcements concerning the Icebreaker party, October 10.

A skit was given by the cabinet members to introduce to the new members the morals of being a Girl Reserve.

Those in the skit were: Beverley Gracey, Janet Smith, Anna Faunce, Katherine Bauder, Harriet Worthington, Henrie Kinder, Lorna Brandt, Judy Jones, Mary Stamper, Joan Smith, Margaret Wesley, and Marjorie Calentine.

Among Our Friends

Are You The
Serious Type?

Nature has made some people frivolous and some sincere—and it's the sincere folks whom others depend upon to get things done right.

People engaged in the serious endeavor of daily life need relaxation from the strain of the modern world — and we offer good living at its best—with good food, good beverages and good music. An evening here won't involve worry over the check, for our prices are moderate.

Bond and Stamps Buying Drops

Victory Bonds and Stamps have reached a new low in West Junior this semester. Only $58.85 in either bonds or stamps have been bought by pupils so far. Room 127 seems to have the most patriotic-minded pupils for two girls from that room, Ruby Daines and Elaine Taylor are the only pupils in the school to buy twenty-five dollar bonds. Dorothy Myers of this same room has bought $4.35 worth of stamps.

Only five other home rooms in the school have participated in the bond and stamp drive. They are 158, 125, 106, 227, and 226. Twenty-seven other home rooms are still to be heard from.

Lt. Jones In Iran

Lt. (j. g.) Rexford Whitmen Jones, 24, son of Mr. and Mrs. Robert W. Jones, pilots a Hell-diver recon bomber aboard the carrier U. S. S. Shangri-la. He has been returned to this country after flying 19 sorties against the enemy in the Pacific. His wife resides at 271 Midland Avenue. He attended Ohio State University.

Big Hearted Herbert To Be Presented by Ninth Grade

Comedy To Be Acted By Large Cast

BIG HEARTED HERBERT will be presented by the 9A and 9B dramatics classes in the school auditorium this evening at 8 o'clock.

This play, a three-act comedy, full of fun and laughter, is to be staged by a cast of thirteen characters, with Jim Palmer and Joy Gibson in the leading roles.

The action centers around Herbert Kalness (Big Heartsd Herbert) a self made business man who insists that his family be brought up in the plain traditions. When his daughter becomes engaged to a Harvard man and his wife has not only ice cream but Harvard men to dinner, Herbert nearly goes out of his mind with rage.

Herbert's home becomes safe for Harvard men only after his family has embarrassed him by embracing his plain tradition literally. The sight of his wife in an old wrapper and a supper consisting of Irish stew and apple pie destroy this curmudgeon's resistance.

The complete cast who will stage the production is as follows:

Kalness—A self made business man inclined to be grouchy—Jim Palmer.
Elizabeth Kalness' wife — Joy Gibson.
Robert—A healthy schoolboy—Fred Wollerman.
Martha—Good natured Irish maid—Jackie Hardy.
Junior—An intelligent schoolboy Jack Kelly.
Alice—The Kalness' daughter—Virginia Martin.
Andrew—A young lawyer—Dick Davis.
Mrs. Goodrich—Marilyn Hoelcher.
Mr. Goodrich—Dick Lanigan.
Amy Lawrence—Lucille Blades.
Jim Lawrence—Paul Starkey.
Mrs. Havens—Betty Noland.
Mr. Havens—Richard Beard.

The following members of the faculty will serve on these committees:

Make-up—Miss McKelvey, Mrs. Bell, Mr. Kittel.
Costumes — Mrs. Heitz, Mrs. Mock.
Business manager—Mr. Miller.
Posters—Mrs. Gardner.
Stage—Miss Forbes, Miss Liggett, Miss Smith.

The production is under the direction of Mrs. Velma Milhone.

The older Manuka Camp Fire Girls elected the following officers for the next three months:

President. Marcy Basye; vice president, Helen Coe; secretary, Pat West; treasurer, Francis Eckleberry.

Major Kidd Receives Bronze Star; To Be Discharged Soon

Major Kidd

The Bronze Star Medal Award was recently presented to Major Walter L. Kidd, Scarsdale, N. Y., by the XIX Tactical Air Command, now located in Erlagen, Germany.

He entered the service on Aug. 6, 1942, and arrived in Europe on Nov. 4, 1943. His parents are residing at 38 N. Warren-av.

Major Kidd was commanding officer with the organization during its stay in Aldermaston, England, and while they were in Normandy, Laval, Chalons-sur-Marne, Luxembourg and Bad Neuheim and Erlangen, Germany.

He was on his way to the Pacific on V-J Day but the next morning he was headed back to the States. He arrived at his home in Scarsdale where his wife and 2½-year-old daughter, Virginia Ann, were waiting for him.

Major Kidd returned to Columbus Sept. 18, and spent five days with his parents. He is now in Tampa, Fla., where he will be stationed until the first of December, when he will receive a discharge from the service.

Following his release, Kidd will be employed at the Bell Telephone Co. in New York. Prior to the war, Major Kidd was a tax analyst with the New York Telephone Co.

Besides the Bronze Star, he holds the Presidential Citation.

Over Hill; Thru Dale

After a brilliant beginning in Cross-Country, the West High thin-clads finished their season with only a fair showing.

In City Meet

In the city meet the West Harriers were beaten by a powerful and well balanced Central 5 who upset the confident Westerners.

Bradley Richardson and Darrell Hall of West had to be content with a tie for second place following Keith Ruperd, Central's leader and captain, who took first with the record breaking time of 10:32.

Other West boys placing were Kenny Beymer, 7th; Kenny Evans, 8th; and Gene Mugrage, 12th.

Central outpointed the West quintet, 30-32.

Central Wins District Meet

In the district, West again was overshadowed by defeat; once more at the hands of the Pirates who won the meet with an even 100 pts. Also by Newark, who had previously been beaten by the Cowboys.

Newark took second with 104 pts. West took third with 111 pts. Lanier 4th with 118; Parker Voc. 5th, 120; Springfield 6th, 129; Osburn 7th, 144; Dayton Dinbar 8th, 151; Greenville 9th, 192; and Dayton Roosevelt 10th, 196.

The five West boys scoring were Bradley Richardson, Darrell Hall, Kenny Evans, Kenny Beymer, and Eugene Mugrage in that respective order.

Legless DAV Trainee

Loss of two legs at Salerno doesn't dampen spirits of Frank Mercurio who demonstrates (above) with WAVE Shirley Seidman, both of Brooklyn, that he can rhumba with two artificial legs. Mercurio is one of a group of World War II disabled veterans now taking part in Disabled American Veterans National service officer training program at American University in Washington, D. C. After graduation Mercurio, as a Disabled American Veterans service officer, will help in the rehabilitation of other disabled veterans of World War II.

Reporter Traces History of Early Columbus High School

Editors Note:

Columbus Public School observe a centennial anniversary this year, and a brief sketch of the origin and development of the high school follows:

As near as can be gathered from tradition and archive, the Columbus High School first began in the year 1847, in a vacant room in a building on the corner of Third and Rich streets, a spot which had at that time a tendency more or less decided to become a frog pond. This period was but short, for a few months found the first era at an end and the high school removed from its frog pond to a more fitting place.

Second Era

The place occupied by the high school during the second era was of a more dignified character, being nothing less than an academy building more commonly called the Covert school, had located on Town Street near the head of Fifth Street.

During this period occurred the celebrated gunpowder plot; this plot though less terrible than the original and real gunpower plot in '76, resembled the latter in that it had for its object the blowing up of an Englishman.

There lived at this time adjacent to the school an individual of surly disposition, an Englishman, whose principal aim in life, as it seemed to the youth of the high school, was to pounce upon and maliciously burn whatever balls were so unfortunate as to be knocked upon his premises.

The bond issue approved and authorized at the November ballot by the Columbus Board of Education is a part of the $24,700,000 joint city-county school building and development program advanced recently by the non-partisan Metropolitan Committee for Jobs and Progress and approved by representatives of 300 organizations in the city and county and the voters.

An estimate of building requirements as submitted to the board by Supt. George Roudebush includes $300,000 for acquiring sites; $3,100,000 for construction, improvement of old buildings and additions to present fireproof schools; $2,600,000 for improvement and additions to nonfireproof schools; $350,000 for furnishing schools and $150,000 for improvement of sites.

This program, the first expanded building program of schools in Columbus in nearly 20 years, is considered a conservative one. The projects, incorporated in the above figures, represent the bare minimum of improvements that are necessary to modernize reasonably well the present school buildings and at the same time maintain the city's investment in the school plant.

"The buildings will not be extravagant," Mr. Roudebush said, "but efficiently planned and economically constructed schools, furnishing the maximum of school space for the money expended. The projects are set up to provide as many jobs as possible and can be timed to help stabalize employment over the period in which the bonds will be issued."

Supt. Roudebush pointed out that the bonds can be issued over a five-year period as existing bonds retire without increasing the school tax rate for debt charges.

Bob Days Returns To Hilltop With Stories of Pearl Harbor

Spent Over Three Years In Shipyards

Mr. and Mrs. Bob Day, recently returned from three and a half years in Pearl Harbor, where Day was connected with the Central Progress Office, with many interesting stores to relate.

Mr. Day arrived at the Pacific paradise in January after the sneak Jap attack, to find Pearl Harbor and adjacent Hickam Field a sorry mess. A sea of mud up to the knees made walking a major project. Under difficult conditions, wreckage was being cleared away and plans were being formed to raise the American Fleet, sunk in Pearl Harbor.

Helped to Re-fit Ships

At that time Day was employed as layout man in a ship fitters shop. Faced with the re-fitting and repairing of the sunken vessels, slowly being reclaimed, with a sadly run down yard to contend with, it was no easy job that was tackled in those dark days. Frequent air raids, which Day somewhat ruefully explains were not practice raids by any means, further complicated life. To be caught on the streets after curfew meant a fine of $25 to $50. A strict blackout was enforced to the limit.

The Days lived in an apartment 100 yards from the main gate. Soldiers and sailors who rang the doorbell of the Day domicile received a hearty and warm welcome from this genial couple after the magic words, "I'm from Columbus" had been spoken. Many a homesick Columbus lad has been welcomed, comforted, plied with generous Day hospitality and sent on his way smiling and happy after a visit there.

All But Utah

At the time of the Days' return to this country, only the Utah still rested in its watery grave at the bottom of Pearl Harbor. All the rest had been raised, repaired and recommissioned, and many of them had delivered hard blows to the enemy.

In the nearly four years since the bombing of Pearl Harbor, the place has changed so much that a stranger would find it difficult to recognize. Modern asphalt streets have replaced the mud, new buildings have sprung up like magic, and Day remarked that he thinks there is nothing in the world that could not be made in the yards if it became necessary.

Mrs. Day was employed in Pearl Harbor Yard Communications.

The couple formerly made their home on the Hilltop. They are the parents of Mrs. Jerry Spears, Jr., the former Gracebelle Day. At present they are living in Galloway, where they plan to rest this winter. Day was formerly connected with Orr & Day, builders. He plans to enter the building business during the coming summer.

Slager, Masdea, Sapp, McMillen Score Behind Good Line Play; Letters Are Awarded at Assembly

A championship football team has emerged from a chaos of inexpereinced players and injuries which has made the past season a nightmare for West High School faculty and students, as well as loyal rooters who have sweat out many close shaves.

Last Thursday evening 47 members of the Cowboy squad went through "last tackle" ceremonies, then traveled to North High stadium to administer a sound 26-13 beating to a favored Polar Bear eleven.

Showing an abundance of team play and smart coaching, the minions of Dale Rose and Mack Pemberton battled on even terms with a fumble jinx as well as a strong and fast North squad through the first three-quarters, then poured on the coal in the last canto to completely dominate the ball game and gain a half-share of the City League championship with East.

Start Fast

The Hilltoppers showed that they meant business as they made two bids for a score in the first quarter, only to be stopped by fumbles on the North 29 and later on the 43, the Bears recovering both.

North drew first blood soon after the second fumble when Gene Moriarty dashed off tackle from the West 48, scoring standing up.

Not to be denied, West started goalward again in the second quarter when they took a North punt on their own 29 and traveled to pay dirt by running plays. Using an extremely unbalanced line from the T formation, which the Hagely boys couldn't fathom, Slager, Masdea, Sapp and Chinn slipped through gaping holes in the big North line to the one-yard line, with Slager going over for the score. Jack Thrush booted the extra point to make it 7-6 at the half.

North Goes Ahead

North went ahead in the third quarter after taking one of Bob Miles' kicks on the West 46, where they moved to the 19 before Morarity again went over on an end run. Wilson's kick was good to put North ahead 13-7.

The Cowboys took over the ball game from that point on as they outcharged, out-ran and outsmarted their opponents to score three touchdowns in the last quarter.

Dick Slager, a mediocre kicker, started the fireworks when he got away a 60-yard boot which hit North's Dick Widdoes and was recovered by Bob Miles on the North 10. Two plays netted five yards before the third quarter ended. Then Bruno Masdea cut through guard for a touchdown on the second play of the last quarter.

Jim Price, substitute end, recovered a North fumble on their 40-yard line, then caught one of Slager's aerials on the 14, from which point a hard-running Bill Sapp carried it over for the third West score. Thrush again split the uprights for a 20-13 score.

Stronger at Last

Getting stronger as they went along, the Cowboys were pouring it on as Slager returned Fink's punt to midfield, then called a series of four first down plays with every man in the backfield carrying the mail to the three-yard line. Harold McMillen added his bit by scoring from there. Thrush's kick was blocked, but the Bears were beaten as both teams started substituting.

A crowd of some 2,000 West fans went wild as the game ended in the first defeat of North in several years, which would have climaxed a good season if there had been no title at stake.

Playing by far their best game of the season, although Fullback Bob Snouffer was on crutches with a badly sprained ankle and

Community Junior Theatre To Give Circus Show at Memorial Hall

That steam calliope which has been seen and heard lately in the vicinity of the west side schools is warning that the circus is coming to town.

Riding high on top of it are wild animals—with gentle hearts—for they are members of the Community Junior Theatre in jungle guise. Their growls and snarls remind the children of the Circus Show, coming to Memorial Hall Saturday, November 24. On that day, funny clowns, bespangled ladies, acrobats, and trick animals will cavort at two shows, 10:30 a. m. and 3:30 p. m. Peanuts and balloons will be sold during the performance, in true circus fashion, and best of all, the clowns will mingle with the young audience.

The "Circus Show" is the second in the Community Junior Theatre series of programs and plays for children. Following the circus show, the December offering will be a Christmas play at West High School.

January will bring the Ohio State Symphonic Band to Memorial Hall. The February show will be the water carnival at the Ohio State University Natatorium.

Another play will be presented in March, in April a puppet show, and a concert by the Columbus Boy Choir in May will complete the series.

Single tickets at 25c or season books at 90c at Todd's Drug Store, 2467 W. Broad-st; Todd's Pharmacy, 2572 Sullivant-av; and Campbell's, 2766 W. Broad.

Tickets or books may be purchased downtown at Heaton's, June-Schaff's, Ohio State Journal, and WBNS. Mail orders will be accepted at the Community Junior Theatre office, 8 E. Long-st.

LET'S TALK TURKEY!

Let's talk about the Hilltop Record Want Ad section. And first thing let's call your attention to the fact that beginning today the Want Ad section will be found on pages six and seven of the Record each week.

For years the Record Want Ad section has been on the back page of the first section. This was possible because there were few times we ever carried more than a full page of ads. But during recent months the popularity of this Want Ad section has grown to the extent that now it takes nearly two full pages each week to carry them all.

Just think: Last week 251 individual ads made up this section. The vast majority of classified advertisements are placed by individuals who are not regular advertisers. **They want results immediately.** Continued growth of this fine advertising section is positive proof that **Record Want Ads produce the desired results.**

Hospital bound...

NOTHING we can ever do can adequately repay the more than 250,000 American heroes who died that we might live.

But we *can* and *must* provide hospital care and treatment for the hundreds of thousands who are maimed and crippled—some in body, some in mind.

To do less would be a lasting reproach to the free institutions of democracy for which *they* fought.

THE MONEY COSTS WILL BE HIGH

Hospitalization of our wounded will require large amounts of money. This is only one reason for the Victory Loan. Millions of men must be fed, clothed, transported home, for remember, until they are restored to civilian life the war is not over for them. And it's not over for you either until you do your share.

DO YOU OWN A DOLLAR LIKE THIS?

1 DOLLAR

This is a peculiar sort of dollar:

In the first place, it hasn't got its full growth yet. It's becoming bigger every day. In a few years, it will be a third again as big as it was when you first got it—and worth a third more.

It's a very busy dollar. In addition to growing, it's busy bringing home soldiers, healing their wounds, and making jobs for them—and you.

Fire can't destroy this dollar. You can't lose it out of your pocket. No thief can steal it from you.

All in all, it's just about the finest kind of dollar a man can own.

Every dollar you put into Victory Bonds is that kind of dollar. Put all the money you can into Victory Bonds. And then hang onto them!

Buy Christmas Seals

The opening of the Christmas Seal Sale on November 19 commemorates the discovery of the X-ray fifty years ago this November by the German scientist Wilhelm Konrad Roentgen. "The X-ray is our most effective method of finding cases of tuberculosis and modern improvements in equipment have made possible its wide-spread use in finding the disease in its earliest stages," Joseph B. Stocklen, M. D., president of the Ohio Public Health Asssociation, said today in announcing the opening of the Christmas Seal Sale Campaign.

The Seal Sale, sponsored by the 88 county tuberculosis and health associations in Ohio, will continue until Christmas. The campaign in Ohio is part of the annual national Christmas Seal Sale.

"I WOULD BE TRUE"
HOWARD ARNOLD WALTER

I would be true, for there are those who trust me:
I would be pure, for there are those who care:
I would be strong, for there is much to suffer:
I would be brave, for there is much to dare.

Little Stories of GREAT HYMNS

This youthful message was not written to be a hymn, but a creed-poem, sent straight from the heart of a young man to his mother. It is the philosophy of a courageous son who glories in daring, not for himself alone, but for those who are weak and suffering. It is a personal challenge to youth everywhere.

A REPORT TO SUPPORTERS OF THE HILLTOP COMMUNITY COUNCIL

Glenwood Clean-up Proposed

Oct. 18, 1945

To City Council of Columbus:

WHEREAS, it is the purpose and earnest endeavor of the Hilltop Community Council to plan and carry through a program of social and educational activities for both young and old residents of the Hilltop section of Columbus during the coming Fall and Winter season. AND

WHEREAS, the Hilltop Section has but one community center, city owned, the GLENWOOD SHELTER HOUSE, where such a program could be logically carried out, AND

WHEREAS, the GLENWOOD SHELTER HOUSE has been allowed, through lack of care and attention, to become untenable and an "eyesore" to our Community.

WE HEREBY PETITION AND PRESENT the following recommendations to the Columbus City Council for immediate consideration and action:

1. The Shelter House be completely renovated.
2. All rooms on the first floor be completely redecorated.
3. The Locker Rooms be redecorated.
4. The stairways be properly railed and lighted.
5. The entire lighting system be checked and properly equipped for specific need.
6. The front entrance to the shelter house be properly lighted and be made available to the public.
7. Adequate help be assigned to the heating plant.
8. Attention be given to leaking roof.

Respectfully submitted,
HILLTOP COMMUNITY COUNCIL
CHARLES P. MAUS, President.

The Hilltop Community Council was formed in January, 1944, composed of representatives of all civic-minded church, school, fraternal and patriotic organizations and individuals. At present, representatives of the following organizations control its destinies: American Legion, Camp Chase Post, Auxiliary Unit to Camp Chase, Blue Star Mothers, Boy Scouts, Camp Fire Girls, Eagles, Girl Scouts, Highland Avenue Garden Club, Hilltop Business Men's Association, Kiwanis Club, P.-T. A.—John Burroughs School, P.-T. A.—Highland Avenue School, P.-T. A.—West High Jr. and Senior, Re. Child Study Group of the C. C. L., Veterans of Foreign Wars, Hilltop Lutheran Brotherhood and Hilltop Ministerial Association.

It is hoped that other Hilltop organizations will soon affiliate.

During the past year, this organization was responsible for the Memorial Day Commemoration Parade and Services, the formal opening exercises at the five playgrounds, and the recent Halloween Party held at West High School.

At the MAY meeting of the Hilltop Community Council Mr. Jerry Spears, its past president, outlined a suggestion for the building of an outdoor roller skating rink in Westgate Park. The idea was immediately adopted and plans made for a financial campaign to finance such a project.

This financial campaign got under way the early part of July and, in view of the interest taken by the people of the Hilltop, ON JULY 18TH, 1945, THE LETTER SHOWN AT RIGHT WAS SENT TO THE CITY COUNCIL.

After months of delay and a seeming lack of coordination between the three departments to which this idea was supposedly submitted by City Council, THE LETTER SHOWN AT RIGHT was found in the files at the City Hall, with little known about the idea by anyone. The City Engineering Department, A. R. Fetzer, and the Parks Commissioner, Ray Dietz, when fully informed of the contents of our original petition, took the matter up AND ARE NOW WORKING WHOLEHEARTEDLY with the Hilltop Community Council, and definite results are in the making.

CHARLES P. MAUS, President

Council Petitioned for Rink Approval

July 18, 1945.

The City Council
Columbus, Ohio

Gentlemen:

The Hilltop Community Council would greatly appreciate your favorable action on this, their application, to install in the south-central section of Westgate Park, a concrete platform, approximately 48x128 feet, with a shell and/or shelter at one end, surrounded by several benches both shell and/or shelter being designed in a rustic manner to fit in with the park surroundings).

The cost of the construction would be ENTIRELY assumed by the Hilltop Community Council.

This project has the backing of the Hilltop Ministerial Association, Parent-Teacher organizations of all schools, American Legion, Veterans of Foreign Wars, the Blue Star Mothers—and the hundreds of people who have contributed to our financial drive for this express purpose now in progress.

There are many uses to which such an installation could be put, among them:

1. Roller skating rink (during the day and early evening).
2. Ice skating rink in the winter.
3. Use by the Ministerial Association in their Sunday evening hymn-sings.
4. Band concerts, song-fests, etc.
5. Social gatherings and picnics.

Very truly yours,
HILLTOP COMMUNITY COUNCIL
CHARLES P. MAUS, President.

An Open Letter To Gov. Lausche

Dear Governor:

In the mail last Thursday I received a copy of the "Ohio Election Statistics" for 1944.

This is not a letter of thanks for the book because I can find no earthly use for it since most of us around this community no longer have the old time outhouses.

But it would be interesting to know just why the State of Ohio would spend many hundreds of dollars to publish such a book weighing 3½ pounds and distributed free. Of course all the various political bosses can use this information to good advantage but I've always felt they should do their own research and pay their own bills.

As I recall this is only one of numerous such publications that the state could very well do without. I wonder if you agree that it does look silly to waste state money on such things?

Sincerely,
Publisher, The Hilltop Record

Everything Is All Right

The GI's who have thought themselves marooned in distant spots can quiet their walls.

A spokesman for the War Shipping Administration—which transports most of the troops—has issued the comforting statement that the Army expects to be ONLY SEVEN DAYS BEHIND its troop return schedule by JAN. 1.

Acknowledging that "the heat is getting hotter" to bring home all men eligible for discharge, this same spokesman reported that the WSA hopes to be out of Europe by the end of January and out of the Pacific by the end of June.

Lest this prediction perturb any service man facing the prospect of spending a fourth Christmas in the Pacific, the WSA spokesman offered the explanation that each theater

Seek Gifts For 1500 Patients Of Columbus State Hospital

A chance for generous Hilltop folks again to play Santa Claus to the unfortunate is being offered by Mrs. J. F. Bateman, wife of the superintendent of Columbus State Hospital.

Several years ago, while making the round of the wards on Christmas morning, Mrs. Bateman noticed that many of the patients were without gifts of any kind and were trying hard not to watch the more fortunate open their packages.

The forlorn expression on the faces of those who had been forgotten so touched the heart of Mrs. Bateman that she determined that if it were within her power, she would see that every patient had a small gift of some kind to open on Christmas morning. Upon investigation she found that more than 1500 patients had no relatives or friends, so the next year she appealed to the people of the community and the response was overwhelming.

The attendants at the hospital donate many hours of time to make the preparations complete. A Santa Claus goes through the wards and distributes the gifts. The heartwarming sense of being remembered makes all the difference in the world in the ability of these people to get through the difficult days of the Christmas season.

Any gift, however small, is welcome. Cigarettes, candy, shaving lotions and creams, combs, handkerchiefs and many other articles are welcomed by the men, while cosmetics, handkerchiefs, combs, perfume, sewing articles, candy, etc., will make the women happy. Games, in particular, are welcome. Hours and days can become very long and tiresome to the invalid.

Those who wish to take part in this worthy cause may bring gifts direct to the hospital or may leave them at the Hilltop Record office, 2465 W. Broad-st. The knowledge that these unfortunate persons will have a little happier time Christmas will tend to make a happier Christmas for all of us.

Wise Shopper Will Do His Christmas Buying Early In Order To Get Variety Of New Gift Items

By Merle Burgoon

The wise shopper will do his Christmas shopping earlier than ever this year. We came to this conclusion after a survey of various Hilltop merchants covering a great variety of articles.

While some things are more plentiful than last year, others are even more difficult to obtain. When present stocks are depleted, the late shopper definitely is in for a great disappointment, according to merchants. Deliveries are "spotty" and while Christmas goods will continue to trickle into the stores from now until Christmas, the best bet for the shopper is the merchandise that will be on display within the next few weeks.

The toy situation is looking a bit brighter than at this time last year. A very few metal toys, including some wheelbarrows and wagons, have been promised but whether they arrive in time for the Christmas business is questionable. Wooden and plastic toys are fairly plentiful, while the situation in regard to children's clothing is bright.

There will be no cosmetic sets, according to local druggists. The reason given is that the boxes for the sets are prepared almost a year ahead and there has not been time since the end of the war to obtain materials and manufacture the vast number of boxes that would be required for this business. Next year the prospect will be brighter in that direction. A variety of cosmetics will be available if one wishes to buy them singly and box them.

Ladies' robes are available in a great variety of patterns and materials and, are of almost pre-war quality, while the prices are reasonable. Woolen skirts, jumpers and all wool sweaters are plentiful. However, ladies' underwear and hosiery are very scarce and the situation in this respect is expected to get worse. Merchants look very skeptical when nylons are mentioned and have nothing to say. Blouses are plentiful as are purses and accessories.

The situation in regard to men's clothing looks blackest of all. Returning veterans are anxious to get into civilian clothing, which is entirely understandable, but they have riddled the supply of shirts and suits, while men's underwear was scarce even before this new problem made itself felt.

Gift slippers are almost impossible to get. Shoes also are scarce and are getting scarcer. The situation in this respect looks blacker than last year.

A strange commentary on this is the fact that dealers report that business, as far as shoes are concerned, was much better during rationing. Such is human nature!

Hardware dealers report that a few stainless steel and aluminum kitchen utensils are available with a few more arriving at intervals. A strange sight for the shopper is a shelf in a local hardware store, stocked with aluminum sauce pans and storage pans.

Food dealers report much more food is available this year than last and in much greater variety. Canned goods that were almost impossible to obtain even in inferior brands, are available at this time in the better grades. Poultry will be plentiful, but dealers advise ordering early in order to get the size and quality desired.

Fruit cakes will not be too plentiful, since the candied fruits that are such an essential part of them are so difficult to obtain. There will be very little candy because of the still acute shortage of sugar. Nuts, especially English walnuts, are expected to be scarce. Shortenings are still very difficult, but a good supply of butter is expected to be available. Prices will be about the same as last year.

Taken altogether, things are a bit brighter than at this time last Christmas, with not a very great deal of difference. That is a situation to be expected since the end of the war in the Pacific is not so far away and manufacturers have not had much time to obtain hard-to-get materials and start manufacturing. After the first of the year, many articles will be on sale that have not been seen on the dealers' shelves for a matter of some years. In the meantime the prospective customer has no choice but to be patient and take advantage of the merchandise offered at this time.

Following our survey of the different Hilltop stores, we find, in spite of the shortages, a wide variety of goods stocked on the dealers' shelves and the shopper will find no difficulty in buying gifts, although he may have to change his mind if he starts out with a certain article in mind. Plenty of gifts are available and will be available up to Christmas.

Nuts! We Had To Make a Refund

Lots of times The Hilltop Record loses money just because of the fine pulling power of Record Want Ads.

Such was the case last week: O. H. Parr advertised for a salesman to sell NUTS. He paid for the ad for three weeks. But before 10:30 Friday morning he had hired the man he advertised for and so came to the Record office to get his refund on the other two insertions of the ad. We gladly refunded 72c.

Such is the way with Record Want Ads. They really get around. And why shouldn't they, 'cause The Record really gets around. Every week more and more people are reading their community paper.

If you aren't on the list just call Ra. 1135.

THE FRUIT OF UNCEASING LABOR

★ Between 1911 and 1935, a brief span of twenty-five years, extraordinary progress was made in public health. According to figures released by the Metropolitan Life Insurance Company, the duration of human life during this period was extended by almost fourteen years. It is all the more remarkable in the light of the history of this period, which included the first World War, the worst epidemic in recent history, and America's most severe depression.

Many agencies have contributed to make America a more healthful place in which to live. Not the least of these are scientific medicine and pharmacy, which work unceasingly for better methods of prevention and treatment of disease.

Has "bulbsnatching" got you up a pole?

Has some member of your family snatched the bulb from your favorite reading lamp? You don't need to climb a street-light pole. Just to go to the store and get a big supply of right-sized lamp bulbs. You'll beam when you see how quickly bulbsnatching . . . robbing one socket to fill another . . . will stop in your home.

Thanksgiving

You question—
For what should I thank my God,
While my burden is heavy,
My spirit depressed
And I answer—
For things that are lasting,
And your chance at a life
Which He blessed.
Lift your heart
And your voice
To the Lord of Creation.
Sing a song
Of glad praise
To the wide, gray sky.

Give Him thanks
For the sun in its rising,
For the cool-falling rain,
And the softness of snow,
For the days
And the nights you're receiving.
And afflictions
He chose you to know.
Lift your voice
In a song
To the God of all Nature.
Sing a hymn
Bright with praise
To the wide, gray sky.
—Elizabeth McLaughlin

"Circus Day" At Memorial Hall For Youngsters

It will be a real "day at the circus" for Columbus youngsters Saturday, Nov. 24, when the Community Junior Theatre presents "Circus Day" at Memorial Hall.

This is the second in the series of nine entertainments scheduled by the Community Junior Theatre for the 1945-46 season. Trained dogs, tumbling clowns, tight-rope walkers—and all the things a child expects to see at the circus, will be there with a ringmaster to crack the whip. Peanuts will sell for three cents a sack and balloons for two cents apiece—it's children's day at the circus.

Performances will be given at 10:30 a. m. and 3:30 p. m. "Circus Day" is presented by the Community Junior Theatre in cooperation with F. E. Gooding and John F. Enright.

Designed to provide stimulating entertainment of high quality for the children of Columbus school age, the series includes a Christmas play in December and instructive concert by the Ohio State University Symphonic band in January; a water carnival at the Ohio State University Natatorium in February. In March, a stage production, "The Ghost of Mr. Penny," given by the Ohio State University Department of Speech; a puppet show, "Baba Yaga," by Marjorie Batchelder in April, and the Columbus Boy Choir concert to close the series in May.

Season tickets at 90c and single admissions at 25c may be obtained at Todd's Drug Store, 2467 W. Broad-st; Todd's Pharmacy, 2572 Sullivant-av; and Campbell's Pharmacy, 2766 W. Broad-st.

SPECTATOR

(Continued from page 1)

commander has the final say as to the departure of his troops and that "this undoubtedly is keeping some high-point men abroad.

To which the GI's and their relatives would say, "Baloney!"

For example, the following letter received from a friend who is tweedling his thumbs on Leyte:

Perhaps I should have written my home town paper before I had a complaint to make. However, it is better late than never so they say.

I presume that by now the whole of the United States is in more or less of an uproar as to why the boys are not coming home faster. Our hope here is that they will put on the pressure until something is actually done about it.

When troops were being shipped to the Pacific large convoys ran on schedule and over two million men got here in a short time. There was a war to win; the security of our nation was at stake; millions of dollars in holdings and possessions of large American corporations were in danger of being lost.

It was my honor, or duty, or whatever you choose to call that sort of thing, to go through the hell of the decisive battle of that war—Okinawa. Night after night and day after day, never less than eighteen hours out of twenty-four, and sometimes going forty-eight hours at a stretch when the casualties were heavy, we took care of the wounded, lots of times not more than 500 yards from the Jap lines.

Loud and long were the promises to boost our morale—and we believed them. When the war was ended in Europe the promise was made that practically all available ships would be used to redeploy troops to the Pacific, and that when we set the "Rising Sun" there would be more than enough ships to take all eligible men home.

We licked the Japs. Now all we ask is the ships they promised to get us home so we can enjoy the things we fought to preserve. I, for one, am proud to have had a direct part in it all. I had much to fight for: a good wife and daughter; an excellent mother and father, and one of the best, if not the best, communities in the United States.

A few days ago a certain general in Luzon said that in 48 hours he could convert Liberty ships into transports able to carry 705 men. He got the order and converted the ships. What were they used for? We have it that they are being used to transport Jap prisoners back to Japan. Since when does the vanquished have priority over the victor, that they should get back to their loved ones first? We sweat it out in the tropics where the very air reeks with filth and disease ranging from malaria to leprosy; where there is nothing to do; where there is nothing to see but third-rate shows, and where the chow just about keeps us alive.

Almost 90 days ago I made application for discharge. To date nothing has been done about it except to move me from Mindoro to Leyte.

I speak not for myself alone. Right here in this camp there are 15,000 men in my position.

"LEAD KINDLY LIGHT"
- - - JOHN H. NEWMAN - - -

Lead, kindly Light, amid th' encircling gloom,
Lead thou me on.
The night is dark, and I am far from home;
Lead thou me on.
Keep Thou my feet; I do not ask to see
The distant scene; one step enough for me.

Little Stories of GREAT HYMNS

In 1833, Newman was forced by illness to leave his pastorate. He went to Rome, but assailed by political and religious worries, started back to England. He stayed the ship, and in this enforced quiet, Newman found the peace so beautifully expressed in this prayer-hymn that has brought serenity to the perplexed for generations.

"Many Will Re-enlist"

They'd better hurry and dig that subway
Before it is too late,
There won't be a child left able to play
By Nineteen Forty Eight.
We should keep wild drivers off the street
Put them underground or in the air,
So a walker wouldn't fly to the mercy-seat
Or be forced to use a wheel-chair.
If we can't at once get rid of the flivver
We are surely facing despair,
And we might as well all jump in the river
Where there is no worry nor care.
A soldier home from three years of battle
Shouted, shaking under my nose his fist,
You civilians act like stampeding cattle
I am going right back and re-enlist.

Ens. Elmer Smith Writes of Life in Japan at Conclusion of the War

Life in Japanese waters can be somewhat interesting and exciting now that the war is over but there is still a longing for home, as expressed in word received this week from Ens. Charles Elmer Smith of the USS LST 1077.

Portions of Smith's letter to Gene Todd are given as follows:

"Just received my first mail in three months and it had some Hilltop snapshots in it that sure brought back old memories. Seems like ages since I last walked over to the store for a hot fudge. The most pleasant thing however is to hear that almost everyone is feeling fine and still working hard—war or no war.

"As for myself, I've worked a lot harder the time since the war than during it. After that South Atlantic patrol and then commissioning the new ship at Boston we ran out here to the South Pacific on the double. Just in time to get in on a couple of warm up invasions. They didn't mean much except somebody had to take those islands and it was excellent practice for Japan, which was our ultimate goal.

"Fortunately for us the peace was declared before we tried to get in close to Japanese waters. Their inland waters with their natural fortifications would have meant a lot of fighting with a terrific loss of life. When the word came that it was over we were on our way there, so there was nothing to do but go on in. We hit Sasebo (third largest naval base) first trip. Two jap carriers and several smaller craft were in the harbor—still occupied but listing badly. The land installations were a shambles and about all the Fifth Marines had to do that we took in was to take the propellors off of the remaining aircraft and get bulldozers to work on cleaning up the rubbish and making a beachmasters' headquarters.

"Of course the first thing we tried to do was to get over to Nagasaki to see the atom bomb destruction since it was almost as near to us as Delaware. That duck hits over convinced me more than ever that I belong in the Navy. We should have gotten the Purple Heart for it. They don't know what a paved road or even a road bed is around there. We got to see a little before the Marines became organized enough to throw a guard around the area. There was still a lot of danger from radiation burns and people were dying with great rapidity. We should have known better but you know Americans—we can't be told.

"Our next trip was to Kobe But after fighting mines and storms for days to get in the Navy decided that it was too dangerous to make it a Naval base so we took all the big shots and some thousands of tons of combat equipment we had on board over to Wakayama to unload. When we arrived it was indeed a shock. No one else had been there so the Army (this time) went in the first day and yours truly went in the second. My entrance was strictly against orders. No Naval personnel was allowed ashore—so they said when they caught me—however I have the dubious honor of being the first naval officer in the city. Now if I just don't get reamed off for it, it will be a fine experience.

"Then we rushed back to the Philippines and took on the Sixth Army. Then went through two typhoons—one that flattened Okinawa—and finally back to Nagoya. It, like Wakayama, was pretty well burned out by incendiary bombs. And so that's how it's been ever since the proclamation. That, combined with losing high point men, makes plenty of work for all hands.

"The Japanese seem servile enough to us. So much so that it's downright annoying. If someone came into our land, destroyed our homes and then took the best of what was left—I don't think occupation would be so unhindered and I'm sure you know what I mean. It's also very surprising to see how little they really had to work with. Their real war production would have been just getting under way this coming spring. Thank God they didn't. One steel mill at Wakayama is so big you can't stand at one end and see the other end of it. And the new Mitsubishi aircraft plant at Nagoya would make two of Curtiss-Wright. Neither place was ever in operation.

"However, with all the sights and some strange indeed, I think I've seen all I want of Japan and the so-called little yellow people. That was quite a surprise—most of them are no darker than our sun-tanned kids in August."

BABY'S SAFETY

When you change the baby, have the fresh clothing at hand so you won't need to leave him alone on the bed. Stick the pins in the mattress or a cake of soap out of his reach or close them. They will then be harmless even if he should get hold of them. Holding pins in your mouth sets a bad example for the child.

Ens. Elmer Smith Writes of Life In Japan at Conclusion of the War

Life in Japanese waters can be somewhat interesting and exciting now that the war is over but there is still a longing for home, as expressed in word received this week from Ens. Charles Elmer Smith of the USS LST 1077.

Portions of Smith's letter to Gene Todd are given as follows:

"Just received my first mail in three months and it had some Hilltop snapshots in it that sure brought back old memories. Seems like ages since I last walked over to the store for a hot fudge. The most pleasant thing however is to hear that almost everyone is feeling fine and still working hard—war or no war.

"As for myself, I've worked a lot harder the time since the war than during it. After that South Atlantic patrol and then commissioning the new ship at Boston we ran out here to the South Pacific on the double. Just in time to get in on a couple of warm up invasions. They didn't mean much except somebody had to take those islands and it was excellent practice for Japan, which was our ultimate goal.

"Fortunately for us the peace was declared before we tried to get in close to Japanese waters. Their inland waters with their natural fortifications would have meant a lot of fighting with a terrific loss of life. When the word came that it was over we were on our way there, so there was nothing to do but go on in. We hit Sasebo (third largest naval base) first trip. Two jap carriers and several smaller craft were in the harbor—still occupied but listing badly. The land installations were a shambles and about all the Fifth Marines had to do that we took in was to take the propellors off of the remaining aircraft and get bulldozers to work on cleaning up the rubbish and making a beachmasters' headquarters.

"Of course the first thing we tried to do was to get over to Nagasaki to see the atom bomb destruction since it was almost as near to us at Delaware. That duck ride over convinced me more than ever that I belong in the Navy. We should have gotten the Purple Heart for it. They don't know what a paved road or even a road bed is around there. We got to see it little before the Marines became organized enough to throw a guard around the area. There was still a lot of danger from radiation burns and people were dying with great rapidity. We should have known better but you know 'Americans—we can't be told.

"Our next trip was to Kobe but after fighting mines and storm for days to get in the Navy decided that it was too dangerous to make it a Naval base so we took all the big shots and some thousands of tons of combat equipment we had on board over to Wakayama to unload. When we arrived it was indeed a shock. No one else had been there so the Army (this time) went in the first day and yours truly went in the second. My entrance was strictly against orders. No Naval personnel was allowed ashore—so they said when they caught me—however I have the dubious honor of being the first naval officer in the city. Now if I just don't get reduced for it, it will be a fine experience.

"Then we rushed back to the Philippines and took on the Sixth Army. Then went through two typhoons—one that flattened Okinawa—and finally back to Nagoya. It, like Wakayama, was pretty well burned out by incendiary bombs. And so that's how it's been ever since the proclamation. That, combined with losing high point men, makes plenty of work for all hands.

"The Japanese seem servile enough to us. So much so that it's downright annoying. If someone came into our land, destroyed our homes and then took the best of what was left—I don't think occupation would be so unhindered and I'm sure you know what I mean. It's also very surprising to see how little they really had to work with. Their real war production would have been just getting under way this coming spring. Thank God they didn't. One steel mill at Wakayama is so big you can't stand at one end and see the other end of it. And the new Mitsubishi aircraft plant at Nagoya would make two of Curtiss-Wright. Neither place was ever in operation.

"However, with all the sights and some strange indeed, I think I've seen all I want of Japan and the so-called little yellow people. That was quite a surprise—most of them are no darker than our sun-tanned kids in August."

BABY'S SAFETY

When you change the baby, have the fresh clothing at hand so you won't need to leave him alone on the bed. Stick the pins in the mattress or a cake of soap out of his reach or close them. They will then be harmless even if he should get hold of them. Holding pins in your mouth sets a bad example for the child.

Living Now

A Record reader sends along the following contribution which in our estimation carries a fine message:

Life, as someone has well said, is deepened and enriched by the doing of each unselfish act, each thought taken for others, as is witnessed by the glow of happiness that follows the doing and the thinking. By these tokens one of the richest men now living is described by Kenneth Force in a column in the Dallas (Tex.) News under the title "Mansion for Charlie." We quote the News:

His hospitality is known around the world. Fighting men write him thanks from all the seven seas and many a land between. And the Army weekly, Yank, recently sent a crew 9,300 miles to do his story.

For Charlie Mitchell, christened Chrestou Mouchopolos fifty years ago in Athens, Greece, estimates he has fed 175,000 servicemen free at his place at 502 Commerce. Yes, his figure is 175,000.

People around the square talk a lot about Charlie, mostly with a great fondness. But when a business man told him now was the time to make money and Charlie laughed and said, "I no wanna maka da money," the business man retorted, "Charlie, you're crazy."

A regular customer, who overheard, nodded thoughtfully,

Legion Appeals For "Gifts To Yanks"

Ward, Graham Head Groups

An appeal is being sounded this week to residents of the Hilltop to assist Camp Chase Post of the American Legion in the big "Gifts to the Yanks Who Gave" program.

It is the objective of the Legion to be able to present a gift to every disabled service man and woman hospitalized at Christmas time and in order to do this all Legion posts are joining this nation-wide cooperative movement to secure the gifts.

Recipients Named

The following Hilltop business houses have been named as stations to receive the gifts: Campbell's Pharmacy, Hague and Broad; Rivoli, Ritz and Westmont Theatres; Goodwin Pharmacy, Hague and Sullivant; Superior Drugs, Whitethorne and Broad; the four Economy Drug Stores; Engine House 17; Essex Pharmacy, Sullivant and Central.

Gifts will be received any time from Saturday on through Dec. 10.

Col. George M. Ward, 685 S. Roys-av, and E. B. Graham, 325 Crestview-rd, are in charge of the local collection.

Suggestions

Following are some of the items suggested as being ideal gifts for those at Fletcher Hospital: automatic pencils and pens, civilian neckties, watch straps, stationery, leather picture frames, O. D. hose, folders for discharge papers, clothes brushes. Candy, cakes, cookies, books, toiletries, tobacco, etc., will make welcome gifts.

Each package should be labeled as to contents to insure it being received by a G. I. Joe or G. I. Jane.

Carol Sing Plans Being Made by Jones

Futher plans for a community carol sing were being made this week by the Hilltop Kiwanis Club as a committee to help W. Haydn Jones and Bob Nash was appointed.

Plans now call for enlistment of leaders from all churches in the community to gather groups at a central point of the Hilltop on Sunday, Dec. 23, and sing the old Christmas carols.

Jones, chairman of the Kiwanis music committee, said yesterday that it would have to be determined as to the time of the sing on that date, because of church programs. It would have to be held either before or after, he said.

Donelan Injured On W. Broad St.

Michael Donelan, 53, 72 Eldon-av, was injured last Saturday night when he was struck by an auto while crossing W. Broad-st in front of the Westgate Masonic Temple, police reported. He was accompanied by his wife.

The driver of the car, after stopping a square from the spot where the accident occurred, drove away without leaving his name, but was later identified through his license number, as Chester Nichols, 562½ N. High-st, police said.

Donelan is recovering from his injuries at his home.

State Hospital Prepares for Flow Of Gifts To Patients on Christmas

Christmas is in the air at the Columbus State Hospital. Preparations are under way for a festive holiday season. Mrs. J. F. Bateman, wife of the superintendent of the institution, who is in charge of the activities, reports that fully trimmed and decorated Christmas trees, with all the traditional tinsel and glamour, are planned for each ward and every ward will be decorated with holiday trimmings.

It is hoped, at a later date, to continue the annual Christmas pageant, in which the patients take part, but lack of a directress forbids that this year. However, other entertainment is being planned for the enjoyment of the patients, along with a dinner in keeping with the holiday spirit.

Gifts for the patients are being received at the hospital and at the Hilltop Record office, 2465 W. Broad-st. Those concerned are hoping that every patient in the institution will be the recipient of a small gift Christmas morning and in order to accomplish this, the public is requested to bring the gifts to the above mentioned places.

Any gift is acceptable and will bring much Christmas cheer and happiness to the unfortunate.

Going, Going, Gone! Bond Auction At West High Promises Action

Dec. 7, Pearl Harbor Day, will be a big day at West High School when the school assembles for a big Victory Bond Auction.

And this auction promises to be a killer according to the students who are behind the program. They will not only auction off merchandise but will auction off many services by students and teachers alike.

For example: The boy or girl producing enough receipts for bonds will be given a chance at being principal of the school for a period and another will be vice-principal.

And right now there seems to be a lot of interest among the boys in one thing in particular. The homecoming queen, Katie Adams, will have a date with the highest bidder. And the girl bidders will have a chance at a date with Dick Slager, football captain, too.

Coach Rose has offered his services in giving a shoe shine to a high bidder. And so it goes, and in addition there will be a number of merchandise prizes.

SPECTATOR

(Continued from page 1)

"Yep, Charlie's crazy. Crazy like Jesus Christ."

Maybe he is. And Charlie earnestly hopes so. In his little ten-foot-wide place that you might call a greasy spoon but which many a soldier would call the abode of the finest man on earth, there are many signs, a third patriotic, two-thirds religious.

But one on the cluttered-up plate-glass front tells his story. It is: "Soldier — If You Are Short of Change Come in and Eat. If You Are Short of Fare in the City, Charlie Will Give It to You."

And all soldiers are short of change in the code of Charlie. To each of the up to three hundred soldiers daily filled in his place by a plate lunch and who tender money, Charlie beams and says, "Na, na. Disa time on me. When you come back after da war den you buya dinner. You got New Testament? No? Den bleese let me give you one." He reaches for a stack behind him, the soldier takes it. "Leta me hava your hand." They shake. "Gooda luck to you. You writa me. Leta me know how it go. Leta me know whata you need. Taka my card."

To date, he sai,d he has given away 13,000 New Testaments. They are donated by no one but Charlie. He shrugs it off. "Only costa sixa cent." But 13,000 at six cents each totals $780.

However, that is topped by the $2,000 in cash he estimates he has given away, even up to majors, at $2 or $3 a throw. And he asks that they not send it back. And he means it. And they take him at his word.

And do the soldiers love it? Th 15,403 lettrs kept in nine cigar boxes and two paper cartons are vivid testimony.

Wrote Pvt. Donald Munroe, blue when stranded here on Christmas Day: "I had decided to get drunk when I found your place and was welcomed like a son. I did not get drunk that day or since." Wrote Pvt. Woodie Holcomb, "Your Testament has given me a new faith, I feel like God is calling me to preach." From an overseas hospital: "Dear Charlie, you sure have been nice to me. Please excuse this. I am trying to write left-handed." Pvt. W. M. Smith: "Dear Uncle Charlie, I have no arm, so have asked the nurse to write this. You don't know how much your Christmas candy meant to me."

Why does he do it? "My fadder was a Greek Orthodox priest. (Charlie is a Baptist.) He says, 'Son, haf lotsa frens rather thana money.' If I donta do something for somebody every day no feela good. Data my hobby. I gotta little home pay for. My wife feela good. I feela good. Gotta frens all over da world. Da Lord mighty gooda to me."

"His Gas Was Too Potent"

Offifcers asked when they came on the scene
The drivet, how the wreck occured?
He said, sabateurs put atoms in my gasoline
And she flew just like a bird.
I tried my best to keep her under control
But she rared up on her hind feet
Fell over backwards and began to roll
But I stuck to the driver's seat.
My old car had been used to war gasoline
That hadn't any potency,
And I thought any minute that old machine
Would try to climb a tree.
We crossed a river without touching water
Reduced several trees in rank,
Friendly cowboys with ropes finally caught her
After shooting holes in the gasoline tank.

Thrift Cookery

The one-dish-dinner is a thrifty meal. It saves money, time, fuel, equipment, and dishwashing—to say nothing of the wear and tear on the woman doing the work. Enough savings, you will admit, to justify its popularity today.

This practical dish is a sort of medley in which meat and vegetables and sauce are all slowly simmered in a casserole or skillet, then arranged together on a platter and served as one. Let's itemize its merits:

Saves Money. Because of the tenderizing, slow-cooking methods suited to this dish, less expensive cuts of meat like chuck and round and brisket may be used with real economy and skill.

Saves Time. You can start the meat browning first, then pare and slice and quarter the vegetables required, thus dovetailing duties that would ordinarily be spun out an hour or so. When the vegetables, and a time-saving sauce like tomato ketchup has been added to make a quick and tasty gravy, you can just cover the skillet tightly with a lid, allowing the dish to simmer by itself, while you turn to other tasks.

Saves Fuel. Only one unit of your stove is needed to prepare the entire main course of this meal. Using slow heat is a thrifty way to conserve fuel.

Saves Equipment. By rotating units, as you cook from meal to meal, you can ease the strain on your equipment—a trick you'd better take to right away.

Saves Dishwashing. Because only one utensil is required for cooking you are spared the tiresome task of scouring a lot of sticky pans—a saving on your time, your temper, and your talents.

Now, total up these thrifts and you get real economy. Economy without stinting on your standards. For this savory one-dish-dinner, complete with meat and vegetables and tomato ketchup sauce, makes a well-balanced main course for a nutritious meal.

Carry-Out Store Opens In Former Broad Ice House

The Hilltop today has another new business place to add to the growing list of recent weeks. It is a carry-out store, located at 2778 W. Broad-st, just west of Hague-av, in the old City Ice and Fuel Co. building.

Operated by the Chateau Wine Stores, who also operate similar stores at 3177 N. High-st and at Urbana, the local store, which opens today, is managed by Mrs. Margaret Kirschner, N. Hague-av, who is assisted by Gertrude McFerin, Yale-av.

The store will stock a complete line of local and national beverages of all kinds, and will also handle potato chips, pretsels, and pop corn. Canada Dry mixers, Colas and Seven-Up will also be featured. Beverages will be cooled before sold.

Mrs. Kirschner states that future plans call for the installation of a large refrigeration system by Tom Cannon of N. Chase-av. This will permit an entire car-load of beverages to be cooled at once. An extensive remodeling of the building is planned.

The D.A.V. Prayer for Our War Dead

This prayer was given at the Memorial Service in Chicago at the 24th national convention of the Disabled American Veterans

This afternoon, thousands of miles from home, in ground consecrated as American soil, sleep thousands of our comrades in arms.

They sleep under the frosty skies of France and Germany, under the starry desert skies of Africa and under the inky canopy of the tropics.

But despite the distance that separates them from us, they sleep there in the watchful love of every American, as surely as if they were eternally cradled in the soil of their mother land.

For every American is poignantly aware of their sacrifice. And no Americans are more deeply aware and more keenly understanding of those who have given all for their country than those who have given part of their bodies and their well-being.

We assembled here today are those who have given part of our bodies.

And, because we are, perhaps, closest to those who lie in those distant lands, we wish to pay tribute to them, our highest tribute of love, comradeship and honor.

From several hundred communities throughout the United States we have chosen Americans who have given their lives for their country. Chosen at random to symbolize all war dead of our nation, they were men from farms, from factories, from offices, from schools, who served the cause of freedom in the ranks and as officers.

As their names are read, let us pray with gratitude and with humility, that they may sleep forever as close to us as they are today—that their memory may endure throughout the span of time.

Pfc. Robert Zimmer Receives Citation

Pfc. Robert C. Zimmer, son of Mr. and Mrs. O. F. Zimmer, 1315 Sullivant-av, and a graduate of West High School, has received the following citation and Bronze Star award:

"Pfc. Robert O. Zimmer, 291st Infantry, for meritorious achievement in connection with military operations against the enemy on 2 and 3 February 1945, in the vicinity of Fortschwihr, France. Private Zimmer was a member of a wire team which laid a line to the Regimental and Battalion observation post near a road zeroed in by heavy enemy artillery and mortar fire. Under direct observation, the two and one-half mile line was laid, in great part by hand, while crawling along the ground. The line was constantly ripped by bursts and the entire night was spent in patrolling the line to maintain it and afford uninterrupted communications. The outstanding meritorious achievement of Pfc. Zimmer reflects great credit upon himself and the Armed Forces."

BABY'S SAFETY

Be extra careful in traffic for the sake of your child. Have a special car seat for the baby. Never hold him in your lap or set him on the seat when you're driving. To protect toddlers and older children, lock car doors from inside. Cross only at intersections; obey the lights. Don't cross from behind parked cars. A walking-harness will keep him harm-less.

ETO Vet Comes Home; Visits Here

By Carol Bancroft

Charlie Metzger, '42, infantry veteran, who saw action in Northern France, Rhineland, and Central Europe visited C. S. Kennedy's 8th period Drafting class recently and told a group of 36 boys of his wartime adventures while in the Transportation Outfit of the Infantry, 5th Division, 3rd Army.

He related his experiences in occupied Germany: the Christmas he spent in a German home, the characteristics of the German people, the value of money in the war-torn countries, a description of the Siegfried Line, and the attitude of the German civilians toward their conqueror, the American G. I. The condition of bomb-stricken Paris, the decisive Battle of the Bulge, and the setback at Metz were also highlighted in his extremely interesting talk. The answers he gave to the questions put to him by the class at the close of his talk were as interesting as the talk itself.

Mrs. Metzger, the former Wilma Albery, also a West High graduate, was present.

Pvt. Metzger was scheduled to be shipped to Japan after a 30-day furlough but with the coming of V-J Day, he was taken off the shipping list. He expects to be discharged in the near future.

WHITE MARKER

Two days' sun looked in the place
And left shadows on his face.

No one will love him, they said,
Before the boy is dead;

Gabriel will never wake him,
So we two will take him.

OF YESTERDAY

My first love crossed my path
Just yesterday.
He touched my hand in greeting
Casually.
We talked a moment,
inconsequential
Things,
Then on our way to smile—
Remembering.

The vows of undying love
We pledged
Forever and forevermore
Decreed
And low like petals of a lovely
rose
We laid
Between pages of a book
We meant to read.

Hope Gibson.

AT EVENING

I am at peace. The twilight
shadows falling
Across the sky like a healing
balm;
The clamor of the day's insistent
calling
Has passed and left my spirit
strangely calm.

The coins of restlessness, of
eager questing
For things; a place high in
the sun are spent;
My hands, empty of all but
beauty, resting . . .
My vagrant heart is quietly
content.

And like the trees, now standing
grave and still,
As white stars shine above the
darkened hill,
I am at peace.

Virginia Eaton, in her book
"LAUGHTER THROUGH
TEARS."

THE ATLANTIC

There is a yearning and a
seething;
Perpetual unrest,
Where lie black waters
Slowly bubbling as if becalmed
by oil.
Slowly swaying like native
dancers;
Alone,
All night;
With a turbulent roar they seethe,
Backwards, forwards, restless,
aching,
Dying.

CUE

Sun upon sunup,
Moon after moon,
Season on season,
Night after noon:

Wanting and getting
My heart's desire,
Never contending
With its hot fire . . .

I did not write this
Pageant of living
(Largely of getting—
Minorly giving;)

But I must act it
Though acting brings
Stage-fright and fainting
Back of the wings.

JOHN

(The Beloved Disciple)
We have no record, how or where
he died;
The great disciples all have left
some trace;
Impulsive Pete at the last denied,
But John went faithful into
higher space.
He is the one that I have always
cherished;
Beloved of the Christ, his
strength to stand,
When others all had failed and
cruelly perished,
He walked unharmed into the
promised land.
So, may I die a thousand times
and win;
So, may I never fail a mighty
Love,
So, undenying, in a troubled din,
Remain AWAKE within the lonely grove!
The testing of my strength, may
it not fail,
When crowned with thorns and
ridicule and nail!
—Rose Noller.

SIGN BOARDS

God lifts the comeliness of hills
to shame the man-made town
Yet at their base intrusive sign-
boards smugly smirk and
frown,
Distracting eyes from tilted
streets and lanes that tumble
down.
Half-hidden, hunch-backed houses hanging hazardous as flies.
With silver windows glowing gold
as winter's dim sun dies,
Until upurned seem molten urns
that fire the pewter skies.

Unnoted, too, the incline old with
new-born charm of paint,
The pottery that sprawls in manner European quaint,
The rocky-towered church whose
spires exalt an ancient saint.

While far atop the massive brow
the vast museum stands,
Where painted counterparts of
hills and replicas of lands
Are hung for reverential gaze
with deferential hands.

How strange that man should
harbor art, yet build a barricade
Of signs against the hills of God
with loveliness inlaid.

WEST BOASTS ONLY GIRLS' LEAGUE

Pound away! Down the alley! Yes, girls, that's one way to keep that nice "trim figure."

The Girls' Bowling League is one of the outstanding athletic organizations of West Hi.

The League was started back in 1940, and to date is the only Hi School Girls' League in the city. There are two leagues. A Monday night league for beginning bowlers, and a Thusday night league for those girls who really know how to bowl (and you should see them!)

At the end of each bowling season a trophy is awarded to the team in first place in each league. Medals are given in each league to the girl ending with the highest average and also to the girl with the highest season roll.

The Girls' Bowling League has been a successful organization from West, and we hope you girls will be interested enough in the future to keep it going, the officers said.

Bonds Over America

CATAMOUNT TAVERN

The Second Continental Congress met at Philadelphia on May 10, 1775. That day Ethan Allen and his Green Mountain boys demanded the surrender of Fort Ticonderoga, N. Y. They were not going to let any overseas dictators tax or rule them, and neither are Americans today. That is one reason why we buy War Bonds. The preparations for that drive against the Lake Champlain stronghold were made secretly at a night meeting at little old Catamount Tavern at Bennington, Vt. The catamount monument shown above now stands on the site.

Debate Team Has Practice Session

By Walters

The West High Debate Team had its first practice tournament Saturday, November 17, at Newark High School, Newark, Ohio, winning three out of eight debates.

The team was composed of the following: affirmative: Betty Southard and Mary Lou Walters; negative: Bob Glasgow and Jim Gardner.

E. M. Kaylor, debate coach, was unable to go, so he placed Betty Southard in charge of the group.

Other schools represented were —Columbus East, Dayton Oakwood, Columbus North, Newark, Zanesville, Columbus Central, and Wooster.

The purpose of a practice tournament is to prepare the debate team for the State Tournament which will be held sometime in February, Mr. Kaylor said.

The next tournament will be held at Ohio State University, Saturday, December 1st.

Embleton Leads Sammy Kaye's Band In Contest

"On the Atcheson, Topeka, and Sammy Kaye," hummed Vince Embleton as he led Sammy Kaye's band, Wednesday, November 7, at a contest held at the R. K. O. Palace.

Vince, who went to the stage show after school Monday, November 5, never realized that he would lead Kaye's band, and after winning one contest would take second in the finals.

Although he didn't expect this, it came true, and today he is the proud possessor of a $50 Victory Bond and a baton personally autographed by Sammy Kaye.

Music Survey Shows That Students Have Ability

By Lowell Proper

In a recent survey West Senior and Junior high schools, pupils were asked to name any musical instruments they could play.

It can now be told that out of 2,156 students representing both Junior and Senior high, 489 students play musical instruments as a hobby. This also includes members of the marching band and orchestra.

The survey also proved that music today is more popular with students than ever before. The jive band of today is a "must" for the younger genteration, while the concert band and orchestra are enjoyed by those more mature, musically, the poll revealed.

Today music offers an opportunity for students who are interested to play in dance bands and in community organizations. The Columbus Junior Philharmonic Orchestra needs more members who are musically inclined and have their own instruments. Anyone interested in joining can get further information from instrumental director, H. L. Germain.

The survey showed that 330 students out of 489 played the piano. Following are the number of students playing various other instruments: 52 trumpet, 44 clarinet, 28 sax, 29 drummers, 26 accordion, 19 violinist, 15 guitar, nine tuba, eight trombone, and four French horn players.

Some very unusual instruments were found on the list such as the vibra harp played by PAT CULBERSON. Among this list only two bass players were found. SARAH RUSSELL is the only oboe player in school, while DELORES BROWN plays the mandolin.

The marimba, which is similar to the xylophone, is played by BILL MINISTER and JIM CALHOON.

Instrumental director, H. L. Germain, said he would like to emphasize the fact that today too many people want to play instruments such as sax, trumpet, drums and accordion.

He further added that the demand in orchestras and bands is for other instruments such as violins, stringed bass, and cello. These players are scarce and are in great demand.

Mr. Germain stressed the fact that other instruments needed at West are trombone, French horn, tuba, oboe, flute and bassoon. Classes will be started for these instruments in the near future.

It was very pleasing to the instrumental department to have so many piano players among the students. The piano, according to H. L. Germain, is the foundation of music. Although no great number of pianos can be played in orchestra, the piano player can quickly learn to play a second instrument that would be needed in the band or orchestra.

An interesting fact concerning the U. S. Marine band concert roster was that each member could play at least two instruments. It was learned that this was a requirement for membership in the Marine Band.

West High Grads Meet Over There

Away off in the lands across the seas are three of our West High lads. I don't think I need to tell you the names of the three, but in case you have forgotten, they are:

Sid Hoyt, Ralph Lanning, and Johnny Herbert.

These three have been very fortunate since they graduated from Ye Ole West High and gave themselves to Uncle Sam's Navy. They have been together at all times and have run into several of our other fellows from West.

A couple of the few old acquaintances they have renewed are those of Carl Hosler, our well known athletic of '45, and Bill Aumiller, a February graduate of '44.

Bill is back now and has a lot to tell about his experiences over there but his favorite was that well known day when he was going from store to store and caught the familiar glimpse of Herbert, head bent, working away like mad, not knowing anyone from his home town was anyways near.

After leaving Johnny, he ran into Sid, then Ralph. By the time the day was over they were all pretty well caught up on "what goes around home," and feeling pretty good at seeing someone in the flesh from that wonderful place, "home".

The only hope is that all three can continue to keep together over there and soon be back to tell about their own experiences from that land so far away.

PTA Speaker

Earl Downey

The West Junior-Senior High School Parent-Teachers Association met November 20, at 7:45 p. m.

The program began with music by the Columbus and Franklin County mother singers, directed by Kenneth P. Keller, supervisor of music for the Columbus public schools.

Then the meeting was turned over to Earl Downey, field representative of the Ohio Farm Bureau, for a play session. This play period was of interest to the children as well as to the adults. It consisted of many different games and dances.

Steen Is Cheer-Leader for Cap. U.

Remember Jo Steen, a peppy member of last year's cheering squad? She has really gone ahead in this sport and has become one of Capital U's yell squad.

This is quite a victory for Jo, as she is only a freshman, and had plenty of competition. We wish her luck, and hope that we'll be able to see her cheering her team on to victory in the near future.

Former Students Have Reunion

A reunion of three buddies took place recently when Pvt. Stanley Frost, Pfc. Ron Fuller, and S2/c Bob Busick hit the Hilltop at the same tme. Pvt. Frost was home on a ten day furlough from Ft. Fuller was home from Brooks Field, Texas, where he is receiving his Air Corps training. S2/c Busick was home from thirteen months in the Pacific where he served aboard the destroyer U. S. S. Greenwood. He saw the Philippines, Saipan and many other Pacific Islands. He reported back to California for further assignment.

AS TOLD BY THE CONSERVATION DIVISION

Lt. Colonel Payne, West Grad, Is Holder of 2 DSC's And 30 Air Medals

One of the most impressive rows of decorations in Columbus today is worn by Lt. Col. Carl Payne, West High graduate and son of Mr. and Mrs. E. D. Payne, 116 Nottingham-rd.

Col. Payne, who at 24 is one of the youngest officers of his rank in the Army, has plent yof them. At present, he wears two Distinguished Service Crosses, 30 Air Medals, and seven major battle stars.

Lt. Col. Payne

He has been awarded more than 30 Air Medals, but hasn't room on his ribbins for all of them. Other awards are believed on the way for him.

Col. Payne now is home on 45-day leave after serving in the European, Mediterranean and Pacific areas. Although he has more than enough points for a discharge, he plans to remain in the Air Forces.

The youthful colonel is a member of that select group of AAF officers who shot down at least one plane of each Ais country in World War II. In addition, he is credited with scoring the first Allied air victory in North Africa.

But Col. Payne's first mission was not in North Africa. It was from England over France in the early days of the war. He participated in the air umbrella over Dieppe, flying a Spitfire named for his wife, Mary Jean.

He was flying the same plane when he knocked down the first Axis plane in the North African invasion. It was a French plane. Col. Payne also is credited with shooting down an Italian plane and three and one-half Nazi aircraft during his 17 months in the ETO and Mediterranean areas.

In the Pacific, where Col. Payne went last March, he brought down a Jap Zeke, a speedy fighter. He went to the Pacific after a year and a half in the United States. During that time he was squadron commander of a newly-formed long distance fighter group.

It was in the Pacific that Col. Payne gained additional fame. He was one of the pilots in what is believed to have been the longest flight made by single engine planes.

The flight was from Hawaii to Okinawa—a distance of 5100 miles over water. The flight stopped only in the Marshalls and the Mariannas.

The Jap plane was shot down Aug. 8 over Kyusu while Col. Payne was escorting B-29's in a raid on Yawata. In all, the colonel flew 257 missions during World War II.

Hilltop Mother Gets Letter Of Son's Death

A letter received by Mrs. Edna Johnson, 301 N. Central-av, from a buddy and shipmate of her son eloquently describes the horrors of war from a ship loaded with explosives. In the bombing attack mentioned in the letter, the writer, David Goldstein, formerly of Columbus, was severely injured and has since recovered and been discharged from the Navy. Chester Dean Fox, son of Mrs. Johnson, lost his life.

Both men were stationed on the SS John Bascom, a Liberty ship destroyed Dec. 2, 1943, at Bari, Italy, in an engagement with the enemy.

Portions of the letter, written from New Orleans, La., on Nov. 3, reads as follows:

"I'll try to tell you about Dean the best I can remember. He was a quiet fellow, but everybody on the ship liked him because he cooperated with everybody. He was with me on the ship for a long time, so I had plenty of time to make friends wtih him. There was also another fellow from Columbus or around there by the name of "Bernhardt." He also died of injuries.

"On Dec. 2nd, we arrived at the harbor in Bari. We had to wait until the next day until we could dock. Our gunnery officer went ashore by boat to make the arrangements and restrictions about the harbor. He came back about 7 p. m. He wasn't back 15 minutes when the alarm on the ship sounded. Everything went black as all the lights were turned off. We all dashed to our battle stations. Dean wasn't in my gun crew as he was assigned to a 20 MM gun. Our ship was the first to fire their guns. The harbor was crowded with ships and even if we tried to get out, we couldn't.

"So we were cornered. It was terrible there that night because every ship had TNT and heavy explosives. So when the ships were hit, they exploded and everything flew all over the place. Well, anyway, we fought on until a short time before it ended; we were hit by three bombs. That is when everything on the ship went out of order.

"But through all that time everybody stuck to his guns. Everybody on the ship was a hero. Through all that danger, they didn't once gripe. Well then, the trouble began. Almost everybody was injured. Most were injured so badly they couldn't move without help. I remember when I asked for a searching party around the ship, Deah was one of them.

"So we went through the ruins and brought the injured to the boat deck, so they could be brought to safety. When everybody was taken ashore, Dean gave up his place and swam ashore to make room in the one lifeboat for an injured person. Dean had shrapnel wounds and burns all the time he was doing things on the ship. I saw him in the hospital. He had the best of care. They gave him plasma and it helped him one way, but the burns and shock were too severe. He was burned very badly and I think that was the reason for his death.

"He was buried with full military honors. I was not at the burial because of being hospitalized. I did see all the graves later. I think Dean was responsible for saving the lives of quite a few, and they were thankful for him being on the ship. To me, he was one of the big heroes of this war."

Expenditures out of the above receipts include a great many things. Besides paying for football equipment and supplies, athletic field and stadium supplies and maintenance, transportation and meals for team trips and for a team physician, our football receipts supports our program of spring sports, i.e. baseball, track, tennis and golf.

Basketball is self-supporting and contributes some finances for general athletic program at West High.

Plans are underway now for the construction of a lighting system for night games at Magly Field for the 1946 season, if suitable system can be secured. The stadium has been paid for and a reserve of cash is now being built up to pay for lights, Mr. Zulauf said last week.

"THEY DON'T WANT PEACE"

They couldn't exist in peace over there
They're bred and trained to fight
Nurtured with the greatest of care
Might with them makes right.
Every day colder getting more bolder
Their mind continually on gore,
Soon as their babies get a little older
They are shoved into some war.

Now the atomic bomb is our estate
A gift from God to a christian Nation
Will we allow them to speculate
Just where is the obligation?
If we are now catering to that clan
To sell them tractors or toys
We had better at once to discard that plan
And protect our girls and boys.

Jr. Red Cross Seeks 100% Enrollment

The Junior Red Cross enrollment campaign is taking place in city, county, parochial and private schools throughout Franklin County Nov. 15-30, it was announced recently by School Supt. George E. Roudebush, chairman of the Franklin County Junior Red Cross. Last year's enrollment was 100 percent in the city schools and about 74 percent of all the schools in the county. A 100 percent enrollment in all the schools is this year's goal.

Junior Red Cross, the largest youth organization in the country with its 20 million members, offers boys and girls an opportunity to learn lessons in citizenship on community, national and international levels.

"The object of the program, which is to serve others, is being achieved through the schools of the country without fanfare, often with little or no recognition from outside sources," Mr. Roudebush said. "The results deserve attention from every parent whose child is participating in the program and from every citizen whose community is benefiting by it."

Throughout the war, boys and girls of the Junior Red Cross implemented their sense of responsibility toward others by contributing to the National Children's Fund which shipped medical chest totaling $245,000 in value to provide simple medical aid for two and a half million children overseas. Educational supplies and dried milk have also been sent to children in war-devastated nations.

The filling of gift boxes for boys and girls of other nations is another project that helps remove barriers of language and distance. Junior Red Cross members, locally, have just completed filling and shipping 1200 such gift boxes and a like number will be shipped again in February. School children use their own pennies, nickels and dimes in buying soap, wash cloths, pencils, crayons, paints, tooth brushes, handkerchiefs and simple toys for these children in war-ravaged countries to whom such articles are practically unknown.

Again this year, Miss Betty Ray, director of the Franklin County Junior Red Cross, has planned Christmas projects so that servicemen still away from home may be a little more gay. Christmas tray favors, hut cups and decorations are being made for use in military hospitals. Students at Barrett Junior High are making a large replica of a stained glass church window from tracing cloth which will be used on the stage at Fletcher General Hospital during the holidays.

For the men on hospital planes, re-deployment transports and others in uniform stopping at the Red Cross Canteen at the airport at Christmas time, Junior Red Cross will make 2500 red Christmas stockings and fill them with candy.

Last year, boys in wood-working classes made chairs, bed trays, games, such as Chinese checkers and cribbage, and hundreds of canes which were shipped to wounded in the South Pacific. This year, at last, menu covers are being made by art and printing classes for the Navy.

Thirteen hundred Junior Red Cross posters, depicting the world-wide scope of the American Junior Red Cross, are being placed in all schools in the county.

Junior Red Cross members at West High School packed 70 gift boxes which will be sent to children overseas. The boxes consisted of school supplies and toilet articles such as soap, tooth brushes, tooth paste, and wash cloths. Shirley Uridil, Virginia Keller, Martha Toy, Jo-Ann Bergman and Judy Brock, members of the Girl Reserves, were pictured in the Sunday Dispatch, November 11. They were shown packing and inspecting the Christmas boxes.

To Present "Gondoliers"

The West High Glee Club, under the supervision of Mrs. Edith White, is giving a presentation of the musical comedy, "The Goldoliers," Thursday, January 10, 1946. This is one of the many celebrated Gilbert and Sullivan plays.

This extravaganza centers around Luiz and Casilda who were married in babyhood. Don Alhambra smuggled Luiz into Venice until he was grown. The Duke and Duchess, parents of Casilda, search for the lost heir in order to unite the two.

Marco and Giuseppe, comedy leads, thru "blind man's bluff" choose Gianetti and Tessa for their wives. Marco and Giuseppe are chosen by Don Alhambra to rule the throne. Since they are not allowed to have their wives, a series of lonesomeness and sadness is felt by all four; however, comedy blinds all grief.

The plot is unraveled by having the foster mother of Luiz appear and disclose the rightful heir.

G.O.P., Inc. To Hold Christmas Party

The 11th Ward G.O.P., Inc., will hold its annual Christmas party at 8 o'clock on Thursday, December 6, at the K. of P. Hall, Burgess and Broad-st.

KEY TO HAPPINESS

"With health, everything is a source of pleasure; without it, nothing else, whatever it may be, is enjoyable. It follows that the greatest of follies is to sacrifice health for any other kind of happiness, whatever it may be. —for gain, advancement, learning, for fame, let alone, then, for fleeting sensual pleasures," advised Arthur Schopenhauer.

"LOVE DIVINE, ALL LOVES EXCELLING"
. . . CHARLES WESLEY . . .
Love divine, all loves excelling,
Joy of heav'n to earth come down!
Fix in us Thy humble dwelling;
All Thy faithful mercies crown.
Jesus, Thou art all compassion,
Pure, unbounded love Thou art;
Visit us with Thy salvation;
Enter ev'ry trembling heart.

Few of the earlier hymns dwell upon the thought of God as Love. The popularity of this hymn is probably partly due to the fact that it does address God in this way; every line bespeaks the rich, human experience found in the Divine Love. It is truly a sermon in song, preached by one of the world's greatest hymn writers.

Wanna Buy A Paper?

A week from tomorrow comes the annual Charity Newsie day.

Last week a mention in this corner that I would be soliciting your dollars and cents that day for a copy of the paper for this 100% Charity sale, brought a nice response from several, some of whom have sent their shekels along already.

This is just another little reminder that next Saturday is the day and if you want to be sure the Newsies get your help give me a call at Ra. 1125 and leave word and I'll come around for your contribution.

Free Ride

One of the best stories of real life that we've heard in a long time happened close home last week.

Frank Prince took his wife to the train when she went to visit her parents in Cincinnati. He boarded the train and was in the process of kissing her good-bye when the train pulled out, too late for him to get off.

But a really good natured conductor who understood such things gave Frank a free pass back to Columbus when he left the train at Springfield.

Dot and Dash Dept.: A welcome sight back on our beat, our mailman, Eugene Williams, 69 S. Oakley, after 8 months with the quartermaster department . . . To Columbus comes Frank Agee, brother of our Joe, new back from 41 missions as a bombardier over China, Formosa and points thereabout . . . Mrs. Lottie Amrine back from a visit with son Harold down in New Mex. . . . son Bill of the Amrine family plans to enter Ohio State in engineering next fall . . . Mrs. Zale Kemp helping friend hubby in the store these busy days . . . and a lot of customers out Westgate Electric way looking over that large line of Christmas goods . . . Ray McVay and George Ward jabbing each other with their jokes at the Camp Chase banquet . . . Rev. Joe Snethlage wearing a nice looking bow tie and says he won't wear any but the kind he ties himself . . . Bob and Helen Cook looking forward to summer so they can journey to their Canadian home again . . . Dave Scobie back from the wars and looking hale and hearty . . . Charlie Maus, a valuable aide to his wife who is our bookkeeper.

More than one person is wondering these days if security won't make loafers of us all before long.

Ed Melvin, 107 S. Bill Ferguson called wife Sally Saturday nite from the west coast, all of which was a big surprise to her since she thought he was still in Japanese waters, and a bigger surprise to him to get the first news of his new son born about a month ago . . . No news from that hunting team of Harold Fox, Clarence Story, Noble Allen and Curt Roberts who are up near Williamsport, Pa., looking for deer . . . Alva Nafzger won $50 in the football pool Saturday while $25 each went to Mat Loney and Dolly Dudley . . . PEARL HARBOR DAY:

Avenged by the Might of U. S.

Four years ago today, the shadow of the most terrible conflict in the history of the world . . . across this peaceful land. The American people will never forget the sneaking attack of the Japanese on beautiful Pearl Harbor. Struck without warning, the pride of the American Navy was almost completely demolished, while adjacent Hickam Field was utterly destroyed.

Stunned and appalled by the unprovoked and savage attack, the men and women, boys and girls of this land set grimly to work to teach the Japanese people a lesson they could never forget.

Since that terrible day four years ago, our boys, under the efficient direction of General Douglas MacArthur and Admiral Halsey, have driven the enemy back almost inch by inch, island by island, with a sickening but necessary cost in human lives. New Britain, New Guinea, Leyte, Tarawa, Saipan, Okinawa, Iwa Jima—names that will live in the memories of our boys forever and sacred to all of us because of the boys who sleep the eternal sleep there.

Meanwhile, in great secrecy, experiments were being conducted to perfect a terrible weapon—the atomic bomb. Finally completed, it took only two dropped on the teeming cities of Japan to bring the enemy to terms.

Today, this broad land is at peace with the rest of the world. Many of our boys have returned—others who will never return will live in the hearts of the American people forever. There remains the terrific task of feeding the conquered countries to a world at peace. Never again must Japan be permitted to think of conquest.

A grateful people faces this Christmas season for the first time in four years able to feel that "Peace on earth—good will to men" is not a mockery.

35 Years As Insurance Salesman

By Joe Agee

Tonight will be a big night for Robert K. Cramer of 1931 W. Broad-st, for he will celebrate the completion of 35 years with the Prudential Life Insurance Co.

He will be presented with a diamond studded locket before a crowd of 150 associates when they gather at the Beechwold around the festive board in banquet style.

Bob started pounding the sidewalks as an agent in 1910. He lived at 39 Brehl-av then. Now he is an assistant superintendent and lives at what is known as "the Hilltop house" right next to the Glenwood Honor Roll Board.

'13 Flood Stopped Him

He relates stories which vividly describe scenes of the 1913 flood, which completely covered his "debit" or area. "In fact, I tried to collect my debit in a rowboat, but the water soon covered all house numbers, then all houses," Cramer says.

He lost his collection book in the confusion, but says that he paid off 58 death claims "five people in one tree." He says that he lapsed $75 worth of business in one week because he was unable to locate the policy holders.

Bob Cramer

Bob was promoted to the position of assistant superintendent in 1928, with a staff ranging from five to seven men. At present they are Graydon Evans, Arthur Corn, C. T. Monette, C. H. Witherspoon, Walter Davis and Carl Raether, all working on the Hilltop.

Jim, Jack and Joe

He married Ona Martin in 1903 and the couple have a daughter, Mrs. Robert F. Littlejohn, 1933 W Broad-st, and a son, Robert W. Cramer of Lafayette, Ind. They also have three grandchildren, Jim, Jack and Joe, who rate pretty high with grandma and grandpa.

Cramer got a job as a street car motorman when he arrived in town from Amlin, O., 45 years ago. At that time there was a single track car being run from Davis-av out West as far as Highland.

"They took the horse off just before I went on the car," he says. "And after running that old car for 10 years I was ready to put the horse back on."

Future Lake Resident

Bob is starting a three-month leave of absence, during which he hopes to visit Florida, but is afraid he will be without a roof over his head there. He expects to retire some time in 1946, and since his chief hobby is fishing, he talks longingly of building a cottage on that lot he owns over at Buckeye Lake.

But in the meantime he is mighty proud when he displays that silver plaque which says, "Robert K. Cramer, 35 years, Prudential Old Guard."

Impressive Double Ring Ceremony Unites Miss Charlene Bouman and Mr. Russell

An unusual arrangement of candelabra and an altar decorated with green magnolia and huckleberry foliage, interspersed with white pom poms formed the background for the pretty wedding which united Miss Charlene Bauman, daughter of Mr. and Mrs. Ira Hubert Bauman and Mr. Clay Emerson Russell, in marriage. Mr. Russell is the son of Mr. O. F. Russell and the late Miss Russell.

Dr. Floyd Faust officiated at the double ring ceremony, in the Broad St. Christian Church on Sunday, Dec. 2.

The gown of the bride was fashioned of white net over slipper satin. A high neckline merged into a fitted bodice. Long sleeves formed points over the wrists. Three rows of tiny lace ruffles were arranged to give an off the shoulder effect, and were repeated in a short peplin that fell from the waistline. The skirt terminated in a short train. A fingertip veil of illusion was held in place by a tiara of heirloom lace and seed pearls. The brides' only jewelry was a single strand of pearls, a gift of the bridegroom. She carried a cascade arrangement of shattered carnations centered by a hybrid orchid.

Miss Gladice Bauman was maid of honor for her sister. She wore a gown of deep blue net, with a shirred bodice and full skirt. She carried a cascade bouquet of dark rose pom poms, with a spray of heather and ribbons of rose and blue.

The bridesmaids were Mrs. Esther Crossland and Mrs. Kenneth Grube, who were attired in gowns identical to that of the maid of honor, except that they were of a lighter shade of blue, and had lace bodices. Mrs. Crossland's bouquet was of rose pom poms, with a spray of heather and ribbons of rose and blue. Mrs. Grube carried a bouquet of white pom poms, with a yellow center and a spray of heather.

Best man for the bridegroom was Mr. Paul C. Vance. Ushers were the brothers of the bride, Mr. Eugene A. Bauman and Mr. Glen L. Bauman.

Young Richard Grube was ring bearer in a white suit. He carried the rings for the double ring ceremony on a white satin pillow.

Following the ceremony, a reception was held at the home of the bride's parents. For the occasion, the mother of the bride wore a dress of black crepe, with sequin trim, to which was pinned an orchid.

Assistant hostesses were Mrs. Glenn Bauman, Mrs. Eugene Bauman, sister-in-law of the bride, Mrs. Daniel Chesney and Miss Lucille Price.

The couple left after the reception for a wedding trip during which they will visit Mr. Russell's home at Clarenden, Tex.

Mr. Russell was recently discharged from the Army Air Corps, after 38 months' service in the South Pacific.

Mr. and Mrs. Russell will make their home at 321 S. Westgate-av.

Hilltop Residents Urged To Spend a Safe Christmas

This is the Christmas America has been waiting for ever since Pearl Harbor.

In millions of homes, G. I. Joe is back. Back to join the family around the Christmas tree, to help eat the Christmas dinner, to exchange gifts by simply reaching out his hand—in person.

This is the Victory Christmas America has dreamed of during the long, hard months of war. This is it!

Would YOU willingly do anything to mar the happiness of this Christmas season? You bet you wouldn't!

Yet, if things run true to form, Christmas will be ruined in thousands of American homes by an accident to someone in the family.

These accidents are especially tragic and ironic at the Christmas season in any year. This year they are doubly so. This year, of all years, we want no tragedy that can be avoided.

Even when the fury of the war was at its height, accidents on the home front were taking a far heavier toll than battles. And the months after gasoline rationing was lifted, almost three times as many Americans were killed in traffic accidents as died in the bloody battle of Tarawa!

Is America willing to pay a higher price in human life for enjoying peace than for gaining it?

Isn't it worth a little extra trouble this Christmas season to prevent accidents that bring sorrow and suffering and tragedy? Just a little extra care and a little common sense will do it.

The National Safety Council suggests a Christmas holiday slogan that seems especially appropriate this year. It is: "For a Merry Christmas—Avoid Holidayanger!"

Sullivant Avenue Airport Rates High in Aviation Circles; Commend Jones

That a privately owned airport can be both modern and completely efficient has been demonstrated by the efforts of E. Gomer Jones, who owns the Jones Flying Service, Inc., operating Sullivant Avenue Airport.

Jones has watched the development of aviation carefully, in order to determine the factors vital in attracting fliers, many of whom use plane travel to transact their business.

An illustrated feature in the current issue of "Aviation" cited the operation of this airport as a model. This is the second time in six months that a national magazine has commended the airport. The May issue of "Aviation Service" contained a tribute to the Jones organization.

The administration building of the airport is amazingly complete, containing a lounge, restaurant, lockers, rest rooms, a complete parts division, operated by the Snyder Aircraft Co., and ample telephone service. The port also provides free taxi service to the nearest bus terminal. Ten licensed mechanics are capable of every service from a small adjustment to a complete overhaul. Field attendants are trained in courtesy.

Visitors are welcome at the Sullivant airport, as Mr. Jones is anxious that local people learn of the facilities offered here.

The Christmas play will tour the community of Greater Columbus and will be presented at West High School Dec. 14, at 3:30 p. m.

Season tickets, now reduced to 75 cents for the seven remaining performances, are on sale at Todd's Drug Store, 2467 W. Broad-st; Todd's Pharmacy, 2573 Sullivant-av, and Campbell's Pharmacy, 2766 W. Broad-st.

Gov. Lausche Urges Seal Sale Support

Emphasizing the fact that tuberculosis is a communicable disease and every undiscovered and untreated case a health hazard, Governor Frank J. Lausche today urged support of the Christmas Seal Sale being conducted in Ohio by the county tuberculosis and health associations.

"Our united effort is needed to protect the health of our people and prevent the spread of tuberculosis, which has increased sharply in Europe and Asia during the war," Governor Lausche said. "No one can yet say whether the privations and mental strain of the war have laid the foundation for an increase in tuberculosis which will not become apparent for several years."

The Christmas Seal Sale, which supports the year-round programs for the prevention and control of tuberculosis, opened in Ohio on Nov. 19 and will continue until Christmas.

OX AND DONKEY'S CAROL

The Christ-child lay in the ox's stall,
The stars shone great and the stars shone small,
But one bright star outshone them all.

The cattle stood in the cleanly straw
And strange to them was the sight they saw.
The ox and the donkey watched with awe.

The shepherds ran from the uplands wide,
The sheep bells tinkled, the angels cried
Joy to the dreaming country side.

The three kings bowed at the stable door,
Their raiment trailed on the dusty floor.
They saw the sight they had journeyed for.

The kings came last in a lordly throng.
The shepherds ran in the space of a song,
But the beasts had been there all night long.

"LOVE DIVINE, ALL LOVES EXCELLING"
. . . CHARLES WESLEY . . .
Love divine, all loves excelling,
Joy of heav'n to earth come down!
Fix in us Thy humble dwelling;
All Thy faithful mercies crown.
Jesus, Thou art all compassion,
Pure, unbounded love Thou art;
Visit us with Thy salvation;
Enter ev'ry trembling heart.

Few of the earlier hymns dwelt upon the thought of God as Love. The popularity of this hymn is probably partly due to the fact that it does address God in this way; every line bespeaks the rich, human experience found in the Divine Love. It is truly a sermon in song, preached by one of the world's greatest hymn writers.

EVENING IN BETHLEHEM

I, who served as porter for the proud inns of Jerusalem,
I, who saw the great of earth come through the Needle's Eye,
Porter to the tetrarchs, the travelers, the men-at-arms,
I, who saw the pageant of history pass by,
I, who served the caravans come laden from the desert,
The chieftains, the merchants and all who followed them,
I, who knew the rich bazaars, the bustle of the city,
I am now a porter for the inn of David's city
Whose patrons keep within the purse their stinking, niggard groats;
I am now the porter to the gentry of the countryside—
The gentry of the countryside—who smell of sheep and goats!
A chandler, perhaps, will come, with tallow in his whiskers
A shepherd with his garments all overstuck with wool,
A fisherman, a carpenter . . . the old days in Jerusalem . . .
Events to shake the world were there . . . No room! The inn is full!

ONCE HALLOWED NIGHT

In olden times, the shepherds
scanned the skies;
Gazed at the stars and knew
the night was good.
Though they were humble men,
their hearts were wise;
The simple ways of life they
understood.

Their flocks slept quietly upon
the hill,
Where moonbeams spread
white silver on the grass;
All was serene; the very leaves
were still;
One might have heard the sombre shadows pass.

Sleep on, good shepherds—once
beneath the light
Of ancient stars and a once hallowed Night.

H. P. Stoddard,
in his book,
"The Lips Keep Moving."

QUERY

I wonder if Mary,
As most mothers do,
Made plans ahead?
The small coverlets
For the tiny bed?
Was she disappointed
When they laid Him
Upon the hay, instead?

Jane McKay Lanning,
in "Sunday Verse."

THE GIFTS WE BRING

De we bring our gifts of gold, frankincense, and myrrh
To friends of wealth, swathed in fine silk and fur?
Or to one of the millions hungry and cold,
Orphans, shut-ins, the lonely and old?
Christ came not for the few a ransom to be,
But for all mankind—for you and for me;
So, this Christmas Day let's not forget those
Who have poverty, sorrow, and much of life's woes;
In remembering them, we bring the Christ-child of old
Our offerings of frankincense, of myrrh, and of gold.

Blanche Heustis Dyar,
in her book, "Musings in Verse."

STARS WILL COME DOWN

Prepare a box of velvet.
Prepare a silken nest
To hold the star that guided you
Through days of unrest,
Through nights so full of darkness
They held one star alone.
Plan to take the star down
And reap the peace you've sown.
Plan to take the star down.
In its hallowed place,
And through its window, you will see
A homecoming face.

Pauline Sager,
in "Christmas Verse."

CHRISTMAS GREETING

I saw it in the East, when day awoke,
Against a vast background of gray;
"It is a lovely, fragile Noel card!"
Was all my thrilled, enraptured heart could say.
The earth was lightly touched with purest white,
And great tall trees were softly sketched; with light
That was divinely clear, it came from sky
So fresh; with lovely colors—not yet dry—
Of roses crushed while bathed with dew, and spray
Of liquid gold, and subtlely mixed
His way!

Rena Winter Montgomery,
in her book, "Windblown."

• • •

AMONG OTHER THINGS

I wonder if Her hood was really brown,
The hair that peeped beneath it flecked with gold?
Was She a little frightened by the town,
And was the dingy stable very cold?

Sometimes I think Her cloak was palest blue,
Holding soft ringlets in their place;
But then, again, it wore a different hue
Reflected from the glory in Her face.

Did She ride patiently into the town?
(If tremblingly, then surely no one knew)
Did jostling crowds disperse at Joseph's frown,
Unknowing that Her inner terror grew?

Does it seem strange that lowly stables hold
Soft-breathing things and frail cobwebs of lace
Beneath their rafters, yet securely fold
Deep mother-love in such a little space?

Jean Comeans Long,
in her book, "Earth Woman."

NOEL

Little things abroad tonight
In starlight or snow,
See the Babe in Mary's arms!
Kneel and worship low.

Sing a little song for Him,
Lift each timid voice!
His mother is a maiden, too,
Little things, rejoice!

Little lonely things abroad,
Hushed and starry-eyed,
May Love bless you—everyone,
At the Christmastide!

Sr. M. Philip, C. S. C.

TO THE DARK LADY OF A SONNET

I had not thought to know one small regret
For years advancing—much content has age,
Has marked the counsel wise of many a page,
And lives more cautiously and calmly; yet,
When my admiring thoughts on you are bent,
And ever since we met they so incline,
I would renounce this placid state of mine,
To taste again youth's thrilling discontent.
With you to tread the happy hills, or grey
Defiles of desperate sorrow, and to know
An ecstasy in joy or bleak dismay,
Were better than when roads all level go.
Your beauty makes me long to cast away
The separating years, and journey so.

Campbell Fletcher,
in "The Poetry Review."

WHAT CAN I SAY OF BEAUTY

What can I say of beauty,
who have not touched the rim?
Better a silent homage
than windy words of whim;
Better the quiet gesture
of leaves against the sky
Than much distorted phrases
that come from such as I.

What can I say of beauty
that has not twice been told—
I who have slept with dawnlight
and trodden on marigold,
I who have hung my heart out
that your heart might be fed—
What can I say of beauty
that has been left unsaid?

SUPERSTITIONS

Some say their destiny is ruled by stars,
And spend long ages searching midnight skies
For hidden prophecies of coming wars.
I seek my future solely in your eyes.
Some trace across their palms the line of fate,
And future journeyings in foreign lands;
Dear heart, what cause have I to speculate?
Content my happiness rests in your hands.
Some think that witchballs ward off unseen harms,
Others, for luck, nail horseshoes over doors;
What magic lies for me in other charms,
Being witness to the efficacy of yours?
And yet, if you respond not to my prayers,
This faith may prove idolatrous as theirs.

"VINTAGE OF TWENTY-FOUR"

She was a pitiful sight indeed,
Once was known to fame.
Overhead valves gave her speed,
Many shouted her name.
Now her feet perfectly bare
Bonnet cracked and bent,
Her boots were sent in for repair,
Stood in content on the cold cement.

With a grin I suggested dynamite
Just in the way of a joke,
Says the driver, she'll be all right,
You just watch our smoke.
She's been my pal since twenty-four
And always paid her board,
And will always be welcome at my door,
Nobody ever junks a Ford.

"A SPY FROM JAPAN"

A gunman held up an Irishman
On a dark street one night,
Pat had his mind on his boy in Japan
For once—not on a fight.
The gunman said, taking his money,
Now hand over your coat,
When you get home tell your honey
You traded it for a Billy Goat.

Pat took off his new winter coat
And swung with all his might—
A fist the equal to a Billy Goat,
And put out the gunman's light.
Pat says to the Cop, He's no Gentleman
Or he wouldn't ask for my coat,
Make out your report, A Spy From Japan
Was killed by a Billy Goat.

"Me... I'm staying in the Army!"

★

THERE ARE PLENTY OF REASONS... AND HERE THEY ARE!"

1 "First, I keep my present grade. That means a lot.

2 "By reenlisting for 3 years I can pick my own branch of service in the Air, Ground or Service Forces, and can go to any overseas theater I wish.

3 "I get my mustering-out pay, even though I'm reenlisting. Also, I get $50 a year reenlistment bonus for each year I've been in the Army. My dependents receive family allowances for the full term of my enlistment. And I'll be eligible for GI Bill of Rights benefits when I get out of the Army.

4 "My food, clothes, quarters, medical and dental care are all supplied to me. And I can learn any of 200 skills or trades in the Army schools.

5 "All of us who are reenlisting are going to have from 30 to 90 days' furlough at *home* with full pay and our travel paid both ways. And we'll have 30 days' furlough every year with pay.

6 "Any time after 20 years I can retire at half pay increasing year by year to three-quarters retirement pay after 30 years of service. And the time I've already served in active military or naval service counts toward my retirement time. *Added up—reenlistment seems pretty sound to me!"*

"Combined Operations" at Bishop Home

—Courtesy Ohio State Journal

Five veterans, four of them recently discharged, representing the Army, Navy, Marine Corps and Coast Guard, gathered at the home of Mr. and Mrs. Galen D. Bishop, 48 N. Roys-av, last Friday night for a dinner that matched their dreams in far off places. As is the way of veterans of the various services, a friendly argument developed as to which branch of the service did most to win the war.

Sgt. Donald L. Bishop, son of the Bishops, who expects to be discharged soon from Cherry Point, N. C., after two tours of duty overseas, argued the merits of the Marines. He served in Guadalcanal, the Bismarks, New Zealand, the Russells and Guam.

Joseph F. Nagel, 19 S. Wheatland-av, was discharged recently from the Navy with a coxwain's rating.

The Coast Guard was represented by the former SPAR Mary Jane Sheron, niece of the Bishops, daughter of Mrs. Cora Sheron, 105 N. Westmoor-av.

Jay Fearing, of Dayton, cousin of the Bishops, and Norman Haney of Payton, Ky., both former sergeants in the 6th Division, are positive the Army won the war. They fought through Wakde-Sarmi, Cape Sansapor and the Luzon campaign.

Sgt. Bishop was the only one of the five injured. His face was burned in a bomber crash on Guam last July. He was credited with saving the life of the pilot.

Thanks to Legion

That was a mighty fine gesture on the part of Camp Chase Post of the American Legion at their last week's meeting.

The boys took up a collection amounting to $45.10 for the Charity Newsie Drive this coming Saturday. In addition to this many members of the post had already sent in their individual contributions. Thanks many times fellows.

And comes tomorrow we will be out on Hilltop streets with our bag of papers and ready to take whatever contribution you care to make for The Newsies. Remember it's 100% charity.

Wet Paint!

There comes to light the story of a Hilltop man, who, being quite industrious about the house, brought home a small can of black paint and started to touch up any spots that looked like they needed attention.

He came to the basement toilet and decided that the toilet seat needed an application to brighten it up.

Shortly after he became aware of the fact that any fresh paint job should be so marked, after his wife called him in to assist with a delicate job of removing fresh paint from her bare skin.

Sauce for the Goose

One of the local dailies recently carried a story about the deplorable parking conditions down town and suggested that something be done about it soon or else downtown real estate values would be dropping cause it was driving business out to the neighborhoods. They hit the nail right on the head. It really is a lot easier to buy here at home and there are few things this community doesn't have in the way of merchandise or services these days. And it really does look like real estate values out this way are going up and staying that way.

Bond Auction Adds $43,000 To Total

Friday, Dec. 7, West Hi students participated in a unique and successful Victory Bond Auction which enriched the Eighth War Loan by $43,935.

Various inducements and items of interest were put up for sale to the highest bidder. Auctioneer Dick Slager sold $22,000 worth of bonds alone to Don Cross, 2558 W. Broad-st, for which Cross received a free airplane ride at the Sullivant Ave. Airport and several other items.

Another prize which brought intense bidding was the football used in the North-West football game. It went to Bob Perano, 434 S. Westgate-av, for $15,000 worth of bonds.

One thousand dollars worth of bonds was enough to make Shirley Uridil, 106 Binns-blvd, vice-principal for a day and recipient of a shoe shine by Coach Dale [redacted].

The office of principal was taken over by Dick Martin, 1529 Walsh-av, for a like sum.

[redacted] with West Homecoming Queen Katie Adams, 248 N. Warren-av, and Dick Slager, 3122 Wicklow-rd, Student Council president, came in for heated activity with the bond total running high.

Other inducements which caught the eye of students and sold additional bonds included luncheon with one of the teachers, a manicure by another feminine member of the faculty, forfeiture of detentions by the attendance supervisor, Mr. Washburn, and a ride to school with a faculty member as chauffeur.

Five veterans, four of them recently discharged, representing the Army, Navy, Marine Corps and Coast Guard, gathered at the home of Mr. and Mrs. Galen D. Bishop, 48 N. Roys-av, last Friday night for a dinner that matched their dreams in far off places. As in the way of veterans of the various services, a friendly argument developed as to which branch of the service did most to win the war.

Sgt. Donald L. Bishop, son of the Bishops, who expects to be discharged soon from Cherry Point, N. C., after two tours of duty overseas, argued the merits of the Marines. He served in Guadalcanal, the Bismarks, New Zealand, the Russells and Guam.

Joseph F. Nagel, 19 S. Wheatland-av, was discharged recently from the Navy with a coxwain's rating.

The Coast Guard was represented by the former SPAR Mary Jane Sheron, niece of the Bishops, daughter of Mrs. Cora Sheron, 105 N. Westmoor-av.

Jay Fearing, of Dayton, cousin of the Bishops, and Norman Haney of Fayton, Ky., both former sergeants in the 6th Division, are positive the Army won the war. They fought through Wakde-Sarmi, Cape Sansapor and the Luzon campaign.

Sgt. Bishop was the only one of the five injured. His face was burned in a bomber crash on Guam last July. He was credited with saving the life of the pilot.

Thanks to Legion

That was a mighty fine gesture on the part of Camp Chase Post of the American Legion at their last week's meeting.

The boys took up a collection amounting to $45.10 for the Charity Newsie Drive this coming Saturday. In addition to this many members of the post had already sent in their individual contributions. Thanks many times fellows.

And comes tomorrow we will be out on Hilltop streets with our bag of papers and ready to take whatever contribution you care to make for The Newsies. Remember it's 100% charity.

Wet Paint!

There comes to light the story of a Hilltop man, who, being quite industrious about the house, brought home a small can of black paint and started to touch up any spots that looked like they needed attention.

He came to the basement toilet and decided that the toilet seat needed an application to brighten it up.

Shortly after he became aware of the fact that any fresh paint job should be so marked, after his wife called him in to assist with a delicate job of removing fresh paint from her bare skin.

Sauce for the Goose

One of the local dailies recently carried a story about the deplorable parking conditions down town and suggested that something be done about it soon or else downtown real estate values would be dropping cause it was driving business out to the neighborhoods.

They hit the nail right on the head. It really is a lot easier to buy here at home and there are few things this community doesn't have in the way of merchandise or services these days. And it really does look like real estate values out this way are going up and staying that way.

Bond Auction Adds $43,000 To Total

Friday, Dec. 7, West Hi students participated in a unique and successful Victory Bond Auction which enriched the Eighth War Loan by $43,935.

Various inducements and items of interest were put up for sale to the highest bidder. Auctioneer Dick Slager sold $22,000 worth of bonds alone to Don Cross, 2558 W. Broad-st, for which Cross received a free airplane ride at the Sullivant Ave. Airport and several other items.

Another prize which brought intense bidding was the football used in the North-West football game. It went to Bob Perano, 434 S. Westgate-av, for $15,000 worth of bonds.

One thousand dollars worth of bonds was enough to make Shirley Uridil, 108 Binns-blvd, vice-principal for a day and recipient of a shoe shine by Coach Dale Ross.

The office of principal was taken over by Dick Martin, 1529 Walsh-av, for a like sum.

Dates with West Homecoming Queen Katie Adams, 248 N. Warren-av, and Dick Slager, 3122 Wicklow-rd, Student Council president, came in for heated activity with the bond total running high.

Other inducements which caught the eye of students and sold additional bonds included luncheon with one of the teachers, a manicure by another feminine member of the faculty, forfeiture of detentions by the attendance supervisor, Mr. Washburn, and a ride to school with a faculty member as chauffeur.

The couple were married at Christianburg, Champaign County. They have resided in Columbus for 20 years, coming here from Troy. Hughes Searches For Charm Owner

J. W. Hughes, 240 S. Terrace-av, an engineer at West High School, found a gold baseball charm and chain about two years ago and he is still trying to locate the owner.

Inscribed on the baseball is "Champions S. A. B. B. L. 1914," evidently meaning the Saturday Afternoon Baseball League. Initials on the chain are EP.

Stewart said that he found it in the hall of the school building and thought that it might be valuable to an old baseballer. The owner or heir can have the article by stopping at the Hilltop Record office, 2465 W. Broad-st.

Santa Claus will also be a featured guest at the party and will officiate at the exchange of 25-cent gifts.

A program of Christmas carols will be led by W. Haydn Jones, chairman of the music committee.

Undefeated Cowboys To Play East, Aquinas Next

Edge Springfield 30-27 Last Friday

Still undefeated, the whirlwind West High School basketball squad will travel to East High School tonight for a 7:00 o'clock battle with the Tigers.

Then will come Aquinas on Wednesday night as the Cowboys move back to their home court and continue the long hard grind of the City League battle.

Last week the Glassmen just barely edged out Springfield on a 30-27 count when they came to grips with the neighboring city's stalwarts there Friday.

Jim Remington and Jack Buckingham paced the attack with 10 points each. Primarily the Cowboys were a defensive team in this bout, as they continually had to fight off Springfield leads.

The meeting was closed with a prayer.

Pot-doubler Makes It $50 for Infantile Paralysis Local Fund

City Policemen Lee Hartung and Victor Reed are singing the praises of Paul Meister, who operates a grill at Sandusky and Town-sts.

When the officers stopped at the grill to pick up a box used for donations to the infantile paralysis fund they opened it, as has been their custom each year, so that Meister could double its contents.

This time they found that the box held only $5.00. Incensed at his customers' "generosity," Meister handed the officers $50.00 in cash to make up for the bad showing.

Stores Open In Evenings

Several Hilltop stores will be open evenings next week.

While in Springfield he was active in the City Ministerial Association, serving as program director for the Children's Home and as a member of the Christian Education Committee.

Flu Epidemic Not Serious on Hilltop

The influenza epidemic which has been running rampant in other sections of the state apparently has not reached serious proportions on the Hilltop.

Local schools report attendance as nearly normal for this time of year. George Roudebush, superintendent, said this week that there is no cause for alarm about a flu situation in the public schools.

Some absence due to colds and flu is to be expected at this time of year, according to school officials. However, while the total number of absentees is a bit heavier than usual, the situation is not alarming, and seems to be subsiding gradually.

Canned Goods Sought For Needy

Only two days remain in which to donate canned goods for the war stricken nations of Europe. The campaign, conducted by St. Aloysius Church, started Dec. 9 and will close Dec. 16.

Millions of children are dying of starvation and many others are stunted pitifully in growth because of lack of proper food.

The campaign is being conducted from coast to coast, and is sponsored by the War Relief Services of the National Catholic Welfare Conference. However, it is pointed out that proceeds will go directly to people in need, regardless of creed.

Any member of St. Aloysius parish will be glad to receive donations. Canned goods of any description will be welcomed.

Miss Martha Jane Bowers, 2155 W. Broad-st, daughter of Mr. and Mrs. Harry C. Hockman, became the bride of Mr. Edgar E. Kinson, son of Mr. and Mrs. Walter Kinson of Barnesville, Ohio, on Saturday evening, Nov. 9, at 7:30 in Glenwood Methodist Church.

The double ring ceremony was performed before an altar decorated with flowers and lighted by candles, by the Rev. J. B. Shellhaas.

Given in marriage by her father, the bride was lovely in a sheer gown of white. The fitted bodice was trimmed down the back with tiny satin buttons and in front with sheer insertion.

Her fingertip veil fell from a tiara of lace and seed pearls. She carried gardenias and her only jewelry was a strand of pearls.

Mrs. Delmer P. Hornsby, only sister of the bride, was her matron of honor and only attendant. She wore a soft pink taffeta gown with matching shoulder length halo veil and carried a colonial bouquet of spring flowers and wore a strand of pearls, a gift of the bride.

Mr. Robert Cartello, brother-in-law of the groom, served as best man.

Mr. Phillip Kientz and Mr. Richard Klein, cousins of the bride and Mr. Louis Wray and Mr. Herman Schuman served as ushers.

The mother of the bride chose a pale blue flowered jersey dress and her corsage was pink carnations.

Mrs. Walter Kinson, mother of the groom, wore a dress of blue and her corsage was red carnations.

Following the ceremony Mrs. Russell Stewart and Mrs. George Krumlauf, sisters of the grooom, were hostesses at a reception held at Mrs. Stewart's home at 484 Welmore-rd.

The new Mrs. Kinson attended West High School and was formerly employed at Battelle Memorial Institute.

Mr. Kinson has received an honorable discharge from the U. S. Army, having served 4½ years of which 3½ years were in the South Pacific.

Mr. and Mrs. Kinson returned to Barnesville, on Saturday night where they are at present making their home.

HEINZ MANAGER LAUDS GROCERS

H. Y. Shoffner, 38 Powhattan-av, Columbus branch sales manager for H. J. Heinz Co., recently attended an important food conference at Pittsburgh and on his return lauded the American grocer for his part in the economic welfare of the nation.

"It will profit us to learn well the lesson that the grocer teaches . . . that ingenuity, improvisation, courage, patience and enterprise are factors that point the way to a return of healthy competition and expanded and profitable business.

'We should bear in mind," he added, "that the grocer, in spite of harassing problems of ration points, wartime transportation, constant shortages of consumer goods and a serious lack of help, was primarily responsible for the maintenance and efficient operation of our vast food distribution system during the war.

"The grocer," Mr. Shoffner pointed out, "even in the light of casual analysis of our food problem, deserves a vote of thanks from American industry in general and from the housewife in particular."

The Blue Star Mothers, together with the Junior Chamber of Commerce, issued an appeal this week for good used furniture to be used to equip two homes for returned veterans of World War II, who are going to school under the G. I. Bill of Rights.

Thirty-four boys are living at the home at 1989 Iuka-av and 20 boys at 1520 Neil-av.

To make these homes livable for the boys, study tables and study lamps, chests of drawers, living room lamps, dining room chairs, rugs and bedding are urgently needed.

The Junior Chamber of Commerce will have trucks available Sunday, Dec. 16, to pick up any articles donated. Call Ma. 1321.

Newsies Subject Of Mrs. Feigley's Poem

Mrs. George Feigley, wife of the late "Cap" Feigley has submitted the following poem in connection with the annual Charity Newsie Drive coming up this Saturday

On the 15th of Dec.
You'll be awakened early
For these boys are still alive
You'll hear the cry of Charity
Oh what a din and noise
Then you'll learn what it means
Our big Newsie boys.

There'll be one on each corner
In fine weather, snow or sleet
Their big hearts filled with gladness
For they never get cold feet.
Their work is all for Charity
Happy men and joys
What would we do with out them
Our Big Newsie Boys.

Little children cold and hungry
Know of their worthy cause
And have learned to love them
Just like Santa Claus.
So let us help the boys along
And give them all we can
And their big hearts will do the rest
God bless them every man.

West Broad St. School Observes Pearl Harbor Day Friday Afternoon

The program for the assembly of West Broad School was given on Friday, December 7, 1945, by the boys and girls of the first grade.

Marilyn Judson, in making the announcements, explained that this day was the fourth anniversary of the attack on Pearl Harbor, and that the boys and girls of her group were only two years old when this event occured. Now they are big boys and girls in school and they are very happy to help commemorate this day of peace and victory.

"A Prayer for Peace," "The One Hundredth Psalm" and "A Song of Peace" were given by the entire school.

Reports of a recent trip, taken by the first grade children to the University farm were read by the following children: Richard Bealer, John Love, Jerry McLinn, Linda Myers, Jill Ogden, Charles Penwell, Joanne Pfleeger, James Rader, John Joe Schenz and John Stone.

The children in the Rhythmic Band gave a program of patriotic music.

In conclusion the entire school sang "The Star Spangled Banner."

Throughout the day the school promoted the sale of War Savings Stamps and Victory Bonds.

The children purchased $381.00 in War Savings Stamps and 33 Victory Bonds with a maturity value of $825.00.

Have a Heart -- Buy a Paper

Tomorrow, Saturday, Dec. 15, is Charity Newsie Day all over the city.

The Newsies, Columbus' 100% charity organization, will be on street corners all over the city, selling their annual edition to raise funds to buy needed clothes and food for hundreds of worthy children all over the city during the present winter.

The Newsies have been doing this for many years and are well known for their fine work. Contributions of any size will be gratefully accepted So when a Newsie approaches you on Saturday the more you pay for your paper will be that much more to help some needy family.

Hilltop Newsie is C. Carlton Hartley, publisher of the Hilltop Record. He succeeds Harry Fleming who is now on the retired Newsie list and will sell only at the city hall.

Numerous Hilltoppers have already sent in a contribution to the Newsies through Hartley Any one desiring to be sure his contribution gets in on the big drive Saturday is asked to call Ra. 1125 and it will be picked up at your home.

Caution Needed At Christmas Time

Capt. John E. Jordan, of the Fire Prevention Bureau issued a warning this week against careless handling of Christmas lighting decorations and other hazards common to the season.

Combustible decorations, defective Christmas tree lights, and amateur wiring are some of the dangers mentioned by Capt. Jordan.

Many lives and valuable property are lost every year through fires at this time. Plans for a merry Yuletide season have turned suddenly to the worst kind of tragedy through fire hazards that are tolerated only at this particular time.

Discarded Christmas wrapping paper and careless smokers contribute their share to the danger.

A cautious Christmas can also be a merry Christmas if a little ordinary care is used.

Russell Slater Substituting At Highland School

Russell Slater, formerly teacher of English and attendance teacher at West High School, is substituting at Highland Avenue School for Miss Margery Elliott, 15th-av, principal.

Miss Elliott underwent a major operation on Nov. 19. She expects to resume her duties soon after the first of the year.

Slater was acting as principal of Reeb Avenue School before he entered the service four years ago. He spent two years in the European Theatre of War. He saw service in Ireland, England, France, Germany and Austria.

While at West High, Slater acted as boys' advisor and will be remembered affectionately by many students now scattered far and wide over the face of the earth in the various services.

Flyer Honored

The Distinguished Flying Cross has been presented to Capt. Vernon D. Wedemeyer, 1601 W. Broad-st, who is serving in the India-China Division. He flew cargo over the Hump to American forces in China.

PLAN MEETING DEC. 18

The Ruth Circle of the Hilltop Church of Christ will meet at the home of Mrs. Helen Early, 545 S. Eureka-av, on Dec. 19, at 8 p. m. Assistant hostesses will be Mrs. H. Early, Mrs. O. D. Roberts and Mrs. Jack Reegan.

Gifts Start Coming In For State Hospital Yule Party

Gifts for 1500 patients in the Columbus State Hospital, who are without friends or relatives, are slowly trickling in, due to the appeal made by Mrs. J .F. Bateman, wife of the superintendent.

These unfortunates are entirely dependant for their Christmas gifts on the generosity of other persons and are grateful for the smallest of gifts. It makes a great deal of difference in the morale of the patients if Christmas may be theirs in some small degree.

Dr. and Mrs. Bateman and their staff are doing everything in their power to make the folks in their charge happy on this particular day. A traditional Christmas feast is being planned, with all the appropriate trimmings and Christmas trees will be prominent in every ward. The aim of hospital officials is for every patient in the institution to have at least one small gift to make the day complete.

For the men patients cigarettes, candy, shaving lotions and creams, combs, handkerchiefs and similar articles are suggested.

The women patients will enjoy cosmetics, handkerchiefs, combs, perfumes and toilet water, sewing articles, candy and fruit.

Gifts may be taken direct to the Hospital or may be left at the Hilltop Record office, 2465 W. Broad-st.

Hilltopper Sends Story of War Trials Now In Session at Neurnberg, Germ.

Howard R. Young, 319 Eldonay, Signal Corps Engineer stationed at Ft. Monmouth, N. J., sends the following contribution to the ... a first hand report ... their laboratory ... for the war trials in ..., Germany:

"The ..., if anything, has increased, but unfortunately, the work has also. It puts me out no end to give up special obligations for the workaday world. Yesterday was Sunday, and I had to give up a trip to Berchtesgaden as we worked from 10:00 a. m. to 11:00 p. m. We had to prepare a brief on the atrocities to civilian populations . . . that is the particular phase of the prosecution that I am connected with. Col. Hollers is the head of this division, and he promised me that as a reward for last night's work, I will get into the courtroom when the trial takes place. This stuff is both horrible and fascinating.

"It is unbelievable when reading the orders and directives issued for the sole purpose of eliminating some 40,000 people from the face of the earth, to see the lines of reasoning (or rather lack of it) used for the perpetration of these orders. It is so utterly stupid as well as being brutal. As you probably know, one of the criminals, Dr. Ley, committed suicide the other day. Now they are watching the others like hawks. They get twenty minutes exercise a day under armed guard. They cannot speak with anyone or be seen by anyone except the interrogators.

"The amount of evidence which has been collected against them is astounding. The Germans made very elaborate and detailed records of everything they did regardless of how incriminating it might be, so it was impossible for them to have destroyed everything. They kept minute records of the numbers of fillings, crowns, bridgeworks, etc., they took from prisoners mouths before they murdered them. They not only listed all types such as silver and gold, but made a record of the monetary value of it all. They maintain regular balance sheets on the number of prisoners taken, those deported, and those "wiped out." I don't see how one of these criminals can escape the death penalty, but all the prominent lawyers want to defend them because if one gets even life imprisonment, that lawyer's reputation is made. (These are German lawyers, of course.)

The German people around here are very well clothed, which is not surprising when you consider that they systematically looted each territory they penetrated and sent the goods back to Germany. As Nurnberg was the center of political activity for the Nazi Party, the people here naturally got a good percentage of the loot. Those who were not in favor of the Party received very little. Almost all the fraulleins have furs, some to be sure have quite a striking resemblance to the orange and white alley variety of cat, but, none the less, to them they are furs.

"Many have fur coats, and all are not only adequately, but warmly clothed. There are supposed to be some 15,000 persons in this town who have no roofs over their heads. Most of them sleep in air raid shelters and in the basements of bombed buildings. After reading what they did to other people, I can't feel sorry for them. They, at least, are unmolested, and are not deprived of what food and clothing they have or are able to get. They don't look half so hungry and miserable as did the French in Paris. They tell me the English look emaciated too, however, according to all reports, the Dutch are suffering the most of anyone.

"Truly, I wouldn't give up this experience for anything. I am having such an exciting time, I am sorry it is for just 120 days. Every day I seem to meet new and interesting people. For example, I'll have coffee every morning with the GI's who have been all through the fighting over here, and they will tell all about crossing the Rhine, their experiences both horrible and amusing.

"At lunch, I'll talk with a Britisher from India and hear his side of the war. Afternoon coffee with an American officer who was born over here and was in the Intelligence; dinner with another American officer who was with the French underground; dancing with an American pilot who has another completely different side of it, no one is tiresome except, of course, me.

"I just wish that I could go into all the experiences that I have heard, but I would be writing forever. I hope that I retain a good portion of this information so that I can tell you all about it when I get home. I should be able to run at the mouth for weeks if things keep up at this pace.

"I have not as yet had a chance to do any talking with the French or Russians. I hope to, if I can, snag one who speaks English. Most of the people assembled here are lawyers of former employees of the Secret Service, and it is well worthwhile to talk to any of them. I cetrainly feel like a little sit-by-the-fire when I see these American girls, civilians, who have been over here for four years — I don't mean right in Germany, but in London and Paris. They endured the buzz bombs, no light, no fuel, poor food and long hours of work, but they are so glad they came, they wouldn't give up one moment of it. They seem to be very high type American girls too, which is nice."

Persona Touch

INTIMATE gift cue for lingerie-loving ladies—and can you name one who isn't—lists a dainty bed jacket like the one modeled by CBS actress Marian ("Powder Box Theater") Barnett. It's a Stella Fagin design, delicately ruffled with wide lace at shoulder and sleeve edge. Definitely something for the fastidious person whose tastes are utterly feminine.

Prominent Pianist To Be Guest Soloist

Marie Hertenstein Waller, Columbus pianist and one of Central Ohio's most prominent musical figures, who will be guest soloist with the Columbus Philharmonic Orchestra, Izler Solomon conducting, on Tuesday night, Dec. 18, has been receiving acclaim from music lovers since her first concert tour.

As Marie Hertenstein, Mrs. Waller was one of Columbus' first serious students to go abroad for study. She studied with the foremost teacher, Theodor Leschetizsky, whose disciples included Paderewski, Gabrilowitsch, Fanny Bloomfield Zeisler, Schnabel and Leginska. Later followed four years as a students of Schnabel whose pupil she was again last month in New York City.

BEATITUDE IN SILVER

All Yuletide trails converge at Bethlehem,
And every star-lured pilgrim finds a shed
Wherein a God-Child from a manger bed
Crowns prostrate souls with living diadem,
And breathes a peace beatitude on them
In words too holy to be sung or said,
While stars blaze white hosannas overhead
And hearts pulse forth the seraph's Apothegm:
"Good will and peace to all the world!" Though war
Loomed dark on all horizons and the earth
Resounded to clash of shield and scimitar;
Beyond the bourne of mortal conqueror
Our beings hailed transcendent Love at birth,
Till all men sought the inn beneath the star.

New Ministers At Hilltop Churches

Rev. Ralph E. Hone, pastor of Immanuel Baptist Church, preached his last sermon at the church Sunday. At present it is uncertain who will replace him.

The past year has seen many changes take place in Hilltop ministerial circles. The Hilltop Lutheran, Highland Ave. Friends, and the Hilltop Church of God neither have installed new ministers recently, or expect to do so soon.

Rev. Denver H. Smoot, formerly minister of Christian education in the Second Church of God at Springfield, will take up his duties soon at the Hilltop Church of God. Rev. James B. Diggins was former pastor.

Rev. Russell Olson, formerly of Toledo, occupies the pulpit at the Hilltop Lutheran Church in place of the former pastor, Rev. Carveth P. Mitchell, who is pastor of the First Lutheran Church at Mansfield, O.

Rev. Chester G. Stanley, formerly of Newport News, Va., is present pastor at Highland Ave. Friends. Rev. Milton Coleman, former pastor, is in India as a missionary.

"JESUS LOVES ME"
ANNA B. WARNER
Jesus loves me! this I know,
For the Bible tells me so;
Little ones to Him belong,
They are weak, but He is strong.
Yes, Jesus loves me,
Yes, Jesus loves me,
Yes, Jesus loves me,
The Bible tells me so.
Little Stories of GREAT HYMNS
For more than half a century children all over the world, even to the interior mountains of China, have loved this hymn, and today missionaries teach it to converts wherever they go. It was written by Anna B. Warner who wrote many bible stories, but would be remembered for this if she had written nothing else.

WE MUST KEEP FAITH

We must keep faith with the children tonight—
Christmas still is the season for giving.
Gay is the flicker of warm candlelight;
Youth claims its own universal birthright.
We shall keep faith with all children tonight—
Sharing their joy is the essence of living.

Our wavering hearts need the warming spark
Of childish voices in carols ringing
To kindle new fires against encroaching dark
Of loneliness leaving its searing mark;
Hungry hearts need but the answering spark
To release old dreams and set them winging.

CHRISTMAS SOLILOQUY

The tree is trimmed,
The mistletoe hung,
And numerous carols
Have been sung.

I'm wearing the dress
Of gold and white
Worn when you kissed me
One starlit night.

The rose in my hair
Is quite fragrant, dear,
A repica of one
You sent last year.

I've lighted the candle
And hope my devotion
May be wafted with bayberry
Across an ocean.

Dorothy M. Thompson, in "Christmas Verses."

LEGEND OF THE CHRISTMAS ROSE

That Christmas night, long, long ago,
When shepherds heard the angels sing,
And one large star led men to know
The birth place of the new-born King,
A little girl drew near the door
And saw within the radiant rim
Wise men with gifts kneel to adore
And wept, that she had none for Him;
But as her teardrops touched the ground,
Where stood the manger of the Child,
White blossoms sprang up all around
To which He reached His hands and smiled.
Since then the lovely Christmas rose
Blooms bravely through December snows,
And gives to man on all the earth
The message of the Savior's birth.

Corrine B. Jones, in "Washington Verse."

CHRISTMAS SONG

Long since, when the world was fast asleep,
An angel song came drifting down,
And shepherds heard as they watched their sheep
In the fields by Bethlehem Town.

A drowsy world is sleeping long,
Drugged with the lust of war and might
With never a thought of the angel song
The shepherds heard that night.

But ever the Christmas song shall ring,
Glory and Peace, Good Will outpoured;
Till a brotherhood of the nations bring
Tribute to Christ the Lord.

Julia E. Goodwin, in "Hartford (Conn.) Times."

THE LITTLE PINE TREE PLEADS

Oh men, who come to gather trees,
Take me with you this year, please.
Last year you said I was too small
But I so want to hold a doll!
And little boxes, ribbon-tied
With gift surprises tucked inside.
To have bright globes of radiant hue
Yellow and green, red and blue,
And shining candles on my limbs.
To hear their Christmas carols; hymns;
To watch, at dawn, the children come
To find the train or ball or drum
Their little hands had written for.
To be crowned with a great white star!
Men, take me too, this year, I pray
I want to be part of His day.

Virginia Eaton, in "Davis Anthology of Newspaper Verse."

IN THE CITY OF DAVID

The clouds drawn back, a mighty star hove high
And stood mid-heaven above the quiet town,
A majesty of music filled the sky,
A majesty of radiance flowed down.

Within the crowded, stuffy Syrian inn
A restless sleeper stirred and raised his head.
Was that some distant music, faint and thin?
It couldn't be—in Bethlehem, he said,
And, turning, slept. He did not hear the feet
Of shepherds hastening through the village street.

And, turning, slept. He did not hear the feet
Of shepherds hastening through the village street.

James L. Duff, in "The Tidings Poets."

ON CHRISTMAS NIGHT

The holly glows. The snowflakes fall;
The balsam towers straight and tall;
With tinsel streamers, crescent lights
All twined with mingled greens and whites
Hank thick with many a rainbowed ball.

In memory of the wise men's call
The light appeared and pierced the pall.
For shepherds watching in the heights
This holly glows.

The Christ Child in a tiny stall,
The cattle huddled near the wall
Are circled on all Christmas nights
By one great star with mystic lights:
And like a ruby over all
The holly glows.

Myrta A. Wells, in "The North American Book of Verse."

MARY WENT . . .

Mary went a-carolling
(Bloom on Mary's thorn)
Laughter woke the laggard sun
On the spring morn.

Mary went a-sorrowing
(Leaves from Mary's thorn
Fell golden, scarlet, dun)
One autumn morn.

Mary went a-traveling
Stars on Mary's thorn
Light the Christ Child's way, begun
On Christmas morn.

C. A. Macbeth, in "The North America Book of Verse."

FIRST CHRISTMAS LULLABY

Sleep, little newborn lambs, on this startled hill;
Let the pasture grass be soft to your tender hides;
Nuzzle your mother's snowy flanks; go still
With drowsiness blown from midnight mountainsides.

Sleep, little calves, in the golden straw beneath
This humble thatch in Bethlehem, and let
The star's light close your eyes, your gentle breath
Make visible frost upon the air. Forget
Your wide-eyed wonder, little ass, and snuff
The scent of sleep. And in my arms, my Son,
Curl down to dreams. This hour is enough
For one small boy, and heaven's will is done.

Frances Frost, in "Between the Bookends"

CHRISTMAS STORY

The baby Christ came simply to His earth.
He had forever-shining stars to light His tiny form,
He had the sun-grown, yielding hay to keep Him warm,
And the eternal mystery of woman giving birth.

The gilded trapping and the signet rings
He left as toys, for small, forgotten kings.

My Day . . . As a Newsie

My day in the Charity Newsie sale on Saturday started off with a nice breakfast of hot cakes and coffee down at Memorial Hall at 5:30 where the Buick was loaded with papers and headed toward the Hilltop looking for customers before day break.

First sale out this way was at the Shell service station at Wheatland and Broad. Sale No. 1 was a nice one, a five spot from Harold Fox while he supped his morning coffee at the Biltmore.

The day was a busy one from before daybreak until after 8:30 p. m. and in every spot I visited there was some response, mostly good.

Smallest price paid for a paper was from a youngster shoveling snow. He had only two cents but said he would pay more after he got through his job. I never saw him again, but he had the right spirit.

Best sale was to Jerry Spears who gave me a nice check for the cause.

One observation stood out: Managers of independent stores as well as the customers therein were much, much more generous than those in the chain stores. This fact was so noticeable that you just couldn't help but observe that the old Christmas spirit had really taken hold in the independent stores.

A word of thanks at this point to Mr. Bryson at the Columbus State Hospital and to Guy Cook at the Columbus State School for their fine efforts at their respective locations. And, thanks, too, to the many workers there who were enthusiastic in saying "We really enjoy giving to the Charity Newsies."

Ran into my friend Lee Weigand as he bounced and got bounced from one street car to another collecting their contributions and he too reports our Hilltoppers were quite generous. And Max Gutkind had his usual spot reminding the patrons of the liquor store that they should deposit some shekels with him.

All told my day resulted in sales of over 350 individual newspapers and money totaling $694.03. To all who helped to make this possible, I say again, Thanks, and I'll see you again next year in a hope to make it bigger and better.

The Donahue family live at 433 Linwood-av. Donahue is a former Hilltopper, having been raised in the vicinity of Sullivant and Ogden-avs. He served four years in the Merchant Marine.

The ninth annual Hilltop baby derby is scheduled to start promptly at the stroke of midnight, Dec. 31.

Suggestions for an all-year-round program were presented, including Memorial Day services, July 4 picnic, Hallowe'en party and Christmas festival.

Sledding and coasting will be the major attractions, while skating on the park lakes is also anticipated with great eagerness.

Motorists are urged to exercise greater care than usual, as children playing in snow are sometimes inclined to be reckless. The following streets are roped off for coasting: Wayne-av, second alley north of Steele, to Glenview, and Union-av from Ryan-av to Guilford-av.

School will re-open Jan. 2.

West Opens City League With Win

The West High School basketball squad visited East High last Friday to open their City League campaign and downed the Tigers 44-37. This kept the Cowboys in the saddle with a perfect slate.

It was just a matter of keeping ahead of the opposition as, the Glassmen started off with a four-point lead and moved ahead each time they were crowded.

Ralph Watts, Jim Remington and Dick Slager led the scoring with 12, 11 and 10 points respectively.

The Cowboys swamped Aquinas 49-36 Wednesday night on their own floor to continue their mastery of the local hardwoods.

Displaying a deadly shooting attack, the local boys got out in front early in the game and stayed there. Jim Remington was again the big gun, followed closely by Jack Thrush and Dick Slager.

"Bring the Dads Back" Group Is Formed With Local Prexy

The "Bring the Dads Back" organization, of Columbus, held its first meeting Monday night at the American Legion Hall.

The newly organized group is headed by Mrs. Robert Trott, 574 Townsend-st, who was elected president at the meeting Monday night.

Many fathers were not drafted until close to the end of the war and are just now being sent overseas. They therefore do not have sufficient points under the present point system for release.

Those who were unable to attend the first meeting are urged to be present at the next meeting to be held Jan. 7, at the American Legion Hall, 96 N. High-st, at 7:30 p. m.

Persons interested in knowing more about the organization may contact Mrs. Trott, Ra. 2259, or Mrs. Ralph Louden, Ra. 8998.

Flying Fox Hunters Crash When Plane Fuel Line Freezes

Fox hunting in a new manner Saturday resulted in the crash of an airplane rented from the Jones Flying Service, at the Sullivant-av Airport and injuries to two "hunters."

The idea was to fly close to the ground until a fox was sighted, then swoop down, shoot the fox with a rifle, land, pick it up and take off again. Their technique worked successfully on the first two foxes they sighted, but when they swooped down on the third, the fuel line froze and the plane crashed into the ground and was completely wrecked.

The hunters, Robert Dodge, 43, of Peoria, Ohio, and Stanley Larcomb, of Route 2, Marysville, suffered bruises and Larcomb face injuries, Sheriff's Deputy Ken Stout reported. They were treated by Upper Arlington emergency squadmen.

Pfc. Charles R. Brown, Jr., age 19, serving with the army in Gifu, Japan, 30 miles from Nagoya, was recently assigned a new jeep, which had arrived at the base with several others. When he approached his new vehicle, he found a sticker on the windshield which read, "Purchased by Students of West High School, Columbus, Ohio, U. S. A."

Pfc. Brown, a former student of West High, in a letter to his father, described the wave of homesickness that at first overcame him at sight of the familiar name on the sticker, later to give way to a warm feeling of being remembered.

A year and one month ago, a campaign was started at West High School, in connection with the Sixth War Loan, to buy an amphibious duck or a jeep for the armed forces. The campaign was successful and a jeep was purchased, so now Pfc. Brown rides back and forth from Gifu to Nagoya in the vehicle purchased through the efforts of his schoolmates back home.

Brown, Sr., was a resident of the Hilltop for 20 years. At present he is living at 874 Park-blvd, Worthington.

FORMAL CEREMONY AT GLENWOOD CHURCH UNITES COUPLE IN MARRIAGE

An altar banked with ferns, greenery, huge baskets of white chrysanthemums and smilax and softly lighted by three nine-branch candelabra and 12 six-foot white tapers formed the background for a lovely wedding, when Miss Eleanor Eileen Wagner became the bride of Mr. Robert G. Phillips.

The Rev. Joseph B. Shellhaas officiated at the open church ceremony at the Glenwood Methodist Church at 3:30 p. m. Sunday, Dec. 16.

Courtesy Howard Shubert
Mrs. Robert G. Phillips

A program of organ music by Mrs. Clyde Moore, with solos by Mrs. Dorothy McVitty Enig preceded the ceremony.

The former Miss Wagner is the daughter of Mr. and Mrs. Chester W. Wagner, 667 Willshire-rd. Mr. Phillips is the son of Mr. and Mrs. Charles A. Phillips, of West Jefferson.

The bride was lovely in a gown of ivory brocaded satin, fashioned with a fitted bodice with a row of small satin buttons, marching down the front. A sweetheart neckline was finished with a bow of satin. The sleeves were long, ending in points over the wrists. The low waistline merged into a very full circular skirt terminating in a long train. Her veil of imported illusion was held in place by a triple tiara formed of tiny orange blossoms.

She carried an unusual star shaped shower bouquet of white gladioli, stephanotis and shattered carnations, centered with an orchid of delicate purple.

Sister Is Maid of Honor

Miss Luana Wagner attended her sister as maid of honor. She was attired in a gown of turquoise net fashioned with a fitted embroidered bodice and a very full skirt, ending in a tiny train. Her shoulder length gloves matched her gown. Her shower bouquet was formed of deep pink Charm carnations, with a matching spray in her hair.

The bridesmaids, Miss Nancy Goldsack and Mrs. George Lucky the former Erdine Swain), wore gowns of rose net fashioned like that of the maid of honor. They carried shower bouquets of true maroon carnations and wore a spray of matching carnations in their hair. Their shoulder gloves matched their gowns.

Mr. Charles Phillips, brother of the bridegroom, served as best man. Mr. Lowell Geyer and Mr. Richard Kuhns ushered the guests to their seats.

For the wedding of her daughter, Mrs. Wagner chose a dress with a black skirt and a pink blouse, trimmed in pearl sequins. Her accessories were black. She wore a corsage of pink shattered carnations.

Mrs. Phillips, mother of the bridegroom, was attired in a blue dress, with which she wore a blue feathered hat and black accessories. Her corsage was formed of pink shattered carnations.

The grandmother of the bride, Mrs. Robert Meeks, of Grove City, wore a black dress trimmed in fuschia with a matching hat and a corsage of red rosebuds.

Reception at Bride's Home

A reception for 150 guests was held at the home of the bride's parents following the ceremony. Mrs. Wagner received her guests before a beautifully decorated mantle, lighted by candles.

The hostess was assisted by Mrs. William Hart, Miss Jerri Segal and Miss Kay Rolfe.

After the reception, the couple left for a wedding trip. Upon their return, on Dec. 22, they will be at home at 440 E. Maynard-av, Apt. D.

"The West Side
Conditions every day are improving
Since the close of the war,
Trucks, tractors and men are moving
What couldn't be moved before.
Trucks hauling in second hand lumber
Preparing for a clientele.
I counted nine men looking for a number
Where they had one auto to sell.

Washing windows, scrubbing, redecorating,
Rooms that were idle for years,
Soldiers laughing, talking, speculating,
Till the shadow of night appears.
Everybody is sure the West Side is secure
Women bravely planting forget-me-not,
I watched a man scattering lovely manure
Over a large vacant city lot.

Etiquette for Bulbsnatchers

Question: What's the best time to snatch a bulb from your wife's lamp?

Answer: The only time to snatch a bulb from your wife's lamp is when it's less than 100 watts. That 40-watter she borrowed from the hall is doing her eyes no good. Replace it with a new 100-watt lamp, only 15¢, plus tax.

Stop robbing one socket to fill another. See your nearest dealer and get an extra supply of right-sized bulbs today.

Christmas Is All of These

Christmas is the good will shared at the family hearth; the carol sung together; the candle in the window, the glowing faces gathered around the festive board. And it is much more —ever so much more!

We cannot begin to put into words all that Christmas is, nor begin to express how ardently we wish for you the complete enjoyment of Christmas. So, all we can say to you, kind friends, is Merry Christmas To You.

May good old-fashioned Christmas cheer brighten for you the hours of this glorious Yuletide season.

Vol. XXIX, No. 34

Christmas

—Humanity's hope and civilization's cry for a brave, new world is perennially strengthened by the light that shines from the eyes of children as they stand in the presence of their Christmas idol—Santa Claus.

The wonder of these faces unfolds mankind's greatest lessons.

For here is faith resplendent in its simplicity.

Here is unselfishness, unadorned.

Here is devotion, unalterable.

Here is goodness, in its glory.

The magic of this light shines outward from the world of childhood onto the pathways of our adult world—pathways sometimes darkened.

This light can pierce that darkness.

And again this year, these eyes will shine, these faces glow.

Let these rays be cast on us and warm us. Warm our hearts. Kindle the spark. Light the way.

For great things are all cradled in the land of simplicity and faith —the land of a childish face.

And peace in the world is the great thing in our hearts this Christmas.

And lasting peace must spring from those basic truths that generate this light that shines in the eyes of children.

Christmas Card Is Century Old

The centennial of the Christmas card is being observed this year.

It was in 1845—just 100 years ago—that the first Christmas card was designed and distributed. This pioneer greeting was the creation of W. C. Dobson, a noted British artist; who was said to be a favorite of Queen Victoria. Dobson, according to tradition, made copies of his card and sent them to friends in London and elsewhere in the British Isles.

The custom established by Dobson found numerous devotees. In 1846, an English nobleman, Sir Henry Cole, commissioned an artist, John Calcott Horsley, to design a Christmas card for him.

According to one story, Sir Henry Cole had received such a large number of holiday letters that he could not find time to answer them all. As a means of solving this problem, he called in Horsley and asked him to design an appropriate card.

Horsley's first Christmas card depicted a Victorian English family enjoying the holiday. Except for the profusion of detail, the card is like many of the modern greetings. The traditional "A Merry Christmas and a Happy New Year" was inscribed on the card, with blank spaces for filling in the name of the sender and the recipient.

From this beginning a century ago, the custom of sending Christmas cards has spread across the ocean to the United States where it has become a traditional part of the holiday observance.

Stupid Animal

The porcupine is slow and stupid and these characteristics have been the salvation of more than one lost hunter and woodsman. Of all the forest animals the "porky" is the only one which an unarmed man, sick from hunger and exposure, can kill with a stick or a stone.

No matter how we try to say it, we find the old fashioned way is the best. A very Merry Christmas to one and all.

Santa Claus Is Bearer of Gifts In Many Lands

Mothers of America are overwhelmingly agreed that parents should teach their children to believe in Santa Claus.

At least that is the conclusion drawn from a recent opinion poll by a leading woman's magazine.

One of the women polled made an answer typical of many: "Belief in Santa Claus is one of the beautiful wonders of childhood. It gives us a period in which dreams come true and anything is possible."

Christmas is like heaven on earth for the very young, the magazine points out. But as America moves from war to peace, there is an inevitable emphasis on reality and truth. No one wants to fool or be

They knew he would come.

fooled. Therefore, should even happy myths be promoted?

Should children still be taught to believe in Santa Claus? Should they enjoy all the magic of childhood while they can, including the traditional myths, or should they be told the truth in preparation for the adult world they must some day face?

Considering these questions, the opinion poll asked a group of women representing a cross-section of millions of American homes, "Do you think parents should teach their children to believe in Santa Claus?"

The response was decisively affirmative. More than 87 per cent of the women voted "yes."

"If a child thinks of Santa as a man there will be eventual disillusionment," commented one woman. "But Santa portrayed as the spirit of giving remains a beautiful idea." Another woman pointed out: "Santa is as real as Uncle Sam."

Stalin Lives in Class

Premier Stalin has a palatial home a few miles from the Kremlin, built beside the river by a wealthy mine owner, and surrounded by a brick wall. In his spacious office in the Kremlin hang portraits of Marx and Lenin, as well as of himself. Here he may have lunch; dinner is more formal, served in his small Kremlin apartment.

Jane Miller, Glade To Direct Pageant

A pageant entitled "Light of the World" will be presented at Westgate Evangelical Church on Sunday evening, at 7:30. Miss Jane Miller and Mr. Carl Glade will direct.

Preceding the pageant, a primary program will be given, at which time the youth choir will sing. A cordial welcome is extended to all to attend.

Painting New Lumber

Knots and other pitchy spots in new lumber should be coated with shellac or aluminum paint, which should be allowed to dry thoroughly before applying the priming coat of paint. If much pitch is present it should be removed as thoroughly as possible by heating it, causing it to exude, then scraping it off.

Christmas Program For Hoge S. School

The Christmas program for Hoge Memorial Sunday School will be held in the auditorium tonight at 7 o'clock.

Children from both primary and junior departments will take part in the program.

The committee in charge is Mrs. J. N. McLinn, Mrs. R. G. Earl and Mrs. Richard Decker.

Magic Hormones

Symthetic plant hormohes that artificially pollinate the plant buds result in seedless tomatoes. Hormones also assure farmers the flowering of their fruit trees in case of frost, and make the crop yield five times larger. Magic hormones have made seedless cucumbers, egg plant and squash.

Straight Cords

Electric cords should hang straight. They will last longer.

Christmas Plant Was Named for U. S. Diplomat

Poinsettia Brought Here From Mexico Adopted As Christmas Plant.

Poinsettias which have come to be a "must" for home Christmas decorations owe their name and popularity to an early American diplomat, botanist and scholar—Joel Roberts Poinsett.

Nearly a century and a quarter ago, Poinsett, then U. S. ambassador to Mexico, first brought cuttings of the "fire plant" to his South Carolina home. Carefully he tended the transplanted tropical beauty. Under his skillful hands the flower thrived and improved.

Soon the fame of this colorful new plant spread to other states and Robert Buist, a Philadelphia botanist, bought some cuttings from Poinsett. He named them euphorbia poinsettia.

Since that day enthusiasts not only in the United States but throughout the world have continued to improve the poinsettia, until today there are a score of varieties from giant six-foot stalks to diminutive dwarfs, double and single varieties, green poinsettias with red veins, white varieties and a gradation of reds from the traditional flaming scarlets to pale pinks.

Besides serving as ambassador to Mexico, Poinsett was a member of congress from South Carolina and served as secretary of war in President Van Buren's cabinet. He was a personal friend of Presidents Madison, Monroe, Jackson and Van Buren.

Camera Fans Club Is Organized

Applications for the Columbus Camera Fans Club may now be received at the club headquarters, 2343 W. Broad-st.

The club originated in 1943 and was successful in creating a number of advanced amateur photographers who graduated into the ranks of other clubs. It is the aim in reviving this same club to teach snapshooters to become pictorialists of the salon hanging variety.

By a series of lectures, demonstrations in both camera and darkroom precedure conducted by advanced amateurs, it is hoped to help a number of men and women to learn more about picture taking and how to develop and print successfully.

A supervisory committee was appointed Friday, Dec. 14, at 8 p. m. and will assist in organizing and conducting the club until a regular set of officers is elected. All snapshooters wanting to learn more about their cameras and how to process their own films, are invited to attend meetings. The only cost will be their club membership dues. Further information may be had by phoning RA. 1913.

Dec. 21 is the date of the next scheduled meeting. The club will continue to exist only so long as its members are interested enough to attend, he stated.

Remove Scissors

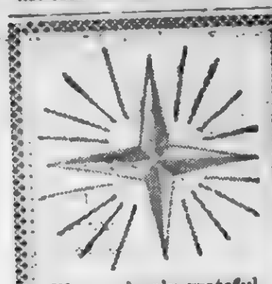
Caprettas To Spend a Peace-Time Christmas Together

The home of Mr. and Mrs. Carl Capretta, 247 Midland-av, is a hive of activity these days, as one boy after another arrives home from the service and preparations get under way for a Christmas celebration such as the family has not seen for four years.

Three days last week, young Capretta's arrived, to be jubilantly greeted by their parents and brothers and sisters. Most of them have been in the service for nearly three years or more.

Bob Starts It

T/5 Robert J. Capretta was the first. He arrived Monday, Dec. 3, after 38 months in the service, 33 months of which were spent in the Southwest Pacific. He received his discharge at Camp Atterbury Monday noon and wasted no time in getting to his home.



The next day, Tuesday, Dec. 4, S/Sgt. Harold F. Capretta arrived. He spent 37 months in the service and at one time was reported missing in action. Later he was found in a prison camp in Germany, where he had been for four terrible months. He was discharged at Ft. Knox, Ky.

Wednesday, Dec. 5, Cpl. Raymond R. Capretta walked in. In the service 33 months, he served in Europe with the Headquarters Division, 5th Army. He was discharged at Indiantown Gap.

The Caprettas have yet another son, Pvt. Johnny B. Capretta, in the service. He was inducted on V-J Day and expects to go overseas the first of the year. He is stationed at Camp Robinson, Ark. However, he will be home for the Christmas celebration and reunion at the Capretta home.

The only missing person in the family group will be T/5 Bernard J. Bonner, son-in-law of Mr. and Mrs. Capretta, who is in Manila. The family still hopes he will arrive in time for the turkey and trimmings.

Carl Edward Capretta was the only one of the five sons who did not see service and he had expected to go soon if the war had not ended when it did.

We are deeply grateful for your thoughtfulness during this past year!

Famous Artist Sketched First Santa for U. S.

Thomas Nast Credited With Pictorializing Famous Character In 1873.

Thomas Nast, the famous cartoonist who created our conception of Uncle Sam, the Republican elephant and the Democratic donkey, is also credited with giving America its first modern pictorialization of Santa Claus.

Nast first sketched his notion of Santa Claus in 1873. This Santa was a rollicking, chubby old man smoking a pipe and dressed in what looked like a night shirt with fur collar and cuffs. Since that day he has grown taller and rounder, has developed a full white beard and mustache and above all has acquired the traditional red suit bordered in ermine.

The story of how our American version of Santa Claus evolved is interesting. According to legend,

children of Lapland and Siberia, raised on tales of the good and generous St. Nicholas, thought of their benefactor as dressed in furs and traveling in a reindeer-drawn sleigh, just as they did themselves.

Stories of St. Nicholas.

Wondrous stories of this great Fourth century saint, who gave handsome presents to good little children, were repeated at the firesides of all Europe from the time of his death in 342. The Dutch children observed the anniversary of his death on December 6 and received presents in their wooden shoes.

These Dutch youngsters thought of St. Nicholas as a stern old man with a long white beard, garbed in bishop's robes and carrying a stick to chastise naughty children.

The little Hollanders coming with their parents to found New Amsterdam brought Santa Claus or "San Claas" as they said, with them. In no time the English colonial children whose fathers had taken over the Dutch settlement had renamed it New York caught on to this wonderful saint. The English moved his yearly visit from December 6 to New Year's Eve.

Germans coming to America brought their Christmas customs: Christmas trees and Christmas candles burned in honor of the Christ Child, whom the German children called "Kris Kringle."

At about the time that these festivities were making Christmas Day important, families beginning to spread across the country chose this celebration as a day of reunion. Thus the Dutch figure of Santa Claus, the German traditions of Christmas and the English season of celebration became combined in one single holiday.

Colorful Homemade Decorations Lend Gaiety to Christmas Tree

Contriving homemade Christmas wreaths is a family project that can provide fun for youngsters and adults alike. Moreover, it offers chances for ingenuity in design that may awaken the inventive spirit of everybody concerned.

The materials are usually not hard to find. Designs can be based on a few basic ideas which can be expanded into almost endless variety.

For Christmas wreaths, various greens, wire, binder twine and string are of course, the principal ingredients. The greens may come from the home yard, neighboring woods or a convenient florist. Among common varieties are holly, pine, spruce,

boxwood, yew, arborvitae, ivy and mountain laurel. For color, such fruits as crabapples, cranberries, grapes, or small tangerines may be added. A coat of shellac will help preserve the fruit.

First, it is wise to decide the size of the wreaths you want and then work from there.

If the wreath is to be small—say not to exceed three feet in circumference—the frame can be made from a coat hanger that is straightened out and then fashioned into the form of a circle. For larger wreaths, several coat hangers may be combined to form a frame, or else wire salvaged from some farm or home operation can be utilized.

Among greens best suited for small wreaths are holly, boxwood, yew or arborvitae. For larger wreaths, holly, pine, ivy are effective. [illegible]

So far as possible, in working with evergreens, it is advisable to use the tips of branches, cutting the material into sprays about half a foot long. Hold the material in the left hand and place it on the frame with the right. Tie the first spray securely with binder twine, or if you have it, fine spool wire. Add successive groups of sprays, facing them in the same direction as the first spray and being certain to tie them securely, too. Watch the outline of the wreath as you proceed, so the greens are evenly distributed and the contour of the circle is preserved.

Some irregularities and bunching may of course occur regardless of how careful your work is. These can be corrected by using shears to trim off excess foliage.

After the wreath is finished it is still possible to add decorative features, such as pine cones, berries or small fruits. These should be wired at the stems and then fastened securely to the wreath.

Sizes and types of wreaths will depend on the materials available and to a certain extent on the family's geographical location. But many variations on the basic design will suggest themselves, once the project of wreath-making is undertaken.

Evolution Given Of Santa Claus

St. Nicholas and Santa Claus met at the Sunday School Christmas party and, being sort of busy right then, agreed to rendezvous at midnight under the Christmas tree.

St. Nicholas, a lean Asiatic wearing his miter and canonical robes, spoke first:

"I lived in Asia Minor some 1600 years ago. I was Archbishop of Myra and, while living on earth, I did drop a few purses of gold down a poor man's chimney so his daughters could be supplied with dowries. European countries celebrate my liturgical Feast Day December 6—as a day of gift-giving and for centuries I rode across Europe on my old gray mare; my pockets bulged with apples and nuts and trinkets; which I gave to good children while switching the naughty

Santa at army outpost.

ones with my bundle of birch rods. But what is all this Christmas business—and where did that red suit came from?"

"When the Dutch settlers came to America," replied Santa Claus, "they brought many legends about St. Nicholas with them. These legends, with writers and cartoonists cooperating, gradually slipped into American traditions; Santa Claus started coming around at Christmas time; Washington Irving suggested the sleigh and reindeer in 1809; Thomas Nast supplied the red suit, and Dr. Clement Moore sort of tied the whole idea together when he wrote 'The Visit of St. Nicholas' in 1822."

Someone forgot to turn out the lights after the Sunday School party—and St. Nicholas was so interested in Santa's zippered boots that he forgot his bundle of birch rods.

Nightly Posadas Drama Of Nine-Day Christmas

In Mexico, "Posadas" commemorate the journey of Mary and Joseph and their attempt to find lodging in Bethlehem.

Families and friends are divided into two groups—the Holy Pilgrims and the Cruel Hearted Innkeepers. The Pilgrims, led by an angel guiding Mary and Joseph, march through the house carrying lighted candles and singing the Litany of Loretto.

The Innkeepers slip into a room and close the door; soon Joseph begs entrance, which is refused until much coaxing and explanation reveal how desperately Mary needs shelter and the Pilgrims are finally admitted whereupon the whole assembly kneels in prayer before an improvised altar.

[illegible] refreshments are served and the evening is spent in jollification.

Baked Apples

For baked apples, select sound fruit. Wash, core and cover with a mixture of sugar and water to satisfy individual taste. Bake until only one-fourth done, then place in No. 2 re-enameled cans to within one-half inch of top. Cover with the sweetened juice to fill can. Seal immediately and process for 25 minutes in boiling hot water bath. Cool quickly, dry and label.

Cooking Game

The secret of cooking any wild meat is to conserve moisture. Wild meat is naturally drier and tougher than domestic meat; the general rule is to cook game for a longer time at a lower temperature than other meats. While, homemakers do not cook domestic meat in covered pans, this method is often better for wild meat. The covered roaster is best for long, slow, moist cooking.

MODERN POETRY

Edited By
Esther Weakley

A MOTHER'S WAY

Son, when you find the barn in Bethlehem,
Before you offer frankincense and gold,
Give His mother this white woollen blanket
So she can protect Him from the cold.
Tell her if is one I made for you
When you were a baby . . . she will know . . .
And when you and the others near the barn,
Do not approach it with your arms outstretched
Lest she see your shadows, like three crosses, etched
Aslant the snow.

Esther Weakley.

*After inquiring of two ministers and the Weather Man, who did not know, I called Mrs. Melvin Anderson, 147 Nashoba-st, and she gave me the Bible reference that verifies the fact that it does snow in Bethlehem. This had been questioned as I wanted to be sure.

THE CHRISTMAS LEGEND

The legend runs On Christmas Eve
A little candle's ray,
Shining through the dusk, will light
The Christ Child on His way.
I've polished well my window pane
And set my candle there;
I'll light it when the twilight comes
And say a little prayer:
Dear Christ Child, may my candle's light
Lead You into my heart tonight.

FOR MARY

Mary, slender little Mary,
Gently singing Him to rest,
Know you peace that did not vary
With His head upon your breast?
Kept you tranquil, even dimly
Facing then your certain loss,
With His baby beauty grimly
Shadowed by a distant cross?
Blessed Mary, tender, waitful,
Who rock a little son
Press him closely, prayerful, grateful
Mine is not the Holy One.
Mary, were you never sighing,
Grieving that Jehovah's hand
Chose your Babe from the beginning?
If you were, I understand.

Dorothy Gallaway,
in "Between the Bookends."

THE CHRIST IS KING

When startled shepherds heard the wondrous theme
Of "Peace on earth; for Christ, the Lord is born,"
A sleeping world awoke from its long dream
Of conquering battles to a peaceful morn.
We who, like Magi, long have sought to find
The cradled King on pilgrimage afar
To His indwelling presence have been blind;
But now we find within our hearts His star.
Whenever mankind prays to Christ in men
For "peace, good will" of which God's angels sing,
Each heart—a kingdom—brings its gift again
And lays it at the feet of Christ, made King!

WAIKIKI CHRISTMAS

Our surfboard on the beach;
The last swimmer gone.
Lights in the trees
Where rests the lion mountain.
Rain in the sea,
Rain on the padded sand;
Beat of a northwest rain
Breaking the waves' smooth contour,
Dripping from the kiawe
Into the black canoes;
Finding the hole of the sand crab,
Blurring the prints of the people;
Gleaming, running, sliding
From the forgotten surfboard.

B. Melgaard,

"Iron Lung" Gets There Just In Time for Use

Children's Hospital, center of infantile paralysis care and treatment for Franklin County, today has a new respirator—but it was necessary to put it into use before it could be formally presented by the local chapter of the National Foundation for Infantile Paralysis.

When the "iron lung" arrived, Sid R. Phillips, chairman of the chapter, was scheduled to make the presentation to officials of the hospital.

However, a new victim of the disease, an 11-year-old girl, had to be placed into the respirator almost immediately.

Mr. Phillips, whose organization conducts the annual local "March of Dimes" campaign in January, said he hoped that additional respirators could be purchased next year. There are now six respirators at Children's Hospital, all in use, and four of them have been borrowed from other cities. The two "lungs" which belong to the hospital were purchased this year with "March of Dimes" funds.

What Is Christmas Without Toys?

There is no shortage of toys, although the trend has been toward mechanical or educational types. Dolls have not been forgotten, however.

Save Greeting Cards for Making Different Unique Gift Decorations

Here's a suggestion that will make your friends wish they had thought of it first.

Don't throw away the lovely greeting cards you have received and saved during the year. Keep them as ornaments for packages, or to decorate an otherwise plain wall.

The next time you wrap a gift for someone, glance through the greeting cards you have saved and pick out one with a colorful or appropriate picture on it. Cut the picture out neatly, glue or paste it on your gift wrapping. That's all there is to it.

There are any number of objects about the house that cutouts from greeting cards might brighten: closet doors, furniture, waste paper baskets, screen and cigarette boxes. Pasted on and coated with a preservative of clear shellac, greeting cards can serve a variety of decorative purposes.

Inexpensive and distinctive gift novelties can be made from the greeting cards. Bookends, jelly jars for flower vases, bookmarks, matchbooks, handblotters, tally cards and score pads can be made to look quite impressive by the simple addition of a design cut out from greeting cards and pasted on these objects.

The lovely etchings and reproductions of famous masters and the flower prints that appear on so many greeting cards are well worth the price of a small frame. These pint-sized pictures are "just the thing" to brighten a dark corner of some room or entrance hall.

Some rainy afternoon when the children are looking for something to do, give them the greeting cards you have saved during the year. Especially will they like to make gay blotters from the cutout designs. Have them make small-sized ones for checkbooks, a good-sized one for Dad's desk, and a pretty feminine one for Mother's correspondence, or selected ones for friends.

Hilltop To Celebrate A Different Kind of Christmas

A different kind of Christmas is being planned on the Hilltop this year. Freedom from worry and strain and a new kind of rejoicing is evident in the air.

Homes that have been broken for the past four years are reunited and mothers, fathers, wives and sweethearts who have put up a brave pretense of gaiety for what sometimes seemed time unending, are making plans for a gay old-fashioned Christmas again.

A fairyland of Christmas trees, gay lights and decorations has suddenly appeared in homes and stores. Outside decorations are appearing again. Good will is very much in evidence. In some homes there are grief and sorrow that will never entirely disappear. Such homes merely continue the pretense.

Boys and men of this community who have been in strange places all over the face of the earth are eagerly looking forward to a good old-fashioned Christmas on the Hilltop, in their own homes and with their loved ones again.

Peace is once again with us after four long years of suffering and struggle. The lesson of the Christ child seems very appropriate this Yuletide season. "Joy to the World, the Lord Is Born."

Penicillin Aids Children

Three pediatricians reported the effectiveness of oral penicillin administered to 10 children with gonorrhea, two with pneumonia and two with cellulitis, an inflammation of the soft tissues underlying the skin. There was prompt recovery in all cases.

Shoulder Cuffs

Do not throw away cuffs from men's discarded shirts. They are very useful in making shoulder pads for washable blouses and dresses. They retain stiffness better than other material and do not wad as those stuffed with cotton. One cuff will make two narrow pads which are suited to the short sleeves we are now using. Lay three small darts in the side of the cuff and sew to the top of the armhole seam so that the pad will extend into the sleeve or follow a pattern for shaping the pad and finishing.

Amsterdam Dutch Brought Santa Claus Across With Them

The American version of Santa Claus was found chiefly in New York until a paper in that city published the poem we know as "'Twas the Night Before Christmas," then it spread rapidly over the whole country and now every community has a similar legend.

It all began about 300 years ago. When the Dutch boys and girls first came to America in the early 17th century, and settled in New Amsterdam, they brought Sinter

The Dutch "Sinter Klaas" from whom our Santa Claus descends represents the bishop of Myra in Asia Minor, who was noted for his charity and goodness. In the Dutch pageants Sinter Klaas rides on a white horse, accompanied by his servant "Black Piet."

Klaas with them, and Sinter Klaas Eve was still their most important day. After a time, the English took Amsterdam from the Dutch and named it New York.

Many years before this, the English had had a Saint Nicholas celebration. In the English celebration, the choir boys elected a boy bishop and for a week boys went around the town begging gifts, but these festivities had been stopped by royal decree. When the English took over New York, the Dutch boys and girls kept right on celebrating Sinter Klaas day in spite of the English laws. Later Norwegian and Belgian children who settled in and near New York, also [illegible] the day in a similar manner. It wasn't long before English boys and girls wanted to celebrate, too. Since they already were celebrating Christ's birthday on December 25, they chose that day as the one on which to exchange gifts. The English children called Sinter Klaas Santa Claus.

As more and more people of different nationalities came to America, each added its bit to the celebration of Santa Claus day. From the Norwegians came his reindeer, the Italians gave us the custom of hanging up our stockings and so on. The regal figure of Sinter Klaas slowly changed to the fat, jolly Santa Claus of today.

Reason for Eight Reindeers

Have you ever stopped to think why St. Nicholas drives eight reindeer instead of one? You haven't? Well, let's pause for a moment and figure it out.

St. Nicholas is a mythical character, he rides in a mythical sleigh, carries a mythical bag, and drives mythical reindeer. The creators of St. Nicholas knew that one reindeer would do the job, but in order to make the character more impressive and longer remembered, they hitched a matched unit of eight to the sleigh.

Rooms Needed For University Students

Appeals for the listing of additional rooms for Ohio State University students were made today by Dean of Women Christine Y. Conaway and Dean of Men Joseph A. Park.

Large numbers of returned service men are among the prospective students endeavoring to find housing in order that they may enroll for the winter term starting January 3.

Rooms for men and apartments for couples may be listed by telephoning the dean of men, those for women with the dean of women.

Slice large carrots crosswise in thin slices. Chill thoroughly in refrigerator, placing in ice water unless very fresh. Spread with peanut butter.

Balsam Fir Chosen by Heavenly Messengers

According to Anagarius, who converted the Vikings to Christianity, the Lord sent Faith, Hope and Charity to earth to select His Christmas Tree.

They selected the Balsam Fir because it was as high as Hope, as wide as Love, and bore the sign of the cross on every branch.

Constructive Toys Make Better Gifts

When you buy toys for children, give a thought to their constructive qualities. How much can they do with the gifts you are providing them? Will they soon tire of them and go back to the good old spoons and pans in the cupboard that they can do so many things with? If you buy a doll, get one that can be dressed, bathed and brushed. If a boy wants a doll, let him have it. Fathers love children.

Growing children need big toys that require lifting, tugging, running —movement of muscles. Blocks are ideal. Think of the things that can be done with them! One carpenter out of work made quite a good thing last Christmas of children's blocks. He collected odds and ends of boards at the lumber yard, planed them off smoothly, painted them gay colors and sold them in lots of a dozen up to 100. Wagons, cars, scooters, sleds, and skiis are good. But the toy should suit the age of the recipient. Every boy should have a ball of some kind. Boys like trains, but wooden blocks painted to resemble cars are better than the kinds that can run only on tracks. Girls are pleased with rolling pins, doll beds, houses, trunks, small chairs and tables, and dishes. One mother writes that her son's most cherished gift last Christmas was five pounds of assorted nails given him by an understanding uncle.

For older folks, books and Christmas just seem to go together as naturally as bread and jam; or

Educational toys are popular.

ham and eggs. A home-made book may make a hit. It may consist of leaves of brightly colored cambric, ten colors in all, sewed securely through the middle to hold them together, and with pinked edges.

Record To Be In Buckeye Contest

The Hilltop Record will be on display at the Golden Jubilee Celebration of the Buckeye Press Association to be held in Columbus on Feb. 7 and 8, during the Ohio Newspaper Association convention.

Weekly papers 50 years ago formed the Buckeye Press Association to promote better understanding and an exchange of ideas so that the general public might better be served by local papers.

The Record will be exhibited for suggestions by judges and viewed by state officials, including members of the Legislature.

Neither the Ohio Newspaper Association, which comprises all the newspapers in Ohio, nor the Buckeye Press Association, composed of weekly papers, has ever asked a special favor for themselves, but they are constantly on the alert to preserve the interests of the general public. Agreeing with this, this newspaper through close association with the activities of the newspaper publishing business, is ever vigilant to bring to our readers the best that is possible.

ONE NEIGHBORHOOD

We speak of the Hilltop and flats
But they are one neighborhood.
Some good some bad some wear no hats
Use the same coal and wood.
Both have their pleasures and sorrow
Stood by the bed of their dead,
Always willing to lend and to borrow
Divide their last loaf of bread.
Their boys together in a foreign land
Five thousand miles away.
It behooves them to stand hand in hand
Even if working on the OPA.
Brothers in battle in the marts of trade
In fair or inclement weather,
Many good friends are sure to be made
If they all stand together.

Phosphorus is essential to the functioning of the brain, and because fish is rich in the mineral, it has often been referred to as brain food.

One female moth and her family can destroy, in a single year, as much wool as it would take one dozen sheep to produce.

PEACE ON EARTH GOOD WILL TO MEN

How wonderful and joyous this Christmas is for at last triumphant peace has come to this world and for the first time in many years, we can again enjoy a merry Christmas. During the long years of war, we fervently prayed to our Lord that He would send Peace to the world. And our prayers were answered. The tyrannical foes of freedom have been conquered and once again, there is blessed peace on earth, good will to all men. For this greatest gift of all — a gift so rare that without it all mankind would perish from this earth—let us attend church services this peaceful, victorious Christmas and offer thanks to our Lord, the Prince of Peace, this 1945th year of His Birth.

A Bright New Year

It is with great enthusiasm that we look forward to the new year on the Hilltop.

Nineteen Forty-Six should be one of outstanding growth and accomplishment for the Hilltop.

With the return of many more men from service new business firms, new ideas and new enthusiasm should set a pace for development here the like of which we have not seen before.

Here's to 1946, the Hilltop's biggest year!

• • •

The following poem came from army personnel out in the Pacific and well expresses the feelings of men awaiting transportation home:

THE CHRISTMAS CAROL
1945
(Pacific Version)

It's a month before Christmas
and all through the service
Not a damned man is moving
and we're all getting nervous.
Great plans and new systems
are devolved every day,
Releasing three men; making
two million stay.

For Georgie the "Marshal"
and his nautical mate
Are defending Pearl Harbor
just four years too late.
Our dear little "Richie" is no
longer lonely,
For his pineapple pentagon has
"Standing Room Only."

MacArthur, the Mighty, grew
purple with wrath.
Screamed he: "General R.,
they're moving too fast,
There must be some way to
make most of them stay."
So God-With-Five-Stars took
our shipping away.

For a while public protests
were getting too loud,
So the powers took action to
quiet the crowd.
Said a general (then colonel),
"Why, what would be finer
Than to start just a tiny rebellion in China?"

Of course they have reasons
to keep us all here,
For as long as we stay they
won't have to fear
That they'll lose one or two
of their so-precious stars,
Or their eagles and oak-leaves
revert to gold bars.

Now Joe Doaks, the welder, is
filled with delight,
For Joe's twenty-six and "too
old to fight."
Thus to draft this old man
would be quite a crime,
So he marched all day in a long
picket line.

Our Tony Pazoota has jumped
on a plane,
(Tony plays football and has a
big name).
But poor Brown, the private,
will just have to wait.
(He is only a father, and can't
draw a gate).

For all good little officers, who
polish their bars,
Santa's not wearing whiskers,
but three silver stars.
The Recruiters are screaming,
"Let's join in the fight,"
And to all who will listen we
say,
"BARNUM WAS RIGHT."

Col. Nolen Is Kiwanis Speaker

Col. H. C. Nolen, who served on the staff of General Ike Eisenhower in Europe, will speak on "Governing German Business" at the Thursday meeting of the Hilltop Kiwanis Club.

Col. Nolen entered the army in February, 1943, and after a short period of training was sent to North Africa as a major in military government branch. He gave notable service in Sicily, Italy, France and Germany in connection with the military functions of government of occupied territory. From March, 1944, until his discharge in August, 1945, he was a member of the personal staff of Gen. Eisenhower.

During the later period of his service Col. Nolen headed the group which had charge of the reorganization of the whole of German industry. His experiences on this job form the basis for his talk next Thursday.

Check Pneumonia

Pneumonia, once a frequently fatal disease, causing about 90,000 deaths in the United States annually, is gradually retreating before the advance of modern medicine.

We certainly hope that your outlook is always bright, and that day and night good fortune will follow you. Can't say we're sorry to see the old year go—and we sure are glad to welcome the new.

Mr. and Mrs. Harry Lowrie, 275 Eldon-av, celebrated their golden wedding anniversary Sunday, Dec. 23, with an open house at which 90 guests were present.

The Lowries were married at Kansas City, Mo., 50 years ago. They have been residents of the Hilltop for many years. Mr. Lowrie has been employed at the Jeffrey Manufacturing Co. for almost 30 years.

For the occasion, Mrs. Lowrie was attired in a long black gown with a pink yoke. A corsage of pink rosebuds was pinned to her shoulder.

The two daughters of the couple, Mrs. Fred Hutson and Mrs. Harriet Browning, of the Eldon-av address, planned the party for their parents.

The bride was attired in a grey suit, with gold accents, a matching half hat with gold feathers and brown accessories. A corsage of violets was pinned to her shoulder.

Miss Evelyn Bantz, 1625 Franklin Park South, was the only attendant. She wore a pink bolero suit lined and faced in brown and a half hat trimmed in pink feathers. Her accessories were brown and she wore a corsage of white camellias.

Capt. Dick Downing, brother of the bridegroom, acted as best man for his brother. Mr. Harold Walden was usher.

Mr. Downing was recently discharged from the army, after four years' service overseas. At present he is a student at Otterbein College.

Couple Celebrates Anniversary Dec. 9

Mr. and Mrs. L. A. Holobaugh, 1577 Walsh-av, celebrated their golden wedding anniversary at their home on Dec. 9.

Mr. and Mrs. Holobaugh have been members of the Seventh Day Adventist Church for 49 years.

Four sisters and one brother of Mr. Holobaugh from out of town were present for the celebration.

"The New Year"

Another year is coming to life
Will it be a year of tears?
Will we abide in peace or strife,
Live contended—or in fears?
Blaze a bright trail of enterprise
Asking for help Divine?
Or watch war planes in the skies,
Your guess is as good as mine.

Will the new year settle disorder
Along the environs of right?
Can we maintain a peaceful border
Without resorting to might?
Will we heed those who are pleading
Mothers on the decline?
Thousands of hearts that are bleeding,
Your guess is as good as mine.

"LISTEN TO THE ATOM"
An atom spake to a soldier boy
With one arm shot away,
Worry not if your joy is alloy
I'll be with you night and day.
I will be standing by your side
To comfort you while here,
With God some day you will abide,
You haven't anything to fear.

God has a place for you, soldier boy,
'Twas the Devil who sent you in,
Altho your joy will be cheap alloy
You have committed no sin.
Many like you were crippled, my boy,
Shaken to the very core,
You're better far tho little you enjoy
Than those who started this war.

Glee Club, Orchestra To Stage Lavish Operetta

By Carol Bancroft

"The Goldoliers," a colorful Gilbert and Sullivant Operetta, will be presented by West's Choir and Orchestra on Thursday, January 10, at West High School's auditorium for a one night engagement. All seats will be reserved and will sell at fifty cents per person.

This operetta offers drama, suspense, music, romance, comedy, and dancing—all in one evening's entertainment. To tell the plot of this story would ruin its purpose—suspense—but the question uppermost in the minds of the audience during the entire production will be — WHO IS THE LONG-LOST KING OF BARATARIA? Dashing Italian gondoliers, beautiful signorinas, kings and queens, and dancing peasant girls are entwined in this romantic tale of old Italy in the days of lords and ladies. This operetta will attract both the "long-hair" and the "hep cat" crowds because Sullivan's classical, yet down to earth music will be familiar to all who hear it. A surprise ending, a dramatic twist which is being used frequently in many modern presentations, is also the crowning climax of "The Goldoliers."

The cast includes: Stan Carter as the Duke of Plaza-Toro, Tommy Witherspoon as Luiz, Carl Schlottig as Don Alhambra, Don Ochs as Marco, Jack Jones as Giuseppe, Don Casto as Antonio, Jay Bruckmeyer as Francesco, Ken Beymer as Giorgio, Henri Kinder as the Duchess of Plaza-Toro, Joan Heischman as Casilda, Ann Faunce as Gianetta, Jo Sherritt as Tessa, Kitty Cline as Fiametta, Norma Cunningham as Vittoria, Mary Lou Mangold as Giulia, and Phyllis Mosier as Inez.

Clara Spratley, Rowena Self, and Alice Howells, and Rhoda O'Hara will handle the important job of costuming the cast.

Don Story and Maude Jackson will handle all the music distribution.

Lou Ellen Hoffman, Carol Bancroft, Doug Bell; Clark Johnson, and Jack Jones will publicize the operetta.

The chorus of fifty-five voices and the twenty-seven piece orchestra are also working hard to make this magnificent production a huge success.

Mrs. Ruth Wade's expert hand will be instrumental in the application of the cast's makeup.

Jean Brown, Shirley Kietzman, Marianne Evans, Marilyn Michel, Betty Blum, Joan Buel, Evelyn Zinn, Martha Toy, Joan Simpson, Edith Wilkins, Virginia Herbert, Vera Starkey, Jean Hilton, Joan Rowly, Eliamgo Oestricher, and Ruth Prahl will formally usher this event.

Mrs. Edith White and Herman Germain direct the show.

OSU Twilight Winter Program Opens Wednesday

Employed persons who wish to continue their education in evening hours will have 110 courses to choose from on the winter quarter program of Ohio State University's Twilight School, it was announced today by Dr. Norval Neil Luxon, director of the Twilight School.

The courses are offered by 34 departments of instruction and are on all levels from freshman year through the graduate school. In the autumn quarter 1414 students were enrolled and registration for the winter quarter has been heavy to date, the Twilight School office reports.

Students may register and pay their fees in person Wednesday, Jan. 2, between 6:30 and 9 p. m. The Twilight School office will also be open until 9 p. m. Thursday and Friday, and next week through Thursday, Jan. 10.

Because of the large number of returning veterans and the heavy increase in daytime enrollment, persons planning to attend Twilight School this winter are urged to enroll promptly because certain courses will probably be filled early, Twilight School officials stated.

Growing With The Hilltop

It hasn't been so very many years ago since I wrote a story in the Record on the passing of the million dollar mark by the First Federal Savings & Loan Association.

Back at that time a million dollar institution in our midst was really something to crow about.

Today we carry the statement showing the firm to be over the 12 million mark.

This institution has grown with the Hilltop and its expression is largely due to the fact that it is made up of Hilltop home folks, has dealt largely with Hilltop folks and has contributed materially to the fine growth of this community.

Round About the Hilltops

Mr. and Mrs. C. H. Campbell had a welcome call Sunday morning from their son Fletcher who had just landed in Seattle after nearly two years overseas . . . Haven't heard the outcome of that party at Joe Goodwin's after his wife wanted him to act as Baby 1946 and come to the door attired in a diaper . . . She claims he should have done it 'cause he was willing to parade before the public in last year's Hilltop Minstrel with very little in the way of clothes . . . That's a bright new sight at the new Robinson store here on Broad street . . . Look for all the new gadgets soon at Seiller's since J. P. Merriman attended the house wares show in Chicago this week . . . Charley Hartzler announces for county commissioner this year.

Can You Help?

Help is badly needed in the housing situation in Columbus. Almost daily from three to a dozen calls come to this office inquiring if we know of any houses or rooms for rent.

The answer is usually the same. There just are none available.

In this neighborhood there are many individuals who can assist service men returning from overseas. Many homes have vacant rooms that could easily be equipped to provide a temporary home for a man and his wife or a single man. Why not consider this matter today? You furnish the room and list your name with The Record and we'll guarantee we can send you prospects.

Along this line C. S. Parks has submitted the following bit of verse which contains perhaps more truth than poetry:

"Can You Spare One Room?"

There's many rooms in Columbus today
Not used over once a year,
Carpet and furniture going to decay,
The atmosphere never clear.
Can you share with a soldier and wife,
The inconvenience will be mild
And might be the means of saving the life
Of a poor little innocent child.

Can you shelter for a month or two
A soldier from the foam?
You can't know what he went through
Trying to protect your home.
Winter is here — throw open your door
With a smile invite them in,
God, I know, will increase your store
And mitigate many a sin.

(C. S. PARKS)

Safe Sledding At Glenwood

At the suggestion of the Hilltop Community Council, the city parks commission has cut down all the stumps from the hillsides at Glenwood Park, removing the hazard of sledding in the park.

Last winter several children were hurt there, and when a committee from the Council, headed by Mrs. F. Kenneth Dickerson, visited Parks Superintendent Ray Dietz, he immediately took steps to remedy the condition.

Look Shop Owner Dies By Fan Stab

Re-opening of the Look Shop at 2369 Sullivant-av was delayed Wednesday by the death of the co-proprietor, Lawrence L. Pyle, in a freak accident in the basement of his step-son's home at 1821 Mooberry-st.

Mr. Pyle, who had worked until midnight preparing his new location for a Wednesday opening, had stopped at the home of his step-son, Charles V. Pyle, to pick up a load of plaster wall plaques for sale at the shop.

Stabbed by Blade

A five-inch fan, being used for drying the plaques, was running faultily and, according to Sgt. E. N. Butler, father-in-law of young Pyle, he had just handed his step-son an oil can to use on the fan when it broke at the base of the blades and he was stabbed in the heart by one of the flying objects.

His wife, Garnett, plans to open the Look Shop at a later date, with the help of young Pyle's wife, Norma. Mr. and Mrs. Pyle also operated Garnett's Gift Shop at 1391 Livingston-av.

Daniel L. Thimmes, 41, former proprietor of the Look Shop, died Thursday, Dec. 13, after a brief illness.

Youth Is Killed By Police As Crime Career Ends

The criminal career of two teen-agers came to a conclusion in the early hours of Thursday morning just west of Terrace-av in Broad-st. One boy is dead and the other is in the hands of authorities.

Near midnight police cruisers were notified by radio of the reported appearance in Broad-st of a Packard sedan belonging to Wylie Shroyer Funeral Home. Officers George Skipper, 40 N. Eureka-av, and Raymond L. McClain, 136 N. Chase-av, in the West Side cruiser, saw the stolen car near Schultz-av, and gave chase out Broad-st, at a speed reaching as much as 75 miles per hour.

When the driver of the car refused to halt after one shot had been fired at a left rear tire the officers fired three other shots which brought the car to a halt west of Terrace-av at about 1:27 a. m.

Sherman McKinley Little, age 18, of 40½ W. Noble-st, was dead on arrival at Mt. Carmel Hospital from wounds in the left side of his neck. Sidney Thompson, 14, of 16 W. Livingston-av, driver of the car, was wounded from broken glass from the windshield.

Thompson claimed he wanted to stop but was urged to keep on going by his companion in crime.

The car had been stolen from a parking lot downtown earlier in the afternoon. That evening the two had burglarized two West Side business houses, and had their gas tank filled without paying for it.

Thompson reported a wide list of burglaries by the team and numerous cars stolen. He was on probation by juvenile authorities and Little was an escapee of Boys Industrial School at Lancaster on Oct. 29.

Burned In Explosion

Robert Strope, 26, 676 S. Wayne-av, was burned on the feet, arms, legs and head, when a container of gasoline exploded at an Ohio Oil Co. filling station, 1456 W. Third-av, Friday morning, Dec. 28, emergency squadmen reported. Strope was taken to University Hospital, after he was given first aid.

Ellison and Navy Crew Celebrate Christmas On Beach of Okinawa

The crew of the USS W. W. Burrows held their Christmas celebration on the beach at Okinawa from 8 a. m. to 5 p. m., Dec. 23.

A recent letter from James F. Ellison, Sea. 1/c, son of Mr. and Mrs. Floyd Ellison, 309 Eldon-av, described in detail the events of the day.

Given permission for the party by the Seebees, who are in charge of the island, a large Christmas tree was erected on the beach, a fireplace was built and tables and chairs prepared in the woods.

Hamburgers Replace Turkey

Hot dogs and hamburgers were served to the boys and Christmas carols were sung in the afternoon.

A small Christmas tree sent by his mother decorated the table later when Christmas dinner was served on the ship.

"Jimmy," as he is known to his chums, goes on to say that he hopes the weather will moderate before he comes home, as he and his buddies felt they were almost freezing when the temperature dropped to 50 degrees. Colds were prevalent among the crew.

Richard M. Irvin Wins Baby Contest

Arrives Late Tuesday P. M.

The stork was late in fulfilling his obligation to the "First Baby of '46" contest, but he finally arrived at Mt. Carmel Hospital with a seven pound, nine ounce "bundle from heaven" in the person of Richard Madison Irvin at 3:06 p. m. Tuesday, Jan. 1.

Earliest reported Hilltop birth, Richard Madison is the son of Mr. and Mrs. Lawrence M. (Harriett Probst) Irvin of 265 S. Burgess-av. Dr. D. J. Alspaugh was the attending physician. Officials of Mt. Carmel verified the reported time of birth.

The Irvins, who have been Hilltop residents for 18 years, with the exception of two years spent in Urbana, have three other children. All girls, they are Lois Elaine, 12; Suzanne, 10, and Jane, two.

Baby Richard Madison is desperately in need of a new home as his parents were recently asked to vacate their present residence. They are willing either to rent or buy at a reasonable figure, according to an aunt, who acted as official spokesman. The number is RA. 0596.

Mr. Irvin is employed by the Federal Housing Administration, traveling out of Cleveland. He was on hand for the big occasion, having driven through by auto when he received the summons. His condition was reported to be such that he required train transportation back to Cleveland.

THE MARK OF GOOD TASTE—FURNITURE AT WHITE'S
WHITE'S FURNITURE
White's believe in an informed public guided by a real understanding of what it might expect in home furnishings and appliances in 1946. At present all signs point to an ever increasing supply of carpets, appliances and home furnishings. Each month's production will show marked improvement over the previous month's, and this will continue until maximum production is reached—probably by the end of 1946.
HOWEVER, this does not mean that everyone can buy what he needs at once. Some will have to wait. Because there is such a potential demand, factories will be unable to catch up with the backlog, short of two or three years. Be assured, White's Furniture will have its share of these products to offer you.

THE FRUIT OF UNCEASING LABOR

★ Between 1911 and 1935, a brief span of twenty-five years, extraordinary progress was made in public health. According to figures released by the Metropolitan Life Insurance Company, the duration of human life during this period was extended by almost fourteen years. It is all the more remarkable in the light of the history of this period, which included the first World War, the worst epidemic in recent history, and America's most severe depression.

Many agencies have contributed to make America a more healthful place in which to live. Not the least of these are scientific medicine and pharmacy, which work unceasingly for better methods of prevention and treatment of disease.

THE LAST DAY
FOR MEN NOW IN THE ARMY TO RETAIN THEIR PRESENT GRADES BY REENLISTING . . .

Men now in the Army who reenlist before February 1 will be reenlisted in their present grade. Men honorably discharged can reenlist within 20 days after discharge in the grade they held at the time of discharge, provided they reenlist before February 1, 1946.

There's a long list of attractive reenlistment privileges in the new Armed Forces Voluntary Recruitment Act of 1945. The ability to keep your present grade is only one of them, but this privilege expires on January 31.

There are plenty of other reasons why many thousands of men have enlisted, and more thousands are enlisting every day. You'll certainly want to know all of the opportunities open to you. If you'll read them carefully, you'll know why a job in the new peacetime Regular Army is being regarded today as "The Best Job in the World."

HIGHLIGHTS OF THE NEW ENLISTMENT PROGRAM

1. Enlistments for 1½, 2 or 3 years. (1-year enlistments permitted for men now in Army with 6 months' service.)
2. Enlistment age from 17 to 34 years inclusive, except for men now in Army, who may reenlist at any age.
3. Men reenlisting retain present grades, if they reenlist within 20 days after discharge and before February 1, 1946.
4. The best pay scale, medical care, food, quarters and clothing in Army history.
5. An increase in the reenlistment bonus to $50 for each year of active service since such bonus was last paid, or since last entry into service.
6. Up to 90 days' paid furlough, depending on length of service, with furlough travel paid to home and return, for men now in Army who enlist.
7. A 30-day furlough every year at full [illegible]
8. Mustering-out pay (based upon length of service) to all men who are discharged to reenlist.
9. Option to retire at half pay for life after 20 years' service—increasing to three-quarters pay after 30 years' service. All previous active federal military service counts toward retirement.
10. Benefits under the GI Bill of Rights.
11. Family allowances for the term of enlistment for dependents of men who enlist before July 1, 1946.
12. Opportunity to learn one or more of 200 skills and trades.
13. Choice of branch of service and overseas theater in the Air, Ground or Service Forces on 3-year enlistments.

"First Yank Into Tokyo"

—Court. Journal

Startling in its timeliness is "First Yank Into Tokyo," a sensational chapter in the long sequence of heroic undertakings that finally brought Japan to her knees—a chapter dealing with the salvage of an atomic bomb secret!

The drama — it might have come right out of today's headlines—proceeds from a plot basis so daringly original as to become emotionally shocking! An American patriot, a major, in order to serve his country in a vital and extreme need, consents to become, to all intents and purposes, a Jap——a transformation from which he knows there can be no return! Thus transformed, indistinguishable from the enemy himself, he seeks in Tokyo from an American prisoner a formula essential to atomic bomb success.

Heartbreak comes with his discovery of the woman he loves—and whom he has thought dead—and to whom forevermore he can be only a member of the hated Japanese race! One against an empire! A million-to-one shot hanging on hair-trigger action, and the atomic bombing of Hiroshima drawing closer!

These and more make "First Yank Into Tokyo" one of the most tensely gripping of screen offerings. It opens at the Westmont Theatre Wednesday, Jan. 9, for a two day play. Starring in this terrific picture are Barbara Hale and Tom Neal with a stellar supporting cast.

The accompanying feature is "Divorce," starring Kay Francis and Bruce Cabot.

Two Hilltop Poets Publish Brochures Of Best Works

By Esther Weakley

Two Hilltop residents have recently published brochures of their poetry. One is Mrs. Ola S. Runyon, 125 S. Wayne-av, a longtime Hilltopper, and Rev. Enoch C. Smith, 130 S. Burgess-av, pastor of the Hilltop Church of Christ.

"Starlight and Other Poems," by Mrs. Runyon, was published last month by The Hilltop Record. It is an attractively bound brochure of 24 pages, containing 41 poems, many of which appeared originally in The Hilltop Record.

Her "Musing by a Grave in Camp Chase Confederate Cemetery," which is included, was widely reprinted after it was first used in the Record. "Country School" is the longest poem in this collection, and one of her best. Mrs. Runyon has the happy faculty of combining simplicity and charm; her poems are intelligently conceived and beautifully written. Many have a delicate thread of humor and most of them have a wistful nostalgia for the old days. As in "Whippoorwill"

I see again the old oak tree,
Two lovers standing there
Wrapped in the thrill that lovers know
When life is young and fair.

One of her best is "Pathetic," a quatrain

A baby reaching for the moon,
An old man, feeble, tottering,
A last year' shock of corn, that stands
Alone, amidst the green of spring.

Mrs. Runyon's book is a collection of homey pictures, deftly painted.

"A Poem of the Christ" by Enoch C. Smith is a privately published, also attractively bound, brochure of 29 pages. It is the life of Christ in verse, with Bible references for each line. On the cover is a reproduction of Hoffman's Christ. The foreword states that the book is not an effort on the author's part to compete with the great poets of the world, nor to assume the role of a poet, but is an attempt to summarize the story of Jesus Christ, His nativity, life and mission, with the hope of making clear His central message in a language as musical and beautiful as possible.

In this, Rev. Smith has certainly succeeded. Professor George Walter Fiske of the Oberlin Graduate School of Theology at Oberlin, Ohio, said, "Mr. Smith has disclosed to us here far more than a high enthusiasm and a lilting facility in rhyming his mother tongue. His Biblical knowledge is not superficial. It is based upon the patient thoroughness of a true scholar. He has shown unusual skill in the sections of the story in which he has correctly summarized the life and ministry of Jesus Christ." Prof. Fiske said this of Mr. Smith's manuscript entitled "An Epic of The Apostle Paul," of which "A Poem of The Christ" is a component, but it describes this book far more intelligently and accurately than I could do it.

The book will be of limitless value to students of the Bible, Sunday School teachers, and to all who attend church and Sunday School and all who SHOULD attend, which takes in practically everyone, including golfers. It may be purchased from Mr. and Mrs. Smith, or at McClelland's Book Store. Price is 50 cents.

Rev. Smith has served two years at the Hilltop Church of Christ, after completing a 15-year pastorate for a church in Illinois. He has written many plays in verse form, which have been used by church organizations.

One especially beautiful verse in this brochure concerns the victorious Savior.

"As beauteous flowers distil their gifts
Of myrrh and balm, the air uplifts;
So Christ in wondrous purity
[illegible] sweet simplicity
Dispensed his great infinity
In lily-pure divinity.

"JESUS LOVES ME"
— — ANNA B. WARNER — —
Jesus loves me! this I know,
For the Bible tells me so;
Little ones to Him belong.
They are weak, but He is strong.
Yes, Jesus loves me,
Yes, Jesus loves me,
Yes, Jesus loves me.
The Bible tells me so.
Little Stories of GREAT HYMNS
For more than half a century children all over the world, even to the interior mountains of China, have loved this hymn, and today missionaries teach it to converts wherever they go. It was written by Anna B. Warner who wrote many bible stories, but would be remembered for this if she had written nothing else.

Here's Your New Car---Stalled by Strike

BODIES BY FISHER stand idle until the GM strike is settled.

RUGGED GM TRUCKS for commercial users must wait, too.

Your 1946 automobile may be stranded on the assembly lines.

A nationwide strike has paralyzed General Motors, the world's largest producer of passenger cars, trucks and buses, forcing consumers to wait indefinitely for essential transportation.

The strike was called by the United Automobile Workers (CIO) to enforce demands for a 30 per cent wage increase. The Union flatly rejected a 10 per cent increase offered by General Motors as a living cost adjustment.

The strike involves 175,000 hourly-rated employes. They are losing nearly $2,000,000 in wages daily, and these losses affect indirectly every phase of the nation's economy. Coincidentally, striking Union members have barred 50,000 office workers from their jobs in GM plants.

THE DONKEY'S CAROL

As they went up the broad road
That leads to Bethlehem—
Mary and her Child-to-be
And the donkey that carried them—
Joseph lagged from weariness;
Mary sighed full sore;
But the donkey held up his head,
Proud of the load he bore.

As they went up the white road
Along the printless snow—
Mary drooped her tired head,
Joseph's foot was slow;
But the donkey stepped out, light and high,
And though he had no words,
His heart was full of singing thoughts
Like silver-throated birds.

Yonder rode the holy twain.
As we follow them
Let us praise the donkey
Who went to Bethlehem,
So happy for the miracle
In which he had no part—
Carrying God upon his back
And heaven in his heart!

FOR A YOUNG MAN

My winter will be quiet, dear,
Friends will drop in for tea,
And now and then I'll wear the dress
That you first saw on me.
Things will go on, and much the same
As last year's little plan,
I'll have a party New Year's Eve,
And meet another man.
I'll buy some very gay new hats
You wouldn't like at all,
And keep some roses in my room,
(Long stemmed ones, pink and tall.)
My winter will be quiet, dear,
And probably you, somewhere,
Will get your ties mixed up again
And lipstick on your hair.
We'll meet each other on the street,
Speak politely (and unless
We don't die, darling, then and there,
That will be all, I guess.)

Betty Jane Balch,
in her book,
"To You, Darling."

HUSH THE WIND

Hush the wind
In the wild wood—
Still the whimpering
Of the breeze.

Stay the clouds
In their passing,
Still the trembling
Of the stars.

Stay the moon,
Night's pale lily,
Floating on strange
Seas of light.
Lo, the very winds
Are silent . . .
Oh the wandering
Moon is still!

"Peace on earth!"
The stars are singing,
"Christ the Lord,
The Lord is born!"

Hazel Shinn Krumm,
in her book,
"The Years Like Foxes."

BEDTIME IN GALILEE

When the little Jesus had been fed
And warmly covered in His bed,
I wonder if like other folks,
His mother told Him little jokes.

Or if she washed His little shirt,
All soiled from playing in the dirt,
And smoothed it out with loving care
Before she hung it on the chair.

Then, after she had fixed the latch,
Sat quietly and sewed a patch.
Perhaps she tiptoed with the lamp
To see if Jesus' curls were damp.

I wonder if she knelt and prayed
About the bills that were unpaid.

These precious bedtimes Mary had
Before she lost her little Lad.

Berenice Rice,
in "The American Album of Poetry."

HIS CHRISTMAS TREE

In the window stands a Christmas tree,
All lighted bright and gay
For a little boy who cannot see
Because he went away.

If we just stand here in the hall
And do not close the door,
Perhaps we'll hear his feet so small
Come pattering across the floor.

Within the shining candle light
Cast from that sparkling tree,
We'll see a little face so bright
Turned up joyously.

And who's to say it is not so,
Or that it cannot be,
When in our very hearts we'll know
He has come to see his tree.

Soviet Marriage

Russian marriage laws are very quaint, judging by our standards. When a couple marries in the Soviet, they assume either the husband's name, the wife's name, or if they choose, they can retain their own names. Their children are also given a similar choice. As for alimony, the father is not the sole payer, as in this country. Either the mother or the father has to pay alimony, depending on who has the custody of the children. The alimony is a fixed sum of money which varies only with the number of progeny.

Flower of Nativity

A little Mexican waif on Christmas Eve had no gift to take to the cathedral, so not wishing to enter empty-handed, she picked a weed along the roadside and climbed the steep path to the church. She knelt and laid her gift on the altar, and as she rose to go she saw that the poor little weed was transformed into the Poinsettia or the Flor de la Noche-buena, or Flower of the Nativity, as it is called in Mexico.

"CAREFUL AUTO DRIVERS"

Everybody should salute careful auto drivers
The ones never hauled into court,
No foolish display on the public highway
No accident had they to report.
Similar to the careful railroad engineer,
Two good eyes always on the rail,
Careful and sincere a brain always clear,
The kind never seen in jail.
Hands on the steering, foot near the brake
Never have time to gape about,
Always wide awake, no reckless chances take,
Immediately stop if in any doubt.
The safety of others, always seem to ponder,
And their blessings cannot be told,
But I will venture when they get up yonder,
They'll drive on a highway of gold.

DFC Entitles Navy Man To Discharge

Thomas P. Clark, ARM 2/c, grandson of Mr. and Mrs. William Horn, 164 Nashoma-av, recently received five citations for bravery during Pacific campaigns. He is home after 22 perilous months of combat at sea and in the air.

During an impressive ceremony in front of the Administration building of the U. S. Naval Hospital, U. S. Naval Base, Norfolk, Va., on Nov. 26, Capt. R. R. Gasser, medical officer in command, awarded the 20-year-old Thomas P. "Tee" Clark, Jr., the Distinguished Flying Cross and Air Medal with three gold stars in lieu of second, third and fourth Air Medals.

Tommy earned the citations while participating in operational flights from March 26, 1945, to June 20 of the same year. These flights were in the Nansei and Shoto operations.

He plans to matriculate at Ohio State University where he will study architectural design after fulfilling the necessary college requirements at a preparatory school for one year.

"Tee" has 23 points only, and has been in the service since July, 1942, but since he is a recipient of the Distinguished Flying Cross, he is eligible for discharge.

Fire Fatalities Show Increase

[illegible] fires and kindred [illegible] 1943 were 25 per cent [illegible] than in 1941, according to [illegible] supplied by the United States Census Bureau and compiled by the National Board of Fire Underwriters.

"Actually, there were 1200 more persons killed by fire in 1943 than in 1941, and a corresponding increase in 1944, the last year for which data is available for the entire country.

Considering this increasing toll of dead, and the tremendous increase in the nation's property loss by fire, which was reported to have reached $431,000,000 in the 12-month period ending October 31, 1945, it appears that the 1945 life and property loss will be one of the greatest in history.

An analysis of the report shows that defective heating appliances were responsible for a majority of the fires listed. Fire losses climb steadily during the winter months when people are using their stoves and furnaces, and remain at the year's highest level during this period. Such fires are particularly dangerous to human life, because they frequently occur during sleeping hours. Most of them could have been avoided had the occupants of the home given the heating appliances some attention.

The Fire Prevention Bureau is anxious to reduce the number of unnecessary fires in Columbus and will mail a pamphlet, "Forty-two Ways to Prevent Fires," to anyone writing the Bureau, Rm 226, City Hall, or calling Ma. 3131.

Chicken-Potato Chip Scallop Is Ideal For Buffet Suppers

Next time you entertain plan to have a buffet supper and serve chicken and potato chip scallop as the main dish. This delicious casserole is easy to prepare, easy to serve, and is most festive looking with its garnish of whole potato chips.

Here is a suggested menu:

Buffet Supper Menu
Chicken-Potato Chip Scallop
Molded Cranberry Salad
Assorted Relish Tray
Hot Rolls
Fudge Cake Squares
Coffee

Keep this recipe handy, too, as a grand way of using up left-over chicken or turkey. The flavor blends with almost any kind of vegetable and a salad of either fruit or tossed greens is equally good.

Chicken-Potato Chip Scallop

2 cups coarsely crushed potato chips
4 tablespoons butter or margarine
2 tablespoons chopped green pepper
1 tablespoon minced onion
½ cup sliced mushrooms
4 tablespoons flour
1 cup chicken stock
1 cup milk
½ cup grated American cheese
Salt and pepper to taste
2 cups cubed chicken
Potato chips for garnishing

Melt the butter or margarine in a heavy saucepan. Add the green pepper, onion and mushrooms and cook until onion is yellow. Add the flour and blend. Add chicken stock and milk (all milk may be used if desired) and cook and stir until smooth and thickened. Add cheese and stir until melted. Season to taste with salt and pepper.

Arrange one cup of the crushed potato chips in bottom of a casserole dish. Arrange one cup of cubed chicken over chips, top with half of the sauce mixture. Repeat layers. Garnish top of casserole with large whole potato chips. Bake for 25 minutes in a moderate oven, 350 degrees, or until thoroughly heated and lightly browned. This makes six servings.

The American army, know no rank in death,
All are the same when laid away,
After they have drawn their final breath
Generals and Privates are equal that day.
I suppose they figure after they die
On the battlefield or in bed
A monument reaching clear to the sky
Would be of no help to the dead.

Some say monuments inspire the living,
I'm not debating that mystery,
If they say there's nothing worth giving
That settles the question with me.
I will only remark while passing along
You can scratch my name on a tree,
After I say goodby to the passing throng
It won't make any difference to me.

Let's Change Our Parking System

An emphatic disapproval of installation of parking meters on Hilltop streets has been voiced by Hilltop business people. This is as it should be.

Such money raised from this source cannot be earmarked for police protection here and otherwise parking meters would prove only a nuisance element.

And while we are on the subject of parking why not eliminate this two side parking ban now in effect on many Hilltop streets.

We believe such parking should be prohibited on one side of the street but it certainly is not necessary on both sides. Much valuable parking space can be provided if such a plan is effected.

Good Luck, Mrs. Lamb

It is with a great deal of regret that The Record announces this week that a member of the staff for the past four and a half years, Mrs. Gladys Lamb, is leaving our employ.

During this period she has contributed much to the success of The Record and her services during the war have been especially appreciated.

In the organization of a new advertising agency in which she will be an active member, we wish her well. We sincerely believe that the many business firms in the community on which she has called during this time also join in our best wishes.

Who Shall Govern?

"The safety of the people shall be the highest law."

When this was forgotten the tyrants moved in and the Romans ceased to exist as a free people.

It has been the story of the human race ever since.

It is the history of tyranny everywhere.

Collapse of law and order brought Mussolini to power in Italy.

Collapse of law and order brought Hitler into power in Germany.

We have sacrificed thousands of men and billions in money to preserve our freedom.

Yet we sit idly by as the country drifts into a state of anarchy because groups of cowardly politicians refuse to enact clearly written laws that are honest and right for ALL the people.

It's Terrace Avenue Now . . .

The confusion which has been prevalent among Hilltop residents for many years, may be ended for the present by a statement made by the Post Office. It is officially Terrace Avenue, instead of Terrace Street.

Originally Terrace Street, the local residents refused to recognize it as such and insisted on calling it avenue. The city fathers firmly insisted that it be called street, in order to distinguish between our thoroughfare and a Terrace Avenue in the north end. Finally they gave in to pressure and changed the name officially to Terrace Avenue.

Since that time, it seems a Terrace Boulevard has come into being in the south end.

Post Office officials state that they now distinguish between the two avenues by the numbers, as Terrace Avenue in the north end runs in the 200 bracket.

Seek To Change Present Parking

A proposal that parking meters be installed in the Hilltop business section met with an emphatic "No" at the Tuesday evening meeting of the Hilltop Business Men's Association.

The matter was presented before the association at the request of a city official to determine what the attitude of local business people would be toward such installation.

It was pointed out that the installation of meters here with a charge of one to two cents per hour for parking would provide enough revenue to send additional police protection to the community.

The civic committee of the association, headed by Dr. R. J. Miller, will advise city officials that such a step will be frowned upon by this community.

Business men present voiced emphatic disapproval of the matter and furthermore suggested that every effort be made to open up one side of side streets off Broad and Sullivant for parking in the first half block instead of prohibiting parking on both sides as is now enforced.

Membership in the association was voted to Franklin D. Sparks of Hauntz Market and D. & M. Shell Service at Hague and Sullivant.

Booster prizes were won by Hazel Bercaw, Harriett Huff, Ed Melvin, Cora Darden, Chubby Distelhorst, Lou Saunders, Jack Shank and George Matson.

The association presented a special gift pen set to Curtis Roberts, retiring president of the association.

West Maintains League Lead With Two Close Wins

Beat Linden By 3 Points; North By 1

The rampaging West High School basketball team swept into their eighth consecutive win of the season when they nosed out a scrappy Linden McKinley squad 45-42 at the Hilltop gym Tuesday night.

Last Friday the Cowboys passed a crucial test by defeating North's Polar Bears 33-32 on a free throw by Don Borror after the final gun had sounded.

Tonight brings up the big game of the season for both the Glassmen and Central, who is now sharing the leading spot on an undefeated record. The game is expected to be played before an SRO crowd at the riverside school gym.

South Next

Tuesday will see the Hilltoppers continue the hot City League race when they entertain South at the West gym.

As in the past football season, the smooth-working Cowboy squad is winning ball games by a scant margin. Never have they had what could be called a safe difference, but they are playing it close right down to the final gun and so far have made it pay.

The members and alumnae of the Entre Nous Sunday School Class of Girls, of Hoge Memorial Church, sponsored a surprise birthday dinner in honor of their teacher and chorus director, Mrs. Daniel Jerman, 47 Clarendon-av, at the Seneca Hotel Friday night. Folowing the invocation given by Rev. A. J. Wold, the dinner was served.

Miss Anna Ray, assistant teacher and third president of the class, was chairman of arrangements for the dinner and at that time introduced Mrs. Marian Whipps (Edna Swickard), the first president of the class, who in turn introduced three of the four members who helped to organize this class, almost 15 years ago. They were Mrs. Helen Lucas Little, Miss Betty Glines, Mrs. Edna Whipps and Miss Marjorie Frazee, who now lives in South Bend, Ind.

Miss Norma Benoy, also a past president, introduced Mrs. Jerman's two daughters, Mrs. T. J. Stiverson and Mrs. E. B. McDowell, Jr., and their families.

Congratulatory remarks were made to Mrs. Jerman and her class by Mr. H. G. Deems, superintendent of the Sunday School; Mr. L. E. Saunders, who was the Sunday School superintendent 15 years ago, and Mr. J. G. Spears.

In the course of the evening vocal solos were rendered by Mrs. Herbert B. Knight, Mrs. Lon Grinstead, Miss Eleanor Wold and Mrs. Robert L. Gilliam. Mrs. Chris Nowell was accompanist and Miss Marjorie Short, piano soloist.

At the close of the dinner a huge birthday cake, lighted with candles, was placed before the honored guest.

An interesting feature of the evening was the presentation of the many gifts, while this year's president, Miss Phyllis Weber, sang "Always."

At the conclusion of the program a pleasant social hour was spent, with 77 members and guests present.

Ninety per cent of all tire trouble occurs in the last few hundred miles of a tire's life. Treads are thin—tires can be bruised easily—tacks and nails haven't far to go to puncture the tube—weak spots have little trouble in causing a blowout.

Are your tires worn down to the point where most of the grief starts? Best way to make sure is to drive in and let us look them over. We'll tell you in a jiffy. And better still, we'll help you avoid trouble by repairing weak spots and recapping tires that have treads worn thin. No certificate needed.

Pretty Candlelight Ceremony Sunday Unites Miss Martin, Mr. Boyd C. Wolfe

MR. AND MRS. ROBERT LEE WOLFE

Miss Betty Jane Martin, daughter of Mrs. L. E. Nider, 149 E. Blake-av, became the bride of Mr. Robert Lee Wolfe, son of Mrs. Florence C. Wolfe, 2458 N. High-st, and Mr. Boyd C. Wolfe, 74 N. Huron-av, Sunday afternoon, Jan. 5.

An altar banked with white pompoms and gladioli and lighted softly with candles, formed the background for the service. The Rev. George Wilson officiated.

Given in marriage by her brother, Mr. William Martin, the bride was gowned in white taffeta. The fitted bodice had a sweetheart neckline. Long sleeves ended in points over the bands. A bustle extended into a long train. A veil of bridal illusion was held by a shirred halo, caught with clusters of orange blossoms at the sides. She wore a strand of pearls which were a gift of the bridegroom, and carried a white prayer book topped with white shattered carnations and lavender and pink toned asters.

A sister of the bride, Mrs. Mary K. Morrison, was matron of honor. She wore a gown of pink brocaded satin, styled with a fitted bodice, bracelet length sleeves and a full skirt of net. She carried a bouquet of dusty pink carnations. Bridesmaids were Miss Olive Masters, Mrs. Carlene Frecker and Miss Doris Hodge. They wore identical gowns of aqua brocaded satin, fashioned with short puff sleeves, and carried bouquets of pink carnations. All the attendants wore Dutch-style hats to match their gowns. Bonnie Miller, flower girl, wore a gown of peach net over taffeta, a satin band and streamers in her hair. She carried a basket of flowers.

Mr. Dick Calland was best man for the bridegroom. Ushers were Mr. Elliott Bish, Mr. Melvin Hockman and Mr. Charles Jones.

Following the ceremony, a reception was held in the church parlors, at which 150 guests were present. The bride's mother wore a dress of aqua with a matching hat, black accessories and a corsage of yellow roses. The mother of the bridegroom wore an ensemble of gray wool, with dusty pink accessories. Her corsage was fashioned of a pink camilia and shattered carnations.

Music for the occasion was furnished by Miss Naomi Overly, soloist, accompanied by Mrs. Robert Knight.

The bride is associated with the Ohio Finance Co. Mr. Wolfe is connected with the U. S. post office.

The Human Body Is More Complex Than an Automobile

★ You wouldn't take your car to a garage and refuse to tell the mechanic what was wrong. The mechanic would have every right to doubt your sanity. Yet people frequently refuse to tell the physician of their ailments. They are anxious to have an "unbiased opinion."

You can save time and expense by being frank with your physician. To do a competent job of diagnosis he needs the history of your symptoms. The human body is far more complex than an automobile. For the best results give him all the facts.

All we need is the physician's prescription. We are competent to compound it exactly as he specifies.

Sweet Music

A steam shovel in operation has always fascinated me. But the one in operation this week by H. W. Holt & Son on our lot here in front of the Record shop has certainly been sweet music to our ears.

Comes April of this year and the Record will enter its 30th year of continuous publication on the Hilltop. During this time the paper has had three different homes. Each move has been to larger and better quarters. This time we are merely adding on but in such a way that at last we will have an office and working space in keeping with the kind of a paper we feel we have and one that will allow us to continue giving the Hilltop an even better Hilltop Record.

Good Luck Twiggers!

A hearty "Good Luck" to the new Children's Hospital Twig 42. The members are present and former residents of the Hilltop. Their program for 1946 has many interesting projects and it is fully expected that they will attain their goal and put Twig 42 right on top.

One of the events will be a bake sale in the near future, details to be announced later.

Bring The Dads Back

An organization known as the "Bring the Dads Back" is surely campaigning these days with a lot of vim and vigor in an effort to bring fathers home from the service.

And their story sounds good. Already they have sent 17,000 names on petitions to Congress, wires to the congressmen, and the local group has sent 120 pictures of babies with letters from said youngsters to Arthur Thomas in Washington. The same program is being carried on all over America.

Mrs. Eva Lou Louden, 162 N. Powell-av, is active in the club and tells the following story as sufficient reason:

Her husband, Ralph, is 30 years old, they have two children and he was sent overseas after the war was over. Right now he is in Germany, sitting in a nicely furnished office doing nothing. His total duties in a week consume 30 minutes all told. Numerous other men sit idly by doing the same thing. To top it off he has had no mail since he went over in November.

On Jan. 30 the group will be on WBNS on the Housewives' I. Q. program. Their next meeting is Jan. 28 at 7:30 p. m., at Franklin Post. If you are interested in bringing back the dads they invite you to be present.

Tiny Notes About Big People and Things: Comes a card from Sebring, Fla., from the B. H. McConnell's who report catching a lot of fish and getting a good sun tan . . . Ted Webb in to say hello and looking quite chipper after all these months as chairman of the Ration Board, a job I willed him. (Forgive me, Ted) . . . Another back to normalcy sign: Riepenhoff Cleaners doing their own cleaning again since they can get the necessary chemicals . . . Yeoman Bob Rose of the Hilltop had the honor of taking dictation from Admiral Nimitz one day recently down in Florida . . . His brother Cecil Rose has been made a major in the army . . . The public should become a little conscious of the Truman public health proposal, 'cause it may not be everything it is cracked up to be . . . George Wing, math teacher at West High, is also the mayor of Worthington . . . Lots of fine compliments for the West High operetta, "The Gondoliers" . . . Jerry Watson taking a much deserved vacation in New York . . . Charley Kent and wife taking a trip to California . . . Looks like that love bug is really biting our employees. First comes Ellen Clark's engagement announcement, then Jim Stedman announces he is going to walk the middle aisle next week, and now we all think our boy Chet Rinehart is turning over some such idea in his mind . . . Have decided to call the Kiwanis basketball team the "Five Old Men" after seeing Morgan Murphy and Lowell Shroyer after the first practice session.

Work Started On New Home For Record

Johnson Home Destroyed By Fire Monday

Tragedy struck just west of Columbus early Monday morning when the home of Mr. and Mrs. C. W. Johnson, 103 N. Garden Heights, was completely destroyed by fire, which originated in an oil stove.

Johnson is in the Navy stationed at Great Lakes.

The fire started when Mrs. Johnson attempted to light the stove, and spread with devastating rapidity. Alone in the house with her five-year old daughter, she placed the child in safety, called the Reese and Hilliard Fire Departments and proceeded to fight the fire until forced out of the house by the flames.

The house, partly insured, and all the contents, upon which no insurance at all was held, were utterly destroyed.

Another daughter, seven-years old, was in school at Rome, at the time.

The family was sheltered by neighbors for a time and are now being cared for at the home of Mrs. Johnson's sister. Meanwhile, the Red Cross succeeded in getting a furlough for Johnson and is helping to plan for the future of the family.

West High Operetta Big Success

One of the finest musical productions to be presented at West High School in many years was acclaimed as a huge success by those who saw "The Gondoliers" in the school auditorium last Thursday night, Jan. 10.

The production was filled with sparkling music and was colorful throughout. While the production was not a big money maker for the school this can easily be understood when one considers the cost of such a production.

It would be hard to single out many of the outstanding performers all of them having done a good job.

The cast included Stan Carter as the Duke of Plaza-Toro; Tom Witherspoon as Luiz; Carl Schlottig as Don Alhambra; Don Ochs as Marco; Jack Jones, Giuseppe; Don Casto, Antonio; Jay Brucklemeyer, Francesco; Ken Beymer, Giorgio; Henry Kinder as the Duchess of Plaza-Toro; Joan Helschman, Caslida; Ann Faunce, Gianetta; Jo Sherritt, Tessa; Kitty Cline, Fiametta; Norma Cunninghom, Vittoria! Mary Lou Mangold, Giulia; and Phyllis Mosier, Inez.

Clara Spratley, Rowena Self and Alice Howells, and Rhoda O'Hara costumed the cast.

Don Story and Maude Jackson handled music distribution.

Lou Ellen Hoffman, Carol Bancroft, Doug Bell, Clark Johnson and Jack Jones publicized the operetta.

Mrs. Ruth Wade directed the application of the cast's make-up.

Jean Brown, Shirley Kietzman, Marianne Evans, Marilyn Michel, Betty Blum, Joan Buel, Evelyn Zinn, Martha Toy, Joan Simpson, Edith Wilkins, Virginia Herbert, Vera Starkey, Jean Hilton, Ellamae Oestricher and Ruth Prahl formally ushered this event.

Mrs. Edith White and Herman Germain were the faculty directors.

A chorus of 55 voices and a 27-piece orchestra performed.

Mrs. Evelyn Hall, stage supervisor, and her stage crew: Gordon Armbrust, John Lehner, Tim Wise, Harold Trump, Dick McSaveney, Dick Palmer, Ed Sayre, and Ken Dickerson handled the stage setting, lighting and sound for the operetta.

Cowboys Drop Lead to Central Then Regain It

The West High School basketball squad was down and up this week, as the Cowboys were knocked out of the lead by Central last Friday, then came back into the top spot Tuesday night when they defeated South while East was knocking off Central.

Despite Jim Remington's 14 points and Jack Thrush's 10, the Glassmen just couldn't keep up during the second half as the Pirates ended with a score of 43-37.

The breaks went right for the Cowboys Tuesday night as they coasted to an easy 56-34 win over South's Bulldogs again to take the top spot in the City League.

Jim Remington, who last year led the league in scoring, built up his season total by scoring 24 points to take over the scoring lead again. He graduates on the 23rd of this month.

The Cowboys play at Bexley tonight and at Aquinas next Thursday.

The Way To Begin Is To Begin

The following item was received by this corner from O. H. Craft who got it from some trade journal, and it well explains the present situation:

It is absurdly easy to get all tangled up in discussions of housing shortages, building costs, rent control, inflation and other kindred topics, but none of these discussions, arguments or theories will put roofs over the heads of the thousands of discouraged home-seekers—augmented every day by several hundred more home-hungry service men—who wander from real estate office to real estate office, seeking some means of getting under cover.

The chances are that those in Congress and elsewhere, who are so busy trying to work out some theory or other, are all comfortably quartered somewhere and have only the haziest idea of the real seriousness of the situation. If they did grasp the situation as it really is, they'd quit theorizing, order all controls lifted and put the whole situation on the only track which really leads to a sensible solution, the track operated by private business.

There'd be confusion, of course, but with that confusion we'd get houses, whereas now we have ocnfusion but no houses.

Prices would be high, of course, but we'd get houses, whereas now prices are high but we get no houses.

Rents would go up, of course, but we'd have something to rent to people who are desperate for something to rent, whereas now rents are low but there is nothing to rent and no incenitve to build properties to rent.

There'd be shortages of materials, but there'd be an incentive to produce more materials, and we'd get houses, whereas now there are shortages of materials and price controls leave no incentive for the needed production, and we don't get houses.

We've all strung along pretty patiently with the theories and the theorists, and we are willing to admit that during the wartime period they did a pretty good job. But right now those theories are not providing houses, and we need **houses, houses, houses.**

The way to begin is to begin right away. Take off the controls and let us go to work!

Some erudite economist will knock this argument of ours into a cocked hat, but he won't build houses, and it is houses, not arguments, that we need.

Rabid Dog Reported

The first rabid dog of the year was reported from the 100 block of N. Wheatland-av, it was announced by the City Health Department Friday, Jan. 11.

Dr. Edward O'Dell, veterinarian, said no one was bitten, but members of the family having contact are taking the usual treatment.

Swinging Into High Gear

For several years now during the war The Hilltop Record staff, like all other business organizations has been in somewhat a skeleton form.

This week though, we are glad to report, we are swinging into high gear with a full staff and by next week expect to be back on a basis of complete normalcy.

We are glad to welcome back into the editor's chair Paul Wichterman, for many years associated with the Record, and as advertising manager Walter Davis who will be making regular calls on Hilltop and West Side firms.

It is our hope that with the enlarged staff we will again be in a position to make the Record more and more interesting.

Starting next week we will publish two section papers and continue this policy every week that advertising and news will justify it.

We invite you to partake of the service we offer.

Round About The Hilltop: Dr. and Mrs. R. J. Miller left yesterday for a visit to Indian River, Florida, in pursuit of sunshine and sand but when they got to Cincinnati they gave it up because of bad roads through Kentucky, and hurried back to the Hilltop . . . Frank R. Blackstone, 3255 W. Broad-st, is in training to become a state highway patrolman . . . Cpl. Raymond Anderson, stationed at Indiantown Gap, Pa., visited his family over the week-end . . . Another sign of the return to normalcy: A genuine steel tricycle at Keys five and dime emporium, but don't expect it to be there long . . . Home from Otterbein College over the week-end were Dorothy Henderson and Jo Clair Ross . . . Glen Shellhaas home from the service and about to go into the practice of law . . . And the same for Joe Hague who is back in the swing of the law business again . . . And another returnee is Bill Ferguson who will soon return to Dun and Bradstreets . . . A letter from Dorsey Forest up at Seattle asking for an apartment or house about March 1, and stating he ran onto Bill F. recently when he cleared that port . . . Mary Miller visiting with her parents at 229 Binns blvd . . . Bill Thomas, 2730 Vida pl., in boot training at Great Lakes . . . Four old timers back with the Hilltop Chorus after being in the service: Tom Reed, Bob Nichols, Norman Diehl and Dale Leonard . . . and Eddie Yarnell, a one time Record employee, now singing with the chorus . . . Lt. John Eckard expected home by the end of the week . . . Jerry Watson reports a good time on his New York trip . . . Ed Melvin thinking of Florida again these days and probably will do something about it . . . George Melvin in Paris writes home for a pair of pajamas . . . George Herron, 325 Whitethorne, still on his rounds of the country engineering for Seagrave Co. . . . Found: A lady's skirt in front of Essman's Grocery and owner may claim at Riepenhoff Cleaners . . . Frank Agee scouting around for collegiate clothes so he can take up his studies next week at Ohio U. . . . Mrs. Ed Slyh bakes one of the best pumpkin pies a feller ever ate, says Walter Davis, but we always liked to have proof of the pudding, and pie . . . Capt. Chester Hill called his parents from Indiantown Gap Wednesday and expects to be home today . . . Joe Goodwin has trouble telling his wife and daughter apart over the Don Ameche . . . Little Jimmy Wichterman calls Irwin Johnson the "wiggle worm" . . . Curt Roberts in the office displaying a nice red fox he bagged this week.

Buchanan Establishes Law Offices Here

Otis C. Buchanan, attorney-at-law, re-opened offices last week at 2334 W. Broad. He will be engaged in the general practice of law on the Hilltop.

Mr. Buchanan was formerly a special agent in the Intelligence Unit Income Tax in the Bureau of Internal Revenue, working under the United States Treasury Department.

Leo Phillips Selected As Interlocutor

Leo Phillips, 617 S. Ogden-av a veteran of many Hilltop and Columbus minstrel shows, will again serve as interlocutor in this year's Hilltop Minstrel to be held on Feb. 28 and March 1, Lee Koontz, director of the show, announced this week.

At the same time it was revealed that three of last year's black faced comedians will again hold down end man spots in the show, George Hardy and the Southworth brothers, Billy and Marvin, will again serve as "fun makers" for the entertainment.

A newcomer to the role of end man will be Joe Goodwin, Sullivant-av druggist. Goodwin has appeared in various parts in preceding shows but it will be his first experience as an end man.

The final invitation for talent for the show was extended by Koontz this week. Persons desiring try-outs should fill in the application form in today's Hilltop Record and take or mail it to the Record, 2463 W. Broad-st, or to Campbell's Pharmacy, 2766 W. Broad-st. Try-outs will be held on Feb. 4 in a place yet to be announced.

Remington Plays Final Game

Jim Remington, leading scorer in Columbus high school competition, played his last game of basketball for West High last night as the Bucks met Aquinas. Idle in league play Tuesday night, West lost to Bexley in a non-league game 46-38.

Meanwhile the local basketeers were pointing to their next league encounter with North on the West floor next Friday night.

West and Central remain deadlocked for first place in the league with Central favored slightly by virtue of one more win than West.

Hilltop Woman Goes To Washington; Presents Story Of Service Fathers

A travel weary young lady walked into the Record office Wednesday noon to report on her trip to Washington, D. C., in the interest of bringing back her husband and thousands of other fathers still in uniform. She was Mrs. Eva Lou Louden, 162 N. Powell-av, who had gone to the capitol along with two other Columbus mothers to help present the case of "Bring the Dads Back" to top military and naval officials.

Badly in need of sleep and plainly showing the strain of three days almost constant travel, Mrs. Louden told the Record of her experiences in appearing before Gen. Dwight D. Eisenhower and members of the Military Affairs Committee.

"General Eisenhower is a master at the art of evading questions," was her impression of the Army's highest ranking officer.

Mrs. Louden admitted that few positive gains could be noted as far as the Army was concerned although some Congressmen evidenced a sincere opinion over the number of fathers still in uniform.

Well Received By Naval Officer

Following their appearance before the hearing the 50 mothers attempted to see Adm. Chester Nimitz but were told they would have to wait an hour and a half. They were, however, very cordially received by an Admiral Halaway, who listened to their story with a sympathetic ear.

"He treated us like human beings," was Mrs. Louden's recollection of the Naval officer.

The officer explained to the group that starting July 1, all men with 18 months service would be out of the Navy. He pointed out that they would be back in the States and discharged on the very day on which their 18 months were up.

Accompanying Mrs. Louden on the trip were Mrs. Max Weitzel, 791 Bellows-av, and Mrs. Eugene McCarty, 248 Kanawha-av. While in Washington, Mrs. McCarty learned that her husband would be discharged by March 15.

Despite the lack of tangible results after visiting Washington, the "Bring the Dads Back" group will not diminish their efforts to see their program through. They plan an immediate letter writing campaign to lending radio news analysts in an attempt to enlist their support.

Mrs. Louden was thoroughly disgusted with the manner in which their group was written up in eastern newspapers. Most of them attempted to sensationalize the motive of the women in trying to get their husbands home. The papers continually linked photographs of service men fraternizing with Japanese girls as being the issue at stake and failed to report the interviews accurately.

"We are not afraid of losing our husbands," she pointed out. "We are only interested in getting our husbands back to their families where they are needed worse than by the services."

Memorial Hall Site Endorsed By Legion

West Broad Location Approved By Second Hilltop Organization

A resolution, requesting that the Franklin County Veteran's Memorial Building be located on West Broad Street just west of the bridge, was passed last Friday night by Camp Chase Post. No. 98, American Legion.

This was the second Hilltop organization to favor that location. Last week a similar request was endorsed by the Civic Committee of the Hilltop Business Men's Association.

The proposed location would be almost directly north of Central High School.

The Resolution

The resolution passed by members of Camp Chase Post read as follows:

"Whereas, a question of much importance to veterans at this time is the selection of the site of the new Franklin County Veterans' Memorial Building, and

Whereas, among the sites under consideration is the one commonly known as the West Broad site and located at the west end of the West Broad Street Bridge and the Scioto River.

Now, therefore, be it resolved that Camp Chase Post No. 98, American Legion, go on record as urging the selection of said West Broad Street site for said Franklin County Veterans Memorial Building for the reason that it lies greatly in the beautification of the Civic Center; Would be on the historic National Highway and provide better facilities because of its nearness to the downtown section and leading hotels."

Scout Group Spends Week-end Camping In Hocking County

A group of 16 young men interested in the senior scout bracket of the Boy Scouts spent last week-end at their new cabin located in the Hocking Hills, about two miles from South Bloomingville.

Ash Cave, Cedar Falls and Old Man's Cave are all located in a four-mile radius of the cabin. A hike on Sunday covered all these points of interest.

The cabin is located on Queer Creek in a pine tree forest with two waterfalls in the background.

All the young men are members of a Sea Scout Ship and Air Scout Squadron which meets at Schmelzer's, 3178 W. Broad-st, on Monday evenings studying the lore of the sea and the elements of flying. This is a program offered to all young men whether Boy Scouts or not who are at least 15 years of age. Anyone interested in such a program is invited to attend any meeting of the unit.

CUB MEETING POSTPONED

The monthly meeting of Cub Scout Pack No. 63 has been postponed from the scheduled night of Jan. 25 until Friday, Feb. 1, at 7:30 p. m., at Glenwood Church.

"ICE"

It's useless to complain of the weather,
We must take it as we find it,
And all our objections put together
Hasn't any power behind it.
The power rests with our Father above,
Some pleasure we must sacrifice,
All kinds of weather I enjoy and love
Except that pest slick ice.

Every step I take means a broken leg
Or so I always surmise,
I can't get outside to borrow or beg,
Slick ice I surely despise.
Nerves keyed up to the highest pitch
Worthless is friendly advice,
The poor and rich scoot into the ditch,
Only skaters like slick ice.

Prostate Gland Trouble?
I'm a railroad man and for over 3 years had difficulty working because of backaches due to Prostate Gland trouble. Doctor's formula proved of great benefit and before and since his death have sold them (now called Watt's Suppositories) to railroad men and others the country over. Fine testimonials and repeat business show the good work they do. Backache, getting up nights, often indicate an inflamed Prostate Gland. I guarantee your money back if not given relief. One dozen Watt's Suppositories, $1.25; 2½ dozen for $2.50. Sold at Economy Drug Stores. —(Adv.)

Ed Walker, Returned Vet, Dons Dancing Shoes Again

Edward Walker

Back from four and a half years of Army service, Edward Walker, dancer and teacher, once more dons his dancing shoes at Jimmy Rawlins' studio, 144 E. State St., where he will head the top department and also teach private lessons in ballroom dancing.

After graduating from West High in 1934, Walker majored in music at Ohio State University. He began his theatrical career here, studying at Jimmy Rawlins', then appearing in local night spots. He formed the dance act of Van and Walker and went on tour, entertaining in most major cities, with such bands as Bunny Berigan and Bob Crosby. His last appearance in Columbus was at the Ohio Theatre in 1935.

Walker joined the 107th Cavalry March 5, 1941 and after intensive training went to Infantry OCS, where he was commissioned a second lieutenant. Overseas to Hawaii he took Ranger training and from there went to Samoa and New Hebrides and on to Guadalcanal. He saw combat on Munda where he was wounded and evacuated to Guadalcanal, thence to New Caledonia. Meanwhile he rose in rank to first lieutenant and then to captain. After returning to active duty he was made a special service officer for the island of New Caledonia. He handled many of the movie stars such as Jack Benny, Ray Malland, Bob Hope and Frances Langford, whose friendships he renewed upon returning to the States.

He lives at 216 N. Oakley-av.

Miss Robertson, College Student, Writes Poem

The following poem was written by Miss Marjorie Robertson, daughter of Mr. and Mrs. F. F. Robertson, 65 S. Hague-av, who is a student at Pfeiffer Junior College in North Carolina.

Miss Robertson has just returned to her classes after spending the Christmas season at her home.

A Mid-Winter Night's Dream

With full apologies to Dr. Clement Moore and just a nod to Shakespeare

By Marjorie Robertson

Just the week before Christmas and all thru the dorm
We were tucked in our beds in rooms that were warm.
My stockings, a little the worse for the wear,
Were slung on the back of a near-by chair;
Outside snow was falling in beautiful flakes,
But I didn't care—I was too full of aches;
I had studied and slaved without deviation
And was planning to sleep thru all my vacation.
When out of the dark there came such a clatter
I leaped out of bed to see what was the matter.
I thought at the time 'twas the kid up one flight
Who starts up her radio late every night.
So I went to the window and loudly did cry,
"Is this the week before Christmas or the 4th of July?"
When what to my dead-with-sleep-eye did appear
But a dinkly little cart and eight puny reindeer,
And who should be driving right up to the door
But one of those masquerade guys from the store.
I said to myself, "What can be the guy's game?"
Then he clicked to his reindeer and called them by name:
"Now Olson, now Johnson, now Hope and now Crosby.
Now Abbot, Costello, and Laurel and Hardy!"
And just as I'm doping what next he will do,
Right up to the housetop the pony cart flew.
And then in a twinkling I heard on the roof
The prancing and pawing of meat on the hoof.
Just imagine my feeling, with sleep nearly dead
And some sap with an animal act overhead!
As I drew in my neck and was turning around
Down the stair steps my visitor came with a bound.
He was chubby, good natured, and oozing with glee.
But I ask you, dear reader, what was it to me?
The point that I make is 'twas then 12:09
And sleep should be peaceful, not restless like mine.
I was thinking how noisy he was and how slick,
When he said to me, "Lady, I'm only St. Nick."
Well, a poor weary co-ed is in no mood for fun.
I gave him a look and I asked him "Which one?"
As an overworked freshman, I said "You'll agree
That a look at St. Nick is no big treat to me.
This has gone far enough and this junk's gotta stop;
Take the air with those goats or I'll grab for the mop!"
He spoke not a word, but went on with his work,
And filled up my stocking; then turned with a jerk,
Jumped into his cart with a nod of his head,
And I pulled down the shade and fell into bed.
"Merry Christmas!" he called as away his deer flew
And I gave a yawn and I answered, "See you!"

Letters to the Editor

Dear Sirs:

Thank you for the subscription reminder. We would be very unhappy to miss a copy of the Record. It is like the visit of an old friend each week.

Thought the course and training is the best given, in eye alone, in the country. We still are very anxious to get back to the Hilltop and friends there.

Sincerely,
Mrs. H. D. Wright

Subscription Prices To Advance March 1

Subscription rates for The Hilltop Record are to be advanced 50c per year effective March 1. This is an increase of less than one cent per week.

While production costs mounted considerably during the war we did not advance the price of the paper because we had not been able to do the things we had originally outlined we hoped to do in the way of improving the paper.

However, now with a return toward normalcy we are stepping up the size of the paper and adding new features to make it well worth the increased price.

This advance is necessitated by the fact that newsprint advanced $6.00 per ton on Jan 1, making a total of $17 per ton increase since before the war.

While wages of all our employees are up considerably in the last four years we are faced with another and much higher wage scale when the new typographical union scale goes into effect next week. This raise alone will mean additional payroll of over $3500 during the year to our employees.

We feel that such an increase of 50c on the year in our subscription price is justified and sincerely hope we may have the cooperation of all our subscribers

To those who desire to pay their subscriptions in advance before the raise goes into effect we will accept up to two years advance payment at the rate of $1.50 per year. This offer is good only until March 1. Just call the Record at RA. 1125, come to the office or mail it in.

Comics

A page of comics . . . in The Hilltop Record . . . and starting next week!

Yes sir, it's a fact. Starting next Friday The Hilltop Record will carry as a regular feature the half page comic "Regular Fellars" by Gene Byrnes and the half page comic "Life's Like That" by Fred Neher.

These popular comics appear in hundreds of large and small papers all over the country and are enjoyed by young and old alike.

Then too, notice that the Record is a 12-page paper today . . . and notice in weeks to come that this policy will continue to be followed in so far as possible. This is in order to bring you these additional comics and numerous other features we will add from week to week. Watch for them and don't miss a single issue of your Hilltop Record. By the way, tell your friends.

Don Fox Promoted To First Lieutenant

Mr. and Mrs. F. R. Johnson, 201 N. Central-av, have received word that their son, Don W. Fox, C-46 pilot, was promoted to 1st Lt. on Dec. 1. He also received the air medal for flying the "hump" and a Chinese medal for transporting Chinese troops.

He was stationed at Myitkyina, Burma, Pandeswar, India, and at present is stationed at Agra, India.

His wife, Peggy, and daughter, Patricia Donette, reside at 365 E. Dunedin-rd.

Lausche Talk Is Cancelled

Gov. Frank J. Lausche this week cancelled his scheduled appearance before the Hilltop Kiwanis Club next Thursday noon. The press of labor difficulties throughout the state was believed to be the reason for his change of plans.

In his place Jack Sensenbrenner, district commissioner of the Southwest District Boy Scouts, will address the group, using as his theme "Building Together."

The talk will deal with scout activities. The anniversary of scouting will be observed throughout the nation next week.

Irwin Johnson, WBNS "early worm," was the speaker at yesterday's luncheon held at Schmelzer's Restaurant.

L. Christy Buys W. Broad Site

Louis Christy, 3019 Fremont-st, has purchased the property at 2413 W. Broad-st, it was learned this week. The large house will be remodeled and modernized as soon as the weather permits.

When completed the building will contain four apartments with one or two store rooms in addition to a business room for Mr. Christy, himself. He would not disclose the nature of his intended business at this time. Until recently he was associated with the Biltmore Restaurant for the past 10 years.

The property, with a frontage of 33 feet, was owned by Rev. and Mrs. Frank H. Randall, a Presbyterian minister at Portsmouth. Rev. Randall is a brother of Judge Cecil J. Randall.

The transaction was handled by Shank and Saunders, 2459 W. Broad-st.

Council Favors Memorial Site

The Hilltop Community Council has also added its voice to that of other organizations in requesting that the new Memorial Hall be located on the West Side.

A story in last week's Hilltop Record failed to mention the local council's action. The Hilltop Business Men's Association and Camp Chase Post No. 98, American Legion, have also sent letters to the City Memorial Planning Committee.

Acknowledgement of the council's letter was received last week.

It was further learned that the West Side Board of Trade will take the matter under advisement in a meeting to be held next Tuesday night.

Named Captain

Helen F. Wilhelm, daughter of Mrs. Nicholas Wilhelm, 179 N. Ogden-av, has been promoted to the rank of captain, WAC, at the Atlantic Overseas Air Technical Service Command, Newark, N. J.

Cowboys To Meet North

The second round of the City High Basketball League is expected to be under way in earnest when West tangles with North tonight in the West High Gym. Both teams won their second round openers, West downing Aquinas by a score of 32 to 25, while North ran rough shod over South to the tune of 58 to 36.

The Cowboys will be without the services of Jim Remington and North will be without Carl Sell in addition to Coach Earl Huckman who coached his last game for the Polar Bears last week.

The Cowboys set the pace in the game against Aquinas, leading 15 to 14 at the half. After a poor start in the first quarter they begin finding the mark and took over the lead in the second quarter.

During the third period West started to stall, forcing the Terriers to come out after the ball. This gave them a chance to break out into the open in scoring territory.

Tonight's game will get under way at 8o'clock with a reserve game starting at 7.

Tuesday night the Cowboys go to Linden-McKinley for another league contest.

Booster Drive Shows Gains

The membership drive for the West High School Booster Association was gaining momentum this week, according to reports from the group.

It was pointed out that a person does not have to be a graduate of West High in order to join the group. Any person interested in helping to promote athletics at West is invited to join.

Aims Listed

The following aims and purposes of the organization were outlined:

Backing West High athletics.

Regular monthly meetings with prominent sports personalities as speakers.

Show movies of sports events.

Attempt to take movies of West games.

Mrs. Pyle plans to sell small appliances as soon as they are again available. At present she has a line of hand-made gifts. The store will be open from 9 a. m. to 7 p. m. on week days and 9 a. m. until 9 p. m. on Saturdays.

Harley Sapp Sells Broad-Warren, To Vacation; Kienles Buy Store

Mr. and Mrs. A. J. Kienle, 1960 W. Fifth-av, are the new owners of the Broad-Warren Market purchased last week from Harley Sapp. They will continue to operate the store with all of the personnel formerly employed.

Mr. Kienle was born on the West Side and grew up on the Hilltop. His mother, Mrs. Emma Kienle, lives at 44 N. Harris-av. He has been in the meat business for 20 years. During the past 10 years he was superintendent of the Steadman Packing Co. of Athens. He was honorably discharged from the Army after nine months service.

The Kienles have two daughters, Mrs. Gloria Alban, and Miss Jacqueline Kienle.

Harley A. Sapp, 311 S. Roys av, has retired from the grocery business after 25 years.

Last week he sold his Broad Warren Market to Mr. and Mrs. A. J. Kienle and began making preparations for spending a vacation in Florida with Mrs. Sapp.

Mr. Sapp has operated the Broad-Warren Market for the past 17 years. He started his first store in Danville, Ohio, where he operated for three years. Coming to Columbus, he first started Harley's Confectionery at Warren and Sullivant Avenues. He then opened a restaurant at Frebis and Parsons. Later he returned to the Hilltop and operated a Red & White store on Fremont between Richardson and Burgess Avenues. From that location he moved to the Broad Warren store.

Following his return from the south, Mr. Sapp expects to spend most of his time at the 7-Acre Tourist Camp, 4491 W. Broad-st, a business in which he owns half interest.

Firemen Treated Following Blaze

One Hilltop fireman was taken to the hospital this week and nine others were given first aid by emergency squadmen following a fire in the Columbus & Southern Ohio Electric Co. booster station at 187 N. Hague-av, Tuesday afternoon.

The condition of Fireman Joseph Buehler, 48, was described as "fair" at St. Francis Hospital after he was taken there for treatment when he became ill from fumes. The other men were treated following their return to their station.

The firemen were from No. 17 and No. 10 engine houses. Those receiving treatment were Capt. Ike Kidd, 65, Buehler, Fireman John Herold, 44, W. E. Neal, 52, F. W. Whittington, 53, A. N. Lathorn, 57, and H. C. Barber, 54, all of No. 17.

Capt. William Ritter, 5[illegible], Firemen Martin Henry, 4[illegible] and Emmitt Hilligan, 54, of No. 10, likewise received treatment.

The fire was started when a short circuit burned out an incoming cable and other copper wiring. Fumes from the burning copper are believed to have made the men ill.

Democrats To Seek Ward Post Changes

There is every indication this week that there will be definite contests for the Democratic ward committee posts in the ninth, tenth and eleventh wards.

Early this week there was considerable conversation in many spots to the effect that Sam Willis, for 20 years eleventh ward Democratic committeeman, would be a candidate for the post. Numerous of his friends were trying to persuade him to run but when contacted by the Record Thursday he had no formal statement to make and it is felt he will not be a candidate.

However, from a very reliable source it was learned that one of three prominent Hilltop Democrats will probably seek the post: Henry Fugan, William Palmer or Earl Williams.

Grover Amrine, present eleventh ward committeeman, when contacted this week, said he had no statement to make. Filing date is Feb. 6.

Bryant Enters Race

In the 10th Ward Democrat J. Arlowe Bryant, assistant county prosecutor in the office of delinquent tax collections, will oppose Oscar Dildine, incumbent committeeman. Bryant, who lives at 2239 Sullivant-av, told The Hilltop Record that he planned to wage an active campaign for election. Dildine will be seeking the office for the fifth time. He is an assistant clerk at the County Board of Elections. He resides at 31 S. Wheatland-av.

Just what will take place in the Republican ranks in the 9th, 10th and 11th Wards could not be definitely ascertained this week. Henry Koontz, Hilltop councilman and 10th Ward committeeman, stated that his plans were not made pending a meeting with Wilham Schneider, county Republican chairman. Committeeman George Sinclair could not be reached for a statement in time for this week's deadline.

The incumbent Republican in the 9th Ward, Charles Davis, will be a candidate for re-election. Davies, a Board of Elections employee, lives at 27 Avondale-av. He has been elected to the office twice and was earlier appointed to run almost full term.

Cahill To File

In the 9th Ward it was understood from reliable sources that Charles Cahill, 250 Grubb-st, will oppose Thomas Williams, the Democratic incumbent, if he files for the office. Cahill could not be contacted personally but a spokesman for him said he definitely would be in the race.

Williams, who lives at 870 W. State-st, was not sure that he would be a candidate. "It's up to the organization," he told a Record reporter. He has filled the office for two terms. He is employed at the County Board of Elections.

2200 Enroll At West High

The second semester of school opened Monday morning with a total enrollment of 2200 at West Junior and Senior High School, Irvin F. Young, principal, announced this week.

Of that total 1153 were senior high school students. This figure compared favorably with 1150 enrolled at the end of last semester. Total enrollment for both schools when school was dismissed last week was 2113.

Six returning service men and women took up their teaching duties this week. They are Roy Bowen (Navy), dramatics; Wayne House (Navy), commercial; Frank Mason (Navy), social sciences; Eugene McPherson (Navy), social sciences; Charles Benson (Navy), music; and Pauline Sparrow (SPARS), mathematics.

Williams Back

George Williams, formerly in the Navy started teaching in the physical education department at Christmas time. The same is true of Phil Waldeck, Navy, now teaching in industrial arts.

H. Germaine, former music instructor at West, has returned to Barrett Junior High. Substitute teachers not returning this semester are Mrs. Ruth Schechter, dramatics; Mrs. Ruth White, commercial; Mrs. Henry, mathematics; and Mrs. Jeanne Martin, junior high.

Scoutmaster George Heitz from Troop 45 had the honor again of having two Eagle Scouts awarded. They were James Edward Cockfield, son of Mr. and Mrs. E. S. Cockfield, 489 S. Harris-av, and Edward Van Allen, son of Mr. and Mrs. E. C. Van Allen, 659 S. Roys-av.

These Scouts were among 29 Eagle Scouts from Central Ohio Council at the ceremony at which Dean B. L. Stradley of Ohio University, president of Central Ohio Council presided. Mr. John Apel, 41 Pochatan-av, southwest district advancement chairman, was a member of Eagle Court and presented Star Awards to candidates eligible for this rank and advancement.

WILL YOU SHARE YOUR HOME WITH SOME HILLTOP VETERAN?

Believing that there are extra rooms in Hilltop homes that might provide homes for service men and their wives, The Hilltop Record is calling attention to the following classified ads appearing below.

It should not be necessary to call attention to the fact that there is a serious shortage of living accommodations at this time. Many returned service men and their families would gladly rent two or more rooms that might serve as a small apartment. Dozens of requests for such places come into the Record office every week.

During this acute housing shortage the Record will run the ads of service men seeking houses or those trying to find employment, free of charge, up to three insertions. The copy should be brought (not phoned) to the office, 2463 W. Broad-st, before Wednesday evening.

Anyone with rooms or apartments for rent can contact the advertisers listed below or call The Hilltop Record, RA. 1125.

Local Doctors Voice Protest Against Wagner-Murray-Dingell Health Bills

A protest against the Murray-Wagner-Dingell bills asking for the creation of a Public Health Service under the politically appointed Federal Security Administration is voiced this week in the first of a series of page advertisements in the Record sponsored by local doctors and pharmacists.

The message, prepared by the National Physicians Committee, points out that such a system was established in Germany previous to the war and resulted in destruction of effective medical care of the German people. The committee states that they know an easier method must be established for paying the costs of unusual or prolonged illness but that political distribution of such care will be costly and will destroy initiative in the medical profession.

They ask that the public write their congressmen and senators to voice objections to the bills.

Tax Rate Lowest In City's History

The present tax rate is now the lowest in the history of the city, according to a statement made by Fred C. Dunn, county auditor. The current rate is $16.80 per $1,000 of taxable property.

According to Mr. Dunn, the lower rate has been made possible through "proper business management and the equalization of all taxable real estate." This resulted in the increased valuation of large downtown and industrial properties amounting to more than $22,000,000 of additional taxable property.

to alleviate this condition among the peoples of Europe.

Sunday, Feb. 10 is the day set for the Columbus Victory Clothing Collection. On that day a member of the clothing collection committee will call at your home to pick up any old clothes you wish to send abroad.

Clothing should be packed in heavy pasteboard boxes and tied with heavy string. Underwear, outer clothing and shoes are needed. Shoes should be placed in a separate box and tied together. All washable garments should be cleaned but ironing is not necessary.

Just place the boxes in front of your house on Feb. 10 and one of the volunteer workers will pick it up.

"PINOCCHIO" AT WESTMONT

Walt Disney's technicolor production of "Pinocchio" will play three days at the Westmont Theatre, opening Thursday and staying through Saturday. The picture is a merry musical comedy with hundreds of dream world characters.

The associate feature is "Man From Oklahoma," starring Roy Rodgers and Dale Evans.

Letters to the Editor

Editor:

Here it is: Smoke abatement from the railroad standpoint. Even a blind politician can quickly tell that the railroads are the greatest source of our smoke nuisance. It starts at the railroad yards on McKinley-av, and increases in density until it gets photographed at Broad and High streets.

A few months ago, I heard the Chief engineer at the Federal building here say they had been invited to set an example of smoke elimination, and his reply to City Hall was: "Stop yours and we will see what we can do about ours."

The City Hall smoke can be remedied at a cost of only a few hundred dollars, while the Federal building will cost more. Neither is impossible. You frequently hear it said that "Politics are playing the first act." And with a desire to remain in the succeeding acts. We hope this may not be true—undoubtedly it has been in past efforts at establishing efficient smoke inspectors—but if so, it is a dangerous show of defeat in the beginning.

I do not offer serious accusation against the railorads alone, for it is a big problem for every city, and cannot be completely eliminated without years of strenuous effort.

Such cities as Cleveland, Cincinnati, Chicago and Pittsburgh have been dealing with this problem for many years, and while they have not completed their work, they are proud of their improvements, and as a proof, they have furnished the writer with annual inspections of both old and new stacks which must comply with their smoke ordinance.

My contact with the Chicago Department of Smoke Elimination has given me a very complete article on combustion, issued by the International Union of Operating Engineers, which is a recognized source of authority throughout the U. S. And the Department of Smoke Prevention in Chicago is based upon the advice formulated by the International Union of Operating Engineers.

It is a vast storehouse of information found only through the experience of our best men.

Then how far wrong can we go in the selection of a man for this position, who has over thirty years experience to add to the accomplishments of men of proven ability, and asking only for the opportunity to accomplish this important work on the basis of honor and economy.

Hilltop Record
Gentlemen:

I am enclosing check for the Record for another year. I feel it will keep me in touch with my past home town. We are in the midst of one of the worst winters they have seen in 40 years down here. So much sleet, snow, rain and hail.

You might also mention that Norman Maberry, former West High graduate, has been promoted to Electrician's Mate 3/c. He is now driving the fire truck in Milne Bay, New Guinea.

Respectfully,
Mrs. F. B. Maberry

Kiwanis Game

casions, he has come to the conclusion that it will take four teams to play each quarter.

Arrangements have been partially completed for ambulance service, as well as medical attention on the floor. Warm clothing is being prepared for the comfort of the players until they are warmed up, then cold applications will be administered along with smelling salts.

Scott Coaches Visitors

Former Ohio State star, Jim Scott, is reported to be coaching the visiting squad. He was formerly coach at Grandview and Ohio Wesleyan. Quality of the other players is an unknown factor, and so Cunningham, who, incidentally, is business manager of the local club, says that the rules will not be set until this factor has been determined. But one thing for sure, the game will definitely be slowed down.

A preliminary game, without comedy, will be played by the West Junior High and West Reserve squads at 7 p. m. Tentative arrangements for the presence of Lee Koontz, who will add to the comedy, have been made.

Tickets may be purchased at the Hilltop Bank, Campbell's Pharmacy, Goodwin's Pharmacy, First Federal Savings & Loan Assn., as well as local Kiwanis members. The price is 50c for adults and 30c for students.

Local druggists have been asked to lay in a supply of rubbing alcohol and Absorbine Junior for next Friday . . . predictions are that there will be many creaking backs and aching limbs among the participants, who have retained only a slight knowledge of the game from their school days.

Mrs. Turner To Preside

Community Chapter No. 488, O. E. S., will meet Tuesday at 7:30 p. m. at the Masonic Temple, Grandview and First-av.

There will be initiatory work with Worthy Matron Edith H. Turner, 292 S. Brinker-av. and Worthy Patron Walter H. Holmwood presiding. A Chinese dinner will be served at 6 p. m.

All Eastern Stars are invited to attend.

Maj. H. Cosgray Arrives Home After Funeral

He has been serving in the military government of Korea as commanding officer of a group operating the railroad system there.

Maj. Cosgray will have a 30 day leave at home and will then report to New Orleans for assignment. He has been in service 32 months.

Japan a Good Place To Be Away From Campbell Says

Take it from a man who's been there—"Japan is a good place to get away from."

That's the opinion of Fletcher Campbell, 91 S. Westmoor-av, who just came back from the land of the "rising sun." A member of a chemical mortar company with 23 months overseas experience, he was discharged from Camp Atterbury on Jan. 14 and is at present resting up for a while before he makes up his mind what his future will be.

Fletcher Campbell

Sanitation conditions in Japan are described as "filthy" although the cities are modern in many respects. Following action at the original landings at Leyte and Lengayian Gulf, Campbell went to Japan in September and remained until Dec. 11. He was stationed at Osaka with the Sixth Army.

Courtesy Wears Off

The first month the American soldiers were in Japan the people were extremely courteous. They would bow and turn their backs when Americans came into sight. This was described as the highest courtesy. This soon wore off, though, after they found out that the Americans were easy going.

The outfit Campbell was with was quartered in a Jap cavalry outpost. The buildings were nice and food was good, he stated. He helped to destroy ammunition and other supply dumps in that area.

"A very modern subway system connects various parts of the cities," Campbell said, "with surface railways and buses providing adequate transportation."

Osaka itself was approximately 40 percent destroyed by American bombers. Many streets still reveal gaping holes where entire buildings were blown away. Other areas were little damaged by the bombings.

Originally With 113th

Originally with the 113th Infantry, he attended school at Providence College and was then transfered to the 98th Division at Camp Rucker. Another Hilltop man, Paul Tresenrider, (recently discharged) was also in the 98th having been in the original cadre

Campbell was in service a total of 38 months. He is the son of Mr. and Mrs. C. H. Campbell.

Dutch Stamp Collector Wants To Exchange Stamps With Hilltopper

Would some Hilltop stamp collector like to exchange stamps with a native of Holland?

That inquiry was received by the Hilltop Record this week in a letter received from L. Hosselet of Roermond, Holland. The correspondent tells of having gotten hold of a copy of the Record in his native country and desiring to exchange stamps with American philatelists, addressed his communitcation to this office in the hope that some contacts could be made.

The Record has not been able to determine how the paper reached the Hollander but it is presumed that a copy mailed to some Hilltop service man stationed there, got into his hands.

Not So Ordinary

Written in broken sentences, for which he apologized profusely, Hosselet described his interest in American Stamps. As he stated in his letter, "They (the stamps) are in the netherlands not so ordinary as you should think."

Quoting further from his letter, "The posts for sending them I will pay. And if wanted, I also will pay you anything for your stamps. It will be a little pain for you, and you make me a great pleasure."

The address given by Mr. Hosselet is:

L. Hesselet
Willem II Singel 82
Roermond, Holland.

He is making his home with his wife at 820 Second-st, Lancaster.

Rawls To Give Free Recap Each Week; New Service Offered

Rawls Hi-Speed Tire Co., 400 W. Broad-st, is sponsoring a new type of advertising starting with his ad in today's Hilltop Record.

Each week his ad will have the license number of some Hilltop car owner. The owner of the car bearing the license number will receive one recap absolutely free.

Rawls is the exclusive Fisk distributor for the city of Columbus.

George Benoy, manager of the firm, is also announcing a service plan for customers who work in the downtown area. Any person wanting to have his tires recapped in one day can stop on his way down town and transportation will be provided to his office. In the evening his car with recapped tires will be delivered to his office by quitting time.

Henry Mone Works To Get Traffic Light

Henry Mone, owner of Mone's Pharmacy at 622 W. Broad-st, has been busy getting names on a petition to re-install a traffic light at Skidmore and Broad-st on a 24-hour basis.

The petition, bearing the signatures of many West Side residents, will be presented to the Safety Commission at an early date.

Numerous complains have been voiced concerning the fact that it is difficult to cross W. Broad-st at that intersection during most of the day. Traffic is unbroken from Central High School to Sandusky. A little girl was killed at that intersection shortly before Christmas, Mr. Mone pointed out.

D. L. Pack Adds Hat Cleaning Dept.

D. L. Pack, who operates a shoe repair shop at 2394 W. Broad-st, has announced the addition of a hat cleaning and blocking service to his general line of shoe repair.

Pack, who recently completed one year at his present location, also stated that a modern shoe shining parlor had been added to the remodeled shop. Shoe laces and polishes are also being sold.

In explaining these moves, Pack stated that he felt that they were necessary services to the community by eliminating many trips to downtown business establishments. He has had 18 years experience in the shoe business, formerly having been associated with a well-known Columbus firm.

Health Hints

With influenza, grippe, and colds so prevalent today, a few reminders, for health's sake, are definitely in order.

The washability of cotton makes it the most sanitary of all fabrics for clothing, home furnishings and the sick room. However, there are a few things to remember in its usage, says the Cotton Textile Institute and National Cotton Council. It is wise to change all clothing worn next to the skin once a day, even in cold weather. Bed clothes should be changed twice a week instead of the once-a-week ritual which is the habit of most housewives. With the still present shortage of household linens and slow laundry service, this is not always feasible, but, if sickness is present, it is vitally important that bedclothes be changed every day.

In the case of Turkish towels, use separate ones for each member of the family. Wash cloths too, should be individual. Face towels should be changed daily, bath towels twice every week.

Dish cloths should be fresh for each dish-washing session, and dish rags should also be changed every day.

"WAITING TO DIE"

Trucks were lined up here and there
Ready to go, services free,
Glad to assist Uncle Sam in repairs
Shipments for over the sea.
The free obligation they didn't bemoan,
Loyal citizens to the core,
Victory seemed to rest on each alone,
An attitude seen in America before.

And army trucks hauling war equipment
East or West where needed the most,
Retribution lying dormant in each shipment
Finished products for the coast.
Now little we see of the transport
War equipment has been laid by,
Foreign war fiends are sitting in comfort
Waiting their turn to die.

Fashion Decrees

by
HELEN BRATTRUD
CBS Woman's Editor

Comprehensive preview of spring and summer styles for 1946, shown at the second annual benefit March of Dimes Fashion Show by leading New York designers of ready-to-wear clothes, presented more than a hundred models now being readied for national distribution. A few well-known custom dressmakers of New York and Paris of Hollywood provided costumes for celebrities who paraded the runway with professional models. The first scene, "Color Crescendo," set forth bright palette tones of Kingfisher blue in an evening dress, copper for a bathing suit, flaming red in a negligee and bright green accented with white in a coat-dress ensemble. Newsy neutrals covered the gamut of wardrobe items from dawn to dusk. Frequently, in this group the entire costume was of one hue, like Anthony Blotta's hooded, long and belted jacket in a suit of soft pussywillow gabardine. Scarfs and shawls made fashion news in everything from spectator sports clothes through tailored daytime costumes, cocktail dresses and gloriously femme fatale evening gowns. In this group a beige stole-cape street suit introduced a pleasant and graceful newcomer to the spring picture. Adding up the novel features to be watched in the future are longer jacket coats on suits, some with peplums and tunics but all atop slender, straight skirts. Irregular hemlines are struggling for recognition as are the straight ballet-length gowns for dinner and daytime wear.

Glistening coiffures in these cold-epidemic days become a problem when fear of further sniffles prevents the usual shampoo. A small sponge, a bottle of good quality witch hazel and a stiff-bristle hair brush are the simple tools with which CBS actress Pat ("Bachelor's Children") Dunlap keeps her hair bright and shining between shampoos. After a vigorous brushing, Pat parts her hair and rubs the scalp with the witch hazel moistened sponge. Then Pat draws the sponge over strands of hair from scalp to end, removing all dust and excess oil. Another vigorous session with a clean brush induces rapid drying and sparkling pliability.

Vital decision that determines success or failure of a limited wardrobe is the choice of a basic color that can be highlighted, accented, complemented and blended in endless, harmonious accessory schemes. Resolved to wear again several navy and black dresses of last season, CBS singer Frances Lehnerts of "New Voices in Song" is adding up-to-the-minute airs with a soft grey-beige top coat and matching hat. With this subdued background she can add dashes of high style color in ascots gloves and hat trim. At no time have more than three colors in a costume, says Frances, and place the most flattering one nearest your face.

5th Service Area Recruits 38,044

The Fifth Service Command has secured 38,044 voluntary enlistments, a number well over 50 percent of the quota of 70,000 men set for the Command by the War Department, according to Col. F. A. Kreidel, Director, U. S. Army Recruiting Service, Headquarters, Fort Hayes. He further stated that the current recruiting campaign was started late last September and will end June 30, this year.

Records show that the Recruiting Service of this Command has secured a better than average figure since Nov. 21, 1945, indicating that it will be able to surpass the Service Command quota.

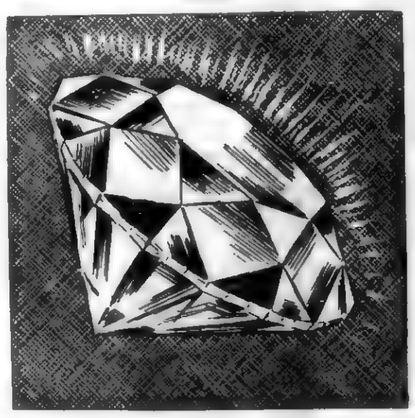
The success of the campaign is due to the many opportunities being offered to young men today by the Army and to the splendid cooperation given by the newspapers, radio stations, business, commercial and industrial firms, and the active support of civic, fraternal, patriotic, educational and veterans' organizations.

The Fifth Service Command now holds first place among the nine Service Commands in the United States in the number of original voluntary enlistments secured and fifth place in the total number of enlistments, which include original enlistments, reenlistments of regular army men and enlistments of men who served only during World War II.

Mid-year Grads Expect To Enlist

Hundreds of mid-year high school graduates in Ohio are expected to enlist in the regular army for three years to obtain the educational benefits of the revised GI Bill of Rights.

This prediction was made today by Lt. Col. Frank L. Bock, commanding officer of the Cleveland recruiting district, which includes 70 Ohio counties.



"The army now permits enlistment of 17-year-olds who have their parents' consent," Colonel Beck said. "These men are 20 when they have completed their three years in service. They then begin college or trade school mature enough to appreciate their studies."

Men under 23 years of age who enlist prior to Oct. 6, 1946, are entitled to 12 months college as soon as they have been in service for 90 days. They also receive one month of education for each month they have been in service.

Reserve Applications Taken

Former officers of the army of the United States with honorable separations from the service or officers now on terminal leave who wish to become members of the Officers Reserve Corps may make written application to the Reserve Branch of Officer Reserve Corps, Headquarters Fifth Service Command, Columbus, Lt Col. Hoermann, in charge of the United States Army Recruiting Station in Columbus, said today.

Lt. Col. Hoermann urged all prospective ORC applicants to call at the recruiting station located at the old Post Office Building, for assistance in preparing their applications.

Acres of Diamonds

Many times you have perhaps heard the story of the man who traveled all over the world in search of great wealth only to return to his home community to find that acres of diamonds had been discovered on his home farm.

Most every week some new medium of advertising is presented to the merchant and business man. For the most part many of them are untried and unproven. Hundreds of dollars can easily be spent without results.

It's a proven fact however, that the best medium of advertising for Hilltop business firms is The Hilltop Record. The Record has gone into Hilltop homes for 39 years and is an accepted and well read weekly publication. You will make no mistake if you take space regularly in The Hilltop Record.

Cottons Create New Bedroom For Home

The serviceman is returning—civilian—and many homes that have known only a feminine influence and atmosphere for several years will have to go through as radical a change of dress as he will.

If it's a son you're welcoming, let him come back to a man's world, to a room as masculine as his lounging robe, with tailored furnishings of sturdy quality. None of this flimsy "keep off" stuff for him! He won't want sitting-on-the-bed considered an unpardonable sin so washable fabrics with good body are your best bet. Bedspreads of woven cottons, sailcloth, seersucker, chenille and candlewick types, with matching draperies, reminds the Cotton Textile Institute and National Cotton Council, will achieve a smart masculine effect and still be easy to live with because they can be easily refreshed by a quick trip to the washing machine. Be sure colors are spirit lifting—he's had enough drab background in the army.

Bring Sophistication

The other more "manly" cottons are the silk types. Corduroy, that sleek, ribbed fabric, brings sophistication and drama into the bedroom, comes in a wide variety of rich colors and neutral tones. Velours, velveteens, and fur fabrics are as sturdy as they look, and their fine colors are as pleasing to the female palate (many a boy is bringing home a wife) as to the male.

The wife who has a man again to share her life and room will, in many cases, have to take down the frilly drapes and put away the fussy bed coverings that identified her "duration" existence. Of course, there are some men who don't object to feminine "trappings" in a bedroom (if there isn't an overdose of gingerbread on them) and for some men they represent a happy change from over-bare barracks. If your husband belongs in either one of these categories, new sheers will refresh your bedroom for its other occupant. Organdie, dotted Swiss, and the beautiful embroidered cottons you can buy, make restful, charming rooms that some men love. Of course, you can split any difference of opinion by the seasons. Since these lightweight furnishings are more or less traditional for spring and summer, they can be put away till then, and the heavier types of cotton covers that probably will tie in more with his tastes can be used for fall and winter. Everglazed chintz in stripes offer a blissful blending of personalities, because it is masculine in design, feminine in its crisp texture.

Universal Appeal

A tufted bedspread, somehow, has no gender—it has a universal appeal for all because of its conservative colors, luxurious appearance, and always clean look.

A gay compromise between husband and wife can be a white chenille spread of simple design (that's for him) and candy striped cotton twill dust ruffles (for her).

In all room decoration, one of the most important things to remember is coordination. Draperies, bedspread, dressing table skirt and slip covers should be coordinated as to color and design. Even picture frames, lamp shades, curtain tie-backs, pillow case ruffles, and scarfs must be planned in relation to other furnishings to create a perfect room.

Of course, your choice of fabric also should be related to the style of furniture and decor in the room. Lovely documentary cotton prints blend with period furniture; corduroys and the other plush fabrics emphasize the sleek lines of modern rooms; Colonial type furniture calls for old fashioned ginghams and woven cottons. The architectural effects you can achieve through clever use of a fabric—witness the current rage of fabric backdrops for beds draperies that draw across, huge floor length picture windows, whole walls covered in cotton—will make yours an exceptional room and friend-husband mighty proud of the "little woman."

ANNOUNCEMENT

Effective March 1, 1946, the subscription price of The Hilltop Record will be advanced to $2.00 per year. New rates will be: $2.00 per year, $1.20 for 6 months or 20c per month in Franklin County.

The Reason: Costs of production have continually mounted in the past three years. Starting Jan. 1 of this year newsprint was advanced another $6.00 per ton, making a total increase of $17.00 per ton since the war started. Wages for all our employees are up considerably since before the war. AND, starting this next week a new wage scale goes into effect with the members of the Typographical Union which will mean advances in our costs amounting to over $3500.00 during the present year.

Today wages and prices have advanced together in most every field. This is a thing over which we have no control. Continued production means but one thing: these increases must be passed on in increased prices.

We are desirous of improving the quality of The Hilltop Record rather than allow it to become an inferior quality paper. Along this line we point with pride to our issue this week, two sections, 12 pages with numerous new features. Starting in the very near future we will run two new popular comics, 'Regular Fellers' and 'Life's Like That.' Other regular features will be added in the near future. We invite you to 'Watch The Record Grow.'

Subscribe or Renew Now - And Save!

If you are at present a subscriber to The Hilltop Record and want to take advantage of the present low price of $1.50 per year you may pay one of the Record route collectors or at the office and your subscription will be extended from the time your present subscription expires. Payments at the rate of $1.50 per year will be accepted up to a period of two years in advance. This offer good only until March 1, 1946.

If you are not at present a subscriber and wish to have the Record delivered to your home every Friday morning by mail you may subscribe anytime before March 1 of this year at the old rate of $1.50 per year anywhere in Franklin County or $2.00 per year outside the county.

THIS OFFER GOOD ONLY UNTIL MARCH 1

Nearly two million Boy Scouts, Cub Scouts, Senior Scouts, and their adult leaders throughout the United States will commemorate Boy Scout Week, which begins Friday, Feb. 8, and continues through Thursday, Feb. 14. The theme of the observance, which marks the 36th anniversary of the founding of the movement in America, is "Scouts of the World —Building Together."

The Boy Scouts of America have created a "World Friendship Fund" and nearly two million members have been invited and urged to contribute voluntarily to it. Through the fund, Scout Associations in lands ravaged during World War II are being helped to rebuild their organizations. At the outbreak of the war 1939 there were more than three million Scouts and leaders in 70 different lands.

Aid to Post-War World

Many Boy Scout Troops, Cub Packs, and Senior Scout Units will mark Boy Scout Week by contributing to the fund through local Boy Scout Councils. The National Executive Board of the movement authorized the World Friendship Fund, believing it can make a definite contribution to the post-war world, since boys dedicated to the Scout ideals of tolerance, friendliness, and democracy may be the leaders of the world of tomorrow.

Many troops have contributed from the money earned by salvaging waste paper, while others have given the proceeds of special Scout entertainments. To make certain the greatest good is done with each dollar spent, the Boy Scouts of America secures the advice of the International Scout Bureau in London and has arranged with agencies of the federal government at Washington to see that the Scout organizations actually get the help in the manner intended. The fund will continue as long as Scouting overseas needs aid for rebuilding.

Vitamin A Increased In Dixie Margarine

Forrest J. Curtin, general sales manager of the Capital City Products Co., announced today that the vitamin content of Dixie Margarine has been increased from 9,000 units of Vitamin A per pound to 15,000 units of Vitamin A. This vitamin increase makes Dixie Margarine compare with the costliest spreads for bread in Vitamin A, with the additional advantage that there is no seasonable vitamin decrease in Dixie Margarine.

Two ounces of Dixie Margarine will supply 47 percent of the minimum daily requirement of Vitamin A for adults and 62 percent of the daily requirements for children.

Dixie is made from fresh, pasteurized, fat-free milk, highly refined vegetable oils, and seasoned with table-grade salt. It meets all government nutritional requirements.

TROJAN HORSE TACTICS IN AMERICA

"Beware of Greeks Bearing Gifts"

For ten years the Greeks besieged the ancient city of Troy. They were unable to breach the walls. The amazed defenders watched the Greeks build a gigantic wooden horse, place it before the walls of the city; burn their camp and sail away. Joyfully the Trojans celebrated victory. They leveled a section of the city's walls and moved the huge wooden horse into the city. But—inside the Trojan Horse the Greeks had concealed a troop of soldiers. Thus by trickery the enemy was able to enter the city—to loot and destroy it.

On November 19, 1945, President Truman sent a special message to the Congress, asking for enactment of legislation to provide General Medical, Special Medical, General Dental, Special Dental, Home Nursing, Laboratory Care and Hospitalization for all men, women and children in the United States.

On the same date, Senators Wagner and Murray and Congressman Dingell introduced into the Congress identical Bills (S 1606—H.R.4730) to implement the requests of the President's Special Message.

A study of these companion Bills reveals a remarkable admixture of cold steel intentions expressed with softening phrases and sheer preachment and propaganda disguised as integral parts of the proposed legislation. THESE ARE TROJAN HORSE TACTICS.

Senate Bill 1606 Really is "State Medicine"

The new Wagner-Murray-Dingell Bills contain provisions so revolutionary that, if enacted into law, they would destroy the private practice of medicine in the United States. What actually is proposed is a compulsory system of politically distributed health service—"free" to the recipient but paid for by the Federal Government out of a fund derived from taxation of the people. The cost of this "Prepaid Personal Health Service" would exceed FOUR BILLION DOLLARS annually.

Despite contrary statements of its proponents, this Bill sets up a comprehensive program of "State Medicine"—the type of socialized medicine administered in Germany under Nazism; the brand of totalitarianism that wrecked the once peerless medical system of Germany and ultimately the nation itself.

Privacy of Every Citizen Sacrificed

The Bills purport to insure the prompt and efficient care of individuals, promote personal relationships between physician and patient, provide incentives for professional advancement and encourage high standards in the quality of service. These are worthy objectives. However, they are nullified by direct proposals of the legislation. The sacred nature of the physician-patient relationship is destroyed by the introduction of an administrator and the public recording of symptoms and case histories. The privacy of every human being would be invaded and violated. Professional standards are automatically and dangerously lowered when political favor takes the place of personal competence.

How it Menaces Free Enterprise

Under the Wagner-Murray-Dingell Bills the Federal Security Administrator—a political appointee—is established as dictator in all matters relating to health. Working under the Administrator, the Surgeon General of the Public Health Service would be authorized and instructed to:

(1) Hire doctors, specialists, dentists, nurses, laboratory technicians and establish rates of pay.
(2) Establish fee schedules for physicians' and dentists' services.
(3) Fix the qualifications for specialists.
(4) Determine the number of individuals for whom any doctor or dentist may provide service.
(5) Determine what hospitals or clinics may provide service for patients and under what conditions.
(6) Provide for 110 million people—doctor, dentist, home nursing and laboratory care and hospitalization.

It is estimated that it would require an army of 300,000 lay bureaucrats to administer this system of politically distributed medical care. If such a core of collective control is ever established in this country applying to the most sacred and vital wants of every human being, it would require a miracle for Free Enterprise in any of its forms to survive the impact.

Remark of the Week

"School students strike. No doubt they're demanding time and a half for home work."
Clyde Moore, Ohio State Journal

The Spectator By C.C. Hartley

Good Health and Good Times

Over in Grandview the men of the community have organized a little health and recreation club. Once or more a week they are going down to the school gym and having some organized exercise and play. In addition they are getting some helpful hints on how to keep the bay windows down and how to avoid that over stuffed feeling.

The idea is a good one and should be followed up on the Hilltop. I believe there should be some hearty response from local business people and those who work down town at day and would like a little exercise of an evening.

Let's hear from some of you fellows and if the idea has merit we will pursue it to some conclusion . . . either we do or we don't. But let's find out.

Time For A Sidewalk Campaign

Nothing attempted, nothing done . . . and so if something is started in the way of a campaign to get sidewalks right away another spring and summer will pass and comes winter and again we will be without sidewalks in many neighborhoods.

Hundreds of homes in this community are without sidewalks. Hundreds more are in need of repairs.

Why not a planned campaign to make these walks possible for these homes of the Hilltop at a minimum cost. The project is a worthy one for consideration and action by the Hilltop Business Men's Association and Kiwanis Club.

Does Your Representative Know How You Feel?

Last week The Record carried a questionnaire dealing with numerous questions of interest today, questions that should inform your representatives in Washington how you feel about current proposed legislation.

To date response has been gratifying and in some events we have noted from our readers expressing their belief in the worthiness of such a series of questions.

If you have not already done so why not send in your questionnaire soon and next week we will give the tabulated results of the answers received to date. In turn we will forward them to your congressman and senators.

Ernest B. Blease, 554 Nashoba-av, and William A. Grant, 173 S. Westgate-av, were two of five Columbus men who passed the recent state examination for certified public accountants. The examination was held in Cleveland.

Introducing - - Two Favorites

Look Who's Here!

The Record is proud to present the two popular comics "Reg'lar Fellers" and "Life's Like That." Turn now to page 5B of today's Record and get acquainted with the antics of a couple of the country's best comics.

"Reg'lar Fellers" is a cleverly drawn cartoon featuring true to life boy and girl characters, but is just as interesting to grown-ups as it is to the kiddies. The strip is drawn by Gene Byrnes and is used by many large dailies in the country, including the New York Sun, Philadelphia Bulletin, Washington Star and others.

Fred Neher's "Life's Like That" is a collection of witty classics that the artist has collected from hundreds of available sources and is bound to contain more than a half dozen good laughs in each strip. It has appeared in over 200 well known dailies for over 10 years.

Watch for these favorites in the second section of your Record each Friday.

And watch the Record grow.

Minstrel Talent Selected

Fifteen big variety acts have been signed up for the 17th annual Hilltop Minstrel to be presented at West High School on Feb. 26 and Mar. 1, according to Lee Koontz, producer.

Numbers to appear in the big HBMA show include vocalists, accordion players, vibra harpist, a magician and dancers galore. All that is in addition to Lee Phillips as interlocutor, with his four black faced comedians, the Hilltop Male Chorus and Mac Toolil's band. All in all it should be a full evening of entertainment.

Tickets for the big show have been on sale for more than a week and according to preliminary reports the sale has been brisk. Admission prices will be 46c for general admission, including tax. Reserved seats will cost 16c additional but they will not be available until Feb. 22.

Magicians To Appear

Variety acts scheduled were selected from approximately 40 acts that tried out for the show last Monday night. Billy lives at 737 S. Richardson-av. Irene Bender, 560 Nashoba-av, will appear in a waltz number.

Other numbers include: Sunya Slane, 128 Avondale-av, with a baton tap dance; Pat Culbertson, 117 N. Roys-av, vibra harpist; Caroline Jean Hoar, 141 N. Chase-av, ballad singer; Donna McKnight and Connie Sonner, 2647 Sullivant-av, a tap number; Virginia Jones and Janice Hill, 152 Guernsey-av, two of the Beckerettes who appeared in last year's show.

Kathryn Seeds, 134 N. Starling Has 1053 Pupils

Enrollment for the second semester totaled 1053 at Starling Junior High School, according to L. W. Huber, principal of the school. Of that number there are 522 boys and 531 girls.

Ralph Schadler, 159 Demorest-rd, a teacher in mechanical drawing, has been ill at his home and has not been able to teach for several days. His place is being taken by Mr. McCinturf, who will continue the rest of the semester at Starling as a substitute. Following Mr. Schadler's return he will teach history and biology.

Scout Officials To Meet Monday

A meeting of Scout officials of the Southwest District will take place at Schmelzer's Restaurant, 3178 W. Broad-st. Monday evening at 7:45, according to Ken Dickerson, district chairman.

This will be the first meeting in 1946 and will deal with important matters concerning Scouting activities. Sea Scout Ship No. 3 will be opened publicly at that time.

A door prize will be offered to the holder of the lucky invitation card.

Democrat Contests In Wards

An inter-party fight that threatens to overthrow the present Heer administration in the Franklin County Democratic picture will be much in evidence in the 9th, 10th, 11th Wards and in Franklin Township where committeemen will lie selected at the May 7 primary election.

A break in party harmony, long in the making, has been brought into the open with Allan Slade, county engineer, heading the slate of anti-Heer candidates.

The hottest campaign of all appears to be shaping up in the 10th Ward where three candidates will be seeking the Democratic post. Oscar Dildine, the incumbent, backed by the Heer forces, will be opposed by J. Arlowe Bryant, candidate of the anti-Heer forces, and Charles A. Middleton, an independent Democratic candidate who held the ward job from 1934 to 1938. A resident of 99 Belvidere-av for the past 26 years, he plans an active campaign on his own.

Republicans will have a clear field in their respective wards as three incumbents will be unopposed. Charles E. Davies will again represent the 9th Ward, Henry Koontz, city councilman, the 10th Ward, and George A. Sinclair, the 11th Ward. John Robert Jones is the candidate in Franklin Township.

Fagan Is Candidate

In the 11th Ward, Democrat Henry P. Fagan, 308 S. Algonquin-av, an attorney, will lead the anti-Heer forces. Sam Willis, a former committeeman, had petitions signed but withdrew from the race a few hours before the filing deadline in favor of Fagan. Grover Amrine, the incumbent, is the Heer candidate. Fagan was a candidate for municipal judge in the 1935 election.

Thomas B. Williams, the incumbent, will be opposed in the 9th Ward Democratic race by Charles Cahill, anti-Heer candidate.

In Franklin Township William B. Haines, the incumbent, will be opposed by Henry Westlake, 1365 Brown-rd, a member of Elevator Constructors, AFL, and Lowell T. Sullivan, 3573 Cline-rd, an insurance broker.

Rev. Ashburn Files

Rev. Jacob Ashburn, 178 S. Ookley-av, was the only Hilltop candidate to file for a state office. A representative to the state legislature, Rev. Ashburn filed petitions for re-election to that office. He is a Republican.

Fire Protection Now In Township

Residents of Franklin Township now have city fire protection in all but incorporated villages.

A contract with the City of Columbus has provided this service since Nov. 30, but it had not been generally known because of the pending change in telephone number for the department.

Residents can now report fires by calling MA. 3132, the newly assigned number.

The incorporated village of Valleyview does not qualify for this service and at present does not have a contract of their own. The other incorporated village, Marble Cliff, is understood to have a contract with the Grandview Fire Department.

Cards To Be Sent

Bryan T. McCullough, 2655 Elliott-av, one of the township trustees, told The Hilltop Record that cards would be sent to all residents of the township within a few days. This notice had been delayed until the new number could be included.

L. W. Hendershott, of Marble Cliff, and Gus Peoples, 1300 Hart-rd, are the other two township trustee members.

Since the contract was put into effect four fire runs have been made, Perry Sears, secretary at department headquarters, reported.

The company specializes in printing of band supplies and the production of advertising literature.

Bulletin

It was learned on good authority that the Memorial Planning Committee would select the West Broad Street site for the location of the new Veterans' Memorial Hall. This information was obtained only a few minutes before this week's issue of The Hilltop Record went to press.

According to reliable sources the new building would occupy the area almost due north of Central High School, extending from the Scioto River west as far as Mill-st.

The West Broad-st site was one of two locations under consideration in recent days. The other was a site on S. Front-st below the new Lazarus home center on the south side of the street.

Captures Pet Late Saturday Night

Saturday may have been Groundhog Day on the calendar, but a pet fox stole the show on the Hilltop.

Bright and early Monday morning The Hilltop Record phone rang.

"Has anyone lost a fox? I caught one Saturday night at Hague and Broad." The speaker was Tom Gabriel, 23, an employee at Seiller's, 2404 W. Broad-st.

Tuesday morning the telephone rang again.

"Has anyone reported capturing a pet fox?" The voice was that of Hettie Chesney, 258 S. Hague-av, an employee of the Paw and Feather Pet Shop, 466 S. High-st.

Miss Chesney then explained that the animal, a pet grey fox had been given to her that day. On the way home that night she stopped at a store in the vicinity of Hague and Broad. The fox was on the ledge back of the seat in her convertible. While she was at the store the fox made its escape through a small opening.

Driver Sees Fox

Gabriel, the "bring-'em-back-alive" fox hunter, explained that he was on his way home from work about 10:30 that night when the bus driver called his attention to the fox crossing Broad-st.

"I thoguht he was kidding at first," Gabriel said, "until I saw the animal running south on Hague-av."

"I started out after him but when I would run, he would run."

Realizing that he was trying to catch a fox, Tom decided to be "foxy" himself. He slowed down to a walk. The fox, with chain dangling behind, slowed down too. Finally he was able to step on the chain.

The fox, a reddish-grey animal, did not seem to be vicious although he strained at the leash in an effort to get free. Tom started down Hague-av toward his home at 3762 Sullivant-av with the fox trailing behind.

Won't Eat

"Now I've got him and he won't eat," Gabriel told the Record, "and I'm afraid he will starve if some one doesn't come to claim him soon. I have tried giving him milk, meat and other things but he refuses to eat although he is obviously quite hungry.

Latest information was to the effect that the pet was safely returned to its new owner so things ended well for everyone but the classified ad department of the Record. We missed out on the sale of an ad.

"SCOUTS OF THE WORLD BUILDING TOGETHER"

Boy Scout Week
February 8-14

Nearly 2,000,000 Cub Scouts, Boy Scouts, and Senior Scouts will mark the 36th anniversary of the Boy Scouts of America during Boy Scout Week, Feb. 8th to 14th. The theme of the celebration is "Scouts of the World—Building Together." Members of the Movement are helping brother Scouts throughout the world to reorganize. Their "World Friendship Fund" of voluntary contributions and their "Shirts-Off-Our-Backs" project of donating Scout Uniform parts and equipment, will assist Scouting overseas and help develop understanding among the boys of the world. Above is the official poster marking the event.

Mrs. Yaple, Durham Head Hilltop Drive For Philharmonic

Mrs. Roger Yaple, 203 S. Brinker-av, and Mrs. Robert Durham, 199 S. Brinker-av, are campaign co-chairmen of the Hilltop unit which is actively engaged in aiding the Columbus Philharmonic Orchestra's campaign for funds. Mrs. Robert N. Draper, 74 N. Roys-av, as unit chairman, is aiding Mrs. Yaple and Mrs. Durham in their planning.

The local orchestra, which is now in its fifth year, has grown in musical stature so as to warrant an expansion to a full-time orchestra according to a resolution of the orchestra's board of directors. The planned program for the 1946-47 season will in turn provide a better musical service to the community by presenting 10 subscription concerts, 10 "pop" concerts, at least five free children's concerts, and will be available for commercial sponsorship. The amount of $150,000 has been termed necessary by the Philharmonic board of directors to effect the transition to a full-time orchestra and will act as a foundation for a permanent orchestra in the future. Consequently, this same amount will not be necessary for public contribution in the years to come.

As it will be impossible for the workers of the Hilltop unit to contact all the residents of that area, Mrs. Yaple, Mrs. Durham and Mrs. Draper are hoping to receive voluntary contributions.

Fred Wollerman, West Junior Student, Kills First Fox Sat.

Fred Wollerman, 14, a student at West Junior High, killed his first fox in an organized hunt between Hilliards and Plain City last Saturday.

The young hunter was one of seven persons who got their fox in the hunt sponsored by the Cannan Conservation League. Money from the sale of the animals was contributed to the "March of Dimes."

Fred started hunting shortly after he was given a shotgun for a Christmas present in 1944. Both his parents, Mr. and Mrs. A. H. Wollerman, 387 Demorest-rd, are enthusiastic hunters. Mrs. Wollerman does not go fox hunting but enjoys hunting rabbit, squirrel and pheasant.

Fred is one up on his das as far as the score on foxes is concerned. He has taken part in three previous hunts during this winter.

The Wollermans have a pistol range in the basement of their home where they spend many hours shooting at target. Mr. Wollerman is in the heating contracting business.

Renner Is Named Aquella Distributor

John W. Renner and Associates, 2071 Sullivant-av, this week announced that his company had been selected as distributors for the new waterproofing material, "Aquella."

Prostate Gland Trouble?

I'm a railroad man and for over 3 years had difficulty working because of backaches due to Prostate Gland trouble. Doctor's formula proved of great benefit and before and since his death have sold them (now called Watt's Suppositories) to railroad men and others the country over. Fine testimonials and repeat business show the good work they do. Backache, getting up nights, often indicate an inflamed Prostate Gland. I guarantee your money back if not given relief. One dozen Watt's Suppositories, $1.25; 2½ dozen for $2.50. Sold at Economy Drug Stores. —(Adv.)

Local Boy Scouts To Collect Clothing and Equipment

SCOUT CLUB TO MEET

Robert Morris Social Club will give a luncheon at the Virginia Hotel today, at noon, in honor of the Worthy Grand Matron, Edith Conger, inspecting officer. Mrs. Katie Shroyer is president of the Social Club.

TRY A RECORD WANT AD

LOCAL CAMPAIGN; TROOPS ARE LISTED ANNIVERSARY OF SCOUTING TO MARK

Hilltop and West Side Boy Scouts joined with 2,000,000 Scouts throughout the nation this week in observing the 36th anniversary of Boy Scout Week, Feb. 8 to 14. In typical scout fashion the occasion will be marked this year by launching an unusual project known as the "Shirts-off-our-backs" campaign.

Local Scouts and their leaders are contributing used but clean and serviceable uniform parts and camping equipment to help boys overseas resume their Scouting activities. A special effort will be made to call at homes of former members for Scout uniforms and accessories no longer needed.

Scouts are giving up parts of their uniforms and equipment that they may not be able to replace soon, but Scout leaders feel this helpfulness will create an interest on the part of American Scouts in brother Scouts in other lands, their customs and history. Since each Scout donor is asked to include his name and address on the equipment, it is felt that friendships thus formed will contribute to world-wide understanding.

Uniforms Wanted

Usable uniform parts being collected include Boy Scout and Cub Scout shirts (without badges), hats and caps, shorts, neckerchiefs and slides, lanyards, belts, stockings and shoes. Equipment desired for shipment overseas includes axes, knives, mess kits, duffel bags, haversacks, sleeping bags, tents, bugles, compasses, fire making sets, first aid kits, signaling flags, whistles, and Scout literature.

Any one interested in contributing Scout clothing or equipment can do so by contacting any of the following Scoutmasters or Scout troops. The sponsor and time and place of each meeting are also given.

House Heads

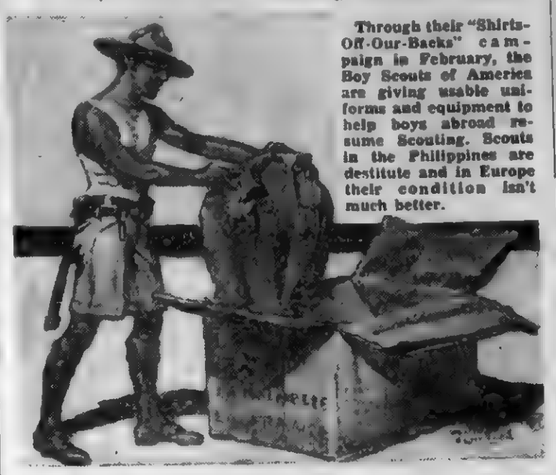
nel in the Navy Department at Washington, D. C.

Two other former West faculty members back from the armed services were also given new administrative positions in the school system. Russell Slater, former principal of Reeb-av Elementary School, was named director of the child study services. He had been in the army.



Barlow To Fifth-av

W. W. Barlow, a Navy veteran, formerly at Hubbard School, will go to Fifth-av School. He at one time taught at West Junior High and lived on N. Westmoor-av until a couple of years ago.

In his new position House will head up the work affecting veterans of high school age. Approximately 35 such veterans are in day school now, 100 others going to evening school and an additional 150 are in job training programs in the city.

Before enlisting in the Navy, House had been on the faculty of West Senior, was principal of Starling Junior High and was then brought back to West Junior as principal.

Give "Shirts-Off-Backs" to Help Scouts Overseas Get Scouting Started Again

Through their "Shirts-Off-Our-Backs" campaign in February, the Boy Scouts of America are giving usable uniforms and equipment to help boys abroad resume Scouting. Scouts in the Philippines are destitute and in Europe their condition isn't much better.

28 New Trees Are Planted At West High

This spring West High School will be almost surrounded by new trees that are replacing some of the elms that have died during the past couple of years.

Clarence Bateman and a group of boys were busy this week setting two large pin oaks on either side of the main entrance of the senior high school. The two trees were donated by O. C. Montgomery, a physics teacher, who gave them as a memorial to the one teacher and the many former students who gave their lives in World War II.

When the project is completed a total of 28 trees of different varieties will have been planted on three sides of the school building. The sale of scrap paper last fall provided the money to buy and plant the trees other than those which were given. The drive netted $450 from the sale of 39 tons of paper.

New Trees Set

Along Powell-av several red oaks will replace the dead elms. On the Olive-st side the dead elms and maples have been replaced by Norway maple. Smaller pin oaks have been set near the corners of the building. Thornless honey locust have been set on either side of the junior entrance. Several flowering crab trees have also been put out as well as English oaks. Six magnolia trees are to be put out later in the spring.

Two seven-inch pin oaks near the main entrance will each bear a plaque in memory of the war dead. Irvin F. Young, school principal, said. The one plaque will be in memory of George Collins, a former coach and teacher, who lost his life in the war. The other will honor the many former students who gave their lives. Appropriate ceremonies will be held for erecting the plaques as soon as they are made, Mr. Young said.

The planting of trees is a part of a school beautification program started last fall with the planting of chrysanthemums around the football field. Plans are being made to expand that planting this spring. Another scrap paper drive may be conducted in the early spring.

Kiwanis Speaker

(Continued from Page One)

ner clubs and other organizations throughout Ohio.

The speaker has studied the life of President Lincoln for many years and has one of the largest libraries on Ohio on the life of that outstanding man. The address is said to be factual rather than eulogistic and is pronounced by many who have heard it, "as entirely different from the ordinary Lincoln address."

Mr. Jones was formerly secretary to the late Sen. Frank B. Willis, Gov. Myers Y. Cooper, and from 1934 to 1939 was executive secretary of the Community Fund for Columbus and Franklin County.

Yesterday's Kiwanis speaker was Jack Sensenbrenner, a commissioner of the Southwest District, Boy Scouts of America.

Troop 18 Camps Over Weekend

Troop 18, Glenwood Church, was on a week-end trip up to Camp Lazarus last Saturday and Sunday. The group was in charge of Jack Remington, an Eagle Scout, who has just returned from the Navy. James McCready and Ted Webb also accompanied the boys.

Cowboys To Meet Central At West High Tonight

Third-place West Suffres Defeat At Hands of Linden-McKinley

Defeated in their last two starts, West High's cagemen will be out for revenge tonight when they meet the Central Pirates on the West floor at 8 o'clock. Coach Rufe Glass will be throwing everything available at the visitors in an effort to get his team back in the title race.

A win over Central tonight would complicate things considerably for the first place Pirates. Second place North will be meeting Aquinas and Linden will play East.

Smarting from the effect of a 28 to 24 defeat at the hands of Linden McKinley on the latter's floor Tuesday, tonight's game should go far in determining whether the Cowboys are going to be in on the finish race. Only two more league games remain on the West schedule after tonight. Tuesday night the Cowboys invade South in what should be a victory for the Hilltoppers. On Feb. 21 they ring down the curtain on the 1946 season as far as league games are concerned by playing East on the home court.

Surprise Defeat

Tuesday night's defeat came as a surprise to most observers since the Panthers had won only three while losing five league games up until that time. Both teams seemed to be off in their shooting as the low score indicates. Slager and Buckingham led the Cowboy attack with seven points each while Housum led the scoring for the evening with nine points. Zoog was close behind with eight tallies.

Paul Theisen, just up from the junior ranks, registered 13 points to pace West's reserves to a 26-24 win in the preliminary game.

In the senior game Linden jumped into an early lead and yielded the pace only once, after building up a halftime advantage of 12-5. With four minutes to go, the count was tied at 18-18. Dick Slager scored a field goal to give the Cowboys their only lead.

West had started its second string five, giving the Panthers a first quarter lead of eight to four.

Franklin Twp. Residents To Organize Civic Group

A meeting of Franklin Township residents residing in the vicinity of Brown Road met at Wilson School Monday night and layed the ground work for the formation of a permanent civic organization.

F. E. Campbell acted as chairman at the meeting attended by more than 175 persons. A committee was named to draw up a constitution and by-laws to be presented at a meeting of the same group to be held at Wilson School Monday night at 8 o'clock.

Named on the committee to draft a constitution were E. P. Butterman, Ben McNeal, A. W. Norman, H .C. Omohundro and Bill Williams. Mr. Butterman served as secretary for the opening meeting.

Sponsors of the movement pointed out that a number of community improvements would be undertaken once a permanent organization is in opreation. One of the first projects to be started is to obtain city water in the community. Extension of gas facilities, better drainage and sewage were also mentioned as possible projects for the future.

Stephens, McCullough Speak

Walter Stephens, owner of Stephen's Florist, outlined some of the possibilities of the organization. Bryant McCullough, one of the township trustees also spoke.

Sponsors of the Monday night meeting were Mr. McNeal, Lloyd W. Elliott, Ed Davis, James Morris, A. E. Anderson, Mr. Norman, Mr. Omohundro, A. K. Chambers, Mr. Williams, Sam Grabiel, Mr. Campbell and Mr. Butterman.

There was considerable discussion concerning the location of boundaries for the new organization. A motion was finally adopted to leave the boundaries flexible at this time so that persons having an interest in the improvement of that area might feel welcome to join the organization.

The Army Jeep

Send the Jeep to bring in the cattle
A soldier farmer said to his son,
That Jeep has been in many a battle
And I know how she can run.
I drove her over the Isle of Japan
And part of the Philippines,
That old can is a friend to man,
She brought in many sick marines.

Hurry Son and see what's the matter
The hour is growing late,
I appear to hear an awful clatter
Down by the cattle gate.
Here she comes down the main street
Said the boy, raising the blind,
Two sick cows are on the back seat,
The rest trotting along behind.

Health and Liberty are Priceless!

In this nation there are vital issues which transcend all partisanship. The American people have a Priceless Heritage. It is not shared by the people of any other nation. It belongs exclusively to the people of the United States.

This heritage sets the American people apart from all other peoples in the world. It has given us advantages so great that most minds fail to comprehend them. This heritage stems from a tradition and sensing of freedom, which antedates by centuries the establishment of this nation and the adopting of its written Constitution. Its tangible expression is embodied in Private Enterprise System. The essential to its preservation is the sanctity of the human personality—the supremacy of the individual and the subordination of the State.

This priceless inheritance is now being dangerously menaced by moves to turn over to the Federal Government the task of providing medical care for all the people.

WHY AMERICAN MEDICINE IS BEST IN WORLD

In the short span of one hundred fifty years American Medicine has moved forward to a position of universally recognized world leadership. It has provided a more effective and a more widely and evenly distributed medical care than ever has been made available anywhere at any time. If analyzed and understood, the achievement is without parallel in the history of the progress of mankind.

In the successful treatment and cure of disease, medical care must be considered as having two separate yet closely related parts:

First: There is disease—disease as such. There are many diseases. Each disease is ceaselessly, relentlessly seeking a human body to destroy. And each disease affects each human body in a different way.

Second: There is the patient — a human being — who, by accident, misfortune or coincidence, contracts a disease.

American Medicine has conquered many diseases — controls many others. However, the basic factor responsible for the unequalled effectiveness of the practicing physician is that the whole of his effort always is concentrated on treating and curing the patient—the human being who is sick. Incidentally, only, is he concerned with conquering the disease. The basic tenet of American medicine is that where there is a sick patient —a life is the issue. It matters not whether prince or pauper is involved. The once concern is that of saving the human life which is in jeopardy. The task is exclusively a matter between the patient, the doctor, and their God.

KEEP YOUR DOCTOR A FREE MAN!

The doctor is a human being, a person—a personality. His tradition, knowledge and experience makes him more sure and more confident than his fellowmen. The new Wagner-Murray-Dingell Bills now before Congress would rob him of his freedom of action and decision and make him subordinate and subservient to the bureaucrat. Beaucratic direction would destroy the intangible, indefinable essence that is the secret of the American doctor's effectiveness.

This Issue Must be Decided by the Congress of the United States. Members of Congress are Entitled to Know What the People of Their Districts Think About These Proposals. Talk or Write at Once to Your Senators and Congressmen.

A Job Well Done

The 36th anniversary of Boy Scout week, Feb. 8 to 14, merits the attention of all of us for in it we see an example that could well be a pattern for better international understanding. Boy Scouts on the Hilltop and throughout the nation are launching the "Shirts-off-our-backs" campaign in an effort to aid and encourage the continuance of Scouting in foreign lands.

The object of this drive is to collect all of the items of Scout clothing or equipment that can be spared by Scouts and former Scouts to be shipped to fellow members in lands where little is left as a result of the war. The Scouts don't look at is as a gift. They feel they are sharing these things with those less fortunate at this time so that a better spirit of cooperation and understanding might be established between countries around the world.

The Hilltop is particularly fortunate in having many persons who devote a good portion of their time to scouting activities. That their efforts are not wasted is evidenced in the strong program that is being carried out in the Southwest District. On the Hilltop alone are 11 Scout Troops, four Cub Packs and several advanced scouting units.

The Scout movement itself stands on its own merit. The type of men who develop as a result of its training are known around the globe. The record of their abilities and achievements have been written high on the honor rolls of those who won the laurels on battlefields of World War II. General of the Army Dwight D. Eisenhower, Fleet Admiral Chester W. Nimitz, and other high ranking officers have expressed the highest admiration for the men who had previous Scout training. J. Edgar Hoover, chief of the Federal Bureau of Investigation, has stated flatly that Scout work is absolutely necessary if we are to avoid a wave of juvenile delinquency worse than the one that followed World War I.

To Scouts and scout officials alike we say congratulations on this the 36th anniversary. May your program continue to touch the lives of more and more boys throughout the nation.

The Right To Work

(Reprinted From The Greenfield Times)

In these days of labor unrest and the priminence given to the workers' right to strike, there is something else that should not be overlooked. That is the right of workers who do not agree with the strikers to continue at their jobs.

To emphasize this point:

That right was twice sustained within the past few days by Judge Nelson Schwab in Cincinnati. He reiterated that labor has the right to strike. And along with the right, he said, goes the right to picket and to endeavor, by peaceful means, to convince other workers of the rightness of the strikers' point of view.

But, Judge Schwab specifically stated, "the employes who desire to work and who have not been persuaded by the proposition of the strikers to strike, who have definitely determined they want to work, should have the right to do so."

Having so ruled, Judge Schwab thereupon enjoined the strikers against violence in their picketing.

It should always be remembered that labor and management are not the sole parties to be considered in a dispute. There are two other interested groups—the public and the men and women who want to work because they do not approve of the strike. Their rights must be preserved, too.

In particular, the law must guarantee the right of the individual, whether worker or employer, to gain access to his place of work.

While this nation searches for better ways to reconcile the differences in industry, the least that can be done is to enforce the law, including the privilege of any man to work at his job if he wants to.

West High Roundup

By Patty Saint

Editor's Note: It is our hope that this column will be a regular weekly feature of the Hilltop Record, of interest to West High students. Contributions from all students will be welcome.

On March 26, 1943, Shalmir Springer, a former employee of the Record, started this column and it was well liked by every one. Now we are going to resume it again, and hope that it will be well received. Shalmir also gave the column its name.

If you're wondering where Ione Koons went, she is in Texas, enjoying herself among the cowboys . . . Speaking of cowboys, Jim Remington, that all-round star, is playing basketball for Kahn Jewelers . . . By now everyone should have seen the rock on Doris Robinson's third finger, left hand. How did she do it? . . . Jean Weidnier is still waiting for her man in the Army, so I hear . . . Jim Price has been seen buzzing around the halls with Maude Jackson . . . Where have all our men gone? The Coast Guard is taking them. Some who are going are: Johnny Layner, Gordon Armbrust, and Willis Teeters. But in the Marines we find that mellow man of West High—Jim Hey! . . . How about giving us the dope on that picture, Paula? . . . Looks like West High invaded the Telephone Co. Members recently taken in are Dolores O'Doud and Phyllis Converse . . . Wonder what Mary Snyder is doing now that she's out of school? Can't watch Johnny from there, Mary! . . . Have you seen the mellow new sweaters the cheerleaders are sporting? . . . Speaking of new things, what do you think of the new Boogie Cheer? Sure is fine . . . Dot Robinson can't go away for any more week-ends. She almost bought a goat the last time. THE "OLD MAN"

THE reflected rays of the noonday sun flash from the panes of the great factory.

A siren sounds. The whir of machinery stops. It is the lunch hour.

From his office window the "Old Man" looks out at the smoking chimneys—across the tarred roofs of the far-flung plant whose products are shipped by rail and sea to every nation.

A boy brings a tray with a raw apple, a bottle of milk and some crackers. The "Old Man" is lunching at his desk.

As he watches the workers swarming out of the factory, he sees a crowd collecting at the gate.

Presently a man who is standing on a packing case begins to wave his arms. He is a swarthy little man with a black mustache. The "Old Man" can't hear what he is saying—but he can guess. The "Old Man's" salary was published in yesterday's newspaper. His income runs into six figures—more than the salary of the President of the United States.

The man speaking from the packing case is a professional agitator. It is his job to make the workers discontented with their lot.

"Soak the rich," he cries. He doesn't care how much the "Old Man" pays out in taxes.

"Down with capital!" he is shouting. "Down with the 'Old Man'!"

At the fringe of the crowd a young man is eating a sandwich from his dinner pail. The "Old Man" recognizes the young man. He is the son of Charlie Pedersen, a foreman in the tool room. He has been studying mechanical engineering at night school.

Young Pedersen is not paying much attention to the man on the packing case. As he munches his sandwich he is thinking excitedly —"A salary like that is something to work for! The 'Old Man' started at the bottom just like me. It's ability that counts. I have ability. Some day my pay check will be as big as that!"

The "Old Man" *did* start at the bottom, and he is proud of it. Five thousand men and women work for the great company and he holds the helm. Their trust, their hopes are in his hands.

The "Old Man" never went to college, yet his laboratories are filled with graduates from the best schools in the land. His alma mater was a backwoods schoolhouse where he trudged through the snow in copper-toed leather boots, McGuffey's Reader in his hand.

With most of the men and women who work for the company, "Old Man" is a term of genuine affection. They are puzzled when they hear the agitator on the packing case describe him as an octopus.

There are white-haired men on the pay roll who can remember way back when the plant was a little one-story building and the "Old Man" was a tow-headed boy who carried water for the foundry.

As the "Old Man" looks out the window he is not worried about the man on the packing case or what he is saying. He has met his kind many times before.

He is worried more about what is happening in America today and about the eager, bright-eyed son of Charlie Pedersen.

He is worried lest the sickness that has seized upon the rest of the world spread its infection through America; worried lest all the isms and insidious doctrines of alien places destroy our greatest heritage.

Land of the free, and home of the brave!

He thinks of Washington and Patrick Henry, of Jefferson and Lincoln.

He thinks of the thousands of brave Americans who have faced the wilderness, who have laid down young lives on Freedom's altar.

He thinks of his own father walking beside his creaking wagon, crossing the Alleghenies, with a rifle in his hand.

He thinks of his birthplace, an humble cabin on an Ohio farm chopped out of the hardwood.

He reviews his own life, from its lowly beginning to his present proud position in industrial America.

"Isn't the essential difference," he asks, "between this America of ours and all the polyglot nations of the earth, that this has always been a free land where men of ambition may scale the dizziest heights?" The social register of American business is filled with the names of men who came into the world with empty hands.

Is the man on the packing case right? What does he offer in exchange?

There must be bosses under any system. Isn't the better boss a man who has worked his way from the bottom to the top, a man who is a good boss because he understands the problem?

It would be too bad, the "Old Man" thinks, if the son of Charlie Pedersen should miss the opportunity that is his by heritage. It would be too bad if America should become like other countries, so regimented and politician-ruled that it would no longer be possible for a man to toil and climb and pluck the prime fruits of reward.

For then this country would cease to be—America, sweet land of Liberty.

Letters To The Editor

The opinions and views of all readers of The Hilltop Record are welcomed from week to week, and we shall be happy to publish them as space permits. We do request that all letters be signed. If you do not wish to have your name published, please say so in your letter.—The Editor.

Dear Mr. Editor:

I am happy to answer the enclosed questions. It is a grand way to reach our Representatives. Many folks (like myself) are not able to write letters but we can give our opinion in these questions.

I wish every newspaper in the country could send out this list.

Thank you for giving me this opportunity of reaching my Congressman.

I hope every subscriber of the Hilltop Record will send answers, so our Representatives will see that we are watching and doing a little thinking ourselves.

A Subscriber.

Editor of Hilltop Record:

Why don't you publish in the Record a list of price ceilings as set by the OPA on all foods, including meat and canned goods. You can go into any grocery chain store or independent and there is a fluctuation of from 3c to 10c on a lot of things . . .

You can notice a big change in prices on almost any item you buy. If these stores are allowed to do this and get by with it, inflation is just around the corner.

My idea on the labor question is to let the men work as many hours as they want to with time and one-half over 40 hours per week and they could produce as much or more than they did during the war and could make a living wage or "take home pay" as they call it.

I am trying to give you my honest opinion on questions you have on the enclosed poll. (The poll referred to was published in last week's issue of The Hilltop Record.) We own our own home and another that is rented. I think everything should be controlled by our government except the number of hours men should be allowed to work.

Sincerely yours,
John T. Farmer
616 Townsend-av.

Editor's Note: Space limitations would make it impossible to publish ceiling prices on all commodities now under OPA control. However, each store is required to publish a list of ceiling prices on all articles sold. These lists are kept up to date as new ceiling prices are established.

The Hilltop Record
Dear Mr. Hartley,

I am a Private in the United States Marine Corps, and am now putting in my time down here in Norfolk, and you being a former Navy man can no doubt guess my opinion of the place.

I get the Record every week and I sure do think it is a swell paper. I often see articles about my buddies in the service, and about the ones still in school, and it really keeps me in touch with the Hilltop.

I have seen several other community papers, but none of them can come close to the paper that you put out.

I hope I haven't taken too much of your time, but I just wanted you to know that this is one G. I. that thinks the Record is 4.0.

Respectfully,
Bill Williams
(Erstwhile of 344 S. Roys Ave.)

To the Editor:

Congratulations on a fine addition to the Record. It's good to see it grow.

May I make a suggestion? Many people would drop a line to their Congressmen if they knew exactly to whom to write, without having to look it up.

Why not a small heading something like: "Tell It To Your Congressman" and there list the names and addresses of our two Senators and the representatives from this district.

Believe people would like this regular service.

Jerry: They say a sharp nose indicates curiosity.

Harry: Yeh, and a flattened one may indicate too much curiosity.

Mrs. Fosnaugh suffered cuts about the head, right knee and legs. Mr. Fosnaugh injured his right thigh and received cuts about the legs. Both were taken to University Hospital for treatment.

The driver of the other car, James M. King, of Pontiac, Mich., was treated at Mt. Carmel Hospital for head cuts.

MORE MONEY CANNOT BUY MORE COAL

More money cannot buy coal because it's scarce, due to shortage of labor in the mines and locally; restrictions on coal distribution and trucking; and the manifold needs of war conversion and manufacturing plants. With utmost care and conservation by all of us, there'll be enough.

"Uneasy lies the head that wears a crown." Everybody wears a crown, great or small. The way we wear it is what determines how we rest.

We seemed to be all right before the war. Where the heck did our houses go to?

C. E. Bentley, better known as Doc, Penna. Railroad brakeman, has been laid off indefinitely. Says he will sell cars soon as he can get them.

Can you name the author of any of the old time songs as follows: "Wait Till the Sun Shines Nellie"; "Only a Bird in a Gilded Cage" "In the Evening by the Moonlight"; Please Go Away and Let Me Sleep"? Harry Gumm was the author of them all. Maybe a thousand more. He died in New York a few days ago.

During those warm days in January I told everybody who would listen that winter was over. Nobody called me a liar, but I could tell by the way they acted that they didn't believe me.

Mr. C. E. Morrey, New York Central engineer, 57, S. Yale-av, is going to lay off in a few days to have his tonsils removed.

Windbreaks Add Beauty, Comfort

Nothing adds so much to the value of the farm home in beauty and comfort as a few rows of trees to protect it from the cold winter winds or from the summer heat. Shelterbelts properly arranged add much to soil and moisture conservation on the farm.

A few dollars spent for seedlings and a few years of a reasonable amount of care will establish a windbreak, the value of which can hardly be measured in dollars and cents.

Many thousands of seedling trees have been planted during the past several years and farm families are deriving the benefit from them now.

Seedling trees for the purpose of planting a windbreak may be secured from a number of sources, including commercial nurseries and Clarke-McNary arrangements.

Clarke-McNary seedling trees for farm windbreak and shelterbelt planting are again valuable, Monson points out, on the same basis as they have been in the past. Varieties available include: Russian mulberry, American elm, cottonwood, green ash, honey, locust, black locust, Chinese elm, hackberry, caragana, yellow pine, Jack pine, and red cedar.

Application blanks and further information on Clarke-McNary seedlings may be secured from the nearest county agricultural agent.

"Pop" Campbell Will Be Remembered

Many a Hilltop and West Side boy lost a very good friend last Saturday in the passing of "Pop" Campbell.

For many years he was interested in the Boy Scout movement in this community and was instrumental in organizing many of the local troops and cub packs while he served as organization chairman in the southwest district.

"Pop" Campbell always stood out in my estimation as one man who was most sincere in his every effort in the Boy Scout movement. I'll always remember the loud cheers he received from all his scout friends when it came his turn to present awards or say a word at the courts of honor.

Pop's work in the Boy Scouts was not for the purpose of business contacts. His reward was the friendship of hundreds of boys. He asked no more.

The Hilltop needs more men like "Pop" Campbell, men who will give unselfishly of their time toward the development of mentally awake and morally straight young men.

Fuller Stresses Church News

Well known to many a Hilltopper and Columbusite is Adrian Fuller, for many years a local newspaperman and at present Detroit Free Press Religious writer.

Excerpts from an article by Fuller in a recent Editor and Publisher stress the need for better use of religious news in newspapers.

"There is news—and a lot of it, in activities of organized religion. No other force except need for food and raiment has such an influence on people. It affects the high and mighty—the poor and underprivileged.

"Organized religion is a big business. No estimate is available of the intrinsic worth of realty and other properties owned by religious organizations. Probably no other single one owns so much. The cost of all this came from hundreds of thousands of people.

"What is being done with this property is news. More people go to church in Detroit on any Sunday than have ever attended any single event in the city. It is a total world's series attendance 52 times a year.

"The difference between religion and the factors of daily life—from a news standpoint is that people talk about athletic spectacles, entertainment features and the like, but not about religion. It is a personal thing, but that does not mean that people do not like to read about it—and what goes on in the field.

"Ecclesiastical politics—than which there is no more involved activity—is often reflected in news of events. Folks who are church members have a great interest in this; certainly the clergy and the various heirarchies of the sects read avidly anything involving changes of clerics—promotions, etc.

"If any other argument was needed to bolster the case for adequate space and presentation of religious news in a metropolitan paper, there could be none better than to point out the record of the Bible itself—the best seller of all time."

Rubbish Removal Promised

The Hilltop and West Side are to have regular collection of trash in 1946.

This is a promise from the superintendent of garbage and refuse disposal, according to Henry Koontz, Hilltop pharmacist and member of City Council.

Don't count on the "regular" part of it for some time though is the way the information was given to Koontz, who paid a visit to the city official this week.

The city will get delivery on 40 new trucks by June 1. At least that is a commitment that has been made to the city. It will take approximately 90 days to clear up the entire city when the new equipment is adde.

Once the city is completely cleaned up, 10 trucks are to be assigned exclusively for use west of the Scioto River, according to information given the councilman. After that the Hilltop and West Side will be cleaned once each month.

That's what Mr. Anderson said.

Electric Co. Builds Home On W. Mound

Work has been started on the construction of a new building to house the Nippert Electric Products Co., now located at 357 W. Broad-st.

The new factory will be located at 1759 W. Mound-st, just east of the Gulf Refining Co. plant. The building will provide approximately 8000 square feet of space all on one floor. It is being built of concrete block with a brick front. The building will be 200 feet back from Mound-st.

The company manufactures commutators for electric motors and has been in operation since 1936. It employs from 30 to 45 persons. Prior to 1943 the firm was located on E. Long-st and was engaged in the manufacture of automotive electrical items. Throughout the war only commutators were built.

Paul Nippert, 283 S. Roys-av, is the new owner of the company. John Nippert, 226 N. Powell-av, is the general manager. The company manufactures products under the trade name of Nepco.

Lutherans To Start Work On Building

Plans are being completed for the expansion of the Hilltop Lutheran Church in the near future, it was learned this week.

Work is expected to start in the early spring on the first phase of a building program that is expected to cost between $90,000 and $100,000 when completed. The initial expansion program will be the erection of a basement that will take in the entire lot back of the church. A temporary roof will cover the basement until the erection of the new church building approximately three years later.

The basement will add 6,000 square feet of floor space now badly needed for Sunday School work. The walls will be constructed of glazed brick with a Mastic tile floor.

New Heating Plant

A new radiation-type heating plant will be installed in a subbasement. The first unit of construction is expected to cost about $30,000.

Approval for the new basement was voted at a congregational meeting held at the church several days ago. A planning committee, headed by Burleigh Emrich, 2608 W. Broad-st, has been working on the project for the past three years.

When completed the new church will be built over the basement back of the present church building. It will be a Gothic style of architecture with a worship auditorium with seating capacity for 550.

Entrance to the new basement unit will be from the Terrace-av side.

CORRECTION

In last week's Hilltop Record the death of Lt. Henry Myers, a city fireman, 391 S. Wayne-av, was attributed to a heart attack. It has since been determined that he slipped and fell as he alighted from a truck when he arrived at the scene of a North Side fire.

Record To Be Delivered Thursday Starting With Next Week's Issue

Effective next week The Hilltop Record will be delivered on Thursdays instead of Fridays.

This change is necessitated largely by the fact that the increased size of the paper and the increased circulation has stepped up the weight of the Hilltop mail on Friday morning to the place where it is almost impossible for mailmen on local routes to get all their mail delivered in the one day.

The Record is extending this cooperation to the mail carriers in view of the fact that a great number of papers and magazines are issued through the mails on Fridays.

This new publication date will likewise extend the week-end shopping period for Hilltoppers and local merchants will now offer many merchandising specials for three days instead of two.

Effective next week the following schedule will be strictly adhered to:

Deadline for receiving classified ads will be 9 a. m. Wednesdays. Deadline for display advertising will be 5 p. m. Tuesdays. All church notices must be in the office before 10 a. m. Tuesdays. Social news must ben in by Tuesday noon. General news copy will be accepted until 5 p. m. Tuesdays.

Watch for your Record next week and each week thereafter on Thursdays. Next week's Record will contain four sections.

Judge Randall Is Kiwanis Speaker

Judge Randall

Judge Cecil J. Randall, 1989 W. Broad-st, will be the speaker at next week's meeting of the Hilltop Kiwanis Club. He will discuss the life of George Washington in keeping with the birth anniversary of the first president of the United States.

At yesterday's meeting held at Schmelzer's Restaurant, Charles A. Jones was to have given an address in keeping with Lincoln Day.

Mrs. Sarah Cline Killed by Auto Wednesday Nite

A 70-year-old West Side woman was killed Wednesday night and her 70-year-old brother was seriously injured when they were struck by an auto as they were attempting to cross Sullivant-av during a hard rain Wednesday night.

Mrs. Sarah Cline, rear of 319 W. Park-av, died in Mt. Carmel Hospital an hour following the accident. Her brother, Alvin Roby, of the same address, is in the same hospital suffering fractures of his left hip and right leg and possible internal injuries.

Deems Speaks

At the regular monthly meeting of the Association Tuesday night, H. G. Deems outlined the needs of the American Red Cross and discussed plans for the forthcoming annual roll call. He pointed out that 54% of the money collected this year will remain in Franklin County. The goal for this year is $444,000 for the county.

Franklin Residents Organize

The Wilson Heights Civic Association was organized at the Wilson School Monday night with a charter membership of 90 persons. Roy Jewett, operator of the Brown Road Store, was elected president of the group.

Other officers elected were F. E. Campbell, vice-president; Mrs. Luther Meeks, secretary; Mrs. Dorothy Blakeley, treasurer, and Bill Williams, sergeant-at-arms.

Four projects to receive consideration by the organization in the very near future are (1) getting city water into that area; (2) sanitary improvements; (3) extension of gas facilities into the southern portion of the community, and (4) obtaining public transportation through that section. Committees were named to work on each of these improvements.

Adopt Constitution

Selection of officers followed adoption of a constitution and by-laws prepared by a committee of five members appointed at a meeting held one week earlier. H. C. Omohundro read the constitution and it was accepted with little change from its original form.

The association is made up of residents of Franklin Township living in the general vicinity of Brown Road and streets intersecting it. Membership is open to persons who it is felt could be benefitted by the work of the organization. There are no fixed boundary lines.

The new civic group will meet on the second Monday night of each month. Meetings are being held at the Wilson School. A special meeting has been called for next Monday night.

The committee investigating the water situation is made up of Ben McNeal, Lloyd Elliott, F. E. Campbell, Hershel Omohundro and Ross Martindale.

The gas committee is composed of James Morris, F. E. Wolfe, William Williams, Carl Osterbough and Ray Wolfe.

Storm Strikes Wed. Night

High winds lashed the Hilltop and West Side throughout most of Wednesday night, blowing down trees and inflicting property damage to numerous dwellings and business houses.

Dead trees seemed to be the hardest hit. Broken limbs of trees littered sidewalks and streets and numerous street lights had electric cords dangling down toward the street.

City Should Buy Lots For Park

An Editorial

Foreclosure sale proceedings are progressing against a tract of land of approximately five acres just south of Sullivant-av between Woodbury and Columbian-aves. The parcel will be sold at sheriff's sale to the highest bidder some time late in March.

This land has been a marshy spot for years and will have little value to an individual property owner. That is evident from the fact that it is being sold for taxes now due on it.

If properly drained and landscaped this would make an ideal community park and certainly would improve living conditions in that neighborhood.

Cost of this parcel to the city would certainly be very little.

The Record believes residents of that community as well as the Hilltop Business Men's Association and other interested organizations should make an appeal to city council to see that the city purchases this tract and adds it to the city park property.

Ben Mfg. Co. To Move From Voss Bldg.

There seemed a good possibility this week that John R. Haines and Associates, a manufacturer of plastic articles, might soon occupy the old Voss Building at 2506 W. Broad-st.

The building, previously owned and occupied by the Ben Manufacturing Co., was sold last week to Dave Cohen, Middletown, and is available for lease.

John R. Haines, owner of the plastics firm, told The Hilltop Record that an effort had been made to lease the building and that a five-year contract would be signed if City Council grants approval next Monday night.

To Vacate by Mar. 1

Ben Mfg. Co., said his firm was company, said that his firm was planning to vacate the building by March 1 but that he could not say where they would go at that time. The company was engaged in war-time manufacture of aircraft parts.

The Civic Committee of the Hilltop Business Men's Association reported to that group Tuesday night that the plastic firm had been visited by a committee headed by Dr. R. J. Miller, 2403 W. Broad-st. The report indicated that there were no objectional odors or heavy machinery used in connection with the manufacturing processes.

Would Employ 30

Mr. Haines said that his firm at present employed seven people but that anticipated business

Minstrel Names 3 Features

Three added features to the 17th Hilltop Minstrel, to be presented at West High School on Feb. 28 and March 1, were made known this week by Lee Koontz, producer of the show.

Billed as sure laugh getters are the "12 litte girls", a dance line composed of 12 Hilltop business men, and a mock wedding performed by local people. Some real barbershop harmony will be presented by a male quartet from the Hilltop Male Chorus.

Ticket sales for the show were going fast this week according to Curt Roberts, ticket chairman. General admission tickets sell for 40c, including tax. They may be obtained at the place of business of all HBMA members.

Reserved seat tickets will go on sale at 12 o'clock noon on Saturday, Feb. 23, at the office of Shank and Saunders, 2458 W. Broad-st. They may be had by presenting a general admission ticket plus 10c. No general admission tickets will be sold at the time reservations are being made.

Thurs. Attendance Urged

Members of the HBMA were urged to have their families and the families of their employees to attend the Thursday night show so that more persons could be taken care of on Friday. The last night has always been a sell-out with some being turned away almost every year.

Appearing as little girls, complete with curls or pigtails, will be Tom Lewis, Gilbert Coffman, Curt Roberts, Bill Coon, Clarence Story, Chub Distlehorst, Phil Stout, Bruce Tanner, Jack Aleet, Herman Groves, John Riepenhoff and Art Eaman.

The mock wedding will feature as the principals, Mary Bentz and Charlie Kent, prominent business people on Sullivant, Jack Shank and Hazel Bercaw, as parents of the bride, and Bill Burlie, in the role of parson.

The barbershop quartet members are Howard Moon, first tenor, Norman Diehl, second tenor, Elzie Radcliffe, baritone, and William Marot, bass. They will sing a medley written around "Coney Island Babe," with "After Dark" as a second number.

SELECT YOUR PHYSICIAN WITH CARE AND CONFIDENCE

★ The study of medicine is a selective process in itself. Seven years of intensive study in college, plus one year of practice in a hospital, are the minimum requirements. It is wise to trust your precious health only to a conscientious physician of recognized standing. Avoid the quack, the charlatan, the "cure all" type of doctor. Almost invariably they do more harm than good. Select your physician as you should your pharmacist—with care and confidence.

When your physician writes a prescription, bring it to us to be filled. We are specialists at this work.

Capt. Don. Rauch Reported Killed

Mr. and Mrs. Henry Jones, 60 Powhatan-av., received word Wednesday that their nephew, Capt. Donald J. Rauch, reported missing since Feb. 20, 1945, has been declared dead by the War Department.

His parents, Mr. and Mrs. R. P. Rauch of Van Wert, O., former Hilltop residents, received the notification.

He was a fighter pilot in the Army Air Corps and left his base at Kumming, China, on the above date. He told a boy from his home town, then in the ground crew at Kumming, he was going 800 miles north that day.

His last letter to his wife and daughter, Donna, at Wayne, Pa., told that he was going on a special mission and that they would hear from him in six or seven months.

He had been in the service four years. He is also survived by a brother, John Ralph Rauch.

Adam's attire was raggy and baggy
And so, by the way, was his girl-friend, Eve's
So he said to his spouse, as he entered the house,
"Let's go and get our annual leaves."

Kiwanis Basketball Game Attracts Crowd of 800

Over 800 basketball fans filled the West High School gymnasium last Thursday to see a "friendly" little game between teams of the Hilltop and Northwest Kiwanis Clubs, but saw one of the wildest affairs in the history of the game before they left.

Starting off with a comedy tone, it soon became apparent that the boys were playing for keeps. A total of 32 personal fouls were called by officials Red Traube and George Williams, and they were working on a lenient basis.

Center Jim Scott of Northwest led the scoring with eight points. He was followed by Kelly of Northwest and Agee of Hilltop with seven each. Dale Rose and Mack Pemberton of the Hilltop club totaled six counters each.

Morgan Murphy and Scott were ejected from the game via the foul route. Rose received a fractured rib while Pemberton had minor injuries.

Hilltop players were Phil Stout, Morgan Murphy, Sam Alford, Eddie Eagan, Mack Pemberton, Curt Roberts, Walter Davis, Joe Shellhaas, Erm Groves, Jack Sensenbrenner, Dale Rose and Joe Agee.

The game was sponsored by the Hilltop club as a means of raising funds for various charitable projects during the coming year. A return bout is scheduled at Grandview or Arlington during the early part of March.

Russell Slater Displays Uniforms

By Glenn Clark

On Tuesday, Feb. 12, Russell Slater, former teacher at West Junior High, reported on some of his experiences.

He was in the Army counter-intelligence corps. His main job was to interview prisoners.

During the program Mr. Slater had students at West Junior model some 15 or 20 of the military uniforms he brought back. Some of the uniforms exhibited included German Gestapo, German "G. I.", S. S. uniform, Hitler's Youth uniform, three from World War I, chief of police uniform with a plume, paratrooper's uniform. Mr. Slater also brought back a plaque that hung in the Munich beer hall of Hitler's fame.

On the plaque was Hitler's family tree. One of Mr. Slater's prize experiences was writing a letter from Hitler's office on Hitler's private stationery.

On Thursday, Feb. 21, John O. Lang, professor of history at Capital University, will speak on "Washington's Personal Life." Assemblies will be held for both West Junior and Senior High.

Glenwood Downs Avondale; Keeps Unbeaten Record

Glenwood Methodist maintained its clean slate in the West Intermediate Church League by downing a stubborn Avondale U. B. team 22-21 last Monday night at Glenwood Shelter House.

Glenwood held a slight edge through a greater portion of the game until early in the final quarter when Avondale broke in front 20-16 but Glenwood rallied, scoring six points to their opponents' one, in a wild and frenzied finish.

Patridge led Glenwood's scoring for the evening, assisted by Wise, Dawson and Hutchinson. McMillen, Lohr and Dale also played an active role in the victory. Other members of the squad include Bush, Evans and Hawes.

Glenwood's record now indicates six wins and no losses to date.

West High Basketeers To Close Season Thursday

The West High School basketball squad will close their league schedule next Thursday night when they play East on the home court.

In third place now, the Cowboys stand a good chance of ending the season in that position. At the end of the first semester, while Jim Remington was still in uniform, the Hilltoppers were leading the league.

The Cowboys lost a close 36-33 game to Central's league-leading Pirates last Friday. Watts and Thrush shared top scoring honors for the home team, each getting nine points.

287 Enlist Here During January

Regular army enlistments at Columbus Station reached a total of 287 for the month of January," Lt. Col. Hoermann said here this week. The monthly quota for the station was 153. This represents 34 percent increase over the best previous month.

"We expect continued increases as more and more young men become aware of the numerous educational advantages under the G. I. Bill of Rights," Col. Hoermann pointed out. Young men and parents of young men are urged to come into the U. S. Army Recruiting Station at Room 102, Old Post Office Building, to learn about government paid college educations under the G. I. Bill of Rights which are open to Regular Army enlistees.

Prostate Gland Trouble?

I'm a railroad man and for over 7 years had difficulty working because of backaches due to Prostate Gland trouble. Doctor's formula proved of great benefit and before and since his death have sold them (now called Watt's Suppositories) to railroad men and others the country over. Fine testimonials and repeat business show the good work they do. Backache, getting up nights, often indicate an inflamed Prostate Gland. I guarantee your money back if not given relief. One dozen Watt's Suppositories, $1.25; 3¼ dozen for $2.50. Sold at Economy Drug Stores. —(Adv.)

The Voss building has a frontage of 80 feet and a depth of 130 feet. It has a two-story brick building. For many years it was occupied by Voss Brothers, Ford dealers.

The building was acquired by the Ben Manufacturing Co. in 1942 from the Ohio National Bank and has been used by them ever since. Officers of the company are Harry K. Bigelow, president, and Ben Lurie, treasurer.

If the lease is negotiated the Haines Company would move shortly after March 1.

Hilltoppers Oppose U. S. Loans To Great Britain And Other Allies

Public Opinion Poll Reveals Local Thinking On Today's Problems

Hilltoppers are practically unanimous in opposing loans to Great Britain, Russia, France, Italy and other nations. Approximtely one third of them would favor loans to China.

This information was gotten this week as a result of tabulation of first answers received in an opinion poll published in the Hilltop Record on Feb. 1. Replies were received from 48 persons although views were not expressed on all of the 27 questions by all who sent in replies.

Results of the poll are being forwarded to Senators Robert Taft and James Huffman and to John Vorys, congressman from this district, as an indication of how people stand on these vital issue. For instance Hilltoppers do not favor universal compulsory military training for all 18 to 20 year youths. The vote was 11 for, and 35 against. The American Legion plan for four months compulsory training with additional training in National Guard units, schools and colleges fared only a little better. Thirteen favored this plan while 31 opposed it.

The proposed Army and Navy merger into a single unit of defense was favored by 31 while being opposed by 14. Only three out of 45 persons favor sharing the secret of the atomic bomb with Russia, while not a single person favored granting loans to the Soviet.

To the question, "Do you favor placing the control of the atomic bomb and atomic energy with the United Nations Organization?" the answer was 12 in favor and 31 against.

Reject Pay Increases

Only a small minority would increase the pay of members of Congress or the President. Answers to the latter brought forth several explanations of why they did not favor increasing the salary of the President.

Wrote one person, "Yes. If we get a new one."

Another said, "He is getting too much now."

Still another commented, "He knew the salary when he took office."

Ten persons are in favor of increasing the pay of the chief executive and the law makers.

Replies received do not favor the 30% pay increases requested by industrial workers. Opinion on this issue was divided as evidenced by the vote of 35 against and 11 in favor of the increase.

Oppose Socialized Medicine

Socialized medicine is not favored by a majority of Hilltoppers as indicated by the poll. To the question, "Do you favor the health insurance and public medical care program to be paid for from additional social security taxes, as suggested in the President's recent message to Congress?" the vote was 32 against and 19 in favor.

Forty-three out of 46 persons favored reducing the number of federal employees, while almost an equal number favored further federal tax reductions.

Continuance of rent control beyond June 30, 1946, by 24 as against 16 opposed. Results on the issue of payment of a cash bonus to veterans show that only 19 were in favor as against 23 opposing the m[illegible]

A majority of more than two to one would like to see the official declaration that hostilities had ceased and that [illegible] controls would end shortly thereafter.

Opinion Differs

Opinion differed somewhat on the matter of extending Selective Service beyond May 15, 1946. On this question 23 were opposed to its extension while 16 favored it. Forty-one out of 47 favor the prompt discharging of fathers from the services who have minor children.

One person who declined to give his name opposed practically every administration sponsored issue on the questionnaire but wrote a note at the top saying, "And believe it or not, I am a Democrat."

Opinion Well Formed

On all other issues opinion was pretty solidly for or against the

On only one question was opinion evenly divided. That question was, "Do you favor extension of price control powers of OPA beyond June 30, 1946?" Twenty-one persons favor extension, 23 oppose it.

Reject Pay Increases

Only a small minority would increase the pay of members of Congress or the President. Answers to the latter brought forth several explanations of why they did not favor increasing the sal-

101 Lots Will Be Auctioned

The Sheriff of Franklin County will sell at public auction at the court house, 101 Hilltop lots in Henry V. Butler's High Ridge Extension Addition. The sales will be held today, at which time 48 lots will be offered, and on Friday, March 1, when 51 lots will be sold. The sales will begin promptly at 10 a. m. on each day.

The sale is the result of an action to foreclose the delinquent tax lien, the suit having been brought by G. Arlowe Bryant, assistant prosecuting attorney, and it is alleged that $53,683.71 was due and unpaid in delinquent taxes, assessments, penalties and interest.

Special attention is called to the fact that the sale of these lots will be held on Fridays instead of Saturdays, the day on which sheriff's sales are usually held.

The addition in which the lots are located comprises the area between Sullivant-av and W. Mound-st, the lots being located on Wrexham, Belvidere and Whitethorne-avs.

"Our Boundary Line"

My feelings are hard to define
When a man said, his face aglow,
Those two pillars are the line
Between the States and Mexico.
Speaking volumes there in the land
Words of cheer to me and to you,
You are now safe in your home land
Protected by Sam and his crew.

There was no fence, no stone wall,
Just two posts in the sand,
But speak words that truly enthrall
Any returning to their home land.
That line at times has been defaced,
Heard some serious debates,
But never torn down, never disgraced,
Since we formed the States.

If the most of us had to work one-half mile underground the rest of our life, we wouldn't care how soon the mine blew up, blew down, caved in or exploded.

Maybe Churchill would agree to bring John Wesley and George Whitefield back to life for four billions.

Nothing remarkable about the man now living at the age of one hundred and twenty-nine. Many lived longer than that during the last war.

If the army can talk to the man in the moon as they claim, why don't they ask him to send down some sugar and a few shirts?

If red lights won't reduce the accidents why not put out the light of the driver—for about one year?

How are we going to have a democracy when we can't govern ourselves?

A man in Russia has a medicine that will make us live to be two hundred years old. What we need is a medicine to cure strikes two months old.

Don't see why women are fussing about nylons. They wouldn't wear 'em if they had 'em.

Time For a Clean-up

It's not too early in the year for Hilltoppers to be concerned about refuse collection again. It seems that this has been a topic of conversation much in the minds of people all over the city for several years now.

We realize that during the war many obstacles stood in the way of regular collection service. Columbus was not alone in that position. Equipment was difficult or impossible to obtain and manpower was spread too thin to expect collection as often as needed.

When Mayor James Rhodes took office we heard some promises about keeping the city clean. Four collections per year have been mentioned as necessary to keep alleys clean and presentable in a residential section.

To the best of our knowledge the Hilltop has not had more than one collection per year. Some sections may have been cleaned up twice and some areas have gone longer than 12 months without attention.

According to information given Henry Koontz, Hilltop councilman, this week, 40 new trucks are to be delivered to the city by June 1. Of this number 10 are promised for use exclusively on the West Side and Hilltop. William Anderson, superintendent of garbage and refuse collection, estimates that as much as 90 days may be required before the entire city can be cleaned up properly, but after that time collection is to be put on a once-a-month basis.

That would be real service. As a matter of fact most Hilltoppers would settle for less than that. But let's not be lulled into a state of ecstasy by this promise. We have had promises before, many promises. What we are interested in now is service. If we are to be assured of service it sometimes takes the voice of local residents added to that of our councilman to get results. Let's see that some of these promises are carried out in 1946.

Pity Is Being Organized

During the war a Free French broadcaster in London questioned a German prisoner of war. "What," he asked, "will you Germans do if you lose again?" The reply was prompt. "We shall do as we did after the last war—we shall organize pity for Germany."

The prisoner knew his Germany. The campaign was started—the systematic, sly, familiar and predicted organization of the world's pity, and especially clever playing upon American sympathies and American inclination to forgive and forget.

Take the diet of Germans in the war guilt trial town of Nuremberg. They get 150 grams of starches and rice per head per week. Meanwhile, the French get none. Nurembergers receive 90 grams of cheese weekly to 50 grams in France. Potatoes and milk are four and five times as plentiful for the Germans as for the people of France. Yet Germany is the supposed "loser" and France is on the side of the supposed winners. In nearly every item of food the Germans eat as well as, and in many categories substantially better than, their victims but still their campaign to organize pity cointinues. None of the comparative facts are revealed, of course. On the contrary, a grim and heart-rendering picture of starvation is painted. The Germans are past masters of propaganda.

Americans must learn to discriminate in their pity. We can be sorry for the Germans but all in good time. Their victims have a stronger claim on us. We must not forget that throughout the war the Germans—nobody else in Europe—had a balanced diet with adequate fats and vitamins and that it was the Germans—nobody else—who invaded Austria, Poland, Norway, Denmark, Holland, Belgium, France, Russia, Yugoslavia, Greece and all the others.

Today's Viewpoint

Today we introduce a new feature to The Hilltop Record. Six or eight persons will be contacted each week to get expressions of opinion on some current topic. Views of all readers are welcomed from week to week on any of these questions. Insofar as space permits, letters from our readers will be published when bearing the signature of the writer. Writer's name will be withheld when requested. —The Editor.

Do you favor cutting down on our food supply at home to feed foreign nations?

Dr. R. J. Miller, chiropractor, 2493 W. Broad-st—"I would favor it to the extent that it is not detrimental to the health of our own people. I feel that feeding the destitute nations should be an international undertaking and not the job of any one country."

Mrs. Vera Jhensen, housewife, 884 S. Wayne-av—"My honest opinion is, if we are to promote Christian good will among nations we must share some of the things we have. That is true whether it affects our abundance or a scarce item. We have so much that we can always substitute something for scarce food items."

Henry Koontz, pharmacist, 2461 Sullivant-av—"I believe in feeding American people the best—first."

Mrs. Henry Upperman, housewife, 423 Dana-av—"I think we should help anyone in need as far as we can without depriving our own people. I don't believe in taking food from our own people to feed other countries if it is needed at home."

Charlie Kent, grocer, 2787 Sullivant-av—"I do to some extent. I don't believe anyone has gone hungry here. America is a leading nation; I dont think we should sit at home and see children starve in other countries."

Rev. James F. Lorens, minister, 3008 Fremont-st—"The Lord has said, 'Bear ye one another's burdens.' I believe we must be the Good Samaritan in this hour if we are going to spread peace among nations."

C. H. Slater, candy manufacturer, 27 N. Ogden-av—"I hate to say no. It would be an unchristian attitude. We should at least make an effort to alleviate the needs and sufferings of those in distress in foreign lands. We should take the Christian attitude."

MODERN POETRY

GOLD STAR

I mark the home that mourns a soldier, dead,
Who won no medals and gained no fame.
None but his own remember now his name
Or when and where and how his blood was shed
And yet his humble blood was just as red,
As precious to the heart from whence it came,
As live and warm and free of any blame
For war's great wrongs as any ever bled.
This man went forth to battle, not in hate
Or will to conquer, but in simple prayer
That all the things he loved might be preserved.
Now I, his lonely sentinel, await
To challenge all his comrades, everywhere,
To rally around the banner that he served.

A FRIEND

A friend is one who smiles with you.
When all is well and skies are blue,
Who will rejoice to see you win,
And Fortune's tide come flowing in.

A friend is one who stays by you,
When clouds obscure your skies of blue.
Who shares your sorrows great or small,
And somehow understands it all.

BEGGAR

I do not ask a whole loaf . . .
But such a little crust,
And that you give it with your hand . . .
Beloved, beloved, you must!

I do not ask your passion . . .
But kindness, nothing more,
That I do not disgrace us both
And starve before your door.

Letters To The Editor

Hilltop Record
Dear Sir:

We will no doubt be visited again with snow and ice and my attention is drawn daily to the sidewalk conditions on our Hilltop.

It is bad enough that so many sidewalks are in bad repair, there being cracks and breaks, as well as great holes in them, but what is worse is the habit of a number of people throwing bottles of all kinds on the pavement, both on the sidewalks and streets.

Every season about this time and a little later we have a number of aged folks falling and breaking their arms and hips—some have died this season as a result—but with broken booze bottles, beer bottles and pop bottles added it is just too bad, and some rather serious conditions are liable to be resultant. When summer comes, God help the bare-foot boy if this keeps up. Last summer while waiting for the West Broad bus at Third and Long Street, a nit-wit in an auto threw a milk bottle out of the car and struck the lady standing near me on the foot, but the auto got away before the number could be taken.

Put this up to your readers.

In response to several inquiries we list the names and mailing addresses of Congressmen and Senators from Ohio to whom communications should be addressed for those persons wishing to let their legislators know how they feel on today's issues.

Sen. Robert Taft, Senate Office Building, Washington, D. C.

Sen. James Huffman, Senate Office Building, Washington, D. C.

Congressman John Vorys, House Office Building, Washington, D. C.

Congressman George Bender, House Office Building, Washington, D. C.

To the Editor,

Military training should be started in the junior year of high school and should be continued through the senior year with at least three months active service during the summer vacation period to be served under instruction with National Guard or the regular Army. In addition it should continue for four years in college ROTC before giving commissions as reserve officers.

All those boys of 18 who have not taken military training for two years in high school should be inducted into the regular Army for that period. This would pick up those who quit school before they have completed high school education.

Let's quit being Santa Claus to England and European countries who eventually will drag us into war and fail to pay their debt to us. Let them try working for what they want the same as we in America have to do. Why are we the greatest productive country in the world — because we work for what we want and don't ask England for donations. Why should we support the lazy English and French for another 20 years so they can start another war? Would England lend us four billions of their hard earned dollars? Not unless they could take over at least half of the United States as security.

Canada and Australia get paid in cash for all the goods they send to England and yet we should be Santa Claus and have them laugh at us for being such fools. NO. Give it to the needy but first let them show that they will work for a living.

Let's get rid of some of these excess bureaus in federal government and reduce the employees to normal. Our opinion in doctors, dentists, etc., is that the present way is better than Washington Bureaus.

Reduce the bureaus and the number of employees by about 75 percent and give a raise to the members of our Congress. Send some of the text book experts back to their class rooms and use men of some experience. Put competent men on the UNO and it might be a success.

Keep the OPA on until Jan. 1, 1947, if they make up their minds to a definite report to all concerned of their future actions and decisions. At present no one knows what to expect, consequently no production decisions can be made.

Mr. and Mrs. F. E. Sturdevant

Editor's note: The above letter was mailed to the Record in connection with a reply to the opinion poll questions which appeared in The Hilltop Record of Feb. 1, 1946.

West High Roundup

By Patty Saint

"Valentine Day, when love words are spoken, is also the day when some hearts are broken."

But among those who are still going steady, are: Jack Thrush and Jerry Sherwood, Barbara Evans and Bob Phelps, Charline Rolston and Bob Cassell, Bryon Baker and Nona Kimes: and many, many more. Here's hoping next year will be the same.

Seen at the bowling alley Saturday—Ralph Watts . . . Have you noticed all the kids on Monday morning going to school? They look like they are trying to get over a "Lost Week-end" . . . You can see Joy Bliss almost any place — she is always buzzing around . . . That was a bad fall Jack Thrush received at the game Friday . . . Why did Mr. Zulauf have a big grin the other day? He gave away some free annuals. . . . Speaking of annuals, you had better get your money in for them, they have gone up a quarter . . . Have you noticed Rita Russel dashing madly down the hall, trying to get to her locker before the crowd? . . . . P. O. D. must be rather a strain on the kids this year. . . . Jim Myer has been seen in class cutting out paper dolls. . . Ditty Barfield has a smile for every one nowadays. Couldn't be because Buck is home?

Cupid Capers promises to be a huge success. The 6th period Tuesday a skit was given on the stage and everyone enjoyed it. But who was cupid? . . . While talking to the bus driver of the tripper, he happened to mention that he has driven a bus in many school districts, but he has yet to meet a better group of school kids than West High students—so let's keep that high score up. . . On a rainy day you can't see a girl's face for the scarf she ties around her head.

New Books At Library

The Hilltop Branch Library, 21 N. Hague-av, has recently added the following novels to its shelves:

DuMaurier, "The King's General."

Love, suspense, adventure, all packed together in this Cornish tale of three hundred years ago.

Keyes, "The River Road."

A modern plantation family story laid in the lush Louisiana country.

Marshall, "The World, the Flesh and Father Smith."

Three decades in the ministrations of a lovable and liberal minded Scottish priest.

Miller, "Dark Sails."

Something different for Helen Topping Miller—a historical novel of the exciting period when the Spanish were threatening the Carolinas.

Nordhoff and Hall, "High Barbaree."

The usual high adventure of a Nordhoff and Hall novel, and life among the natives on a beautiful tropical island.

Rorick, "Outside Eden."

Another Mr. and Mrs. Cugat story—humorous.

Shu—Rickshaw Boy.

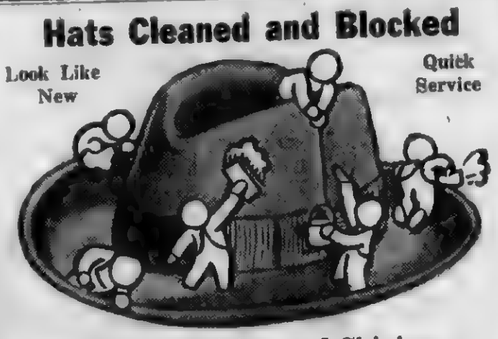
Translated from the Chinese by Evan King, as the title implies, this is the life story of Happy Boy who makes his living pulling a rickshaw.

Van Every, "Westward the River."

A romantic historical novel of love and intrigue, just after the American revolution, when the West was rapidly expanding.

Wilson, "None So Blind."

A psychological novel of a woman and her blind husband.



Wylie—"Ho, the Fair Wind."

Martha's Vineyard just after the Civil War, when a religious group from the mainland was making the island a meeting place—romantic, historical.

The library now has four pairs of mittens which cannot be traced. Various other articles of clothing such as hats, sweaters and coats are often left in the room and can usually not be identified.

Farm Carts Are Labor Savers

Labor-saving is the word for well-built farm carts. An 11-bushel feed box on wheels saves one Minnesota farmer 90 miles yearly over his old repeat-trip basket-method of bringing feed from the granary to the cow. Another Minnesota farmer has made a silage-feed record with his cart—wheels in the middle permit serving from either end—24 minutes, 400 feet daily, to feed 30 cows.

The January Successful Farming magazine says that farm carts can save at least 25 percent in time, up to 75 percent in travel and an incalculable part of the effort involved in handling feed, supplies, and products by hand and feed handled the easy way will give just as satisfactory results in milk and meat as feed handled the hard way.

Bean Fungus Threatens Here

Known as brown stem rot and found widely distributed in Illinois during 1945, is this new disease, caused by a fungus. Cool seasons are favorable for the development of bean disease, which usually appears in the fall. Yields were seriously reduced in many fields. Successful Farming magazine recommends fertilization which has helped in some cases, especially with potash. Rotation is also effective.

DOCTOR RATIONING!
DO YOU WANT IT IN AMERICA?

COMMUNISM, FASCISM, NAZISM are not mere matters of terms or definitions. They result from the establishment of centralized controls and the operation of mechanisms of administration. Unfortunately, in the development of these mechanisms the insidious step by step procedure may postpone recognition of their real significance.

We are a trusting people. In some respects we are gullible folk. It is essential in these times that we be ruthlessly realistic.

On November 19, 1945, President Truman sent a special message to the Congress asking for the enactment of legislatoin to provide medical care for practically every man, woman and child in the United States.

On the same date Sentors Wagner and Murray and Congressman Dingell introduced in the Congress Bills (S. 1606-H.R. 4730) to implement the requests of the President's message.

Most Americans favor the expressed objective of some of the proposals. However, almost hidden in the careful verbiage of these Bills is the cold steel move to place in the hands of an appointee of the Federal Government sole and exclusive responsibility for the distribution of health care for one hundred ten million people. This service would consist of general medical, special medical, general dental, special dental, laboratory care, hospitalization and home nursing service. In no country has machinery been established more sweeping in its provisions to serve the purpose of a Collectivist State.

POLITICAL MEDICINE AT TERRIFIC COST

In the beginning the provisions would require an annual expenditure of more than Four Billion Dollars. It is not anticipated, however, that this amount would even approximate the eventual total cost. One man—the Surgeon General of the Public Health Service—would direct the spending of this stupendous sum.

President Truman stated: "What I am recommending is not socialized medicine." Actually, what is proposed is "Political Medicine."

Based on experience in other countries, it is estimated that it would take at least 800,000 lay bureaucrats to administer this system of politically distributed medical care. If you needed a doctor you would apply to the Bureau.

The unparalleled progress and incomparable achievements of the American people are the result of self-respect, individual initiative and self-reliance. When formalized Security is substituted for self-reliance we forfeit the essence of the factor that has been our strength. When the incentive for individual effort and thrift is removed progress, as we have known it, will be shifted into reverse.

BEWARE;—IF DOCTOR RATIONING FAILS

It may be possible that a truly wise and honest administration can reasonably ration the food supply of a nation. Save under truly totalitarian concept and control, is it within reason to expect the effective rationing of a physician and hospital services for one hundred ten million people? A vital difference should be kept in mind. If the food rationing fails, it may mean only that there are no steaks or pork chops on dining room tables. If the doctor rationing fails, men and women and children die. Human lives are the issue.

The Wagner-Murray-Dingell Heath Services proposas should be recognized for what they are. They are in reality State Medicine. They are instrumentalists and mechanisms of the Collectivist State. If we are to preserve our Freedom of Enterprise we dare not enact these proposals into law.

The Land of the Plenty But Not of the Free

Daily we are witnessing the land of plenty as the scene of the hard-to-get. Daily while we know it to be a fact that the country has an abundance we are being forced to do without.

There have been no denials that today, the United States has a greater production of butterfat than at any time in the past. Yet there is not enough butter for the American table.

Manufacturers of shirts are shipping them by the thousands to South America and other foreign markets. But you visited your men's wear stores and had the nerve to ask for a shirt?

Recent discoveries reveal that thuosands of suits of men's clothes are hanging in warehouses while men returned from service cannot buy suitable civvies.

All over the country the housing shortage is being felt as it has never been felt before. But contractors turn up their noses at your queries about building. They just can't get the lumber they will tell you. Yet large lumber yards in the country have plentiful supplies of the material and are keeping it.

What is the answer to the whole situation?

Perhaps you have your own idea on the matter and maybe you go along with the New Deal planned economy program.

Personally I've always liked the competitive system that has made America so great as it is today. In the first place I've always contended that no nation on the face of the earth can compare with this good old USA. And to date I've seen nothing like our high standard of living being offered by any other nation. I thus come to the conclusion that a competitive system has made all this possible.

It has made it possible for me to own a home, to buy a car, to do a lot of the things I want to do without asking anyone in the government.

And all the time that I've been enjoying these good things I've taken nothing from my fellow man. He too has enjoyed all the same things.

Surely price controls being lifted would allow the price of butter to go up some for awhile. But 99 chances to one it wouldn't be but a few months until that same butter would be down to a low price again because of the increased production. The same goes for other items.

As it now stands we have both high prices and scarcities. This is the result of controls. With the increases that have been granted to wage earners there will be the consequent increase in prices of merchandise they produce. As a result prices will be high and production low thus speeding up the

The loss of Jim Remington at the start of the second semester left Coach Rufe Glass minus his most consistent point getter.

23 Grocers To Close At 6 P M On Saturday

A group of 23 individual Hillon grocers will inaugurate a olicy of Saturday night closing effective February 23. At that time the stores will close at 6 o'clock in the evening instead of the customary 9 o'clock hour.

The move is explained as a gesture to grocery employees who have previously worked from 7 a. m. to 9 p. m. on Saturdays. New hours for that day will be 7 a. m. to 6 p. m.

The following food dealers have indicated that they will be governed by the new hours:

Mrs. Muenster formerly had a delicatessen store located on Central Market. She makes all of her salads and meat spreads that are sold for parties or meals.

The store carries a complete line of lunch meats, beef, pork and a line of groceries. An ad appears in this week's Hilltop Record.

Pleads For Hilltop Park

Mary Bentz, long an exponent of Hilltop improvements, went before City Council Monday night with the group shown in the above picture to urge that body to purchase the tract of land between Woodbury and Columbian Avenues and convert it into a city park. The suggestion to buy this waste land, that is to be sold at sheriff sale soon, was made by the Hilltop Record last week.

The matter was referred to the Recreation Commission for consideration. Henry Koontz, Hilltop councilman, told the Record that the project has a good chance of going through since money is now available for expansion of park facilities.

With Miss Bentz was a group of children and adults from that community. Robert L. Burke, 581 Columbian-av, also spoke in behalf of the property owners of that area. Miss Bentz represented the Hilltop Business Men's Association.

Petitions For Gas and Water Are Circulated

Petitions are in circulation in the Wilson School area this week in an effort to obtain city water in that section and extend gas lines further south along Brown Road.

Ben McNeal reported to the Wilson Heights Civic Association Monday night that conditions are favorable for getting city water into the community. Plans call for the mains to go down Harrisburg Pike with tap-ins at the various cross streets.

More pertinent information on the extension of gas mains will be given at the next meeting of the association but virtual assurance was given that the service would be available as soon as individual contracts for the service could be obtained. The Ohio Fuel Gas Co. is making a survey of facilities in that area and will report to the group later.

Ten different petitions, covering various areas including Briggsdale, were being circulated in an effort to get early action on obtaining city water. In some sections it was reported that property owners were signing up 100 per cent.

Bus Service Planned

It was understood that bus service would be put into operation from Frank Road up Brown Road and into the bus station at an early date. The service would be on a 60 day trial basis to be continued if business seemed to justify its continuance.

Another matter that came in for consideration at the meeting was the possibility of getting sanitary sewer service in the community. A committee was appointed to study the matter and report back to the association.

Three Hilltoppers met violent deaths over the week-end, one as a result of burns, the other two were struck by a car.

Mrs. Elizabeth Eakin, 77, of 166 S. Richardson-av, died in St. Francis Hospital Sunday after suffering burns when her clothing became ignited by flames from a radiant heater in the bathroom of her home Saturday.

Raymond Gullett, 38, and his wife, Bessie Gullett, 42, both of 576 Demorest-rd, were killed southwest of Hamilton Sunday morning when a car struck them as they repaired a tire on their automobile. They had been involved in another collision only a short time before.

The local tragedies followed closely on the heels of a double

James R. Moore, 10, of 534 S. Eureka-av, narrowly escaped serious injury when he was struck by a hit-skip driver in Sullivant-av Sunday morning.

Carriers Like New Schedule

Appreciation of local mail carriers for the change in publication day of The Hilltop Record was expressed this week in a letter representing the 20 Hilltop postmen.

Effective with today's issue the paper will be regularly published on Thursday morning instead of Friday.

The text of the carrier's letter follows:

Gentlemen:

We, the twenty carriers of the Hilltop Station, desire to express our sincere thanks to The Hilltop Record and its officials for your decision to change the mailing day of your paper from Friday to Thursday each week. We feel certain that this change will help us greatly in rendering a better service to our community, as it removes a large volume of mail from the heaviest day of the week and adds it to what is normally the lightest day.

It is the earnest desire of each carrier at this station to continue rendering the best possible service to all our patrons; that is why your splendid cooperation merits our highest commendation. Your attitude is highly encouraging to us all.

In deepest appreciation to your paper and its staff, we again say Thank You, and best wishes for your continued success. We know that you will continue lending your influence toward a better community for us all, just as you have done in the past.

This letter is not in any way an official communication of the Post Office Department, but rather is a spontaneous and free will expression of the personal feelings of the carriers who are serving the Hilltop Community.

Respectfully,
Harold E. Freeland
For the twenty Hilltop Carriers.

Scout Institute To Be Held Here

A Troop Committee Institute for the benefit of all persons interested in scouting will be held at Hoge Memorial Church on the evenings of Feb. 26, March 5 and March 12, according to John H. Kirkpatrick, chairman of leadership training.

This training program, the first of its kind in any district, has been arranged to give workers a better understanding of all phases of scouting. It will cover many phases of Boy Scout work with actual demonstrations.

The meetings will last from 7:30 to 9 p. m.

Correction

Through an error in the ad of the Kroger Grocery & Baking Co. in last week's Record it was stated that store hours in the Kroger Service stores would be 8:30 p. m. to 6 p. m. This should have read 8:30 a. m. to 6 p. m. on Monday, Tuesday, Thursday and Saturday.

17th Hilltop Minstrel To Open At West High Thursday Night

Jack Lee Koontz

Bring on the tomatoes!

If you don't like next week's production of the 17th annual Hilltop Minstrel just toss them toward Koontz. He's the congenial type that will merely pick them up and thank you for providing something for his salad.

This is Lee's third year at the helm of the Hilltop show. The past two rib ticklers have been pleasant in their entirety and without telling you all the jokes we'd merely advise you to be present when the curtain goes up next Thursday evening.

Cast Called Sunday P. M.

Last minute preparations were being looked after on the Hilltop this week as the 17th Annual Hilltop Minstrel was being prepared for the opening curtain at West High School Auditorium next Thursday night at 8:15 o'clock. A second showing is booked for Friday night at the same time.

A grand rush was anticipated at the office of Shank and Saunders, 2458 W. Broad-st, Saturday noon when reserved seat tickets go on sale. Persons desiring reserved seats for either of the two showings must present general admission tickets at that time and have them exchanged. An additional 10c pays the reservation fee.

General admission tickets are on sale at the places of business of all members of the Hilltop Business Men's Association at the price of 40c, including tax. It was pointed out by officials of the organization that there will be blocks of general admission seats available both nights of the show.

Galaxy of Talent

A galaxy of talent that promises to surpass anything in the past has been whipped in shape. Lee Koontz, director of this year's production, has been devoting putting together a show of this long hours to perfecting the many details that always come with

Community Council To Petition Utility

The Hilltop Community Council, at its monthly meeting last Thursday night, unanimously adopted a resolution to petition Columbus and Southern Ohio officials to give favorable consideration to the extension of bus services on all three lines now servicing the Hilltop. This resolution would effect extension of Mound-st line to Hague-av; extension of Sullivant-av line to city limits; and express service on the W. Broad-st line.

A special committee, headed by its president and vice-president, Charles P. Maus and Phillip Stout, was appointed to discuss the matter with rail-light officials.

Following a discussion on the adjudged poor taste of some of the movies shown at Hilltop theaters over the week-ends, when children attend, it was unanimously agreed that the four parent-teachers associations should investigate and report back at the next meeting.

Rink Plans Being Completed

Plans for the roller skating rink to be constructed at Westgate Park this spring are being completed. A special committee, headed by F. Kenneth Dickerson, is now working with the city engineering department in drawing up the final plans. A planned band-shell and new shelter house in conjunction with the rink will also be taken under advisement.

E. B. Graham, chairman of the schools and churches committee, reported on the progress of the survey of child-activity programs now being conducted on the Hilltop.

H. M. Williams, chairman of the juvenile court and police committee, reported on the several meetings his committee has had.

A letter from Nick Barack, director of the city recreation department, regarding the contemplated improvements to Glenwood Park shelter house, was read.

Park Plans Discussed

The plans of the city parks commission for the improvements to Westgate Park were also discussed.

The formation of a teen-age dance group at Glenwood Shelter House was discussed, and Mrs. Nelson Jhenser was appointed to

Record Starts Publication On Thursday; New Deadlines Given

Effective today The Hilltop Record is making its appearance in Hilltop and Columbus homes on Thursday instead of the usual Friday publication day. The change will be in effect from now on.

The earlier publication day was decided upon to insure regular mail delivery on time without interfering with other heavy mail deliveries always encountered on Friday. It will add another day to the week-end shopping period for Hilltoppers being guided by advertising of local merchants.

In order to maintain the new publication schedule the following deadlines must be strictly adhered to:

Deadline for receiving classified ads will be 9 a. m. Wednesdays. Deadline for display advertising will be 5 p. m. Tuesdays. All church notices must be in the office before 10 a. m. Tuesdays. Social news must be in by Tuesday noon. General news copy will be accepted until 5 p. m. Tuesdays.

Watch for your Record next week and each week thereafter on Thursdays.

Camp Chase Has 57 New Members

Camp Cahse Post No. 98 of the American Legion held initiation ceremonies for a class of 57 new members at the regular meeting last Friday night at post headquarters. An additional class of new members will be initiated in the near future.

The membership campaign among World War II veterans will begin March 1 and extend through March 15.

A professional touch will be added to the 17th Annual Hilltop Minstrel with the appearance of Chiquita Linda, otherwise known to her many Hilltop friends as Irene Bender. She will do a waltz medley at the annual show to be presented at West High Auditorium on Feb. 28 and Mar. 1.

Irene has been dancing about as far back as she can remember. She appeared in the first Hilltop Minstrel when she was only seven years old. She grew up on the Hilltop, graudated from West High School and has danced in and around Columbus countless times.

For the past three years she has been dancing professionally in night clubs and other entertainment spots all througout the South and East. She appeared at the Riviera and the Gloria in Columbus and recently closed an engagement in Detroit.

Miss Bender lives at 560 Nashoba-av when she is in Columbus.

THEATRES

Loew's Ohio

Loew's Ohio this week is showing one of the grandest musical technicolor triumphs in years, "The Harvey Girls," starring Judy Garland as an Ohio girl who travels west on the Santa Fe expecting to find romance. The big cast includes John Hodiak, Angela Lansbury, Ray Bolger, Kenny Baker and Marjorie Main. Top tune of the half dozen heard in this lavish musical is "On the Atchison, Topeka and Santa Fe." It's shown as a single feature.

Loew's Broad

Loew's Broad this week is showing the light-hearted musical "Tars and Spars," based on the successful stage play about Coast Guard men and women, with Alfred Drake, star of the original cast of "Oklahoma," Marc Platt, sensational dancer of "Tonight and Every Night," and Janet Blair as the girl in the case. Co-feature is "The Gentleman Misbehaves."

Westmont

Friday and Saturday, Feb. 22-23 — "Imitation of Life," with Claudette Colbert and Warren William; also "East Side of Heaven," with Bing Crosy and Joan Blondell.

Sunday, Monday and Tuesday, Feb. 24, 25 and 26—"Fallen Angel," with Dana Andrews and Alice Faye. Also "Scotland Yard Investigation," with Sir Aubrey Smith and Stephanie Bachelor.

Wednesday, Feb. 27 — "China Girl," with Gene Tierney and George Montgomery. Also "Allotment Wives," with Kay Francis and Paul Kelly.

kind.

The first get-together of the entire cast of the show is scheduled to meet at the school Sunday afternoon at 1:30 o'clock. Final dress rehearsal of the show as it is to be presented will be on Wednesday night at 7 o'clock. All members of the production are requested to be on hand promptly on both occasions.

Headlining the "big show" for this year are several professional entertainers not usually found in a production of this kind.

A bird's eye glance at the program reveals such acts as Chiquita Linda, a professional dancer better known to her many Hilltop friends as Irene Bender; the dancing feet of Billly Master, a hoofer with plenty of experience and a repeat performer of earlier Hilltop shows; a demonstration in sleight-of-hand by the Magical Menace's; singing by the famed Hilltop Chorus, directed again by W. Haydn Jones; some old fashioned barber shop harmony by a local male quartet; the dancing tunes of Mac Tooill's band, and the gags and songs of Leo Phillips, as interlocutor and his four black-faced comediana, Billy Southworth, Marvin Southworth, George Hardy and Joe Goodwin.

Chair Dance

Then there is the chair dance presented by 12 girls from the Keith School of Dancing; a gay nineties number by the Stamm sisters and the Martindale brothers; Nancy Bailey and Pete South, a fast tap duo; a mock wedding ceremony and a chorus line of prominent business men; the vibra harp rendition of "Pixalated Rhythm" by Pat Culbertson; the singing of Kenneth Kronk; accordion music by James Lytle; a baton twirling number by Sunya Slane; a dance number by Janice Hill and Virginia Jones; the singing of Hilltopper Carolyn Jean Hoar; acrobatic adagio number by Margie Bell and Frances Wiseman; a "boogie" number by Jackie and George Hardy; Kathryn Seeds and David Grannan in a dance routine; accordion playing of Noma Kimel; and the dancing feet of Donna Ann McKnight and Connie Jo Sonner.

It's all in the 17th Annual Hilltop Minstrel.

An old lady had a parrot that was always swearing. She could stand this every day but Sunday, so she covered the cage every Sunday.

Plastics Firm May Not Get Local Site

Chances of the John R. Haines and Associates firm locating on the Hilltop were less bright this week, according to John R. Hrinec, owner of the plastics manufacturing company.

A request for a change in zoning requirements for use of the Voss Building was referred to the Zoning Board by City Council Monday night. At present the site is zoned for retail business only. Action by the city board is expected to take at least two weeks.

Mr. Haines told the Hilltop Record that in view of the anticipated delay in getting a decision on the matter it may be necessary for him to move his company to Detroit.

"We like the Hilltop location," Mr. Haines said "but our lease is up in our present location and we can't wait around."

The Voss Building is the only Columbus location being considered by the company.

Meanwhile Ben Libbie, treasurer of Ben Manufacturing Co., present occupants of the building, said that as yet he has had no definite plans for the future. The present lease expires on May 1 and plans are being made to vacate by that time.

A committee representing the Hilltop Business Men's Association inspected the Haines plant, now located at 2627 N. High-st, and returned a favorable report to that group a week ago.

City To Repair Glenwood Center Barack Promises

Official recognition of one project launched by the Community Council was received last week in a letter from N. J. Barack, director of public recreation.

In reply to a request from the council that Glenwood Shelter House be cleaned up, the following letter was received:

Charles P. Maus
Dear Sir:

Relative to our recent conversation dealing with the repairs of the Glenwood Recreation Center, we are pleased to advise you that this matter is receiving our serious attention with the idea of making necessary repairs. It is our desire to put Glenwood Recreation Center in such condition that its full facilities may be used at all times.

The above plan will necessitate not only general repairs but also possibly some remodeling. This is within the policy announced during the bond issue campaign, when statements were made that the first item as to the expenditure of bond money, will be to put into good state of repair thoes facilities we now have.

As to how soon such repairs and improvements may be made, will be decided mostly by the availability of material and manpower.

We greatly appreciate your interest in recreation and if we may serve you in any way, please advise.

Sincerely,
N. J. Barack
Director

Armin Langholz To Have Poem In Anthology Soon

Armin Langholz, aged 16, son of Rev. and Mrs. C. T. Langholz of 204 S. Huron-av, is to have a poem published in the annual anthology of The National High School Poetry Association of Los Angeles this year. The poem, entitled "That Secluded Spot," appeared in a local paper last summer. It will be published in the volume containing poetry by high school pupils from Ohio, West Virginia and Pennsylvania.

Armin is a junior at South High this year. Last year he was a pupil in Miss Ellen Boyer's 10-A English class at South; as a result of her interest in poetry and her influence, he and other students under her supervision have written some very good poetry.

Armin is a member of the Student Council; senior counsellor for the Columbus Boys' Choir School's summer camp at Lake Chautauqua; member of the Boys' Choir School alumni and other organizations. He plays basketball and sings in the choir of St. John Lutheran Church, of which his father is pastor.

Canned Food Drive Launched By Zonta Club

Zonta Club of Columbus has launched a city-wide drive for canned food which will be shipped to war-devastated countries.

The local appeal, continuing through February, is in cooperation with the nation-wide victory collection of canned food, on behalf of the United Nations Relief and Rehabilitation Administration.

The following collection centers have been opened: the city fire engine houses, McClelland's Book Store, and the Neil House receiving room.

Cash donations may be sent to Mrs. Laura Riker, 144 E. Kelso-rd, general chairman, or to Miss Katherine Flowers at McClelland's Book Store.

Only foods canned in tin are wanted since glass containers present transportation and packing difficulties for overseas shipment.

All sizes and varieties of food in tin cans are desired. But the kinds of food most needed are those with high nutritional value—baked beans, meat, fish, canned milk, baby foods, soups and vegetables.

Highland Church To Begin Revival

Highland Avenue Friends Church plans special services, beginning Sunday, Feb. 24, and continuing through March 10. The church is not bringing in an evangelist to carry on these evangelistic services but is using their minister, the Rev. Chester G. Stanley, pastor of the church since Sept. 1. The Stanleys came to Columbus from Newport News, Va., taking the puplit vacated by the Colemans who left America for missionary work in Bundelkhand, India.

The music of the meeting will be under the direction of David Skipper a member of the local church, who graduated from Cleveland Bible College and has been out in the field of song evangelism. There will be services each evening with the exception of Saturday nights.

Rea-Bow Assn To Work For Improvements

The Rea-Bow Improvement Association has been formed by residents of the Rainbow Addition for the purpose of getting improvements for that area.

President of the new organization is George Wolfe, 856 Midland-av. Projects for immediate consideration of the group are proper drainage and street repairs. A long range program calls for playgrounds, a community hall and city water for that section.

Meetings are to be held the first Sunday of each month. They are open to anyone interested in the problems of the community.

An executive committee was named to help direct the work of the group. Serving on that board are:

Let's Back The Philharmonic

At the present time Columbus has an opportunity to get on the map as far as the musical world is concerned. Right now there is a drive on to raise $150,000 to put the Columbus Philharmonic on a full time basis and thus put our city in a class with other progressive cities throughout the country.

An orchestra has been in existence here for the past four years but only on a part time schedule as far as musicians are concerned. Now we have an opportunity to let the world know of the Columbus Philharmonic as one of the outstanding organizations of its kind.

On the Hilltop three ladies, working as co-chairmen, have undertaken the responsibility of selling the idea to Hilltoppers. They are Mrs. Ruth Draper, 74 N. Roys-av; Mrs. Mildred Yapel, 203 S. Brinker-av; and Mrs. Fredrica Durham, 299 S. Brinker-av. They are working hard to make the Hilltop have a good showing in this project.

Just what does the Hilltop stand to gain by having a high class orchestra in Columbus? Perhaps many people have asked that question.

At least three very good reasons can be advanced without even coming close to exploring all the facts. They are:

(1) The Hilltop would be eligible for at least one of the summer park concerts that will be given free of charge in all parts of the city.

(2) Hilltop children would have an opportunity to share in the special children's concerts given especially for the young music lovers on Saturdays.

(3) It would serve as a worthwhile goal for esterprising young musicians from the Hilltop who hope to make good music their life's calling. Thousands of dollars are spent every year in our schools to promote music appreciation and encourage participation. Added thousands are spent by parents on music instruction in private schools. But there are few if any organizations for most of them go to once they get beyond school age. This would be something for them to point towards.

The Hilltop takes pride in doing well any task undertaken. Let's get behind the Philharmonic drive and put it over the top without delay.

Dead Trees a Public Menace

Recent high winds on the Hilltop tended to emphasize the many safety hazards all about the community in the form of hundreds of dead trees. Driving up or down any side street one could see broken tree limbs on sidewalks and in the streets. Property damage was caused by many of these falling trees and limbs.

It should not be necessary to remind property owners that they are responsible for any damage that might be caused by falling tree limbs on or off of public thoroughfares.

West High School has done a commendable job of replacing recently blighted elms with new trees. The school property will be greatly improved by this program. Many property owners could likewise improve their investments by replacing dead trees.

Let's keep the Hilltop a neat appearing community. Remove dead trees this spring.

Today's Viewpoint

Each week The Hilltop Record interviews several local persons to get their reaction on some current problem of national or local interest. Views of all readers are welcomed and will be published in the form of letters to the editor as far as space permits. Letters should be brief and to the point. The writer's name will be withheld when requested but all letters should be signed.—The Editor.

TODAY'S QUESTION

Do you favor the extension of the price control powers of OPA beyond June 30, 1946?

Louis B. Maish, 223 Binns-blvd, insurance salesman — "We definitely need price control. Prices for the average person would go out of sight if controls were lifted. I hate to think where rents would stop if the ceilings were taken off today."

Mrs. Brantley R. Bailey, 1214 Sullivant-av, dietitian—"I think it would be nice to keep price powers in their hands or things will go so extremely high. If we are going to pay double for the things we buy, wages just won't keep up with inflationary trends.

Robert Draper, 74 N. Roys-av, attorney—"I think it is the only way to prevent inflation or deter it until we get to the place where production meets demand."

M. S. Moore, 235 N. Terrace-av, connected with the Surplus Property Corp.—"No. For the sake of the retail dealer I am not in favor of it. Competition will hold prices down to an even level. Prices will adjust themselves if we just let competition settle the matter. That has always been the American way. If we didn't give so much stuff to foreign countries we would not create shortages in many things. That would give the manufacturers a chance to more nearly meet the demands of the present day market and thus encourage competitive selling."

Leo B. Mason, 215 Dana-av, auditor for a construction firm—"Under the present circumstances I am. We must keep down inflation. As long as we keep raising wages, prices on steel and other things are going to go up and thus make it tougher for the man in business."

Mrs. Earl Brownlee, 524 Nashoba-av, housewife—"I do. I think if they take OPA price ceilings off of things they are going to skyrocket and inflation will be here. The dollar would not be worth much then.

Our Readers Say

Editor
Hilltop Record
Dear Sir:

In order to combat the present outbreak of diphtheria all Columbus physicians, except specialists whose practice does not ordinarily include children, have been furnished a supply of toxoid for immunization.

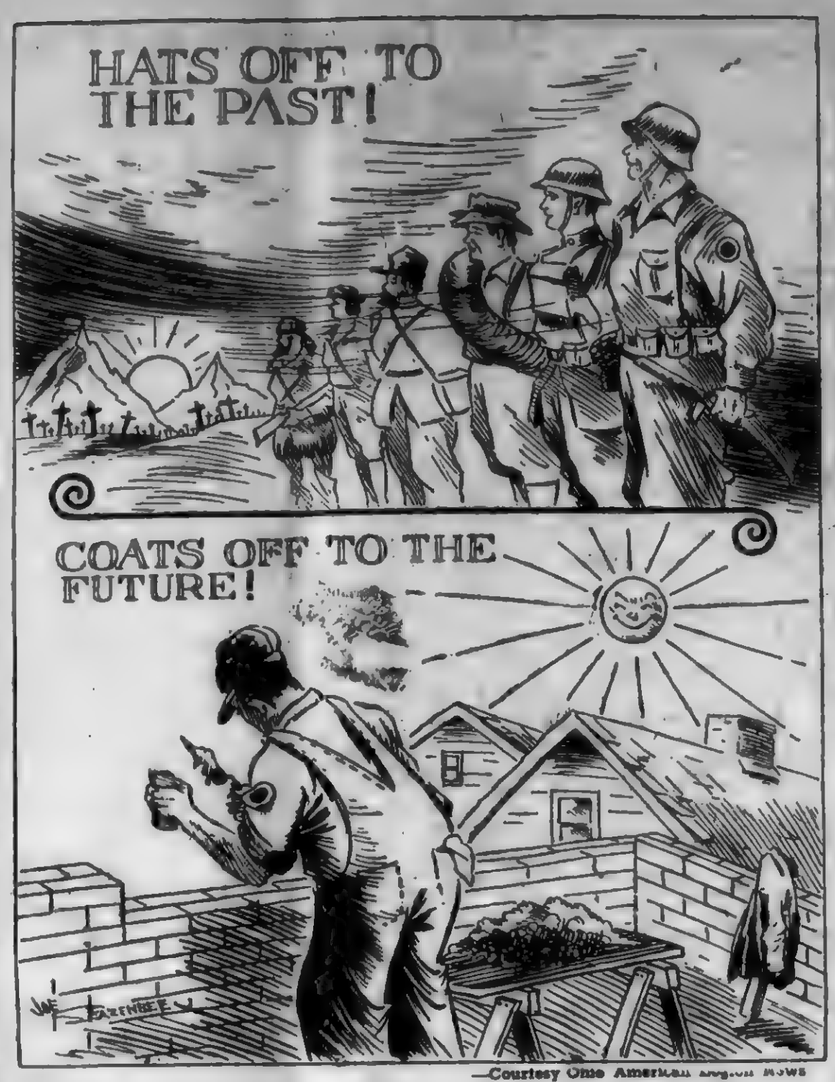
The doctors have been asked to cooperate in the control of this dread disease with its train of weakened heart, damaged kidneys, crippling paralysis, and sometimes death.

Immunization with toxoid, using two or three doses a month apart, is 95 percent effective and if it doesn't always prevent diphtheria it will modify the symptoms and they will be much less severe.

If the family is financially unable to pay for the immunization, the Medical Bureau, AD. 8101, will provide the name of a physician in the neighborhood who will perform this service without charge.

Yours very truly,
N. C. Dysart, M. D.
Health Commissioner

To Pop Campbell



There has passed from the Hilltop a man! He was no great politician. He was no great social leader nor yet was he a great civic leader. He had none of the outward appearances of fame or fortune but he did possess a great soul for youth, and even though his health was failing, he saw only the job to do—to act, not talk; to build the youth of this community.

And we know, while there may be no great fanfare of trumpets as he leaves this earthly sphere, there will be an ache in the hearts of those who knew him, and we know that heaven's portals will be open wide and heavenly hosts will be welcoming their own, and while he sought no glory here below, his unselfish devotion to his boys has found him a glorious welcome in his final home.

West High Roundup

By Patty Saint

Cupid Capers really went over big, there was a good crowd and everyone was knocking themselves out. Funny sights were also seen, such as: Don Volz and Wanda Daniels trying to keep each other from falling all over the place . . . Seen along the side in the pig stall, holding on for dear life—Gladys Ison, Virginia Keller and Austin Hutt. Well, it was a good try, kids! Maybe next time you will be able to skate . . . Who can forget that dashing! daring! Casenova Beymer . . . Cupid's cutest couple, Norma Carter and Bud Dean, sure looked fine . . . Jack Jones had a rather sad evening, since it will be the last party for a while. He left for the Marines Monday . . . Joann Rose didn't have to knock down all the men there, just to be sure of getting ONE . . . Eloise May and Faye McLaughlin flying around the floor singing "Daddy."

If Bradly Richardson had paid to get in, he wouldn't have had to mop up the floor—or is that the reason for your doing that? . . . Jim Price wasn't having much fun, he was trying to make too much work out of skating . . . The moon affects some people—ask Jean Krevdo. What's the matter, Jean, can't you take the moonlight? . . . Dick Gubsh seemed to be having a good time . . . Jim Myers kept Bev Nafzger busy all evening . . . Come the close of the evening, Gladys Ison was seen still trying . . . Well! Well! What have we here? Lois Greer forgot what she did with her shoes. Fine thing! That's not so bad—once I couldn't find my ticket . . . Not only were the students having a good time, but a few teachers seemed to enjoy themselves too. Such as: Miss Schendler, Mr. Cole, Miss Dugan, Mr. Neeb . . . Well it was a good party and we all enjoyed the good time we had there . . . Be seeing you at the East game Thursday. Remember, it is the last game of the season, so we should all give the team a big send-off.

BEAUTY TREATMENT

The face of earth looks old and worn with living,
Haggard hollows tell too fast the pace.
She should be finished for a while with giving;
Allow summering to fill a
Remembering her lost Aprilian beauty,
When blossoms veiled her lovely as a bride;
Remembering a summer full of duty,
An autumn with its coloring of pride.
She has mingled care and sorrow with elation,
As she watched a seed time and a harvest go,
But now she rests to wait rejuvenation
Beneath a creamy beauty pack of snow.

Mary M. Lowe.

LEST YOU FEAR OLD AGE
in "Contemporary Verse."

No longer summered, you heave
A grief-cut sigh;
And don deep mourning purple
As if to die.

Though youth wings fleet, remember:
Life's seasoned fields;
Bright color work of summer;
God, autumn yields.

The spring with hope-gilt dawning
And thieving light;
Whose silence will entrance you
Through winter's night.

Rev. Fr. Emery E. Petho,
in his book, "Of Bitter Grapes."

WINTER

The birds wing westward with the sun,
No cheerful song of whippoorwills,
Flowers beneath leaf blankets sleep
While shepherds come in from the hills.
The dusky skies bring sleet and
Must sadness reign when winter starts?
Snow is only blossoms white
To keep the springtime in our hearts.

Naomi Stevens McClain,
in her book,
"Thoughts Along The Trail."

TO A MUSTARD SEED

Grain of dust upon my hand,
What an eye can scarcely see,
You, of all seeds, may command
Something of sublimity.
There was One who spoke your name—
One who loved the way-side weeds—
Making you the measure of
The faith that mankind needs.
Grain of dust upon my hand,
Seed infinitesimal,
How shall the faith that mankind lacks,
But, lacking that, lacks all!

Vaida Stewart Montgomery,
in "The Lantern."

THE FATHERS

What shall the fathers do but march
As their stern sons would have them;
Heads bold in loneliness,
Hands not ill, but serious with grief.

Keep tall on ordinary roads
The sons have known; their journey ritual
For an unearned infinity, divine loss,
The severing of a son.

That the son's dust may sleep and his pride rise
To meet a loved decorum, the father walks
Majestically, the way of spacious pain
Knowing with his blood a courage guttered out,

Beggared in the flesh so he would
Even of the stones: give me my son.

Fiction and Facts

By The West Sider

It seems like half the folks I deal with are left-handed. Even Mr. Wilcox, in the bank, is left-handed.

Hope I ain't in swimming when they drop the atomic bomb in the water.

Now that the war is over, why can't gas stations make free deliveries?

Paul Wright, 846 Campbell-av, has been in Newark, N. J., for three months installing equipment his company has sold there.

Twenty-two thousand tons of natural rubber is on its way to the States from China, and plenty more to follow.

If China can furnish us all the rubber we need, they can have our birthright, whatever that [illegible].

Why not postpone elections for a year or two, and use the voting booths for dwelling houses?

Even the Indians don't want their country back, Chief Red Deer of the Pueblo tribe said he wouldn't take it back fried in butter. (Columbus Citizen)

If the Indians don't want their country back, we might as well open the switch for the atomic bomb.

If wages were based on the employer's ability to pay, I would go into business. I wouldn't have to pay any wages at all.

Don't complain to the restaurant man about the little piece of butter he gives you with your meal. Save it for the very last bite and forget what went before.

Manufacturers of women's garments can't be expected to raise wages when nobody will buy their products.

The Graves barber shop at 2494 West Broad now offers a bargain sale on Wednesday of each week.

Rev. C. H. Mansbridge moved to El Paso, Tex., last week.

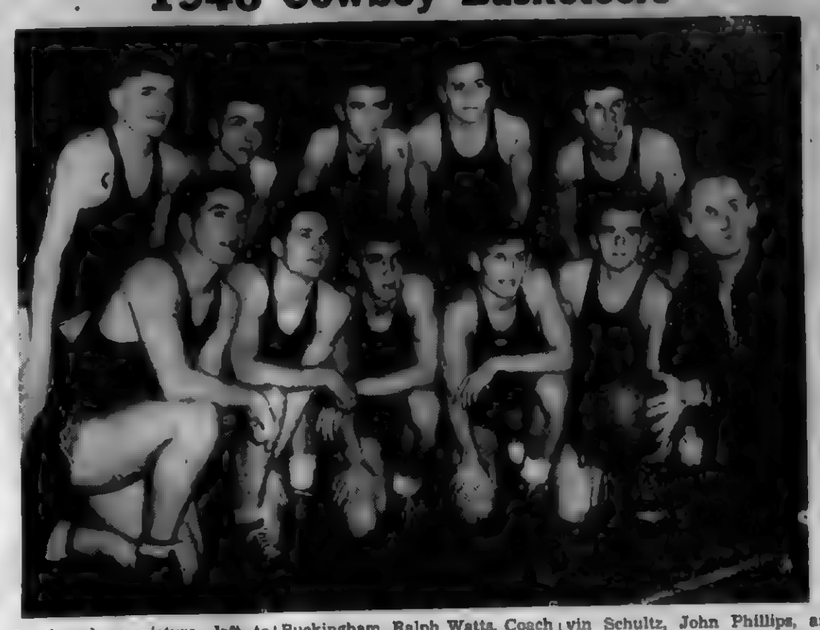
Romberg Brings Orchestra Here

Mr. Romberg

Sigmund Romberg, who will present his popular concert, entitled "An Evening With Sigmund Romberg," at Memorial Hall Tuesday evening, Mar. 5, under Hast-Amend auspices, is a triple-threat man in the music field.

He is composer, conductor and piano virtuoso all in one. And he will demonstrate his talent in each field at his concert engagement here.

Tickets for the gala musical evening are now on sale at Heaton's Music Store.



Importance Of Immunization Cited By Dr. N. C. Dysart

The importance of having all children immunized against diphtheria is pointed out in a letter to The Hilltop Record this week from Dr. N. C. Dysart, city health commissioner.

The text of Dr. Dysart's letter will be found on page 2B of today's Record.

West Nine Prepare For Title Defense

Pitchers and catchers that will make up the batteries for West High School's defending baseball champions began limbering up their arms in the gymnasium this week as Coach Dale Rose began preparations for outdoor practice as soon as weather permits.

West will be out after its seventh consecutive city championship this year with an undefeated string of 31 victories in league competition at stake.

Much of pitching responsibility is expected to rest on the shoulders of Bob Phelps, undefeated in two years of city competition. Last year he hung up 12 league victories.

Other pitchers from last year's team are Jack Thrush, who plays at first base when he is not on the mound, and Bill Buckingham, a southpaw. Both are juniors this year. Still another likely looking hurler coming up from last year's Junior Hi squad is Paul Theisen.

5 Lettermen Gone

Replacements will have to be found for five boys who graduated from last year's team. Lettermen who will not be on hand this season are Dick Ison, catcher, Phil Fulton, second base, Bob Fette, first base, Paul Anderson, right field, and Bill Williams, left field.

Three holdovers from 1945 look good for the back-stopping assignment. They are Jerry Chinn and Starling Hutt, juniors, and Bob Schlegel, a senior this year. Two lettermen are pretty sure to figure in the infield at first and shortstop respectively, namely Jack Thrush and Dick Slager. Marvin Schultz, second base, Eddie Sahr, third base, and Ralph Lorenz, third base, are likely holdovers from last year.

Two lettermen, Jack Buckingham and Ralph Watts, will be on deck for outfield assignments. Reserve lettermen holdovers are Don Borror and Jimmie Slager.

Many Newcomers

In addition to returning lettermen and some less experienced players, a host of newcomers have indicated they will be out fighting for positions on the 1946 nine.

Scheduling of city league games will take place on March 6. At least four out of town games will be booked as soon as city league schedules are drawn.

Coach Rose indicated that games would be booked with Mansfield, Springfield and Withrow and Hughes in Cincinnati. The out of town trip would come some time after May 1.

Equipment shortages will be felt in high school baseball this year, according to Rose. If anyone knows where a supply of good bats can be obtained, the Cowboy coach would like to be tipped off.

I'm a railroad man and for over 3 years had difficulty working because of backaches due to Prostate Gland trouble. Doctor's formula proved of great benefit and before and since his death have sold them (now called Watt's Suppositories) to railroad men and others the country over. Fine testimonials and repeat business show the good work they do. Backache, getting up nights, often indicate an inflamed Prostate Gland. I guarantee your money back if not given relief. L. E. Saunders

Serving again as co-chairmen of the Hilltop Minstrel are H. G. Deems and L. E. Saunders. This will be the third consecutive year they have worked together in this capacity.

Their job is to work with Director Lee Koontz in putting together and staging the show. Deems is secretary of the First Federal Savings & Loan Association. Saunders is a partner in the firm of Shank and Saunders Realty and Insurance.

HBMA Worker

Joe Briggs

Handling general arrangements for the show is Joe Briggs, real estate and insurance man with offices at 2596 Sullivant-av.

Joe takes an active part in the HBMA and helping with the 17th Annual Minstrel is no new undertaking for him.

Ticket Man

Curt Roberts

Head of ticket sales for the Hilltop Minstrel this year is Curt Roberts, past president of the HBMA and operator of the Yost Florist.

Curt has been active in the association for several years and conducted a full program of activities last year as head of the organization.

West Auditorium To House 17th Show

Lee Koontz To Direct; Leo Phillips Is Interolcutor; End Men Named

"The biggest show in town," the 17th annual Hilltop Minstrel is ready to go on stage.

Lee Koontz, director of the show, announced this week that another full evening of singing, dancing and fun making is ready to be presented to the public for a two-night engagement at West High School Auditorium on Feb. 28 and March 1. Curtain time is set for 8:15 each evening.

Following the pattern of former years, the minstrel will include a dozen variety acts, including dance specialties, songs, instrumental numbers, magic and other variety numbers.

The Hilltop Male Chorus, directed by W. Haydn Jones, will be featured in the opening and closing choruses as well as in numbers in other parts of the show.

Mac Tooill Band To Play

Mac Tooill and his seven-piece band will set the tempo for the songs and dances throughout the evening. Mac is an old hand at productions of this kind, having played several past Hilltop shows.

Directing the fun making and emceeing the show throughout will be Leo Phillips in the role of interlocutor. Leo handled the job last year after having appeared in 14 previous presentations as an end man.

Providing the laughs for the evening will be Billy and Marvin Southworth, George Hardy and Joe Goodwin, as end men. A number of entertainers from previous shows will be presented.

One of the hilarious spots in the show will be a group of business men in a dance routine. Dressed in polka dot dresses and wearing pig tails (to cover some of the bald pates), they will go through their "precision" dance number.

17th Annual Show

This will be the 17th consecutive year that the Hilltop Business Men's Association has presented the minstrel. Starting in 1929, the minstrel idea quickly caught the fancy of Hilltoppers of every age. Originally presented for one night only, it was stepped up to two and finally three showings, and still some people had to be turned away. The two night policy was resumed following the start of World War II because most of the participants could not spare the time for the third presentation.

The show had its ups and downs but each year it has come back "bigger and better" than before. During the depression days of the early '30's the project was almost dropped because some of the HBMA members believed that the times would not support it. The year of the memorable "bank holiday" caught the minstrel just about ready for presentation.

Show Almost Dropped

"Would the people be in a mood for a minstrel show and would they have money to bring their families?" That was the question that faced the minstrel committee. Some members were in favor of abandoning the project altogether.

A decision was finally reached to present the show for a dime, first come first served. The big auditorium was filled to capacity and some were turned away.

That experience convinced the group that come what may the Hilltop people still wanted a show. So shows they have gotten ever since. All have followed the minstrel pattern although they have varied somewhat from year to year according to the ideas of the various directors.

Interlocutor

Leo Phillips

An all round entertainer, Leo Phillips will take up the duties of interlocutor for the second time after having appeared in 14 previous shows as end man.

Always a favorite with minstrel audiences, Phillips will again take his turn at vocalizing in addition to serving as "straight man" in the fun making and other chores of an emcee. His rendition of "Dinah" has been called for in practically every show in the past since his first appearance.

The seamen were griping about politicians' sons when a voice behind them said, "I'm a politician's son, and I'm here in the Navy just like you ordinary guys."

The sailor turned around to see who owned the voice . . . Yes, SIR! !" they replied.

"I once asked a girl to wed and she said, "Go to Father . . ."

And she knew that I knew that her father was dead.

And she knew that I knew what she meant when she said, "Go to Father."

Ensign: Golf is easy. All you have to do is to be sure you smack a pill and walk.

Date: Just like some auto rides I've been on!

Early to bed and early to rise—and your gal goes out with the other guys.

Ed Planck

HBMA Prexy

One of the busiest men these days is Ed Planck, president of the Hilltop Business Men's Association, sponsors of the Hilltop Minstrel.

Planck took up his new duties in January after having served on numerous committees in connection with previous shows and HBMA activities. He is connected with West Side Motors Co.

Secretary

C. H. Campbell

One of the busiest men at this time of year is C. H. "Doc" Campbell, secretary of the Hilltop Business Men's Association and owner of Campbell's Pharmacy, 2765 W. Broad-st.

Campbell is known all over the city for his connection with the HBMA, Servall Druggists Alliance, Central Ohio Academy of Pharmacy and the Columbus Board of Health, to mention only a few of his outside interests.

Because of his many interests he serves as an informal clearing house for all inquiries of all kinds that are to come before the HBMA. Minstrel time is an exceptionally busy time for "Doc" because there are dozens of calls every day about various phases of the show. He is secretary of so many organizations that he could very easily qualify as a professional secretary as well as being a pharmacist.

Beat This One

Dad—What are you crying for now, son?

Son—I got my new pants dusty.

Dad—But they look clean now.

Son — Yeah. But Mom wouldn't let me take them off when she beat the dust out of them.

Fun Maker

Billy Southworth

One of the four "fun makers of the evening" is Billy Southworth, whose songs and gags have been a part of several past minstrels. Both he and his brother, Marvin, appeared in black faced roles last year.

Billy is a partner in the Southworth Poultry Co., doing business all over the city of Columbus.

Beautiful: I can't go out with you anymore. I've been told that I wasn't to go around with anything lower than an ensign.

Dutiful: Honey: I didn't know there was anything lower.

Traffic Deaths Show Big Increase In 1945; Pedestrian Accidents Lead

Deaths in Columbus during 1945 resulting from motor vehicle accidents show a decided increase over 1944, especially where pedestrians were involved, but all other classifications — home, industry and other public—show a very worthwhile decrease, according to the Safety Council of the Columbus Chamber of Commerce.

Of the 44 persons killed last year in motor vehicle accidents, 35, or 80 percent, were pedestrians. This is the highest proportion of pedestrian involvement ever experienced in Columbus and is an increase of 66 2/3 over 1944, when 21 pedestrians were killed out of a total of 37.

An analysis of these pedestrian fatalities list seven children in the 0-19 age bracket. The other 28 were adults with an average age of 64½ years. Pedestrians non-fatally injured remained the same for both years, but the total accidents of this type reported increased more than 12%. Much of this increase, both deaths as well as the number of accidents, has occurred since V-J day, when speed restrictions and gasoline rationing were lifted. This is a trend that is reflected over the entire country, and unless something is done about it through engineering, education and above all, enforcement, it can well make 1946 an all-time peak.

60 Die In Homes

In the home field, 60 persons lost their lives in accidents of various kinds throughout 1945—a decrease of 31 percent from the 87 similar fatalities in 1944. Adults again are the victims in a majority of cases, especially susceptible to falls. Of the 60 accidental home deaths 32 or 50 1/3 percent resulted from falls and the average was 78½ years. Burns, suffocation, poison and firearms all took their toll.

Industrially, there were 17 accidental deaths during 1945 in the Columbus area, compared with 26 in 1944, a decrease of 34½ percent, most of which occurred among the employees of transportation facilities.

In the public field which includes all accidents not involving a motor vehicle, there was no change, 25 persons being killed in accidents of this type each of the past two years.

A summary of the accident experience of Columbus shows 146 persons killed and 14,731 persons non-fatally injured, compared to 175 killed and 19,533 injured during 1944. This is a 16½ percent decrease in the number of persons killed and a 24½% decrease in the number of persons non-fatally injured, placing Columbus among the leaders in cities of our population.

Costumer

John Riepenhoff

Getting the proper costumes for the entire cast of the show is the job of John Riepenhoff and Dr. E. E. McNamee.

John has been assigned to that job for several years and has had a hand in the shows since away back. He operates his own dry cleaning establishment at 2580 Sullivant-av.

Many People Required To Plan and Present Show

Producing a show the size of the Hilltop Minstrel requires the cooperation of many people. Heading the overall planning and production of the show are H. G. Deems and L. E. Saunders.

In direct charge of the presentation is Lee Koontz, director of last year's show and a professional entertainer known throughout central Ohio.

Curt Roberts, past president of the HBMA, has the job of handling all ticket sales. It is his job to see that the ducats are printed on time and in the hands of all association members several days before the show starts. He then sets up an office to handle those who desire reserved seats.

The policy on reserving seats will be the same as in previous years. A general admission ticket must first be purchased from some member of the association. General admission tickets cost 40c. These tickets can then be exchanged at Shank & Saunders, 2459 W. Broad-st, on Saturday, Feb. 23, starting at noon. An additional charge of 10c is made for reserved seats.

The solicitation of advertising that makes possible this Minstrel Edition of the Hilltop Record is G. C. Hartley, publisher of the Record and director of several shows in the past.

Heads Arrangements

Joe Briggs is responsible for arrangements. Clarence Story directs the handling of the scenery; Curt Wilcox is publicity man, and Dr. E. E. McNamee and John Riepenhoff look after the costumes.

Three of the feminine members of the HBMA are responsible for seeing that each person appearing on stage has his grease paint on straight and that is no small job. Upwards of 100 people must be "made up" in time to catch their cues. Many people arrive only a few minutes before curtain time so that it is no mean trick to get every one on stage in time. This work is being handled by Hazel Bercaw, Harriet Huff and Mary Lou Kimball, all engaged in the operation of beauty parlors on the Hilltop.

Jones Directs Music

Music is under the direction of W. Haydn Jones. Bill has had a part in many of the shows in previous years. Last year he resumed direction of the Hilltop Male Chorus after having been away from it for a couple of years.

Ed Witherspoon and L. G. Rausch are hosts. It is their job to see that plenty of ushers are on hand to get every one to their seats.

Publicity Man

Curt Wilcox

Publicizing the 17th Annual Hilltop Minstrel is the job of Curt Wilcox, manager of the Hilltop office of the Ohio National Bank. He has been handling this chore for several years along with taking an occasional part in the show itself.

The job of publicity man involves keeping the press provided with information regarding the show. Representatives of the down-town dailies usually are on hand for one of the final rehearsals to get material for their columns. Curt is always on the job to see that they lack no information they may desire.

Hilltop Male Chorus Started With First Minstrel Show

Long an important part of the Hilltop Minstrel, the Hilltop Male Chorus is indirectly an outgrowth of that annual entertainment.

In order to put on an old fashioned minstrel show a male chorus is a "must" item. So at the start a group of men were gotten together to sing a couple of special numbers and back up the end men on their numbers.

The idea of a regular chorus had been in the minds of some of the men for some time. Having gotten together to sing for the show they soon decided to organize on a permanent basis. The Hilltop Male Chorus, now directed by W. Haydn Jones, is the result of that organization.

Popularity Spread

The popularity of the group has spread to all parts of the state. Concerts have been given in dozens of central Ohio cities throughout the years that followed its organization.

Attracting as it did several men of Welsh descent, the chorus very early became interested in competitive singing. The eisteddfod is a Welsh tradition brought to this country by lovers of good music and literary talent and it was not long until the Hilltop Chorus was competing in the male chorus competition. Good showings have been made by the group in Jackson, Lima, Marion and Columbus. They have always finished at or near the top in the final standings.

As a matter of fact the last eisteddfod held in Columbus was indirectly the work of the Hilltop group. A number of members of the chorus helped organize the committee that put on the affair, which attracted thousands of music lovers from all over the state.

Suspended Activities

At the start of the war members of the organization were too busy to give one evening each week to rehearsal in addition to the time required for concerts so the activities of the chorus were suspended with the exception of the Hilltop Minstrel. For the past three years the men have been getting together about six weeks prior to the show to prepare numbers for the entertainment.

Last month an election of officers was held with the idea of again going back to a program of year-round activities. E. R. Graham, principal of John Burroughs school, was elected president of the group. L. D. Helyer was named vice-president and Elzie Radcliffe was chosen secretary-treasurer.

Contribute Much

At least two men deserve much of the credit for keeping the organization going through all the years. One of these men is W. Haydn Jones, who will again direct the chorus in the show. He helped get the original chorus started and was its director through most of the years. Dale Gilliland, instructor of music at Ohio State University, directed the group for almost three years.

The other individual who has spent more time than anyone else in keeping the chorus going is C. H. "Doc" Campbell. He has been secretary-treasurer of the group up until the recent election of officers, when he asked to be relieved of that job.

Other men have played important roles in the promotion of the chorus.

Directs Chorus

W. Haydn Jones

W. Haydn Jones, whose avocation has always been music, will again direct the Hilltop Male Chorus in this year's show. One of the founders and first director of the original Hilltop Chorus, he has been director of the group throughout most of its existence.

Jones is director of the Hoge Memorial Choir and has directed other choral groups in the city. He is manager of the Jones Lumber Co.

Dapper Dan (low and tenderly): "Marshmallow fluff."

S2c: See that gal talking to the Captain? Well — she's nuts.

BM1c: Yeah? That's my sister.

S2c: Nuts so bad! Nuts so bad.

Comedian

Joe Goodwin

A newcomer in the role of black faced comedian is Joe Goodwin, popular Sullivant-av pharmacist. Last year he served as ticket chairman for the show.

This year he will be one of the four end men who inject the comedy element into the show.

Junior and his mother were looking through the old family album. "And here," said his mother, "is your Aunt Susie, there's Uncle Bert and there's Grandma."

Presently they came to a picture of a handsome young man with a mustache.

"Who's that?" asked Junior.

"Why? that's your father," said Mother proudly.

"Yeah?" said Junior skeptically, "Then who's that baldheaded guy that's been living with us?"

Gunnery Instructor: Now listen, you guys, this new bullet will penetrate three inches of wood, so keep your heads down.

You'll Meet Pinky

Mr. and Mrs. Menge

His name was "Pinky". At least that was the way I was introduced to him. But wait we are getting just a little ahead of our story, for you see "Pinky" is a mind reading rabbit.

Oh! So you don't believe it. Well just you wait and see, for "Pinky" will appear in person in the Hilltop Minstrel Show at West High School Feb. 28, Mar. 1, in conjunction with the "Magical Menges."

Lee Koontz, the producer of the show, informed us that he was able to procure the services of this couple as an extra added attraction for this year . . . So we decided to pay a visit to the "Menge's" at their place of business.

Mr. Menge is a manufacturer of supplies for magicians and is located at 2500 W. Broad-st., and is well known from coast to coast as a performer as well as for the equipment he makes.

I must confess I was just a little bewildered at the many strange things I saw on this visit for as I was being introduced to him he said, "Pardon me but your groceries are showing," and from under my coat he pulled a very real looking string of sausage. Then he offered me a smoke . . . and picking up an electric light globe said: "Have a light," and much to my surprise there in his hand, even though there were no wires attached to it, the light globe was burning very brightly. He explained that this was an experiment in view of the strike situation.

Just then Mrs. Menge came in and this was another pleasant surprise, as I discovered that she was not only a very lovely looking young lady, but a very talented one as well, and she plays a very important part in the program of the "Magical Menge's." She too has been a professional entertainer for several years, possessing a fine lyric soprano voice, as well as assisting Mr. Menge in his program.

Picking up an empty hat that had been setting on the table she gave it to Mr. Menge, and he said, "By the way, here is a little fellow I want you to meet."

That was when I was introduced to "Pinky" the mind reading rabbit. But speaking of "Pinky," I think that is where we came in.

Chair Dance To Be Presented By 12 Girls

There's always something new and different in a Hilltop Minstrel Show.

The number will be done by 12 girls, all students of the Keith School of Dancing, 3105 W. Broad-st. Keith Lovewell, operator of the school, has arranged and coached the unique dance routine.

Local girls appearing in the dance are Mary Ann Newland, Galloway, Linda Jane Yaple, 248 S. Brinker-av, Patty Lamprecht, 114 Midland-av, Joyce Roberts, 303 Belvidere-av, Rita Pusecker, 142 S. Warren-av.

Marian Gibson, 690 S. Warren-av, Joanne Garner, 344 Belvidere-av, Karen Myers, 1269 Wilson-rd, Marilyn Story, 208 N. Terrace-av, Ruth Ann Wise, 107 Midland-av, Jean Recob, 235 Letchworth-av, and Barbara Parrett, 372 S. Powell-av.

Gay Nineties Number

The four youngsters shown above will do a "gay nineties" comedy dance in the HBMA Minstrel Show on Feb. 28 and March 1. The sister and brother act is composed of Kenneth and Parrick Martindale, 9 and 11 year-old-sons of Mr. and Mrs. K. L. Martindale, and Jean and Joan Stamm, 9 and 11 year-old daughters of Mrs. Mary Stamm.

All are students of Betty Hemmer Sherick.

Kenneth and Patrick are grandsons of Mr. and Mrs. J. A. Ingles, 77 Clarendon-av, who are celebrating their 28th year as Hilltoppers this month. Their mother was the former Vivian Ingles, thus the boys are the third generation of Hilltoppers from this one family.

Fast Tap Specialists

Nancy Bailey Pete South

Something different in the way of a fast tap will be offered by Nancy Bailey and Pete South, an up and coming dance duo on the Hilltop.

Nancy is a 10A student at West High School. She lives at 821 S. Eureka-av.

Pete is a junior at Aquinas. He lives at 165 S. Brinker-av.

The pair have been dancing together since last September although it will be their first appearance together in a show of this kind. Betty Sherrick is their instructor.

L. E. Saunders Active in All 17 Minstrels

L. E. Saunders, co-director of the 17th Annual Hilltop Minstrel Show, has no difficulty in recalling how many shows he has had a part in producing.

He's been active in every one of them. Back in the early days he stepped in and took over the direction of one of the shows when some differences of opinion arose between the director selected and HBMA officials.

He has directed the olio acts in some years and has been co-director of the entire production other times.

He was having difficulty in fitting himself with a pair of shoes. Then he noticed on the inside of the shoe he had been trying on "Made Expressly For Oscar Walkover."

"Well, I'll be durned," he grumbled. "No wonder they won't fit me."

"I Do's" Will Be Said In Mock Wedding Stunt

"Something old, something new. Something borrowed, something blue."

All that and more too will be included when the "mock" wedding moves out on the stage Thursday night in the first showing of the Hilltop Minstrel.

Principals in that solemn affair to be witnessed by 5000 persons (more or less) will be Mary Bentz, as the bride, and Groceryman Charlie Kent as the nervous bridegroom. Bill Burlie, in the role of the parson, will read the double ring ceremony that promises to be more fun than a three-ring circus.

Jack Shank and Hazel Bercaw will play the part of the parents of the bride.

Talent scouts were scouring the Hilltop for a person to fill the important role of a Western Union boy. Dramatic requirements are said to be most rigid, but Lee Koontz, who is directing the show, promises that some one will be "discovered" in time for the opening performance. Among other requirements this performer will be required to memorize two words.

Vibra Harpist Will Appear In Minstrel Show

A bit of 'Pixalated Rythm' will be dished out by Pat Culbertson, a newcomer to the Hilltop Minstrel. Pat plays a vibra harp and does a good job of it.

She is a 7A student at West Junior High School and says she just started playing a year and a half ago. It will be her first appearance in a big show.

Pat is the daughter of Mr. and Mrs. George Culbertson, 117 N. Roys-av. She studies under Mr. Anderson at the Lazarus Music Center.

"He claims to be a great emotional actor. Did he move the audience last night?"

"I'll say he did. They all left at the end of the first act."

Dancing Beauties To Grace Show

An act guaranteed to bring down the house is the HBMA dancing line. The number will feature 12 shapely (?) businessmen attired in short dresses and wearing their nicest curls (artificial of course).

Jackie Hardy has had a hand in putting the dancers through their intricate routines although she can't be held accountable for what happens when the line cavorts out onto the stage Thursday night.

Appearing as little girls will be Tom Lewis, Gilbert Coffman, Curt Roberts, Bill Coon, Clarence Story, Chub Distelhorst, Phil Stout, Bruce Tanner, Jack Alcar, Herman Groves, John Riepenhoff and Art Esaman.

Accordionist

James Lytle

The accordion player shown in the above picture is James Lytle, 15 Whitethorne-av, one of the performers in this year's Hilltop Minstrel. His sister, Joan, has appeared in two previous minstrel shows on the Hilltop.

Although he is only 11 years of age he has had considerable experience before Eagles, K. of P., and other fraternal groups to say nothing of USO shows and other service entertainments.

James, a 6th grade pupil at St. Aloysius School, is the son of Mr. and Mrs. J. F. Lytle.

Baton Twirler

Sunya Slane

Nine-year-old Sunya Slane will do a baton twirling number in the Hilltop Minstrel Show on Feb. 28 and Mar. 1. Sunya has been dancing since the age of four years and has appeared before fraternal groups all over central Ohio.

She is the daughter of Mr. and Mrs. Victor Slane, 128 Avondale-av, and a 5th grade pupil at Avondale School. Her teacher is Joy Wagner at the Johnny Murphy Studio.

Local Quartet To Sing Barber Shop Harmony

A little close harmony, barber shop style, will be presented by a male quartet from the Hilltop Male Chorus as an added feature of the 17th Hilltop Minstrel.

A medley of tunes written around "Cooney Island Babe" will serve as the vehicle for the harmonizing foursome. The enchore number will be "After Dark."

William Marot, who will handle the bass, has been responsible for working up the number. Top tenor is Howard Moon, popular in several past minstrels. Norman Diehl, recently returned from the armed services and a member of the Male Chorus for many years, will sing the second tenor score. Elzie Radcliffe, well known baritone soloist and at present secretary of the Chorus, will complete the quartet.

A stranger ordered a light lunch in a Texas restaurant and after eating told the waitress he had no money with which to pay his check. The girl offered to pay it and upon returning with her purse, the man gratefully refused—and gave her a hundred dollar bill.

"Have you heard the Four-Wheel Brake Song?"

"No. How does it go?"

"For we'll break the news to mother."

HBMA Worker

Dr. McNamee

Dr. E. E. McNamee with offices at 2543 Sullivant-av, will share the duties of costuming the cast of the Hilltop Minstrel. Together with John Riepenhoff the two men will be required to get proper outfits for the various acts including half a hundred people.

Dr. McNamee has been an active member of the HBMA for many years and has had some part in the presentation of most of the shows in past years.

Rausch is a partner in the Rausch Brothers Broad-Hague Hardware, 2768 W. Broad-st, while Witherspoon operates the Better Homes Center, 2775 W. Broad-st.

Minstrel Songstress

Miss Hoar

One of the featured players in the Gateway Players group, Carolyn Jean Hoar, 141 N. Chase-av, will be one of the vocalists at the Hilltop Minstrel.

Miss Hoar had a solo in "Sweethearts," presented by the Gateway Players at the Hartman Theatre in December. Her voice is particularly well adapted to light musical comedy ballads.

She is a pupil of Miss Marguerite Brickman of the Allied Arts Studios. She has sung on radio programs and is active in church choir work. She is a member of the Saturday Music Club.

Mandarin Inspires New Blouse Mode

Abbreviated version of the classic mandarin gives rise to a new blouse style. The gleaming black satin brocade created for CBS actress Norma ("Electric Hour") Kendall features the Chinese neckline but adds full sleeves gathered into tight wristbands and nips off the blouse at waistline to tie in sleek fashion. Designer Achilles of California uses carved, dull gold buttons to stress the Oriental inspiration.

Frances is the daughter of Mr. and Mrs. Aaron Wiseman, 136 N. Warren-av. Margie is the daughter of Mr. and Mrs. Harold Belt, 127 N. Warren-av.

Southworth Is In Black Face

Appearing the second time as an end man is Marvin Southworth, brother of Billy Southworth, who also has a black faced role in this year's minstrel.

The two brothers are partners in business as well as in minstrelsy, operating the Southworth Poultry Co.

One fellow, whose work is usually on the up and up is the chef of an ocean liner.

This Year It's Boogie

The "dancing Hardys", 18-year-old Jackie and her father George, will give out with some real "boogie woogie" in this year's Hilltop Minstrel Show.

As in previous years, George will be one of the end men and then go into a song and dance routine with Jackie in their own arrangement of "Waitin' for the Train To Come In."

This will be the fourth appearance for George, a well known glass salesman and an outstanding booster for West High School. Jackie has been in three previous shows.

The father and daughter act is in constant demand all over the state. During most of the year they are on the go once or twice every week. During the war they have appeared several times at the veterans hospitals, USO centers and camp shows. They are members of the Moose entertainers.

They live at 94 Wisconsin-av.

"Old Glory"

Many tales are told about old glory
That make us swell with pride,
You have likely heard many a story
How it waved where men have died.
One time it waved over Okinawa Isle
Just as the sun went down,
And seemed to whisper all the while
Dead Japs don't grin or frown.

A man was arrested on foreign sod
And the King said with a frown,
You'll have to face the firing squad
Just as the sun goes down.
The traveler gave old glory a fling,
Covered his body, hide and hair,
Then shouted to the mighty King
Now fire if you dare.

A dance team that has had plenty of experience in "hoofing" during the past five years is that of Kathryn Seeds and David Grannan. Kathryn is a 5th grade pupil at Highland Avenue School. She is the daughter of Mr. and Mrs. V. E. Seeds, 134 N. Eureka-av.

David is the son of Mr. and Mrs. John Grannan, 4819 Harrisburg-pk. He is a 6th grade pupil at Briggsdale.

The two are pupils of Keith Lovewell.

Miss Kimes

Noma has been playing for more than five years despite the fact that she is only a junior at West High School. She has appeared in almost every part of the state playing for fraternal groups including Elks, Eagles, Moose and Masonic organizations, to say nothing of service shows and other varied programs.

In spite of her studies and musical interests she also finds time to do part time work at the Fashion Store. She is an accordion pupil of James Melfi.

Hilltop Minstrel Of '36 Was a "Rib-destroyer"

The Hilltop Minstrel of 1936 was a "rib-destroyer," no less.

That was how the Hilltop Record of 10 years ago billed the annual production of the Hilltop Business Men's Association, as described by John Wolfe, then editor of the Record.

Harry Barton directed and presided over the first half of the show that played the West High Auditorium for two nights. Floyd Green made his first appearance in black face that year singing "I'd Rather Have Them Say 'How That Man Could Ram' Than 'Here He Lies.'"

Herb Deems was "chief farmer" and master of ceremonies of the olio acts that made up the last half of the show. Olio acts featured "Singing Susie" Johnson, a pupil of Marion Crawford Larson; three crack pupils of Jack Sherrick, the Three Riepenhoffs, Jack, Anna Lou and Virginia; Bob Ferguson and Dorothy Clark in a duet; Libby Lee Czatt, another pupil of Jack Sherrick; radio singer, Jane Timmons and Galloway's Adelsperger Four, old time musicians.

Chorus Sang

The Hilltop Male Chorus, directed by W. Hayden Jones, provided choral background for the minstrel portion of the show. Other end men featured that year were Salesman Harold Sinclair singing, "I Wasn't Scared But I Thought I'd Better Go." Mose Williams, billed as the "singing politician," sang, "You Can't Fool An Old Horse Fly," and Leo Phillips, the chanting copper, gave out with "Lulu's Back In Town."

Buddy Webber, a pupil of Jimmy Rawlins, was a high spot in the first half of the show. Anson Fox and Dick Becker appeared in comedy roles.

Three male vocalists of no little repute filled the solo roles. James M. Snyder, a Capital University music student, sang the memorable "Chloe," while George Sagtkamp, a radio singer of considerable reputation, sang the then popular "Boots and Saddles." The third soloist was Leo Amspoker, popular tenor with the Hilltop Male Chorus, singing "A Little Love, A Little Kiss."

Many of the performers of ten years ago had previous minstrel experience and several of them appeared in shows of later years. All in all it was another one of the many successful Hilltop Minstrels.

We think luncheons should be light — especially for working people who don't want to feel "logy" the rest of the day. That's why our luncheon menu offers such a sprightly variety of easily digested foods.

C B S' Full Color Travels Across New York's Skyline

The color television broadcast now being demonstrated originates in a special studio on the tenth floor of the CBS building. From there, the resulting electronic impulses travel through coaxial cable to the spire of the Chrysler Building where the new transmitter is located.

New film pick-up equipment, developed by CBS, is being used in the demonstrations. A movable directional antenna on the ninth floor of 485 Madison Avenue picks up the signals broadcast from the Chrysler Tower and feeds them directly to the receiver, as is done in any home television installation.

As a matter of fact, the entire process, from scanning of the picture to its arrival on the viewing screen, follows normal broadcasting conditions.

CBS is broadcasting on the 16-megacycle band between 480 and 496 megacycles, assigned to CBS by the Federal Communications Commission for experimental use. A video band width of 10 megacycles is used for the new pictures. This is more than twice the video band width CBS used in 1940 for its original demonstration of color television.

The pictures now being broadcast contain 525 lines in blue and 525 lines in green—all scanned at the rate of 20 complete full color pictures per second.

Workers Now 65 Years Old Peg Benefits

Wayne W. Putnam, manager of the Social Security Board's field office at Columbus, today issued a reminder that workers who have reached 65 and have been employed in jobs covered by the Social Security Act long enough to be insured may "peg" their old-age and survivors insurance benefits, whether or not they plan to retire soon.

The reminder, Mr. Putnam said, is intended to help prevent any loss of benefits by older workers who may lose their jobs, may suffer reductions in total pay, or may lose considerable time from work because of illness or a change of jobs.

"Once a benefit is pegged, by the worker or former worker," Mr. Putnam said, "it cannot go down. But it may go up, the worker gets a new job or increased pay. The board will recalculate the benefit once a year, if the worker requests it and if it will result in higher monthly benefits for him."

Mr. Putnam pointed out that the board has been urging workers and former workers in employment covered by the Social Security Act to confer with its local officials at age 65, so that the Board people may advise them of their proper action to take in order to protect their full benefit rights.

Many File Claims

"Many have come in and filed claims to protect their rights, others have failed to do so," Mr. Putnam said. "With the cutbacks that have occurred in many lines of work since the war ended, it would be well for every man and woman who has worked in covered employment and has reached the age of 65 to check up on social security benefits. We're ready to help and we have worked out a system that is loss-proof.

"Many workers aged 65 or over do not realize that when they lose considerable time from covered employment, for any reason whatever, or when their total pay goes down, their old-age and survivors insurance benefits may go down also. We want them to realize that and to get the necessary information from our office to prevent any loss of benefits.

"So we're not only inviting, we are urging, all workers and former workers in private industry and commerce—those who have done some work under social security—to come in and to see us. Our office is located at the old Post Office building, and we are open from 8:30 to 5:00 Mondays through Fridays.

The United States Employment Service is urging employers to register any part-time jobs they may have to aid veterans who are trying to complete their education. The Disabled American Veterans reports that many veterans who need additional training before entering chosen fields pass up government schooling because they cannot supplement subsistence allowances.

DAV Urges Aid For GI Widows

In their anxiety to help the returning veterans a day are forgetting thousands of voiceless victims of America's war—the widows, children and dependent parents of the war dead.

That statement was made by Vivian D. Corbly of Cincinnati, national adjutant of the Disabled American Veterans, in an address before a meeting of the DAV national service fund workers in Chicago.

"Throughout America today," Corbly told the fund workers, "there are thousands of voiceless victims of America's wars. They are the widows and children and dependent parents of our wartime dead, who are entitled to government pensions but are not receiving them because such payments are not automatic.

"In many cases these dependents are actually frightened by the complex government regulations which would grant them pension and other possible income."

Corbly pointed out that these dependents "can look to the Disabled American Veterans for aid."

The DAV, he said, will help them prepare and file claims for pension, and explain procedure in insurance and death compensation matters.

Corbly said one of the important campaigns also carried on by the DAV is that which asks the government to pay dependency allowances to living veterans with families, similar to those paid by Canada.

List Rules To Speed Vet Mail

Veterans who find their correspondence with the Veterans Administration delayed were given four rules today by the Disabled American Veterans to speed their answers.

Dow V. Walker, DAV national commander, said the Veterans Administration was faced with an unprecedented volume of correspondence and a shortage of trained personnel, accounting for the delay in answering letters.

"The Veterans Administration," he said, "is receiving thousands of letters each day in Washington.

"Here are four rules that will aid in getting early answers to veterans' letters:

1. "Include your name, address, legibly written in every letter.

2. "Give the 'C' (claim number) number in letters relating to pensions, compensation, rehabilitation or training.

3. "Include the 'N', 'V', or 'K' (type of policy) numbers and the serial number of the veteran in each letter regarding insurance.

4. "Give the 'XC' (deceased) number in the case of a deceased veteran."

Walker said that if the policy number and the veteran's serial number are not included in correspondence about insurance, it is necessary to check the master index with more than 23,000,000 names for proper identification.

"The next time you write the Veterans Administration," Walker urged, "try to get all the essential facts in your letter."

ON THE AIR — Susan And Claudia

By Fred Emery

Capable, charming Barbara Fuller is one of the most envied radio actresses in Hollywood.

The blonde starlet, who came to the West Coast after successful radio engagements in New York and Chicago, now plays coveted roles in two of Hollywood's top NBC shows — she is Susan in Barry Fitzgerald's "His Honor the Barber," and Claudia in "One Man's Family."

Barbara Fuller

"It was just a lucky break that I happened to have a letter of introduction to Carlton E. Morse just at the time he was looking for someone to play the two parts," says Barbara.

But Morse who produces the two radio dramatic broadcasts heard on WLW, has another story.

"It may have been lucky that Barbara came to Hollywood just when she did, but she is one of the finest actresses I have ever seen," says the man who writes as well as produces both programs.

Barbara has been acting since she was nine, when a friend of the family suggested that she audition at NBC, Chicago. Since then, she played a variety of roles before coming west, where she is now one of radio's busiest and most successful actresses.

Every honorably discharged service man of World War II is eligible for a testimonial of appreciation from the President, the Disabled American Veterans reports. The presidential scroll can be received by presenting discharge papers at any Army, Navy, Marine Corps or Coast Guard installation.

The Disabled American Veterans recently pointed out that the demobilization of men after World War II has been twice as fast as the World War I discharge rate. After the first war veterans were demobilized by military units. Length of service was not a controling factor.

RADIO Chit-Chat

BY TOM WHITE

Two of America's top young singers are starring on the new "Follies of 1946" show which has moved into the "Johnny Presents" time spot on Tuesdays. They are Johnny Desmond, singing favorite of the overseas AAF, and recently out of service; and Margaret Whiting, whose best-selling record of "It Might as Well Be Spring" skyrocketed her to popularity. For comedy there's Herb Shriner, the "Wabashful Humorist." A 30-piece orchestra conducted by Jerry Gray and 16 vocal lovelies round out the show's youthful cast.

Jack Benny, already the favorite of Waukegan and St. Joe, has been named honorary mayor of three California towns popularized on his NBC program — Anaheim, Azusa and Cucamonga, whose citizens say it took Jack to put them on the map.

Bob Hope is carrying out that promise he made when he returned from overseas, where he entertained servicemen. He's doing his current shows from hospitals and camps in the vicinity of Palm Springs, Calif.

Did you know that the Harmonaires, 12-voice Negro choir heard Sundays on WLW, were cited for their many War Bond, Red Cross and War Chest appearances by the Music War Council of America? The citation read for their inspiring use of music to aid the National War Effort."

Carmen Cavallaro, star of his own Sunday show over NBC, collects calling cards as a hobby. It all began when Carmen was invited to a dinner at the White House by the late President Roosevelt and Carmen collected all the place cards of the dignitaries at the affair.

Walter Winchell reported recently that instead of mirrors in his Hollywood home, NBC's Ed "Archie" Gardner has oil paintings of himself at strategic points.

The "man with the hoe" is being replaced on some southern cotton farms by an adaptation of the wartime flame thrower, which can burn weeds in cotton fields at far less cost.

The most beautiful circular staircase will lose its charm if it causes a fatal accident in your home. The Ohio State Safety Council and the National Safety Council urge home builders to plan stairways in straight runs with generous landings where turns cannot be avoided. All stairways should be adequately lighted both day and night. They should be protected by easy-to-reach hand rails, with balustrades placed closely together.

HEALTH and LIBERTY are PRICELESS

The people of this country have a priceless heritage . . . Freedom that has been fought for . . . something that no other people have. It has given us advantages so great that most minds fail to comprehend them. The tangible expression of this heritage is embodied in the Private Enterprise System.

This priceless inheritance is now being dangerously menaced by moves to turn over to the Federal Government the task of providing medical and dental care for all the people.

The doctor and dentist is a human being, a person — a personality. His tradition, knowledge and experience make him more sure and more confident than his fellowman. The new Murray-Wagner-Dingell bills before Congress would rob him of his freedom of action and decision and make him subordinate and subservient to the bureaucrat. Bureaucratic direction would destroy the intangible, indefinable essence that is the secret of the American doctors' and dentists' effectiveness.

About Reserved Seats For The Minstrel

Anything I have to say in this corner regarding reservation of seats for the Hilltop Minstrel cannot be construed as criticism of the Hilltop Business Men's Association. It is merely a reply to the many inquiries we have had regarding the episode of last Saturday in which all the reserved seats for the two nights of the show were sold out in a period of little more than an hour.

In the first place the association did not anticipate this wild clamoring for seats.

But now that the show has been given on Wednesday night we trust those who purchased tickets have all seen the show and enjoyed it. If there are some who have tickets they could not use I'm sure the association will refund their money.

Now for another year my suggestion is this:

1. Sell only reserved seats in advance of the show. The few general admission seats can be purchased at the school the nights of the show.

2. Place the seats on sale about 10 days in advance of the show at a centrally designated place and make them available every day until they are sold out.

3. Limit the number of tickets any one person may purchase to some reasonable number like six to ten.

4. Plan the show for three nights so people may make their plans accordingly.

Sour Tasting Sugar

Franklin Sparks out at Hauntz Market has very little that is sweet to say about the OPA. Of course he isn't alone in that respect but he does have a legitimate complaint and one that shows the disgusting manner in which government bureaus operate.

One day last week he went to Cincinnati to see OPA to determine if his bakery could have an increased allotment of sugar. He was told that in view of the fact that he was a veteran he was entitled to that increase and left the place feeling fine about the whole matter after he had their assurance it would be granted.

Then in Tuesday morning's mail came a notice from same said OPA telling him his application had been denied. If you ever heard a man turned sour on a sweet subject he is that man.

But then consider the case of another Hilltop grocer who this past week got a fine of $50 because he overcharged one cent per can on six cans of peas. In the past year OPA checkers have found this same grocer had overcharged a total amount of less than two dollars, at just such rates of a penny or so an item.

Surely we want no long time dealing with bureaus and the sooner we get rid of some of them the better off we will be.

Cowboys In Action Tonight

Without J. Thrush Chances Dimmed

West High's chances of surviving the first round of tournament play at Delaware tonight were dimmed considerably this week by the possibility that Jack Thrush, spark plug of the East-West game last week, might not see action.

The guard who led the scoring against East last Thursday was confined to his bed with an attack of pleurisy the first two days of this week and there seemed little chance that he would be in condition to play tonight.

The Cowboys are to meet Linden McKinley this evening at 8:30 in the Central District Class A playoffs.

It will be recalled that this same Linden team handed West the short end of a score in one of the upsets of the season. Without Thrush in the lineup they stand better than an even chance to repeat.

Coach Rufe Glass has been experimenting with different boys in an effort to have the strongest starting lineup. Latest information had Jim Price in the guard position.

The starting lineup will likely be as follows:

Watts ..... Guard
Price ..... Guard
Borror ..... Center
Slager ..... Forward
Buckingham ..... Fward

The Cowboys finished the season in third position by defeating East on the home court by the slender margin of two points last Thursday night.

Ralph Brown Dies Of Heart Attack

Ralph O. Brown, 41, of 280 Binns-blvd, an official shorthand reporter for Armstrong & Okey, died unexpectedly at his home of a heart attack. He was dead upon arrival of fire department emergency squadmen Sunday.

Virgil Crawford Plays Football In Pacific Area

Pfc. Virgil Crawford

A talent for quick, aggressive play has been carried from the football fields of Central Ohio to the scarred battlefields of Guam by Virgil Crawford, all-city West guard of the 1944 season.

Virgil has been playing with the Marine Fifth Service Depot touch football squad, which is the champion outfit of the Southwest Pacific teams.

He was promoted to private first class recently.

In letters to his parents, Mr. and Mrs. E. W. Crawford, 719 S. Roys-av, Virg describes his flights over a wide area in the Pacific to play other service teams.

They recently played the Kwajalein Navy All-Stars, champions of the Central Pacific Area, for the championship of the Pacific. The game ended in a 12-12 deadlock.

Crawford has a string of 13's in his important date book. He entered the Marine Corps on Jan. 12, 1945, landed at Pearl Harbor on Aug. 13 and again at Guam on Sept. 13.

Parents of West Principal And Teacher Dead

Irvin F. Young, principal of West High School, was called out of town 1st Thursday when he was informed that his father, Charles H. Young, 78, hd passed away in Denver. At the same time Myron T. Seifert, 46 S. Westgate-av, journalism instructor at West, received news that his mother had died at her home in Bremen, O.

Mrs. Bessie Seifert, 89, had been ill for many months. Service were held in Bremen Saturday.

Mr. Young died very unexpectedly. He and Mrs. Young had gone to Denver to spend the winter. Funeral services were held Monday. His home was in North Canton.

Ohio State Guard Seeks More Men

Hilltop and West Side men were being offered the opportunity to enlist in the Ohio State Guard this week, according to M/Sgt. Noble L. Allen. Men are needed in the Headquarters Company, 1st Br., to complete its complement.

This organization is an integral part of the guard and operates along Army lines and traditions. Drill is one night each week. Training is given in basic military subjects and advanced subjects pertaining to the protection of lives and property in times of emergency.

Interested persons can contact Sgt. Allen at RA. 2372 or by calling M/Sgt. Charles Moody, RA.

Eleventh Ward GOP Club Will Meet Thursday

The Eleventh Ward GOP Club, Inc., will hold the regular monthly meeting at 8 o'clock on the evening of Thursday, March 7. It will be at the K. of P. Hall, Burgess and Broad-st.

The installation of officers, with Fred C. Dunn, county auditor, in charge will be the main event of the evening. A musical program and entertainment will be an added attraction. All members and friends are asked to be present.

Picture Swindle Exposed

A picture swindle being worked in Hilltop and West Side homes was brought to light this week by Sgt. Edgar N. Butler of the detective bureau. Amounts ranging from $8 to $25 have been paid by at least a dozen families for photographs taken by a crew of out-of-town salesmen for photos that are described as "terrible" by various persons who have bought the pictures.

A man, giving the name of O. Albert Durkee, was picked up a few days ago at the Bliss Hotel by Sgt. Butler and Officer Chas. H. Johnson. He is being held on a charge of peddling without a license. His case is set for next Tuesday.

According to police reports the crew has contacted housewives asking to take pictures of children on some kind of advertising proposition. A bargain price is quoted for supposedly high class tint work to families that may be "selected" at a later date.

Orders Taken

Invariably a callback is made within a few days and orders solicited. Usually half of the price is collected as down payment. In a few days the prints are sent through the mail C. O. D.; and when they are opened they are found to be of such inferior quality that subjects are in some cases not even recognizable.

Some families contacted report that the men working the racket wore discharge buttons in their lapels, thus giving themselves an added advantage when soliciting the orders.

Sgt. Butler urged all persons who have had dealings with the men to report to him and to refuse any C. O. D.'s that might come in the next few days.

It is understood that receipts written were with a North Ridgeville, Ohio, address but when complaints have been sent to that address the mail is returned unclaimed. Pictures in some cases have been mailed from Fremont, Ohio. The firm name is given as Krouse Studios.

Police officials estimate that the crew has been working in Columbus since approximately the middle of January and that their daily collections average $300 per day.

Scouters' Dinner Will Be Mar. 13

The anaual dinner and meeting of the Central Ohio Area Boy Scouts of America will be held on March 13 at the Southern Hotel ballroom. Hugh S. Jenkins, attorney general of Ohio, will be the main speaker. The affair will start at 6:30 p. m.

A high point of the evening will be the presentation of Silver Beaver awards to scouters who have performed outstanding service. Reservations must be made by March 9.

Series of "Support the Church" Advertisements To Be Published

The first of a series of "support the church" advertisments, made possible through the sponsorship of Hilltop and West Side churches and business establishments will appear in the Record on March 7. Others in the series will appear weekly throughout the year.

This particular series of "support the church" appeals has been highly praised by church leaders of various denominations and by numerous newspaper people. This series has won special commendation for the visual and human appeal of the illustrations and for the interesting and convincing nature of the script. They were designed to appeal to all Americans, both those of church affiliations and those who are church members.

Local clergymen have been asked for their criticism of the copy and as to their attitude on the publishing of such a copy in the Record at regular periods. Unanimously the local clergy endorsed the idea.

It is felt that a democracy cannot long endure without a foundation of good citizenship. The church is the outstanding institution that is constantly striving to build character in the individual, to lift man to a higher plane of living, and to cultivate

Hilltoppers Swamp Ticket Office Sat. 3rd Showing Of Minstrel Is Booked

New Factory Building Takes Shape

Courtesy Ohio State Journal

There seems to be no shortage of steel in the above picture taken at the new Fisher Body Co. plant being erected on the Turner Farm just west of the city.

The new Fisher Body Co. plant being built just west of the city limits will be in operation by July 1.

That is the prediction of officials of the Ternstedt Division of the firm who will operate the new factory. Offices were opened in the Hartman Building this week to handle the accounting department until the offices are complete.

Work has gone ahead steadily in spite of shortages in many essential materials.

Two other plants are operated by the same firm in Detroit and Trenton, N. J. When completed the plant will employ an estimated 7500 persons in the manufacture of all kinds of interior hardware and fittings for General Motors automobiles.

All Ducats Taken In One Hour

No. They were not selling nylons at Shank and Saunders office last Saturday. It was the ticket line for the Hilltop Minstrel but ticket seekers were just as persistent as any hosiery buyers and not much more successful.

In less than an hour after reserve seat tickets for the show went on sale the racks had been picked clean and dozens of persons, already in line, had to be turned away without the ducats. Members of the Hilltop Business Men's Association took stock of the exceptional ticket demand and immediately began making plans for a third showing. In less than an hour announcements were already going out to the daily papers and radio stations telling the city that a complete show would be staged at West High auditorium Wednesday night at 8:15.

The first showing was presented last night on the basis of first come, first served, no seats reserved.

Repeat showings are booked for tonight and tomorrow night.

First in line for reserved tickets was Joe Petitti, followed closely by Bob Frederick and Mrs. George Skipper. The line started forming early in the forenoon and by the time the first tickets were given out at 12 o'clock the line extended out into the street.

Last year tickets were still available at 5 o'clock in the afternoon.

Modern Methods Reduce Fire Hazards, Capt. Thackara Says

Modern fire fighting methods, better equipment and a program of public education have all contributed to reducing the hazard of fire in the city of Columbus. That is the belief of one Hilltopper who has been in the Fire Department since the hose cart days.

He is Capt. Joseph B. Thackara, 71, a member of the department for the past 41 years and today the second oldest member in line of service. He and his wife, Mrs. Mabel Thackara, live at 227 S. Burgess-av.

Capt. Thackara started as a sub at No. 3 Engine House in 1905 and has worked at several of the stations since that time. He spent 19 years at No. 8. Some of the more difficult fires to fight during those years have been the Teachout fire, Armbruster Building and the more recent Gwinn Milling Co. blaze, he recalls, although he has been on most of the big ones during the more than two score years.

Praises Prevention Bureau

The work of the Fire Prevention Bureau in recent years is given the highest commendation by the Hilltop man. By carrying out a constructive program of educating the public on how to recognize and eliminate fire hazards thousands of dollars worth of property and probably many lives have been saved.

Capt. Thackara points out that the program of schooling for firemen as conducted today goes far in training better fire fighters. A new man goes through a 30-day period of schooling before he is placed in a company for a probationary period of 90 days.

The emergency squad deserves much praise, too, in the opinion of the veteran fireman. "They are doing a fine work," he said. Only one squad is on duty at a time to take care of all the emergency calls all over the city and that really keeps the boys busy.

Born in Hilliards

Born in Hilliards, Capt. Thackara enlisted in the Army and fought in the Spanish-American War. He made two trips to the Philippine Islands and on one occasion went up the Lengayan Gulf at about the same place landings were made by the Americans in World War II. On Oct. 16, 1899, he was wounded when a rifle bullet went through his throat. He later was awarded the Purple Heart.

The Thackaras have three daughters, all of them married. They are Mrs. Ed Crossin, Atlanta, Ga., Mrs. Leonard Shinew, Chattanooga, and Mrs. Paul Simpson of Columbus.

The captain enjoys fishing more than any other outside activity although he also likes hunting. He spends many hours on the Scioto River and the various creeks around central Ohio.

Solicitation Started For Red Cross

Red Cross workers on the Hilltop and West Side began their annual canvass of the residential sections yesterday. A goal of $75,000 is being sought in the residential division for the city. The county goal is $444,000.

On the Hilltop the work is being directed by Mrs. Leonard Wisdom, 254 N. Harris-av, while Mrs. Harold Kay, 91 Schultz-av, heads the work on the West Side.

Additional lieutenants to work in the Hilltop area are Mrs. Robert Duncan, Mrs. William Hard, Mrs. E. R. Tilley, Mrs. Neil Messing, Mrs. Orlo Ator, Mrs. Wayne Engles and Mrs. Frank Meeder.

Other workers were listed in earlier issues of the Hilltop Record.

The first report luncheon will be held at the Southern Hotel Monday noon. The speaker will be Mrs. Margaret Hahn.

Memorial Service For Lt. Chase To Be Sunday

Memorial services will be held at the Broad Street Church of Christ Sunday night for Lt. Leroy Chase, son of Mr. and Mrs. F. R. Chase, 3841 Fisher-rd. The services will be in charge of Dr. Floyd Faust and will start at 7 p. m.

Lt. Chase was a navigator-bomber on a B-29. He was missing on a raid over Nagoya, Japan, on Jan. 4, 1945. He had gone overseas in October, 1944.

Lt. Chase was a graduate of Ohio State in chemistry. He had done some work toward his master's degree.

Two brothers, Frank E. Chase, Jr., Edwardsville, Ill., and Pfc. Curtis B. Chase, Greensborough, survive, in addition to the parents. Pfc. Chase was to arrive home this week on furlough.

Mr. Chase is superintendent of the Shell Pipeline Terminal at Fisher and Wilson-rd.

Capt. Robert Thomas Home From Army

Capt. Robert M. Thomas, now on terminal leave after receiving his discharge from the Army, has joined his wife, the former Jean Planck. The couple are now at the home of Mrs. Thomas' parents, Mr. and Mrs. Edgar G. Planck, 2984 Crescent-dr.

Kiwanis Club Will Have Group Songs

Group singing will be featured at the March 7 meeting of the Hilltop Kiwanis Club when members assemble at Schmelzer's Restaurant, 3178 W. Broad-st, for the luncheon meeting.

W. Haydn Jones, 190 S. Roys-av, will direct the singing with Robert Nash, organist at Hilltop Lutheran Church, as accompanist.

The group singing makes up the program once each quarter.

Hilltop Group At Conference

Five members of the local VFW Post No. 3441 and Auxiliary attended the VFW conference at Delaware on Feb. 24. Mrs. Alice Wolf, past state president, inspected the Auxiliary of Post 3297.

Those attending from here were Mrs. Wolf, Mr. and Mrs. Buzz Agnor, Mrs. Frank Phelps, Mrs. Paul Weimer and Mrs. Martha Lee.

The Reed Miller Post No. 3297 was host at the District 11 VFW mid-winter conference held at Willis High School. Nine counties were represented.

The ladies' auxiliary and the VFW members met separately in the morning and then had a joint session in the afternoon. A class of 38 young men, veterans of World War II, took the obligation. Initiation rites were conducted by the Buckeye Post No. 1699 of Columbus. The state commander, George L. Peiter of Springfield inspected the Delaware post.

Proposed Park Site Studied By Officials

The proposed park site between Columbian and Woodbury-aves. south of Sullivant-av, was being investigated this week by city officials, it was learned from Nick Barack, superintendent of the Recreation Department.

Engineering advice was being obtained to determine the condition of the waste land as to possible drainage problems. It is not known at the present time what the cost of filling in and providing adequate drainage might be.

Mr. Barack said that the proposal was being favorable considered by the city and that if it is determined that the cost of drainage and filling is not excessive it will receive the early consideration of the Planning Commission. The next regular meeting of the commission will be on March 13 but if a report is available at an earlier time a special meeting of the board will be called to consider purchase of the proposed park site.

Band Show Is March 14, 15

March 14 and 15 will be big nights at the West High School auditorium when the West High Band Variety Night is presented to the public. The two big shows will be under the direction of Charles Bennett, music instructor, who recently returned from the armed services.

The affair is being sponsored by the West Band Parents' Club and will feature the band and the orchestra.

Seats for the two showings are now on sale at 35c for general admission and 10c additional for reserved seats. Any member of the band, orchestra or the Band Parents Club can supply tickets for the entertainment.

Mrs. Cranston Williams, 586 S. Ogden-av, is president of the sponsoring group.

Board of Trade To Meet Tues.

The West Side Board of Trade will hold the regular monthly meeting at the Riviera, 360 N. Sandusky-av, next Tuesday night at 6:30. According to Harold Cramer, president of the organization, it will be the second of dinner meetings held since the first of the year.

Ralph Saul, a field director for the Red Cross, will speak in behalf of the annual roll call. Mr. Saul recently returned from field work having been through the battle of Okinawa supervising relief work.

All members are invited to be present at this meeting.

105 Out For Track; Many Lettermen

Track is definitely on the upswing at West High School.

Last Thursday 105 boys reported for the first meeting held by Coach Rufe Glass. Since that time five or six others have indicated an interest in this year's squad.

Discussing the prospects for this season's showing, Glass was more enthusiastic about the number of returning letter men and others with previous experience than the large number reporting for the team. However, the number is indicative of an increased interest in the sport. Four years ago when the call for candidates was posted 22 men reported. The number has increased steadily until this year's record turnout.

"This should be out year in track," the coach commented. "For the past couple of years unusually strong teams from North, East and Central dominated the city competition."

Never Won Championship

West has never won a track championship in the history of the school. This year's seniors are many of the boys who worked under glass four years ago when he first came to West. He knows them well and he's looking for a winning team.

Returning letter men include Hall and Harper in the mile; Austin Hutt, one of the two best half milers in the state last year; Bill Smith, who finished fifth in the state in the 440; Bill Pringle in the hurdles; Bob Snouffer and Bruno Mastee in the dashes; Smith, Dean and Lohr in the broad jump; Young in the high jump; Price, pole vault, and Slager in the shot-put.

In addition to this list there are other letter men less outstanding last year but likely prospects for this year. Then there are other likely prospects in the persons of Kenneth Evans, Embleton, Beymer, Love, Mugrage, Hicks and a couple of newcomers, Bob Orr and Frank Gardner.

Hutt Holds Records

Hutt holds the Miami Relay record with one minute and 58 seconds and is also holder of records on both the mile and half-mile at Magly Field.

A call for junior high track candidates has been issued for today and from early indications a good turnout is expected.

Members of last senior and junior teams have been running in the lower halls two nights a week. As soon as basketball is finished the schedule will be stepped up to five nights per week.

The first track meet now on schedule is with East on April 9 at Magly Field.

in the human heart the great and eternal spiritual values. Hence the church should have the support of every thoughtful citizen. This need is now brought to the attention of this community through these timely periodic messages where they will command wide and popular reader attention.

These appeals, prepared by the foremost writers and illustrators of the nation, and which are being used in the nation-wide movement designed to quicken interest in the church and spiritual affairs have won wide acclaim from both church and press. They have been approved by the international Council of Religious Education, the Greater New York Federation of Churches, Editor and Publisher, and leading church publications, which have praised them editorially.

Any individual, church or business firm interested in being a sponsor of this series is asked to call the publisher of The Hilltop Record.

Director Of Glenwood Resigns

Carl Grant has resigned as supervisor of Glenwood Shelter House, effective tomorrow, according to a statement issued this week by Nick Barack, superintendent of the City Recreation Department. His place will be taken by Gale Witting.

Supervision of the recreation center had been criticized by residents of that area over a period of months, it was understood.

Witting has been at the shelter house for several weeks, having conducted a basketball school there for boys of the neighborhood. He will be assisted by Mrs. Florence Miller, who was assigned to Glenwood about a month ago.

Mr. Barack said that in all probability a third member would be added to the staff in about a month from now.

NOW HOME

Sgt. Francis L. Ford is now at home at 1601 Sullivant-av after having been honorably discharged from the Marines.

John Burroughs School has received over $150 in sales tax stamps. More than 150 new books have been received this semester.

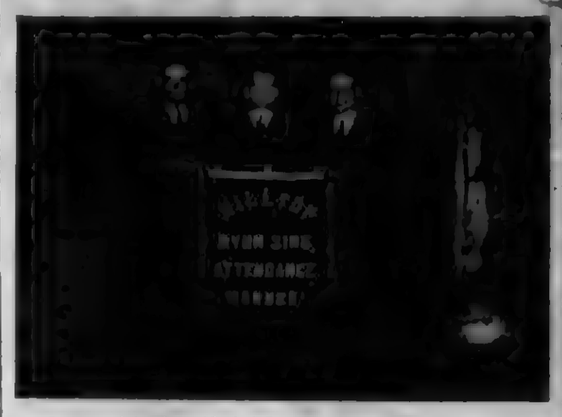
Pack Meeting To Be At Burroughs Tonight

Cub Pack No. 43 of the Boy Scouts of America will hold its February Pack meeting at John Burroughs School tonight. The project for this month is patriotism with special emphasis on the lives of Washington and Lincoln. There will be a display of handicraft by each den, and each den will present a stunt in keeping with the project.



Almost all of the Cubs are eligible for Bob-Cat pins, which will be awarded at this meeting. "Wolf" Badges will also be awarded at this meeting. "Wolf" badges will also be awarded to Erwin Kuhn, 784 S. Richardson-av, and to Richard Renner, 2642 Eakin-rd.

Parents of the Cubs are urged to attend.

3 Are Certified For Promotions In Police Dept.

The City Civil Service Commission last week certified Lts. Frank L. Harrison, 2964 Wicklow-rd, and Howard B. Hinton, 109 Dakota-av, for promotions to captains.

Also included in the certifications was Patrolman Moodey I. Caskey, 1308 W. Mound-st, for promotion to sergeant.

Left to right, Rev. Harlod Dutt, pastor of Westgate Evangelical Church, where the above picture was taken, Rev. C. F. Lutz, pastor of Burgess Avenue United Brethren Church and president of the Hilltop Ministerial Association, and Rev. W. Howard Schoof, pastor of Hillcrest Baptist Church and one of the originators of the Community Sing, with the attendance banner.

Hymn singing has not lost its appeal to the church-going element of the Hilltop.

As evidence of this just visit one of the Community Hymn Sings held in some local church every other week. During the year that these sings have been held attendance has averaged 225.

One year ago on March 4 the first Hymn Sing was held at Hillcrest Church with 107 persons present. They have been held every two weeks since that time with atendance ranging from the original number to as high as 374 on Dec. 2.

The idea was introduced at a meeting of the Hilltop Ministerial Association and was shortly adopted and sponsored by that group. Rev. W. Howard Schoof, pastor of Hillcrest Baptist Church, was instrumental in getting the plan in motion. Together with Rev. Milton Coleman, then the pastor of Highland Avenue Church, they called representatives of Hilltop churches and announced the first meeting to be held at Hillcrest after the close of the evening service. (At present Rev. Coleman and his wife are serving their church as missionaries in India.)

Westgate Methodist Church won the attendance banner at the song service held at Westgate Evangelical Church Sunday night. There were 179 present at the sing. The next service will be held at Glenwood Methodist Church on the evening of March 10. Rev. C. F. Lutz will bring a 10-minute Lenten message.

17 Churches Cooperate

To date a total of 17 Hilltop churches have cooperated in the Sunday night sings. The services are very informal. The host church usually provides the song leader who has charge of the singing which always starts promptly at 9 o'clock. Selections are made by members of the audience. Usually only one or two stanzas of each hymn are used so that a larger number of requests can be filled. During a short intermission a count is made to see how many churches are represented and to discover which church has the highest percentage of its evening congregation present. The singing stops at 10 o'clock.

The attendance banner, shown in the above picture, is given each night to the church having the highest percentage of its evening attendance present at the hymn sing. It is kept only until the next song service. Six churches have won the banner one or more times. The host church is never eligible to win the banner.

It has been won by Hillcrest Baptist, Highland Ave. Friends, Burgess Avenue United Brethren, Glenwood Methodist, Westgate Evangelical and Wheatland Avenue Methodist.

Banner Purchased

The idea of an attendance banner came about rather spontaneously at one of the meetings. Everyone liked the idea so an offering was taken to defray the cost of having it made. That is the only time the collection plates have been passed since the services were started a year ago.

No one can explain exactly how the idea of the bi-weekly sings came into being. Rev. Schoof suggests that it might have been an outgrowth of a similar plan developed by the "Youth for Christ" movement. They held meetings on Saturday night, starting with a group sing. Since the start of the Hilltop Sunday night services, similar community sings have been started in at least two other sections of the city.

Very few of the sponsors of the hymn sings expected them to continue through the hot months of summer. But week after week people continued to come with little drop in attendance so the program was not interrupted. Through July and August, the two hottest months, attendance averaged above 200.

Select Meeting Place

The next place of meeting is decided upon each time the group meets. It is offered to any cooperating church whose auditorium is large enough to handle the crowd. The meetings are announced on the church page of The Hilltop Record. The meetings are open to all who enjoy singing old fashioned hymns or who like to hear them sung.

The following churches have been host to the Sunday night sings on various weeks:

Hillcrest Baptist, Highland Avenue Friends, Immanuel Baptist, Glenwood Methodist, Burgess Avenue United Brethren, Westgate Evangelical, St. Paul's Evangelical Congregational and Hoge Memorial.

Other participating churches are Hilltop Community, Oakley Avenue Baptist, Hilltonia United Brethren, Westgate Methodist Sullivant Avenue Friends, Stone Quarry Chapel, Wheatland Avenue Methodist, Warren Avenue Nazarene and Hilltop Church of Christ.

Reviewing the results of a complete year of the services, Rev. Schoof commented, "We have no plans for the future except to keep on as long as people want to sing."

Nit—It takes all kinds of people to make a world.

Wit — Yes, but some I know should go somewhere and make one of their own.

West Cagemen Finish Third In City Loop; Thrush Leads

Paced by the outstanding play of Jack Thrush, the West High basketball team closed the season Thursday night by defeating East and clinching third place in the city loop. Operating from a guard position, Thrush racked up 21 of his team's points as the Cowboys bested the Tigers by the score of 54 to 52.

Central walked off with the title by defeating North by the close score of 24-22 in a bitterly contested game.

West took the lead early in the game and never relinquished it although the final whistle found the Tigers coming within two points of tieing the score in a game which was well played from start to finish. The Cowboys put on a good exhibition of ball handling, to say nothing of an unerring eye for hitting the buckets.

Lead At Half

At half time West was leading 31-19. As the third period ended, East had pulled to within 5 points, the score standing at 43-38.

Captain Jack Buckingham accounted for 15 markers while another senior who was also playing his last game, Dick Slager, scored 11 points. Jackson and Claggett were outstanding for the visitors.

In the preliminary game, West outscored the Tigers 38 to 31. In addition to his fast scoring pace, Thrush put on a good exhibition of ball pilfering when he snatched the ball out from under the dribbling hand of one of the East players in one of the high spots of the evening.

Help A Veteran Find A Home

Every week the Hilltop Record office receives from 10 to 25 calls from veterans or their wives seeking assistance in finding a place to live. The answer on this end of the wire can vary little from call to call.

"We're sorry but we just haven't any rentals listed this week."

Feeling sorry for the several hundred Hilltop and West Side ex-service men is of little comfort to them when living quarters is the thing they need so badly.

The Record has tried to assist these men and women by publishing their classified ads, stating their needs for a place to live or a job, for three weeks without charge. These ads cannot be effective if residents do not open up their homes on a temporary basis to take care of the more needy situations.

We recognize that there are not enough houses on the Hilltop and West Side to accommodate all who need living quarters. Building has been practically nil for the past four years while hundreds and hundreds of these men have married during that time to create the need for vastly more homes than are available.

However, we believe there are enough large houses in the community, where only a couple are residing, to care for many of these veterans and their families if they will only let them in. Many of these young couples could be happy to have the use of two or three spare rooms without all the conveniences of a private apartment. We know from talking with many of them that they are responsible and would be considerate of the use of the homes offered them.

These men are not asking that anything be given them. They are willing to pay a reasonable price for a place to live and they are not particular about what is offered to them. Many of them have lived in tents and trenches in various parts of the world. All they are asking now is a roof over their heads in good old Columbus.

Certainly no self respecting citizen who has room to spare in his home can stand by without offering to do his share for the men who did more than their share in keeping America "the land of the free."

Today's Viewpoint

Each week The Hilltop Record interviews several local persons to get their reaction on some current problem of national or local interest. Views of all readers are welcomed and will be published in the form of letters to the editor as far as space permits. Letters should be brief and to the point. The writer's name will be withheld when requested but all letters should be signed.—The Editor.

Do you favor expansion of the Municipal Light Plant as proposed by the City of Columbus?

Henry Mone, operator of Mone's Pharmacy, 622 W. Broad-st—"I can't see any reason for not continuing the operation of the light plant. They have always given good service to their customers. A little competition is always good for business."

David Cornwell, 358 S. Roys-av, motion picture projection operator—"I am for the municipal light plant expansion any way they want to do it. The city-owned plant serves as a good yard stick for determining the charges for electric service. I do not believe the city should have to buy electricity from a private utility to take care of its own needs."

Mrs. Don A. Courtney, 606 Hilltonia-av, housewife — "I believe the city light plant facilities should be expanded. I think it is a very good idea."

Jack Shank, real estate and insurance, 2459 W. Broad-st—"I feel that if the city is going to have a light plant it should be made to build up a sufficient reserve to take care of replacement of any equipment that is needed. I do not see why the tax payers should be made to pay the cost of improving the plant that provides current for only part of the people."

Mrs. B. H. McConnell, real estate, 2020 Sullivant-av—"Yes, I am in favor of the expansion program. We provide electricity for 40 apartments and it would mean a saving for us."

Harold Fox, owner of Fox Food Shop, 2422 W. Broad-st—"I feel that it would be a good thing. We know that where cities have their own light plants the rates are usually lower than those where they do not have them."

John Riepenhoff, dry cleaner, 2630 Sullivant-av—"I think the plan is alright. We use city service and I am for it. They provide a service we couldn't get otherwise."

Walter Richey, photographer, 2343 W. Broad-st—"I am in favor of the expansion. It will provide better service for users of city current."

THE PRISONERS

When we have found the word
That is the key
To the tight-locked thought;
Drawn from deep-hidden springs
The cooling draught
For an old thirst—
For an old thirst—
When we have given our songs
Their wings
For the true flight

Then we can leave this cell
That sounds back all our cries
Through larval dark.

STANDARDIZATION AT AGE FIVE

When he is four, for a little while,
He may fitfully pray for a crocodile,
And you never know, at four and a half,
If he'll ask for an otter or a giraffe.
But let him arrive at a practical five
And this is the chorus it's yours to survive:

"Wel, Billy's folks got HIM a dog.
Uncle George got Tim a dog.
And Lee's dad's gonna get Lee a dog,
Get ME a dog.
Aw, Mom, sure I'd feed a dog.
Please, Mom, I NEED a dog.
But Lee's dad's gonna get Lee a dog.
Get ME a dog."

West High Roundup

By Patty Saint

The clubs and classes at West are making their future social plans for the year.

The French and Spanish clubs are planning on a social party to take place around March 5.

The dramatics class is debating on several plays for the senior class play. Among them are "Out of Town," "Jeannie," and a few others. As yet they are undecided.

The Bus. Ad. class is putting forth its efforts toward getting the annual collections started. They are also busy getting advertisements to complete it.

If you have been wondering why every one is going around in smiles, that's because the class pictures are being taken.

Charlie Harris is the new boy at school who was just recently discharged from the service. Nice looking boy, too—or so the girls think.

Greta Gray can come down off those clouds she has been floating on for the past week. Yes, Gunnar is home to stay.

We hear Dorothy Yoe had quite a get-together at her home the other night, and everyone there had lots of fun.

The reserve cheerleaders didn't do bad this year. They have some pretty sharp cheers for themselves.

It just goes to show you, the weather doesn't mean a thing to some people. As cold as it was last Sunday, Delores O'Dould went to Old Man's Cave.

That Justine Newman is quite a cute girl. Right?

Kenny Beymer knocks himself out in the art class, just so the girls can hear him laugh.

Jimmy Ellamen got into the Navy by mistake last week. That's what you fellows get for trying to get a free physical.

Vancil Johnson shouldn't take so many books home at night. He looks like he just can't make it in the morning. Probably because he studies so hard?

Every time I see Paula Sheef and ask her what she knows, she says, "I don't know nothing." And it's true!

Our Readers Say

My Dear Mr. Hartley,

Yup. I'm sore alright—clear through.

Mebbe it's because I don't understand and mebbe it's because I feel cheated out of something. I look forward to each year. You see, sir, I like minstrels.

Well, here's my gripe. How on earth can you call it "fair" when 167 individuals can completely purchase the entire reserved sections for two nights. You divide it up. Yes, I know "first come, first served" is the motto but there should be a limit of 4 to 6 per person.

Secondly, if the cast purchases these tickets for friends, why not have it an "extra nite" for this would give the "average" Hilltopper a chance to see the show he likes to call "his".

Third, you say you have discussed ways and means. Have you thot of pre-stamped addressed envelopes on the basis of "first come, first served" with a limited number of seats allowed? This is a way that the theatres do and quite successfully. You say this would necessitate an office girl. Well, I like minstrels and fair play enough to donate a few hours each day to help out without pay, if you need someone.

You see, Mr. Hartley, a disappointed G. I. remarked this morning, "Democracy — hell — what's the use." So if by donating a little of my time I could restore that G. I.'s faith in his American hometown that would be well worth my time.

Now that I've let off steam, couldn't you somehow find out among your readers if there is a way or if others feel the same as I do. Thanks for your time and patience anyhow.

Sincerely,
Mrs. R. S. Anderson

Hilltop Record

Dear Sir:

I have noted with interest the ads in the Hilltop Record the past two weeks put out by the physicians located on the Hilltop in protest against the new medical bill. I cannot refrain from expressing my opinion on this advertising. For one thing, I think it would be a real service to the people if you could print a part or whole of the proposed medical legislation. Think then the people could judge for themselves and not take the paid-ad-word of these professional men on what it will mean TO THE PEOPLE.

It is my understanding that the reason the physicians oppose this bill is that they will have to agree to a set price schedule, and not charge just as they well feel like it for their services. The people have been suckers long enough and paid and paid because you either pay or suffer for want of medical aid. There is no nazism or fascism just because the medical profession must set a standard of prices, just like the butcher, the baker, the contractor, or anyone else for that matter. Then the people know just what a call, or operation or any medical attendance is going to cost them. Instead some of us nearly have heart failure after paying a few calls at a doctor's office and the first of the month receive a bill that just bowls you over. Too, under the new bill, if the people do not want the services of a doctor who is registered under this service, they can call in another doctor, and then pay thru the nose for his service, or whatever he may want to charge.

There has been a great deal of good and sacrifice done by the medical profession, but like many another thing, there is an evil creeping into it. The doctors are not beneath having you run back and run back to their office, sit for hours, waiting for their services, and then have them put you thru like an assembly line for five minutes and say anywhere from $5 to $10 for the call. They are not beneath frightening you to death, saying an operation or else—when all along you may not need that operation but the physician sees a chance to split fees with some surgeon. I have worked a little in the medical profession, and not having been any too healthy all of my life, I have had a number of occasions to see doctors, and I find the above only too true. Let's have both sides of this question.

TODAY'S EVENTS

By Clark

Seen at West High by your reporter:

Mr. Neeb laughingly explaining the phrase "Writ by hand," on the board in 309, to Mr. Kaylor. I wonder who's the "student"?

Bob Hinton walking around before school with his trousers rolled up to his knees. Very cute, Bob. It may start a style.

Jo Sherritt straining to close her locker door. You'll know her locker if you see it. The other day it took one look at the other lockers around it and started singing, "Aren't You Glad You're You?"

The other day, Bud Hoy appeared in "Commando" class with a fancy orange and black striped basketball suit. Where's the fire, Bud?

On the school calendar we have:

March

5th—French Club Mardi Gras, 7:30 to 10:30.

6th—West High Booster meeting in Aud. 8:00.

8th—Junior Theater, 3 to 5 p. m. District Basketball Tournament.

Prostate Gland Trouble?
I'm a railroad man and for over 3 years had difficulty working because of backaches due to Prostate Gland trouble. Doctor's formula proved of great benefit and before and since his death have sold them (now called Watt's Suppositories) to railroad men and others the country over. Fine testimonials and repeat business show the good work they do. Backache, getting up nights, often indicate an inflamed Prostate Gland. I guarantee your money back if not given relief. One dozen Watt's Suppositories, $1.25; 2¼ dozen for $2.50. Sold at Economy Drug Stores. —(Adv.)

Hilltop Sportsman Group Plan Permanent Quarters

The Hilltop Sportsman Club, Inc., is in the market for some land along a stream west of the city where a permanent club house can be built. A final selection has not been made as yet although a committee composed of Harry Bauchmoyer, Lee Danflous, Marvin Robinson, Roy Robinson, George Parlette and Ron Henkel have been busy investigating various properties advertised for sale in that area.

Members of the club have been carrying out conservation work in the field in the interest of promoting better hunting conditions in future years. Hunting this year was generally poor, according to reports of members who were out several times.

Mr. Bauchmoyer, 618 S. Harrisav, reported getting the limit of blue gills while fishing through the ice on the Scioto River recently. Fred Shepard is president of the sportsman group.

A review of activities carried out by the club includes a pig roast in November, a turkey dinner in December and a big get-together of all members on Feb. 17. On that occasion a sportsman's breakfast of ham and eggs was served. The men then talked hunting and fishing and conservation until a dinner of fried rabbit and all the trimmings was served. Entertainment followed and a good time was reported by all.

Regular meetings are held the first and third Thursday of each month at 7:30 p. m.

OSU Seeks Students For Radio Classes

Ohio State University has launched a campaign for thousands of new students in the spring quarter, starting March 26.

But the campaign isn't for students who would come to the campus and further crowd campus classrooms—it's for men and women interested in evening educational work from the comfort of their own homes, by radio.

During the spring term Ohio State's radio station, WOSU, which reaches nearly every part of the state, will devote the hour from 6:30 to 7:30 p. m., Monday through Friday, to a "twilight radio college" period. No credit will be given, but those "attending" regularly will receive certificates.

Monday night will be devoted to music and literature, Tuesday to personal and family problems, Wednesday to international affairs, Thursday to current affairs and science, Friday to peace-time planning, for the home and the community.

Free booklets describing the series are offered to those making requests to WOSU.

A high school girl seated next to a famous astronomer at a dinner party, struck up a conversation, asking, "What do you do in life?" He replied, "I study astronomy."

"Dear me," said the young miss, "I finished astronomy last year."

Brown—I've got to set a trap for my wife tonight.

Ellis—My, that's too bad. Whom do you suspect?

Brown — A mouse in the kitchen.

$4,000,000,000 of Political Medicine Yearly in the United States

What does this mean for:

SICK PEOPLE
PHYSICIANS
THE PUBLIC

HERE ARE TWO NUMBERS to remember: S. 1606-H.R. 4730. They are of the greatest significance to all American citizens. They are potential links to totalitarianism in the United States. The legislative proposals they signify are the essence of an alien philosophy of government—an insidious attempt at encroachment upon Freedom of Enterprise in the United States.

S. 1606-H.R. 4730 are the identifying numbers of Bills introduced November 19, 1945, by Senators Wagner and Murray in the United States Senate and by Congressman Dingell in The House.

These Bills were introduced to implement legislative proposals made by President Truman on the same day in a special message to the Congress, advocating a compulsory system of politically distributed health service. It is to be paid for by taxation. The cost would exceed Four Billion Dollars annually. The new Bills (S. 1606-H.R. 4730) supersede previous Wagner-Murray-Dingell "Political Medicine" bills that had failed to attract important support in Congress.

WHEN THE GOVERNMENT "SOCIALIZES" MEDICINE

WHAT POLITICAL MEDICINE WILL DO TO YOUR PHYSICIAN

Physicians and dentists would be paid by the Federal Government and bossed by politicians.

There would be little incentive for your physician to become more skilled in the art of medical practice. His advancement would depend upon his influence with politicians rather than on his skill or the character of his work.

Your physician or dentist would not develop initiative—he might find it expedient to adopt the methods and prescribe the treatments suggested by superiors.

State Medicine—political control of medical service—always has, always will develop doctors who are politically amenable, who cater to the ward or precinct worker rather than to the needs of human beings who are their patients.

WHAT DOES POLITICAL MEDICINE MEAN FOR SICK PEOPLE?

It means that they must depend upon a doctor who:
Is paid by the Federal Government;
May not be the doctor of his choice, but one assigned by a political bureaucrat;
Cannot have a personal interest in patients who come to him because they are compelled to do so;
May be more interested in appeasing his political bosses than he is in curing his patients.

The most intimate and sacred personal relationships of every patient would become a matter of public record.

Often human life depends upon a physician's skill—shall he be made subservient to politicians?

WHAT DOES POLITICAL MEDICINE MEAN TO THE PUBLIC?

$4,000,000,000.00 annually paid by the Federal Government—out of extra payroll taxes or special appropriations from the United States Treasury, or both;

300,000 additional bureaucrats to tell patients where to go and to tell doctors what to do and how to treat human beings who are sick;

The sacrificing of the highest level of health and the most effective medical care ever known;

Doctors—to care for loved ones—who are first political stooges and henchmen instead of self-respecting human beings and—

It is understood that, if the Medical Profession is regimented, it will represent a decisive step forward toward establishing centralized Federal Control of all the professions and industry, and the destruction of Freedom of Enterprise in the United States.
